COLDWATER CITY DIRECTORY

**Including
Quincy, Michigan**

The complete directory contains the following sections of information for your convenience.

- 1. General Information**
History of Coldwater, City Officials, Industrial List, Statistical Data, Organizations, Historic Dates, a list of abbreviations, etc.
- 2. Alphabetical Listings of Coldwater**
This section lists business places and home residents alphabetically. Included in the listings are: complete address, telephone numbers, occupation, employer, wife's name and occupation & children's names and ages.
- 3. Street Guide of Coldwater**
This section enables you to learn the name of the occupant of any given street address. It shows home ownership and telephone numbers.
- 4. Numerical Telephone Directory of Coldwater & Quincy**
This section enables you to learn instantly the name of any party leaving a "Please call number--" message. "Blind ads" are no longer "blind" after reference to this list. This listing is in hard cover books only.
- 5. Alphabetical Listings of Quincy**
This section lists business places and home residents alphabetically. Included in the listings are: complete address, telephone numbers, occupation, employer, wife's name and occupation & children's names and ages.
- 6. Street Guide of Quincy**
This section enables you to learn the name of the occupant of any given street address. It shows home ownership and telephone numbers.
- 7. Classified Buyers Directory**
A listing of the various products and services offered by the businessmen of Coldwater and Quincy.
- 8. Maps of Coldwater and Quincy**
Keyed maps of Quincy and Coldwater have been included for your convenience.

This information has been compiled from actual canvass by persons deemed to be reliable. We have tried to make this directory accurate but cannot guarantee a complete absence of errors or omissions and so take no responsibility for any that might appear.

The advertisers whose names appear in these pages have made possible this directory. They will appreciate your show of approval through the purchases you make from them.

We would appreciate your bringing to our attention any omissions or inaccuracies so that we may correct them in the next edition of the directory.

HISTORY of COLDWATER

When the first white people came to this vicinity, they found this area inhabited by the fierce and warlike Pottawatomi Indians. Although the old Indian trail between Detroit and Chicago- (now U. S. 112) saw great numbers of pioneers passing this way, bound for Illinois and other parts of what was then "the far west", the presence of the roving bands of Pottawatomi Indians deterred many who might otherwise have settled here. The defeat of the British in the war of 1812 and the death of the great Indian leader, Tecumseh, in 1813 caused the Pottawatomi to lose heart and in 1821 Chief Topinabee and his people sold to the whites what is now Branch County and a vast area besides, although they continued to occupy it as before, supposedly on reservations. One of these reservations, six miles square, was in Coldwater and Quincy Townships. However, the Indians roamed every day, to hunt and fish as they chose as the woods abounded in deer, wild turkeys, pigeons, squirrels and other game, while the lakes and streams swarmed with fish.

The present city of Coldwater occupies part of what was then a beautiful prairie, some three miles long from east to west and a mile or so wide. It was dotted with oaks, with an occasional elm, but bordering this prairie were magnificent forests of beech, maple, walnut, whitewood, elm and oaks, interspersed with many streams and with some ninety lakes, large and small in what is now Branch County. Untold millions of lumber - feet of these trees were cut by the early settlers, piled into "log heaps" and burned as the only way to clear the land.

It was natural therefore that our first white settlers came to trade with the Indians. In 1822 Joseph Godfrey established a trading post near down town Coldwater and a little later that year one Marantette established another post where Oak Grove Cemetery is now located.

In the year 1829 Branch County was laid out and so named by the Territorial Legislature. It was first attached to Lenawee County and later to St. Joseph. It was named in honor of John Branch of North Carolina who was President Jackson's Secretary of the Navy.

The first log house was erected in 1830 by Hugh Campbell on the present site of the Masonic Temple. In 1831 Allen Tibbits and Joseph Hanchett platted a village here calling it Lyons. It ran from Jefferson Street to Monroe Street and from Church to Washington Street. In July 1831 Mr. Tibbits preached the first sermon. There were 50 whites in Branch County at that time. This same year A. F. Bolton erected the first frame building - a hotel - at Masonville. Masonville was a settlement on the east banks of the Coldwater River in the west part of the present city and covered the territory from the river and east to the intersection of West Pearl Street and West Chicago Street. On the strength of this hotel, Masonville was made the County seat. Masonville did not hold the honor long as the ambitious village of Branch, which was located south of our present airport near the present Black Hawk Mill, won the coveted plum and held the county seat from 1831 to 1842. At the time it became the county seat, it had only one log house - but it had ambitious politicians. The Coldwater Post Office was at Masonville.

