Instead of removing the  
Sign in Computer Add a Scanner to it  
Have the Patron Highlight the Computer  
of choice & Scan there library card  
To Access the time.  
Much Quicker & Simple way then  
Typing in the Card or Waiting for  
A quest Pass word to Access the Computer.  
If you Are No longer Just using A Name.

Just a Suggestion for much Simpler  
Process.

Sincerely Irritated with New  
System Coldwater Branch.
