RURAL DIRECTORY

This information has been compiled from sources and by persons deemed to be reliable. We have tried to make this directory accurate but cannot guarantee a complete absence of errors or omissions and so take no responsibility for any that might appear.

The master copy of this directory contains the following sections of information organized for convenient reference.

1. GENERAL INFORMATION SECTION---contains a History of Branch County, Bronson, Union City & Quincy; an Industrial List, a list of Branch County Officials, City & Village Officials, a page of instructions on the use of your directory, a list of abbreviations, etc.

2. BRANCH COUNTY ALPHABETICAL SECTION---gives listings in alphabetical order according to family name. The information found in this section includes family name, given name and initial, wife's name & occupation with names and year of birth of minor children in parenthesis, occupation of the head of the house, house number, road on which subject lives, township, mailing address and telephone numbers. Names of persons who reside with others are listed in proper sequence alphabetically. (They are also listed in the Road Guide.)

3. BRANCH COUNTY ROAD GUIDE---shows everything as it occurs along each road of the county. This sequence includes homes, landmarks, road intersections, mail route changes and the names of townships all in order as they occur. The houses are numbered to correspond with the keyed county map. The numbering begins with 100 at the Base Lines and increases 100 each mile. Even numbers are on the South and West sides of the road and the odd numbers are on the North and East sides of the road. Telephone subscribers are denoted by the symbol Ⓣ and telephone numbers are given, acreage denoted by the (a), ownership denoted by Ⓢ and the letters TAF denote Total Acres Farmed.

4. BRONSON ALPHABETICAL SECTION---this section lists business places and home residents alphabetically. These listings give in order: family name, given name and initial, wife's name, occupation and names and year of birth of minor children in parenthesis, employment and employer, street address, mailing address and the complete telephone number following the symbol Ⓣ.

5. BRONSON STREET GUIDE---this section enables you to learn the name of the occupant of any given street address. It shows home ownership and telephone numbers.

BRANCH COUNTY HISTORY

Branch County now one of the thrickest sections of the country, was a primeval wilderness little more than a hundred years ago, inhabited only by the Potawatomi Indians—a fact easily understood when we recall that at that time there was not a mile of railway in the entire United States.

While it is true that there were trading posts within the limits of what is now Branch County as early as 1825, the first actual white settler appears to have been Jabe Bronson, who made his home in 1828 in the locality now bearing his name—Bronson. It should be borne in mind that the entire population of Michigan in 1820 was less than 9,000, and not much more in 1828.

However, the old Indian trail between Detroit and Chicago (now the Chicago Road or "US 12"), saw great numbers of pioneers passing this way, bound for Illinois and other parts of what was then the "far west." The presence of the Indians deterred many who would otherwise have settled here.

It was in the year 1821 that Chief Topinabee and his people sold to the whites what is now the County of Branch and a vast area besides, though they still continued to occupy it as before, supposedly on reservations, one of which was a tract six miles square called Mikkesawbee, in parts of the present Quincy and Coldwater Townships. But the Redmen roamed everywhere, to hunt and fish as they chose, in what seemed to them a paradise, for the woods abounded in deer, wild turkeys, pigeons, squirrels and other varieties of game, while the many lakes and streams swarmed with the finest of fish; and walnuts, butternuts, hickory nuts, hazelnuts, and berries of numerous kinds were to be had in great abundance for the gathering. The deed conveying this goodly land to the government was signed by Topinabee, followed by Wawenickamack, Mayonchee, Achwemuckquee and numerous other braves then prominent in the councils and affairs of the Potawatomi.

There were quite a number of beautiful prairies, notably at Coldwater, Bronson and Girard; but the great bulk of this region was covered with splendid forests of beech, maple, walnut, hickory, whitewood, elm, oak and other trees. Untold millions of lumber-feet of these trees were cut by the early settlers, piled in "log heaps" and burned in order to clear the land. Many streams wandered through the forests, and there were some ninety lakes, large and small, in what is now Branch County.

In the year 1829 Branch County was laid out and so named by the Territorial Legislature of Michigan. It was first attached to Lenawee County and later to St. Joseph for judicial purposes. The name was given in honor of John Branch of North Carolina, Secretary of the Navy in President Jackson's cabinet at that time.

