

When the 2014 budget was adopted in November, Capital Improvement Fund transfers were left out of the final page. Sherwood branch was requesting a total of \$1,637.68 to come out of there capital improvement fund to allow for 2 hours each month for planning or programming outside of regular hours, 2 hours a month for Judy (the Sherwood clerk) to clean the library, \$500 to increase the book budget, and \$600 to reimburse the Village of Sherwood for utilities.

The change to this last page is the only change to the document.
