Directory — 1952-1955

Towns

Compiled and Published
by
GEORGE C. ROBINSON
Hillsdale, Mich.

The master copy of this directory contains six sections of information organized for your convenience in the locating of any person in the area.

1. General Information
2. Villages of County — Alphabetically
3. Rural Residents — Alphabetically
4. Rural Road Guide
5. Classified advertisers Section

CENSUS 1950

Branch County	---30,202	Arnonson	---- 2,106
Coldwater	----- 8,594	Quincy	-- --- 1,527
		Sherwood	---- 362
		Union City	--- 1,564

This information has been compiled from sources and by persons deemed to be reliable. We have tried to make this directory accurate but can not guarantee a complete absence of errors or omissions and so take no responsibility for any that might appear.

The advertisers whose names you will find in these pages have made possible this directory. They will appreciate your show of approval through the purchases you make from them.

The Supplement to the complete directory has been expensive to compile and has been made possible to you through the fine support and cooperation of the business men whose advertisements appear throughout this book. They felt the expense justified, if only to show that they too, are a part of the Rural Community. These advertisers are ready to help in their own way; by having the things needed on hand when they are required. Show them your appreciation by letting them serve you.

If you have need for the use of a master copy of the directory stop in at one of the advertisers whose advertisements appear in this directory.

BRANCH COUNTY

Branch County, now one of the more thrifty sections of the country, was a primeval wilderness little more than a hundred years ago, inhabited only by the Pottowattomie Indians.

While it is true that there were trading posts within the limits of what is now Branch County as early as 1825, the first actual white settler appears to have been Jabe Bronson, who made his home in 1828 in the locality now bearing his name--Bronson.

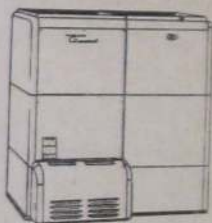

The old Indian trail between Detroit and Chicago (now U.S. 112) saw great numbers of pioneers passing this way, bound for Illinois and other parts of what was then the "far west". The presence of the Indians deterred many who would otherwise have settled here. It was in the year 1821 that Chief Topinabee and his people sold to the whites what is now the County of Branch and a vast area besides.

In the year 1829 Branch County was laid out and so named by the Territorial Legislature of Michigan. It was first attached to Lenawee County and later to St. Joseph for Judicial purposes. The name was given in honor of John Branch of North Carolina, Secretary of the Navy in President Jackson's cabinet at the time.

COLDWATER

In 1830 little hamlets sprang up at Coldwater and Bronson, while a tavern was established at Quincy--all on the Chicago Road(now U.S. 112). From this time on settlement proceeded rapidly, but Branch County's "boom" did not come until the Pottowattomie Indians were removed to Kansas in 1840. Further impetus was also given by the building of the Michigan Southern & Northern Indiana Railroad across the county in 1850; this road later became the Lake Shore & Michigan Southern and is now a part of the New York Central System.

The county seat was first at Masonville, on the east bank of the river, in the west part of the present city of Coldwater, but was soon transferred to the ambitious village of Branch, which held that honor from 1831 to 1842, when Coldwater won the coveted honor after an exciting and most memorable contest.

Branch has often been called the "garden spot of America" and certain it is that very few localities can surpass her for fertility, diversity of crops, and general prosperity of her people.

A great many people of the farms in this county have been established here for a long period of time, some living on the same farms their grandparents and great-grandparents

received directly from the government. The farming is diversified. General livestock production including sheep, hogs, and beef cattle is very important to this section. Dairy cattle furnish a large part of the cash income for the farm families. Poultry makes a substantial contribution too. Corn, wheat, oats and alfalfa are the principal crops grown here. Some fruit, apples in particular, is grown also. The home garden furnishes a large part of the food supplies for the farm family.

Branch County has sixteen townships. Twelve are six miles square. The lower four are only two-thirds as large. Federal Highway No. 112 divides the county from east to west passing through Coldwater, the county seat which is nearly in the center of the County. Federal Highway No. 27 divides the county from north to south, also passing through Coldwater.