The year 1830 saw little hamlets spring up at Coldwater and Bronson, while a tavern was established at Quincy—all on the Chicago Road. On account of the lack of highways the settlements at the junction of the Coldwater and St. Joseph Rivers (Union City) and on the former stream at Hodunk were made several years later, although Girard Prairie had a few white settlers soon after Coldwater's inception. Both Coldwater and Girard had quite pretentious Indian villages when the white man came.

From this time on settlement proceeded rapidly, as shown by the fact that Michigan's population increased from 31,639 in 1830 to 212,267 in 1840; but Branch County's early "boom" did not come until the Potawatomi were removed to Kansas in 1840. Further impetus was also given by the building of the Michigan Southern & Northern Indiana Railroad across the county in 1850; this road later became the Lake Shore & Michigan Southern and is now a part of the New York Central System.

The county seat was first at Masonville, on the east bank of the river, in the west part of the present city of Coldwater, but was soon transferred to the ambitious village of Branch, which held that honor from 1831 to 1842, when Coldwater won the coveted plum after an exciting and most memorable contest.

The county's separate existence dates from the year 1833, and its population increased steadily until 1900, when we numbered nearly 28,000 people. The census of 1970 gave Branch County 37,906.

Branch County has often been called "the garden spot of America;" and certain it is that very few localities can surpass her for fertility, diversity of crops, and general prosperity of her people.

The County of Branch now has two incorporated cities: Coldwater, with 9,099 people, and Bronson with 2,390, also three incorporated villages: Quincy, 1,540; Union City, 1,714 and Sherwood, 400 (1970 census). Each has its own industries and sources of wealth and prosperity, by no means the least of which is the splendid agricultural country adjoining. The villages of Batavia, Girard and Kinderhook are not incorporated; and to these may be added several smaller hamlets about the county.

This 1973-1974 Branch County Directory is dedicated to the memory of the former Branch County Courthouse. Built in 1887 at a cost of \$50,000.00, the venerable structure served the needs of the Citizens of Branch County as a place to conduct their governmental affairs until a tragic fire the night of December 5-6, 1972 all but destroyed the ancient structure.

Well known for the town clock located high in the tower at the northwest corner of the structure, the ancient landmark is sorely missed by all who daily pass the site.

A new and beautiful county courthouse has been built on the same site as the old one stood.

OUR COMMUNITY

Fascinating, indeed, is the Branch County area, centered around the progressive little city of Coldwater. Although it has just under 10,000 population, it is now known as the fastest growing area in South Central Michigan! Coldwater was incorporated 110 years ago. Over this span of years, it has grown slowly, but steadily, and now has accelerating development, offering a desirable economy within environmental control.

Our countryside offers more than a hundred beautiful lakes and streams, with picturesque landscape, dotted with residential suburban grandeur, pleasing to the eye.

A good year-round place to live, work and play, recreational opportunities abound at our many lakes and parks throughout the county. You have a standing invitation to join our many thousands of visitors that view our scenic Branch County all through the four seasons every year.

Here is where sportsmen enjoy great fishing... hunting deer, pheasant cottontail... where each year there are more out-of-state fishing licenses sold than any other county in the State of Michigan... where resorts and vacation housing facilities are booked ahead, in some cases, for several months.

You may be struck with awe on a winter's fresh, crisp, sunny morning after a Michigan snow storm, to behold the white, sparkling beauty of mother natures' Mark on the trees and rolling hills', or be pleased with a warm summer day, as cool fresh breezes greet you in a shady nook of your favorite lake retreat. All these things are possible in the former land of the Potawatomi Indians where head waters of the St. Joe Valley forms a river (the "red man" called it Chuck-sey-ya-bish) crossing the old Chicago trail near the Indian trading post. We are all proud that this area today is referred to as the "Gem of Michigan".

The beautiful scenic Coldwater Country Club 18 hole golf course, is located on the banks of the historic waterway leading to Lake Michigan. Club officials have been informed by some high ranking professionals that they rate this golf course as one of the best in the Middle West. It is complimented by three other very fine nine hole courses within a few minutes drive.