In 1832 the first school was started with nine pupils and with Cynthia Gloyd as teacher. This year saw an influx of settlers. The first store was established by Silas Holbrook; the M. E. Church was founded with five members; and the first saw mill was erected at the junction of Davidson and Clay Streets.

In 1833 the name of Lyons was changed to Coldwater, from an old Indian name "Chuck-sey-yah-bish" - meaning cold water. Branch County, as such began its separate existence, being previously attached to St. Joseph County and a sheriff, clerk treasurer and register of deeds (one office) and probate judge was elected by the people.

In 1834 the "old red school house" was erected at the corner of Pearl and Hudson Streets. Today, 120 years after, the spot is still being occupied by our schools.

In 1835 Masonville was platted on the east bank of the Coldwater River and again struggled to become the county seat. This year the Baptist Church was organized with sixteen members.

In 1836 the first church was built in Coldwater by the Methodists. The village had twelve houses and was growing. The next year Coldwater was incorporated as a village having a population of 140 people. Dr. Alger, traveling the Chicago Road from Detroit to Chicago, found at this time 33 taverns between Quincy and Sturgis, indicating the tremendous westward immigration through here at this time. 1837 was a terrible year for malarial fever. 32 out of the 140 people died that fall. The cause was said to be the Clay Street milldam and the angry citizens, taking the law into their own hands, destroyed it. This year the first newspaper, The Observer, was issued and the Presbyterian Church organized with sixteen members.

It is indeed interesting to note that two things always occurred as soon as a few families settle close together. Schools and churches are the first to be organized. Our ancestors believed as we must - religion and education are the necessary units if we must continue to advance in civilization.

HISTORY OF COLDWATER - Continued

In 1840 the Pottawatomi Indians, except for a few stragglers were removed to the far west. This opened for settlement much of the land of Branch County which had been designated as Indian reservations. It also helped bring in many new settlers who had been deterred by the presence of such a large Indian population in the County. From this date the progress has been steady.

In 1841 Albert Chandler founded the Coldwater Sentinel and in 1842 Coldwater became the permanent County seat, supplanting the village of Branch and blasting Masonville's hopes. The fight between the three villages had been keen and bitter. The villages of Branch and Masonville gradually passed from the scene and today few people know of their once existence and proud hopes. Masonville is today part of the city of Coldwater while the village of Branch reverted to farm land.

In 1844 two churches were built - the Baptist Church now being the building housing the Ideal Wallpaper Store at the corner of Monroe and Pearl. The Presbyterian Church was built at its present location but was sold in 1868 to the Lutherans who moved it to its present location on S. Jefferson St.

In 1846 the first jail was erected. Also the voters voted against the sale of liquor.

In 1847 the county voted to build a brick courthouse by a majority of 27. A majority of 27 was the same when the proposition to build the present one carried 40 years later. This year the Masonic Lodge was established.

In 1849 the telegraph line reached Coldwater and St. Charles Catholic Church was founded.

1850 was a banner year for the growing village. The first train arrived and Coldwater was connected directly to the populous East. The celebration was noteworthy - lasting several days.

For many years Coldwater and Branch County were noted for their horses. The start was made in 1851 when A. C. Flisk purchased Green Mountain Black Hawk for the then enormous price of \$1500. Many people now living can remember the various race tracks in and around Coldwater. Raising and training race horses was a big industry for many years. In 1851 Coldwater boasted 379 houses, but the first of many disastrous fires destroyed eight stores in the business section during the winter.

In 1854 another disastrous fire along Main Street caused the village Board to prohibit the erection of any frame buildings from Clay Street to the parks. This was the first zoning acted upon in the community. The Main Street today, because of this action, is built of brick. Also this year Oak Grove Cemetery was established. There had been two earlier cemeteries - one at Masonville, which today is a cultivated field - the other on Morse St. which contains tombstones recording burials from 1835-1857. The present cemetery board maintains this burial grounds along with Oak Grove even though there have been no burials since 1857. It is interesting to walk through this cemetery and read the tombstones. In those days the ladies did not survive the men. Life was hard for the mother and homemakers. Short life - if one reads the epitaphs on the tombstones correctly.

