THE HISTORY OF COLDWATER

The City derives its name from the Indian word "Chuck-sey-ya-bish", meaning cold water. When the first settlers came to this vicinity, they found this area inhabited by the fierce and warlike Pottawattomi Indians. Although the old Indian trail between Detroit and Chicago, (now US 12), saw great numbers of pioneers passing this way, bound for Illinois and other parts of what was then "the far west", the presence of the roving bands of Pottawattomi Indians deterred many who might otherwise have settled here. The defeat of the British in the War of 1812 and the death of the great Indian leader, Tecumseh, in 1813 caused the Pottawattomi to lose heart and in 1821 Chief Topinabee and his people sold to the settlers what is now Branch County and a vast area besides, although they continued to occupy it as before, supposedly on reservations. One of these reservations, six miles square, was in Coldwater and Quincy Townships.

The present City of Coldwater occupies part of what was then a beautiful prairie some three miles long from east to west and two miles wide. It was dotted with oaks, with an occasional elm, but bordering this prairie were magnificent forests of beech, maple, walnut, whitewood and elm interspersed with many streams and over a hundred lakes, large and small in what is now Branch County.

It was natural that our first white settlers came to trade with the Indians. In 1822 Joseph Godfrey established a trading post near downtown Coldwater and a little later that year one Marantette established another post where Oak Grove Cemetery is now located.

In the year 1829 Branch County was laid out and so named by the Territorial Legislature. It was first attached to Lenawee County and later to St. Joseph. It was named in honor of John Branch of North Carolina who was President Jackson's Secretary of the Navy.

The first log cabin was erected in 1830 by Hugh Campbell on the present site of the Masonic Temple. In 1831 Allen Tibbits and Joseph Manchett platted a village here calling it Lyons. It ran from Jefferson Street to Monroe Street and from Church to Washington Street. In July 1831, Mr. Tibbits preached the first sermon. There were 50 whites in Branch County at that time. This same year A.F. Bolton erected the first frame building—a hotel—at Masonville. Masonville was a settlement on the east banks of the Coldwater River in the west part of the present city and covered the territory from the river and east to the intersection of West Pearl Street and West Chicago St. On the strength of this hotel, Masonville was made the County Seat. Masonville did not hold the honor long as the ambitious village of Branch, which was located south of our present airport near the present Black Hawk Mill, won the coveted plum and held the county seat from 1831 to 1842. At the time it became the county seat, it had only one log house—but it had ambitious politicians. The Coldwater Post Office was at Masonville.

In 1832 the first school was started with nine pupils and with Cynthia Gloyd as the teacher. The first store was established by Silas Holbrook; the M.E. Church was founded with five members; and the first sawmill was erected at the junction of Division and Clay Streets.

In 1833 the name of Lyons was changed to Coldwater. Branch County, as such began its separate existence, being previously attached to St. Joseph County and a sheriff, clerk treasurer, register of deeds (one office), and probate judge were elected by the people.

In 1834 the "old red schoolhouse" was erected at the corner of Pearl and Hudson Streets.

In 1835 Masonville was platted on the east bank of the Coldwater River and again struggled to become the county seat. That year the Baptist Church was organized with sixteen members.

In 1836 the first church was built in Coldwater by the Methodists. The village had twelve houses and continued to grow. The next year Coldwater was incorporated as a village having a population of 140 people. Dr. Alger, traveling the Chicago Road from Detroit to Chicago, found at this time 32 taverns between Quincy and Sturgis, indicating the tremendous westward immigration through here at this time.

1837 was a terrible year for malaria fever. 32 out of 140 people died that fall. The cause was said to be the Clay Street Milldam and the angry citizens, taking the law into their own hands, destroyed it. Also this year the first newspaper, The Observer, was issued and the Presbyterian Church organized with sixteen members.

In 1840 the Pottawattomi Indians, except for a few stragglers, were removed to the far west. This opened for settlement much of the land of Branch County which had been designated as Indian Reservations. It also helped bring in many new settlers who had been deterred by the presence of such a large Indian population in the County. From this date progress has been steady.