It is no wonder that the many new incoming industries and their officials are attracted by the environmental climate that give their employees a better and more meaningful life. The Coldwater area has about 50 diversified industries, big and small, that help to give our community a steady and healthy economy. The so-called "slow-down in the economy in 1970" turned out to be one of Branch County's best years, with three major industries coming into the area, and our four financial institutions increased their deposits over six million dollars. More than twenty new commercial and industrial buildings were under construction with the city limits of Coldwater. During the slow-down period and the construction has continued at a satisfactory pace in 1971-72, '73-74 with many more new industries and businesses and we continue to grow and expand in this so-called recession of 74 & 75 right into the big bi-centennial ahead". The city has one of the few outstate certified Class A Industrial Parks and is growing rapidly, with a community sponsored shell building program, that has helped in the recognition of our area.

Our largest employer is the Coldwater State Home and Training School, with a year-round employment of over 1,000. Two of our oldest industries, a foundry and shoe company, employ 500 and 300 respectively. "Associated truck lines have their central truck terminal here and there are many small diversified industries in our city."

Social and cultural activities center around Coldwater's historical Tibbits Opera House, built in 1882. Recently, this well-known old building, famous for its near perfect acoustics, has been completely restored through the efforts of a dedicated community, determined to keep alive the traditional high quality and programming of "the finest in the land", the dream of its founder. The interior walls are graced with paintings from the famous "Lewis Art Collection". The Tibbits Foundation sponsors professional summer stock plays, community winter concerts, Branch County Arts Council, Coldwater Community Theatre, civic and service club programs, according to the availability of the theatre.

Some of our local pride must be given to the Health Center of Branch County, as they have just completed a three million dollar hospital expansion, that gives our area one of the best modern medical facilities in the central west. Also, we have an outstanding Coldwater Community School District, comprising of one senior high, junior high and eight elementary schools, with the system enrolment of about 4,600 pupils. In addition we have a new 75,000 sq. ft. Career's Center where about 200 trades and professions are taught and including Adult Education. Also, the city has a 100 unit Senior Citizen building and a Down-Town Urban Renewal five-year plan which has just been completed with many new buildings. Our citizens show additional pride in supporting various denominations of about 60 churches in Branch County where you are welcome as a visitor, to attend the church of your choice.

From small acorns come great trees and in 1888 a small electric light plant was started and today the Coldwater Board of Public Utilities can produce 20,375 KW and the Consumers Power in 10,000 KW. This company furnishes power and service for most of Branch County outside the city and is available for Coldwater industrial expansion whenever needed.

In this day and age of inflation and expansion, it is interesting to note, that Branch County tax roll fifty years ago was \$25,289,220 and today the state equalization county tax roll is now in excess of \$200,000,000.00. Also, it is interesting to know, fifty years ago our most desirable lake lots sold from \$50 to \$100 and today they are in excess of \$10,000. So this leads us to believe that an investment in Branch County real estate not only assures the investor good reasonable security, but an opportunity to live in an area of clean air and water, free of radical violence occurring in our larger cities. We welcome you to come or remain in "The Land of Hospitality".

THE TIBBITS OPERA HOUSE

The Tibbits Opera House opened in 1882, when Coldwater was still a city with unpaved streets. Because there were no telephones and no automobiles, crowds had to come by carriage and by train, and the only method of advertising the Tibbits offerings was word-of-mouth.

However, word spread and the excitement was contagious. Coldwater was one of the few places in this nation, then quite young, which had a social and cultural center. It was also the only place that could boast an Opera House "second to none".

The theatre boasted timeless architecture, excellent acoustics, splendid furnishings and only the finest of entertainment. Otis Skinner, John Philip Sousa and his band, DeWolfe Hopper in "Tang" with comedian Mack Sennett in the chorus, Field's Minstrels, Norman Hackett, Ethel Barrymore, and many, many others played the Tibbits Opera House.

Barton Smith Tibbits built his opera house with wisdom and vision and after his death, Joseph Henning carried on the rich traditions that Tibbits had established. The aim was high, and due to the nature of the house, the enthusiasm of a populace hunger for entertainment, and the foresight and taste of Tibbits and Henning, the theatre was an unqualified success.