In 1856 because of the many fires the first fire company was organized with Clinton B. Fisk as foreman. Everyone was proud of the "Excelsior" the hand pump that was purchased.

In 1857 the corner stone of the Episcopal Church was laid - it was completed in 1862.

In 1861 Coldwater became an incorporated city. That year Coldwater Light Artillery - later called the Loomis Battery - left for the war with six brass cannons and 120 men, only 49 of whom returned home three years later. Coldwater, even as her men have done in the years since - paid for her existence with the blood of her youth. Many other Coldwater men enlisted in the 1st Michigan Infantry and the list of casualties were large for such a small town. It is said over 500 men from Coldwater fought in the Civil War. To show how the raising of horses had grown in the county during the war years of 1861-65, over 3,000 horses were brought here for use in the Federal service.

In 1865 the war ended and the soldiers returned home. That year Coldwater had its first millionaire. S. M. Siely made \$1,500,000 in oil speculations. In July the Coldwater National Bank opened and Coldwater became a money order post office.

The town continued to grow steadily after the war. In 1866 the first hospital was established where the Elks' Temple now is located. One hundred new buildings were erected and new industries located here. The industries, at this time, consisted of flour mills, an oil mill, breweries, a wheel barrow factory and many small factories making cigars. By 1870 there were so many cigar makers that a Cigarmakers Union was organized and functioned for many years.

In 1870 the Lewis Art Gallery opened. For 25 years until its removal to Ann Arbor this gallery attracted visitors from all parts of the country.

The "Seventies" was a period of railroad building and Coldwater was caught up in the spell. Two roads were chartered - the Mansfield, and Coldwater and Lake Michigan R.R. - and the Coldwater R.R. Neither railroad was ever completed. The collapse of the Mansfield Railroad cost the investors

of this vicinity \$200,000. Parts of the old road beds of these railroads can still be seen north of Coldwater.

In 1876 an interesting item was noted. The English sparrow was introduced by Captain Mansfield and George Firth. Today it is difficult to believe that this "pest" hasn't been here always. In 1880 the first bicycle was brought to Coldwater. 1881 was an exciting year for Coldwater. A series of fires caused suspicion of incendiarism. After an investigation, several firemen who confessed were sentenced and served prison sentences. Chief Drake, after a lengthy and expensive trial, was acquitted. The cause - they needed new equipment.

In 1882 the Bell Telephone began business. In 1886 the Public Library building was dedicated - a gift from the Hon. E. R. Clarke. In 1887 an idea began that has since grown to large proportions and has meant much to Coldwater and Branch County. This was "the-cottage-at-the-lake" idea begun by 10 members of Jacob Commandery at Templar Beach, Morrison Lake. Today the spread of this idea has seen the shores of most of the 90 lakes in Branch County covered with homes, both year around and summer. Today, the money brought into the county and city each year by the summer visitors make it one of our best industries.

In 1888 a small private company started electric street lighting. Three years later in 1891 they sold their property to the city which has maintained the electric service since that date. In 1890 the first city water system was installed by vote of the people. This system was joined the next year by the light plant and Coldwater was in the public utility business to stay. Today, we yearly add branches to this system as the people on streets demand this service.

In 1905 the present city charter became law. It has been revised, added to, etc. by charter amendments many times since that date, but the charter of 1905 is still the basis for the government of Coldwater.

By 1912 Coldwater, a growing city, felt the need of parks and recreational facilities. A park and recreation board was established which today has given Coldwater the splendid parks which are enjoyed so thoroughly.

And so through the years Coldwater has grown - steadily at times - by spurts at other times. Slowly, but ever forward toward making it a better place to "live, worship, and play." Many men and women have made their contributions - some large, some small, but each his bit - and thus Coldwater today.

(Courtesy of Ann Brown, Ed Facklem & the Chamber of Commerce)

Addenda

The original charter from the State of Michigan is dated, February 28, 1861.
Signatories are: James Birney, President of the Senate (Bay County)
Dexter Mussey, Speaker of the House, Macomb County
James B. Porter, Secretary of State
Austin Blair, Governor (Jackson)

on this occasion...

Coldwater's Hundredth Birthday

FEDERAL-MOGUL looks to the past with pride, to the future with confidence, and is indeed proud to be a part of such a progressive community.

Millions of Federal-Mogul Service bearings and oil seals are used every year by manufacturers and in the reconditioning of passenger car, truck, bus, and tractor engines.