4-Coldwater-Quincy General
THE HISTORY OF COLDWATER-Continued

In 1841 Albert Chandler founded the Coldwater Sentinel and in 1842 Coldwater became the permanent County Seat, supplanting the village of Branch and blasting Masonville's hopes.

In 1844 two churches were built; the Baptist Church was built on the northwest corner of Monroe and Pearl Streets, and the Presbyterian Church was built on the present site of the new building today, but was sold in 1868 to the Lutherans who moved it to its present location on S. Jefferson Street.

In 1846 the first jail was erected. Also, the voters voted against the sale of liquor.

In 1847 the county voted to build a brick courthouse by a majority vote of 27. A majority of 27 was the same when the proposition to build the second one carried 40 years later. This one burned down on December 5, 1972, and another new courthouse started construction in the fall of 1974 on the same spot. Also this year, the Masonic Lodge was established.

In 1849 the telegraph lines reached Coldwater and St. Charles Catholic Church was formed.

1850 was a banner year for the growing village. The first train arrived and Coldwater was connected directly to the populous East.

For many years Coldwater and Branch County were noted for their horses. The start was made in 1851 when A.C. Fiske purchased Green Mountain Black Hawk for the enormous price of \$1,500. Many people now living can remember the various race tracks in and around Coldwater. Raising and training race horses was a big industry for many years. In 1851 Coldwater boasted 370 houses, but the first of many disastrous fires destroyed eight stores in the business section during the winter.

In 1854 another disastrous fire along Main Street caused the village board to prohibit the erection of any frame buildings from Clay Street to the parks. This was the first zoning acted upon in the community. The Main Street because of this action was built of brick. Also this year, Oak Grove Cemetery was established, which continued to expand. There had been two earlier cemeteries, one at Masonville, which today is a cultivated field; the other on Morse Street which contains tombstones recording burials from 1835-1857. The present cemetery board maintains this burial ground even though there have been no burials since 1857.

In 1856, because of the many fires, the first fire company was organized with Clinton B. Flask as foreman. Everyone was proud of the "Excelsior" the hand pump that was purchased.

In 1857 the corner stone of the Episcopal Church was laid. This building was completed in 1862.

In 1861 Coldwater became an incorporated city. That year The Coldwater Light Artillery (later called Loomis Battery) left for the war with six brass cannons and 120 men, only 49 of whom returned home three years later. Coldwater, even as her men have done in the years since-paid for her existence with the blood of her youth. Many other Coldwater men enlisted in the 1st Michigan Infantry and the list of casualties was large for such a small town. It is said that over 500 men from Coldwater fought in the Civil War. To show how the raising of horses had grown in the county during the war years of 1861-65, over 3,000 horses were brought here for use in the Federal Service.

In 1865 the war ended and the soldiers returned home. That year Coldwater had its first millionaire. S.M. Siely made \$1,500,000 in oil speculations. In July the Coldwater National Bank opened and Coldwater became a money order post office.

The town continued to grow steadily after the war. In 1866 the first hospital was established where the Elks Temple is now located. One hundred new buildings were erected and new industries located here. The industries, at this time, consisted of flour mills, an oil mill, breweries, a wheel barrow factory and many small factories making cigars. By 1870 there were so many cigar makers that a Cigar Makers Union was organized and functioned for many years.

In 1870 the Lewis Art Gallery opened. For 25 years until its removal to Ann Arbor this gallery attracted visitors from all parts of the country. Recently the Lewis Collection was returned to Coldwater.

The "Seventies" was a period of railroad building and Coldwater was caught up in the spell. Two roads were chartered-the Mansfield, and Coldwater and Lake Michigan Railroad-and the Coldwater Railroad. Neither railroad was ever completed. The collapse of the Mansfield Railroad cost the investors of this vicinity \$200,000.

THE HISTORY OF COLDWATER-Continued

In 1876 an interesting item was noted. The English sparrow was introduced by Captain Mansfield and George Firth. Today it is difficult to believe that this "pest" hasn't been here always. In 1890 the first bicycle was brought to Coldwater.