Since the early days of the Tibbits, many attractions have been presented. In fact, for a short time, the Opera House was turned into a motion picture theatre, catering principally to the small fry of the community with serials and Saturday afternoon matinees.

Since the theatre reopened in late 1963, and since the renovation of the theatre has been undertaken, a great many of the world's most famous theatrical personages have performed for Coldwater audiences.

COLDWATER HISTORY

The city derives its name from the Indian word "Chuck-sey-ya-bish", meaning cold water.

The first inhabitants of the area were the Potawatomi Indians. Running through their land was the "Chicago Road," which carried many settlers to the West. The presence of these fierce, war-like Indians prevented much settlement of the area at first. In 1821 Chief Topinabee sold the vast area of Branch County to the government. The village then began to grow steadily upon the Indians departure for Kansas in 1840. The growth impetus continued when the railroad arrived here in the 1850's, transporting many emigrants from New York.

The first white settlers here were Abram Bolton and John Morse, who established in 1831 a grand hotel on the "Chicago Road," which was a welcomed sight to the many weary travelers going West. The hotel became as celebrated on the "Chicago Road," as the Palmer in Chicago.

A commission was established to locate the county seat and in 1832 Branch (near the county airport) was appointed. Branch, having one building at the time, began to grow rapidly. However, its development was short lived, when the legislature in 1842 affixed the county seat at Coldwater.

In the 1850's the big industry in Coldwater was the breeding and training of horses. Over 3,000 of these horses were provided for Federal Service During the Civil War.

BRONSON, MICHIGAN

Bronson is an agricultural, industrial and recreational community, located on Highway US-12 in the western portion of Branch County.

A modern city of more than 2,500 population, Bronson is especially notable for the excellent and complete services it provides for its residents, businesses and industries.

All streets of the city are paved and sidewalks are kept in repair. Bronson residents take particular pride in their homes and maintain them in outstanding fashion along the tree-shaded streets of the community.

A modern and complete sewage disposal system serves the city, which also has a storm sewer system and a separate industrial sewer for proper disposal of industrial wastes. The water system provides abundant water of excellent quality and the city is the only one in the county which fluoridates its drinking water for dental health purposes.

Educational facilities are among the best in southern Michigan, including two elementary schools, a junior high, and a fine new high school building. In addition, St. Mary's Assumption Church, the local Roman Catholic parish, operates an elementary school, also housed in a new building complete with gymnasium. Five Protestant churches, in addition to St. Mary's, serve the community and all have new or recently-remodeled facilities and traditions of hospitality to newcomers and visitors.

Zoning ordinances provide protection for the property owner and are but one result of the work of the Bronson Planning Commission. Also working for orderly progress in the community is the Bronson Development Corporation.

Among the industrial firms presently located in the community are the following: The Douglas Division of Scott & Fetzer, manufacturers of vacuum sweepers and automotive parts; Bronson Specialties, a large tool and die firm, and its growing Bronson Plastics & Bronson Products Divisions; Bronson Plating Company, plating & metal finishing; LECO Corporation, special machinery; K & W Manufacturing Company, store display equipment; Putnam Manufacturing Co., Inc. steel trailer hitch balls; Ray Roussey Construction Company; S. J. D. Industries, tin snips; Tucker Truck Lines, Inc.; & Geiger Manufacturing.

Many active service, fraternal & veterans organizations are found in Bronson, including Rotary, Kiwanis, Jaycees, Chamber of Commerce, Knights of Columbus, Masonic Lodge, and numerous women's societies and clubs.

Retail businesses in Bronson offer a good selection of merchandise in many lines and the City has a full complement of professional services offered by physicians, dentists, attorneys, and a veterinarian. The weekly Bronson Journal is recognized as one of the outstanding newspapers of Southern Michigan.

Boating, fishing and swimming are available at the many lakes near Bronson. Other recreational facilities include: a modern bowling alley, motion picture theatre, a sporty nine-hole golf course, and lighted municipal tennis courts. Four parks, two of them with picnic facilities, are found in or near the city.

Agriculture in the area is a mixture of grain and livestock farming, with an interesting specialty being the growing of gladiolus. The gladiolus fields, located mostly to the south and west of the city, are among the largest in Michigan.