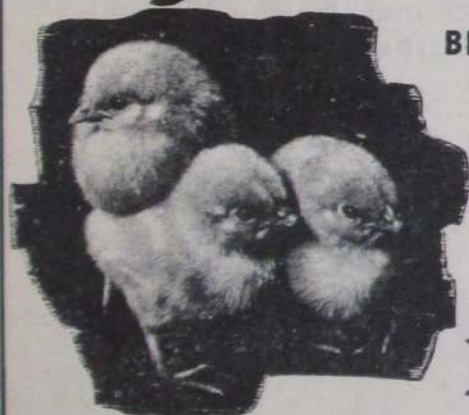

The total land area of Branch County is 323,840 acres, of which 288,162 acres is land in farms. There are 2404 farms in the county of which 1668 are commercial farms. Most of these are very diversified with dairy, cash grain crops, beef feeding, swine and sheep as a major source of income. Twenty six percent of the farmers work off of the farm more than 1/3 of the time. The most popular breed of dairy cows

are Guernsey and Holstein. Corn grown on 50,425 acres in 1949 produced a cash value of \$2,872,000. Winter wheat was grown on 26,742 acres and produced 1,101,000 dollars worth of grain.

Many of the farms are highly mechanized. The 1950 census reports 1695 farm tractors, farm trucks have increased in number from 274 to 530 since 1945. The farms lie near trading centers, 1927 farms are within 9 miles of a trade center with the average distance 6 miles. Over 1900 farms are on gravel or hard surfaced roads.

FARM and HOME IMPROVEMENT

- 97% of farms have electricity from power lines
- 75% of farms have electric water pumps
- 38% of farms have electric hot water heat.
- 40% of farms have home freezers
- 40% of farms have telephones

FARM GROUPS

The Branch County Farm Bureau is the most active farm group in the county. They maintain an office on North Hancock St. in Coldwater. Mrs. Belle Newell is the secretary. The Farm

Bureau has a paid membership of over 1900 families. This large group exerts a strong force in community affairs.

Other active farm groups include the Artificial Breeders Association, and various community groups.

The oldest Federal and State Agency operating in the county is the Cooperative Extension Service. The responsibility of the service is to assimilate information on Agriculture and Homemaking to men, women, and children.

The educational program is accomplished through groups and individual contacts. The Home Economics program is under the direction of Mrs. Luella Hamilton, Home Demonstration Agent. There are 33 groups of women in Home Extension Work.

Mr. Ralph E. Kirch is the county 4-H Club Agent. This work includes 1200 different boys and girls in 125 clubs. The adult work for Agriculture is directed by Duncan G. Leitch, County Agriculture Agent. The Production and Marketing Association is directed by Archie Moore. The Farm Home Administration has a representative in the Court House on Fridays. He is Ralph Lily. Hale Pearce, is the Farm Planner who gives technical assistance to the Branch County Soil Conservation district.

HINTS TO HOUSEKEEPERS

1. A teaspoonful of borax put into the last water in which the clothes are rinsed, will whiten them surprisingly.
2. One teaspoonful of ammonia to a teacup full of water applied with a rag will clean silver or gold jewelry.
3. Fish may be scaled easily by first dipping them into boiling water for a minute.
4. Kerosene will soften boots and shoes that have been hardened by water, and render them pliable as new.
5. To clean and polish your mirror at the same time,, add a little starch to the water when you wash the mirror.
6. To open hard shell clams easily, pour boiling water over them and let stand for a few minutes.
7. The strings can easily be removed from string beans if they are put in boiling water for five minutes after washing.
8. Stale bread crusts erase pencil marks from the wall paper.
9. To remove fresh coffee or tea stains from your tablecloth, pour hot water over the stain from a height of two to three feet.
10. Kerosene will remove finger marks on woodwork.
11. Hot vinegar is excellent for taking paint stains off windows.
12. To raise the pile on velvet, cover a hot iron with a wet cloth and hold the velvet over it; then brush quickly while damp.
13. To remove tar from cloth, rub it well with turpentine.
14. To clean an oil mop, use hot water, ammonia and a little washing powder.
15. To remove mildew, moisten the spot with clear water, rub on it a thick coating of castile soap mixed with chalk scraping, then rub with end of finger and wash off.
16. To remove paint spots from clothing, saturate with equal parts of turpentine and spirits of ammonia.
17. When aluminum becomes tarnished or blackened, it can be cleaned with a soft cloth dipped in lemon juice, then rinsed in warm water.
18. Nail a few pieces of rubber to the bottom of your step-ladder to prevent it from slipping on the floor when in use.
19. Vegetable stains can be removed from the hands by rubbing with a slice of raw potato.
20. Before driving a nail into plaster, place it in hot water for a few minutes and it will not crumble the plaster.