1881 was an exciting year for Coldwater. A series of fires caused suspicion of incendiarism. After an investigation, several firemen who confessed were sentenced to serve prison terms. Chief Drake, after a lengthy and expensive trial, was acquitted. The cause for the fires was to show that they needed new equipment.

In 1882 the Bell Telephone began business. In 1886 the Public Library building was dedicated—a gift from the Hon. E.R. Clarke. In 1887 an idea began that has since grown to large proportions and has meant much to Coldwater and Branch County. This was "the-cottage-at-the-lake" idea begun by 10 members of Jacob Commandery at Templar Beach Morrison Lake. Today the spread of this idea has seen the shores of most of the over 100 lakes in Branch County covered with homes, both year around and summer. Today, the money brought into the county and city each year by the summer visitors make it one of our best industries.

In 1888 a small private company started electric street lighting. Three years later in 1891 they sold their property to the city which has maintained the electric service since that date. In 1890 the first city water system was installed by vote of the people. This system was joined the next year by the light plant and Coldwater was in public utility business to stay.

In 1905 the present city charter became law. It has been revised, added to, etc... by charter amendments many times since that date, but the charter of 1905 is still the basis for the government of Coldwater.

By 1912 Coldwater, a growing city, felt the need of parks and recreational facilities. A park and recreation board was established which today has given Coldwater the splendid parks which are enjoyed so thoroughly.

And so through the years Coldwater has grown—steadily at times—by spurts at other times. Slowly, but ever forward toward making it a better place to "live, worship and play." Many men and women have made their contributions—some large, some small, but each his bit—and thus Coldwater today.

In 1960, Coldwater's Centennial Committee held its initial meeting to start plans for a municipal observance of the historical anniversary in 1961. General Chairman, C.J. Medendorp, presided with 20 members present. July 4, Independence Day was observed in an all day celebration at the 4-H Fairgrounds including fireworks at night, the first since 1933.

Mrs. Edna Wells, owner of the 75 year old S.B. Kitchel Liniment business sold out to James A. Warnhoff and Dr. J.W. Brown of St. Louis, Missouri. Coldwater voters favored expansion of the municipal power plant in preference to purchase 100% power needs from Consumers Power Company. Climax Molybdenum announced a major expansion for Coldwater's first shell building in the Industrial Park. On November 8, new city charter proposal wins by 183 ballots to become effective January 1, 1961.

In 1961, Godfrey Collins took up his duties under the city charter as City Manager. The Mayor was Arthur Lyons. Restoration of Tibbits Theatre was started, and the Old Opera House will again be active. In February, Harold J. Smith was appointed to become Coldwater's first Municipal Judge effective in July. On February 20 the first non-partisan primary election was held. Governor Swainson, declared Tuesday, Feb. 28 as Coldwater Centennial Day in honor of the 100th anniversary of Coldwater as an incorporated city. Presentation made to State Senator John P. Smeekens and State Representative Frederic J. Marshall at Lansing.

In 1983, The Coldwater City Council made the entire Industrial Park an Industrial Development District to attract industry to Coldwater allowing companies a tax abatement.

A Downtown Development Authority was established to revitalize the downtown. Panel Processing had a \$400,000 expansion in process. Many changes took place in the downtown area. The American Legion was remodeled, Benedict's opened the Meeting Place at the corner of Hanchett and West Chicago; Penney's moved next to Parkside Pharmacy in the Kerr Building; T-Shirt Alley moved from E. Chicago St. to W. Chicago; Michigan Bank Mid-South moved into the downtown; World Wide Communications and M & M Leather were new to the community.

A sled slide was added to the Heritage Park with the help of the Kiwanis Club. The Optimist Club added playground equipment to Heritage Park and another practice ball field was constructed as well as a tennis practice wall by the Tennis Club.

6-Coldwater-Quincy General
THE HISTORY OF COLDWATER-Continued

In 1985, Coldwater listed 195 retail establishments, 40 manufacturers and 81 wholesalers. There were 9,461 residents and 3,848 housing units within the City limits. Foreign investment within the city was represented by companies from Germany, Italy and Japan.