These bearings and oil seals are manufactured in plants located in Detroit, Greenville, and Saint Johns, Michigan; in Cleveland and Van Wert, Ohio; Lancaster, Pa.; Mooresville, Indiana; and Redwood City, Downey and Long Beach, California. The finished bearings and oil seals for the service trade come to Coldwater for classification, packaging, and master stocking. Bearing and oil seal shipments go out from Coldwater to our 103 branches throughout the United States and Canada.

Distributors located in 97 foreign countries are served by our export department here in Coldwater.

Federal-Mogul-Bower Bearings, Inc. products are advertised internationally in leading consumer and automotive trade publications.

301 Industrial Ave.

Coldwater, Michigan

Millions of mechanical springs are made in Coldwater every year by Quality Spring Products, Inc.

Our Company joined Coldwater's Century of Progress in 1940 and has enjoyed a steady growth from three original founders to about 150 employees today.

Just as the Company was getting firmly established in the early 1940's, it was necessary to convert to war production and we furnished springs for aircraft motors, rockets, and military vehicles. After the war, civilian production was resumed and springs are now furnished for automobiles, household appliances, fishing equipment, thermostatic controls, toys, flashlights, and other uses too numerous to mention.

We express our appreciation to city officials, local merchants, fellow manufacturers, our past and present employees, and most of all to the people of Coldwater for the friendship extended to our Company during the past twenty years.

It is a privilege to be a part of Coldwater's Centennial observance and it is our hope that the next one hundred years will be as noteworthy as the past century for the City of Coldwater.

To the Subscribers
of the Centennial Edition
of the Coldwater City Directory

The City of Coldwater marks 100 years of existence as a City on February 28, 1961.

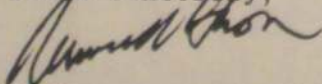

Previous to incorporation as a City, Coldwater had been an incorporated village for the 24 years between 1837 and 1861. The community itself was organized in the very year that Michigan became a State. It had been a frontier settlement in the Michigan Territory, and of the Old Northwest, and thus is one of the oldest communities in the State. It was a way station on the old Sauk Trail, which is now U. S. Highway No. 112.

Quite naturally, then, our Centennial Commission with Mr. C. J. Medendorp, its Chairman, is making plans for a proper observance of the history of our City in our Centennial Year. It is a history in which our citizens take proper pride.

But as we enter our second century of existence as a City, it is the future for which we principally plan. Significant of our confidence in that future are actions taken by our citizens this year designed, first, to modernize our government by the adoption of a new City charter, second, by the addition to production capacity to our municipal power plant, and third, by a major improvement in our City storm drainage system.

That our confidence in our future is justified, is attested by the fact of a greater community growth in the last 15 years than the City has heretofore experienced in any like period. It is a growth which has added sound new industries to our community, as you may see in the pages of this directory. It has brought greater prosperity to our citizens, and greater opportunities for the years ahead. I am confident that all our citizens join with us in the City government in the celebration of 1961 as our Centennial Year.

Yours sincerely,

Arthur G. Lyon
Mayor,
City of Coldwater

No Job Too Small - Few Too Large

Coldwater Street Guide

In the following list the streets are arranged in alphabetical order with the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the names of the occupants followed by the symbol Δ and the telephone number. All telephone numbers in Coldwater will be preceded by the prefix BRoadway.

The symbol ⊙ indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.

Coldwater Telephone Numbers

This is a complimentary service in connection with your City Directory. The publisher was very careful in using these numbers but does not assume any responsibility in case of error. Since telephone numbers change rapidly, it is suggested that persons using this list refer to the latest edition of the regular telephone directory issued by the local telephone company in order to verify the information contained herein.

Coldwater telephone numbers are preceded by the prefix BRoadway.

Quincy

Telephone Numbers

This is a complimentary service in connection with your City Directory. The publisher was very careful in using these numbers but does not assume any responsibility in case of error. Since telephone numbers change rapidly, it is suggested that persons using this list refer to the latest edition of the regular telephone directory issued by the local telephone company in order to verify the information contained herein.

All Quincy telephone numbers are preceded by the prefix MEIrose.

Quincy Street Guide

In the following list the streets are arranged in alphabetical order with the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the names of the occupants followed by the symbol Δ and the telephone number. All telephone numbers in Quincy will be preceded by the prefix MELrose.

The symbol ⊙ indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.