ALPHABETICAL ROAD GUIDE

This road section enables you to learn the name of the occupant of any given road address (blk denotes approximate road number), rural route, township and section number. The ph preceding names denotes a telephone at that address. The symbol o following a householders name indicates that we have received information during the canvass that the property is owned by some member of family.

The publisher can not and does not guarantee the correctness of the information furnished nor the complete absence of mistakes. No responsibility for errors can be assumed nor can the publisher furnish further information than that shown.

Township abbreviations used in the road guide:

STANDARD WEIGHTS AND MEASURES

LINEAR MEASURE

12 inches - 1 foot
 3 feet - 1 yard
 $16\frac{1}{2}$ yards - 1 rod
 320 rods - 1 mile (5,280 feet)
 1 hand - 4 inches
 1 fathom - 6 feet
 1 Nautical Mile of Geographical
 Mile - 6080.127 feet of
 1.152 $\frac{2}{3}$ miles
 3 miles - 1 league

SQUARE MEASURE

144 square inches - 1 square foot
 9 square feet - 1 square yard
 $30\frac{1}{4}$ square yards - 1 square rod
 160 square rods - 1 acre
 (43,560 square feet)
 640 acres - 1 square mile
 1 square mile - 102,400 square rods
 3,097,600 square yards - 27,878,400
 sq.ft.

CUBIC MEASURE

1728 cubic inches - 1 cubic foot
 27 cubic feet - 1 cubic yard
 $2\frac{1}{4}$ cubic feet - 1 perch
 128 cubic feet - 1 cord

CIRCULAR MEASURE

60 seconds - 1 minute
 60 minutes - 1 degree
 360 degrees - 1 circle
 a right angle is 90 degrees
 a quadrant is $\frac{1}{4}$ of a circle (90
 degrees)
 a sextant is $\frac{1}{6}$ of a circle
 (60 degrees)
 a sign is $\frac{1}{12}$ of a circle
 (30 degrees)

LIQUID MEASURE

$\frac{1}{4}$ gills - 1 pint
 2 pints - 1 quart
 $\frac{1}{4}$ quarts - 1 gallon
 $31\frac{1}{2}$ gallons - 1 barrel
 a U.S. gallon contains 231
 cubic inches
 a gallon of water weighs about
 $8\frac{1}{2}$ pounds
 a cubic foot of water weighs
 $62\frac{1}{2}$ pounds

DRY MEASURE

2 pints - 1 quart
 8 quarts - 1 peck
 $\frac{1}{4}$ pecks - 1 bushel

APOTHECARIES WEIGHT

(Used in weighing drugs & Chemicals)
 20 grains - 1 scruple
 2 scruples - 1 dram
 8 drams - 1 ounce
 12 ounces - 1 pound

AVOIRDUFOIS WEIGHT

(used in weighing heavier
 commodities, Hay, Coal)
 16 ounces - 1 pound
 100 pounds - 1 hundredweight
 20 hundredweight - 1 ton (2000 lbs)
 (a long ton contains 2240 pounds)

BARREL AND KEG WEIGHTS

butter, firkin - 56 pounds
 flour, barrel - 196 pounds
 nails, keg - 100 pounds
 beef & pork, barrel - 200 pounds
 salt, barrel - 280 pounds

AT A PRICE YOU CAN AFFORD

For over a quarter-century the name **National**, like Sterling on fine silver, has been synonymous with high quality and expert craftsmanship.

National's highly-developed manufacturing processes — the result of continuous scientific research — make it possible for you to own superior fixtures at a price you can afford.

You are cordially invited to inspect our complete line of National bath and kitchen fixtures. No obligation, of course.

SPARTON TELEVISION

Check these features before you buy

- * Cosmic Eye picture-tube sharpens definition, reduces glare
- Sparton ULTRA-RANGE TUNER for finer, long-range reception; easily adaptable for UHF without converter.
- * Cosmic Eye picture-lock synchronizes picture to transmitted signal, eliminates "picture drift."
- * Keyed Automatic Gain Control screens out disturbances, holds picture constant regardless of signal variation.
- * Extra I.F. stage provides added sensitivity and strength of picture and sound.
- * Flawless cabinetry, produced in Sparton's own cabinet plant by master craftsmen.

Feed with scratch grains
— equal parts

PRICED FOR FEEDER PROFIT!

The emphasis is on **EFFICIENT** production — low feed cost per dozen eggs produced. Give your layers a chance to produce quality eggs with uniform yolk color, fine flavor and strong shells, on the Red Comb Program. It's good business!

Stop in for your free copy of the new 54-page Red Comb Poultry Booklet