The Florence Crane Women's Correctional Facility was established at the Coldwater Regional Center with a men's correctional facility to be completed in the next year. The mental health role of the Regional Center was redefined to include a larger resident population. The influx of activities at the Regional Center added approximately 8 million dollars in area payroll.

To support the area's increased tourist activities, a Quality Inn and Convention Center was completed offering a much needed addition to the community.

A Rail Users Association was formed and in conjunction with the Michigan Department of Transportation, purchased the existing Conrail rail line from Quincy to Sturgis. HCRC is the "short line carrier" that operates trains of the track connecting with Conrail to the west and N&W to the east.

New industries in the area included: Gross-Stabil, Data Tech, Specialty Pyronics, Federal Cold Forge, Grahl International, Sintered Metal Products and Trail Master Products.

New commercial businesses in the area included: Burger King, Wendy's, the Chicken Coop, the Gallery, Jim's Shoes, Curtis Mathes, Crystal Health Fitness Center, Fradors Pizza, Parshall's Retail Wholesale, the Sound Room, Coldwater True Value & Charlie's II.

In 1987, Coldwater added 41 acres to the Industrial Park to allow more industrial access to rail transportation. Plans were being made to open a Business Park close to I-69. Additional water treatment facilities were constructed to ensure continued pure water in the area.

The century old Shaw Shoe Co. building was renovated and a new company, Phoenix Concepts, occupied the facility. Johnson Controls, an automotive seating manufacturer, established a new plant in the Industrial Park. A new wholesale warehouse, Markets Unlimited, began operations in the former Gambles building.

Retail development continued both in the City and surrounding area. Major opportunities continued to exist in new commercial building programs. A Mainstreet Director was hired to implement a coordinated downtown expansion program featuring facade improvements and low cost, energy saving construction and renovation. A Visitors Information Center was opened in a newly renovated building.

A second prison facility opened for men. The new prison, Lakeland Men's facility is located next to the women's facility on the Coldwater State Regional Facility grounds.

Coldwater celebrated its 150th Anniversary with parades and other special events. Many religious, cultural and public buildings celebrated 100 year anniversaries.

COLDWATER, MICHIGAN

The city derives its name from the Indian word "Chuck-sey-ya-bish", meaning cold water.

The first inhabitants of the area were the Pottawattomi Indians. Running through their land was the "Chicago Road", which carried many settlers to the West. The presence of these fierce war-like Indians prevented much settlement of the area at first. In 1821 Chief Topinabee sold the vast area of Branch County to the Government. The village then began to grow steadily upon the Indians departure for Kansas in 1840. The growth impetus continued when the railroad arrived here in the 1850's, transporting many emigrants from New York.

The first white settlers here were Abram Bolton and John Morse, who established in 1831 a grand hotel on the "Chicago Road", which was a welcomed sight to the many weary travelers going West. The hotel became as celebrated on the "Chicago Road", as the Palmer in Chicago.

A commission was established to locate the county seat and in 1832 Branch (Near the county airport) was appointed. Branch, having one building at the time, began to grow rapidly. However, its development was short when the legislature in 1842 affixed the county seat at Coldwater.

In the 1850's the big industry in Coldwater was the breeding and training of horses. Over 3000 of these horses were provided for Federal Service during the Civil War.

PLACES OF INTEREST & FACTS OF BRANCH COUNTY - COLDWATER, MICHIGAN

In 1883 the name of Lyons was changed to Coldwater, from an old Indian name, Chuck-sey-ya-bish, meaning cold water. Coldwater was inhabited by the fierce war-like Pottawattomi Indians. In 1821, Chief Topinabee and his people sold to the whites the land that is now Branch County.

Coldwater, the county seat of Branch County, is located at the junction of the old Indian trail to Chicago (US 12 and I-69). The Sauk Trail marker is located 12 miles west of Coldwater.

The Branch County Courthouse, occupied in 1888, was destroyed by fire in 1972, but many historical materials were saved for display in the new Courthouse which was erected on the same site in 1976.

Coldwater is noted for its early 19th Century homes, many located on E. Chicago St., and its beautiful shade trees, of which there are some 7,000, mostly stately maples.