BRONSON HISTORY

Jabe Bronson, who was actually the first white settler in the Branch County area settled in Bronson. The city formerly was called Prairie River, named after a stream that ran through the township. At one time there was an Indian fort, with a moat around it, situated on the prairie which is now the city of Bronson.

As early as 1828 the village of Bronson was settled. Contributing factors establishing Bronson as the first settlement in the Branch County area were the beauty of the Bronson Prairie and the fact that the "Chicago Road" was located through the village. Bronson remained for some time the place of most importance in the county. Many people of ability and those with political aspirations came from Bronson.

The "Chicago Road" through Bronson saw many stage coaches and people traveling to the West. In the 1850's with the advent of the railroad the farmers plight was lessened - they finally had a market to transport their products. Thus, prices were raised and the growth of the village was assured again.

UNION CITY HISTORY

The junction of the Coldwater River and the St. Joseph River is located here and it is from this that Union City derives its name.

The village originally was very heavily timbered, which made saw milling an important industry here. Due to these dense forests and also the lack of highway, Union City was slower in being settled than the other areas of Branch County.

On the banks of the Coldwater River there are many circular mounds supposedly built by a mysterious people, the "mound builders," which were used as burial places. On the St. Joseph River there is also an acre of semi-circular earthwork four feet in height. These mounds and fortresses attest to the fact that these rivers were used as highways for canoes or other craft for very early inhabitants who may have been French explorers and missionaries. It is believed that a French trading post existed here before any settlement by Anglo-Saxons.

The first settler was John Clawson, who established a trading post and began to trade with the Indians.

In 1833, many settlers who came into the township stayed and located here. Thus began the growth of the present Union City.

QUINCY HISTORY

The area of Quincy was originally heavily timbered in the northern and southern parts. However, the village itself was a prairie of several acres. The soil is of excellent quality which accounted for the fact that it ranked first in farm products in Branch County.

Horris Willson was the first settler in the village. In 1830 he purchased 320 acres of land on the old Indian road, later known as the "Chicago Turnpike." Being a carpenter, he built a log house, which was opened as a tavern.

In 1832 James Corbus came to the area to help construct the Bronson Prairie section of the "Chicago Turnpike." He then purchased land in Quincy township and proceeded to build the first frame house in 1834, which he also opened as a tavern. It has been stated that there were thirty-three taverns between Quincy and Sturgis at this time, indicating the tremendous westward migration. Again when the workmen to construct the Lake Shore Railroad in 1850, the village of Quincy became a beehive of activity.

The tremendous amount of wild game, deer and wild honey which abounded in the area, sustained the new settlers until farming became a major industry here. These valuable assets all contributed to the settling of the present day community of Quincy.

All it takes is just a minute when you've got a question about savings rates, loan interest, the difference in checking accounts or multiple service plans.

We'll give you quick, plain, honest answers.
JUST ASK US.™

Maybe not the world.
But certainly the very best financial help and advice that money can't buy.

BRONSON, MICHIGAN

STREET GUIDE

In the following list the streets are arranged in alphabetical order with the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the names of the occupants followed by the symbol Δ and the telephone number. All Bronson telephone numbers are preceded by the numerals 369.

The symbol ⊙ indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.

Note the letter and number below the street name. This is the map key and is used to locate the street on the city map.

The zip code for Bronson is 49028.