The Tibbits Opera House, S. Hanchett Street, which opened in September, 1882, has been restored and during the summer season, many fine plays are scheduled. The Tibbits Opera House has the permanent exhibition of the Lewis Art Collection (1750-1800).

The Wing House Museum, 27 S. Jefferson Street, is a fine example of a 2nd Empire home. Built in 1875, it was purchased by the Branch County Historical Society and houses an excellent display of furnishings, art, crafts and tools of the period. Tours are available call 278-2871.

There are 250 lakes, large and small, in Branch County. All are within a 15 minute drive from Coldwater, MI. Our county is the heart of Bluegill and Bass fishing.

Ask for the location of Branch County and City of Coldwater parks and recreational spots.

INDUSTRIAL TOURS

Available to groups of 10-40 people, by advance appointment.

Branch Area Careers Center

Make the beautiful 15 mile motor boat trip from Quincy to S. Coldwater Lake. Or from Messenger Lake, bordering Coldwater, all the way to River Road bridge for 7 miles of scenic views.

For a pleasant drive, go out to Iyopawa Island and take an East Shore drive on Coldwater Lake to see the sandy shores and swimming beaches.

See Coldwater Country Club's beautiful 18 hole golf course on Narrows Road.

Visit our olympic size swimming pool. It is on Western Avenue, adjacent to 8 tennis courts which are next to our Little League baseball diamonds.

Drive out Western Avenue and see the beautiful new homes continually being built in the north and northwest part of our city.

Drive south on Butters Avenue in the 590 acre Coldwater Industrial Park and see why Coldwater has gradual growth and development.

Visit our Branch Co. 4-H Fairground where large horse shows and trailer rallies are held throughout the summer, and the annual 4-H Fair is held in August.

Try boating or fishing on the Messenger-Hodunk 7-mile lake chain, Messenger, South, Cemetery, North, Randall, Morrison and Craig, with four of the lakes bordering part of the city of Coldwater. The nearby Coldwater Lake chain of ten lakes, 14 miles long, consists of the following lakes with connecting channels; Little Coldwater Lake, Coldwater Lake, East Long Lake, Loon Lake, Wright Lake, Bartholomew Lake, Archer Lake, Middle Lake, Marble Lake and First Lake.

Branch Co. countryside is attractive in appearance, for it is spotted with good fishing lakes that cause an influx of visitors and vacationers during the summer, which just about doubles our population. "The Land of Hospitality" is the name to remember. We have four seasons of activities that swell the attendance of recreational and sports-minded people, whom we do welcome to our area. Many come, many return, with a surprising number establishing residence in this all around, four-season climate.

DOWNTOWN DEVELOPMENT AUTHORITY

The DDA is an authority of the City of Coldwater, charged with coordinating the revitalization of the DOWNTOWN area for commercial, cultural, governmental and residential use. To accomplish this, the DDA established MAINSTREET, an economic development project, utilizing a four-point approach: ORGANIZATION, PROMOTION, DESIGN AND ECONOMIC RESTRUCTURING.

The colors of summer make their debut DOWNTOWN with the filling of the flower barrels in the Central Business District.

The low interest loan pool program and the DDA's rebate program remains in effect and includes interior as well as exterior rebates. Work is currently in progress on numerous buildings as a result of the program.

At Christmastime The Victorian Street Lights are decorated with beautiful Christmas decorations, evergreen garlands and red bows in harmony with DOWNTOWN'S historical theme.

The DDA office is located at 28 W. Chicago St., third floor of the city building. (517) 278-8324

TIBBITS OPERA HOUSE

The Tibbits Opera House opened in 1882, when Coldwater was still a city with unpaved streets. Because there were no telephones and no automobiles, crowds had to come by carriage and by train, and the only method of advertising the Tibbit's offerings was word-of-mouth.

However, word spread and the excitement was contagious. Coldwater was one of the few places in this nation, then quite young, which had a social and cultural center. It was also the only place that could boast an Opera House "second to none."