NOTABLE AMERICAN QUOTATIONS

- Wm. Penn**—Truth often suffers more by the heat of its defenders, than from the arguments of its opposers. (Fruits of Solitude, 1693)
- Benjamin Franklin**—Remember that time is money. (1748)
They that can give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety. (1759)
There never was a good war or a bad peace. (Sept. 11, 1773)
We must all hang together, or assuredly we shall all hang separately. (July 4, 1776)
- Patrick Henry**—Caesar had his Brutus, Charles the First his Cromwell; and George the Third ["Treason" shouted a listener] may profit by their example. If this be treason make the most of it. (May 29, 1765)
I know not what course others may take, but as for me, give me liberty or give me death. (March 23, 1775)
- John Parker**—Stand your ground. Don't fire unless fired upon, but if they mean to have a war, let it begin here. (Lexington Green, Apr. 19, 1775)
- Wm. Prescott**—Don't fire until you see the whites of their eyes. (June 17, 1775)
- Nathan Hale**—I only regret that I have but one life to lose for my country. (At his execution, Sept. 22, 1776)
- Thomas Paine**—These are the times that try men's souls. The summer soldier and the sunshine patriot will, in this crisis shrink from the service of his country. (Dec. 23, 1776)
- John Paul Jones**—I have not yet begun to fight. (When asked to surrender, Sept. 23, 1779)
- John Adams**—A government of laws, not of men. (Original draft of Mass. Constitution, 1779)
- Thomas Jefferson**—Indeed, I tremble for my country when I reflect that God is just. (Notes on the State of Virginia, 1781-85)
- Geo. Washington**—It is our true policy to steer clear of permanent alliances with any portion of the foreign world. (Farewell Address, Sept. 17, 1796)
- Oliver Hazard Perry**—We have met the enemy, and they are ours. (Sept. 10, 1813)
- Daniel Webster**—Liberty and Union, now and forever, one and inseparable. (Jan. 26, 1830)
- Wm. Learned Marcy**—They see nothing wrong in the rule that to the victor belong the spoils of the enemy. (Senate speech, January, 1832)
- Col. Sidney Sherman**—Remember the Alamo! (Apr. 21, 1836)
- Ralph Waldo Emerson**—A foolish consistency is the hobgoblin of little minds. . . (Essays, 1841)
- Henry David Thoreau**—Any man more right than his neighbors constitutes a majority of one. (Civil Disobedience, 1849)
If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. (Walden, 1854)
The mass of men lead lives of quiet desperation. (Walden, 1854)
- Henry Clay**—Sir, I would rather be right than be President. (Senate speech, 1850)
- John Babson Lane Soule**—Go west, young man! (1851)
- Abraham Lincoln**—As I would not be a slave, so I would not be a master. This expresses my idea of democracy. (Aug. 1, 1858)
Accustomed to trample on the rights of others, you have lost the genius of your own independence and become the fit subjects of the first cunning tyrant who rises among you. (Sept. 11, 1858)
It is true that you may fool all of the people some of the time; you can even fool some of the people all the time; but you can't fool all of the people all the time. (Date unknown)
- David Glasgow Farragut**—Damn the torpedoes! Captain Drayton, go ahead! Juet, full speed! (Aug. 5, 1864)
- Ulysses S. Grant**—I propose to fight it out on this line if it takes all summer. (May 11, 1864)
- Wm. Tecumseh Sherman**—I am sick and tired of war. Its glory is all moonshine. It is only those who have neither fired a shot nor heard the shrieks and groans of the wounded who cry aloud for blood, more vengeance, more desolation. War is hell. (June 19, 1879)
- Wm. H. Vanderbilt**—The public be damned. (About 1883)
- Adm. George Dewey**—You may fire when you are ready, Gridley. (May 1, 1898)
- Carl Schurz**—Our country, right or wrong. When right to be kept right; when wrong, to be put right. (Oct. 17, 1899)
- Henry Watterson**—Things have come to a helluva pass when a man can't cudgel his own jackass. (On being rebuked for criticizing a government official, date unknown)
- Justice Oliver Wendell Holmes, Jr.**—Taxes are what we pay for civilization. (1904)
- George Santayana**—Fanaticism consists in redoubling your efforts when you have forgotten your aim. (The Life of Reason 1905-06)
- Woodrow Wilson**—The world must be made safe for democracy. (Apr. 2, 1917)
- Mark Twain**—Its name is Public Opinion. It is held in reverence. It settles everything. Some think it is the voice of God. (1925)
- Calvin Coolidge**—The business of America is business. (Jan. 17, 1925)
- Will Rogers**—All I know if what I read in the newspapers. (1930's)
- Thomas A. Edison**—Genius is one per cent inspiration and ninety-nine per cent hard work. (Life, 1932)
- Franklin D. Roosevelt**—The only thing we have to fear is fear itself. (March 4, 1933)
- Ogden Nash**—Candy/Is dandy/But liquor/Is quicker. (Date uncertain)