The theatre boasted timeless architecture, excellent acoustics, splendid furnishings and only the finest of entertainment. Otis Skinner, John Phillip Sousa and his band, DeWolfe Hopper in "Tang" with comedian Mack Sennett in the chorus, Field's Minstrels, Norman Hackett, Ethel Barrymore, and many, many others played the Tibbits Opera House.

Barton Smith Tibbits built his opera house with wisdom and vision and after his death, Joseph Henning carried on the rich traditions that Tibbits had established. The aim was high, and due to the nature of the house, the enthusiasm of a populace hungry for entertainment, and the foresight and taste of Tibbits and Henning, the theatre was an unqualified success.

Since the early days of the Tibbits, many attractions have been presented. In fact, for a short time, the Opera House was turned into a motion picture theatre, catering principally to the small fry of the community with serials and Saturday afternoon matinees.

Since the theatre reopened in late 1963, since the renovation of the theatre has been undertaken, a great many of the world's most famous theatrical personages have performed for Coldwater.

The manager of the Theatre makes an annual visit to New York to pick out new and experienced performing artists for talent to be used in the Tibbits Summer Stock Broadway Plays, that draws large audiences to this famous theatre.

YOUTH FOR UNDERSTANDING IN COLDWATER

Since 1965 when Coldwater became fully involved in the program over 85 students have become a part of the Youth For Understanding family here. It was then that Bill and Phyllis McMillan had their first exchange student and they started to become involved in the placing of foreign students in the Coldwater area.

This placement of foreign students has been an exciting happening in Coldwater and along with its Sister City program has made this community a truly International City.

Youth For Understanding is a non-profit educational organization which cooperates with and receives a grant from the U.S. Department of State. Youth For Understanding is dedicated to fostering greater international understanding by making it possible to have an overseas living experience. Through the efforts of the Coldwater Kiwanis Club two scholarships to qualified Coldwater High School students have been given yearly since 1971. They have cooperated with YFU and have made it possible for 17 local students to study for one year in a foreign land or go to a foreign country under the YFU summer program.

Coldwater's first annual Sister City Festival adopted a Festival "logo", which was used and figured to be prominently displayed in years to come at festival time. The festival commemorated and celebrated the unique relationship between Coldwater and Soltau, West Germany for its 10 years of existence in 1981.

It had been 10 years since Burgermeister Hartwig Lindlogg of Soltau, West Germany made the first visit to Coldwater upon invitations from the Mayor George Henderson, to officially initiate a Sister City relationship between the two communities. The first Sister City Festival was held in downtown Coldwater on July 10th and 11th. The Coldwater Jaycees headed by Louis Legg III, organized the event and other Coldwater service club members also got involved to stage what was hoped to be an annual affair growing each year. Thousands attended the first festival in downtown Coldwater, where booths were erected and German and American foods were served. Continuous music was provided throughout the two day period, including the Alpenlanders Bavarian Band, Groeck and Stout Rock Band, the Sweet Adelines, Estelle Voss organ music, Kevin Ireland with his accordian and Bobby Hankins. Also on the schedule were special guests from our Sister City Soltau, who numbered 41, mostly from 13 to 18 years, who sang and danced. A poster contest was held by the Coldwater Daily Reporter and a costume contest by T-Shirt Alley of Coldwater. Thousands attended the event.

Constant exchanges between the two communities has resulted in nearly 1500 citizens from Soltau and Coldwater visiting their respective Sister Cities.

Success stories from the exchanges abound. Grahl Industries of West Germany and two other related suppliers have chosen to locate in Coldwater.

A marriage was cause for celebration when Coldwater's Keith Raymond wed Soltau's Insa Stoppel in 1982. The couple makes their home in Coldwater and they have five children. The families make regular trips across the ocean and Insa's family and friends come to Coldwater.

"It's very important to me that my children are aware of their German heritage. We speak both German and English in our home," she explained.

Coldwater is a member of Sister Cities International, a group dedicated to the goal of furthering global understanding between people. Over 750 U.S. cities representing over 90 million Americans establish links with over 1100 communities in 90 nations of the world.

CLOCK TOWER'S BELL WILL TOLL AGAIN FOR COLDWATER RESIDENTS

By Sheryl Arredondo

COLDWATER—When the ancestors of local residents dedicated their courthouse with its clock tower and bell on August 1, 1888, they hardly could have imagined that it would happen all over again a century later.

The massive clock and bell that kept the city's time until a disastrous 1972 fire, will return to its duties starting Saturday. This time, its new home is inside a 55-foot, brick-and-glass tower on the lawn of the new courthouse constructed in 1976.

The clock restoration and construction of the tower has taken 15 years, and represents hundreds of hours of volunteer time and fund raising.

The arson fire that destroyed the courthouse on Dec. 6, 1972, silenced the bell and nearly destroyed the clock and its workings. The clock's wooden hands and four illuminated dials burned and fell 100 feet to the ground. The mechanism was damaged by fire, heat and water.

In 1973, the clock parts were auctioned to a Plainwell antiques dealer for \$35. A year later, a committee was formed to buy back the timepiece and try to incorporate it into the new courthouse being built. The auctioneer demanded \$500 for the pieces, and money was raised to buy them back.

The new building could not support the weight of the 3,500-pound bell and the clock. A separate tower then was planned and about \$18,000 raised, but fund raising lagged, and the memory of the bell and lighted dials dimmed.

Then in June 1987, the committee was revived. "We felt the economy was better and with new people, plus approaching its 100th anniversary, we wanted to try to give it another push," said master clockmaker Hugh Abrey, who maintained the clock before the fire.

Push they did, raising about \$50,000 toward the \$100,000 cost. Money came from schoolchildren, service clubs, ice cream socials and canister collections. For a donation of \$10 each, 1,400 people will have their names displayed on plaques inside the tower.

Then, local craftsmen and suppliers brought the dream to fruition, donating about \$60,000 in materials and labor.

Restoring the clock took about three months and was done for free by Abrey, Frank Printke and Ralph Maxson. Clock historian Al Obed said their work was worth at least \$15,000.

The tower's cupola is topped with a finial from the original tower. The clock's numbers are 1-foot tall and made of cast iron. The 3-foot, 3-inch hands are made of hard maple. The bell is 25 percent bigger than the Liberty Bell and rings in the key of D.

"The reason for the overwhelming response to this project was that some of the people in the community had fond memories of the clock and bell," said Abrey.

He recalled that he had received a letter from a woman who remembered how, as a youngster, she had awoken, eaten meals and attended school by the clock bell. He noted that most of the schoolchildren who worked hard to raise funds will not have heard the bell-until Saturday.

COLDWATER BOARD OF PUBLIC UTILITIES

The Board of Public Utilities is a municipal utility formed by City Charter to generate and distribute electricity, pump and distribute the city water supply, and operate and maintain the wastewater collection and treatment system under the direction and management of an appointed, non-partisan five member Board of Public Utilities.

Taken as a whole the Coldwater Board of Public Utilities represents one of the city's oldest industries and furnishes employment to approximately 40 people.

Started in 1888 as a privately owned utility with a generating plant furnishing municipal street lighting, Coldwater had one of the very first electric systems in the State of Michigan. As an indicator of just how early it was Edison developed the first efficient lamp in 1879.

In 1891, the City of Coldwater purchased The Coldwater Light, Power and Fuel Company for \$25,000.00, and moved the generating plant from its original location on West Chicago Street to its new location on Bennett Street, the present day location of the power plant, where only a year before the City of Coldwater had constructed a municipally owned Water Works plant.

By the year 1900, it had become a booming local industry, struggling to keep up with the ever increasing demands for this new kind of service. At that time the only electric service available was lighting. Sputtering arc lights for the street corners and for commercial establishments, 16 and 32 candlepower carbon filament lamps for residences. Electricity in Coldwater and elsewhere in that day was generally sold at so much per lamp per month. The electric service meter was just in the process of development, hence the recording of energy used was impossible. The accurate recording of energy used was not important because most electric plants operated only during the hours of darkness and in some cases only from sundown until midnight few people bothered to turn the lights off anyway.

By 1910, the original bonded indebtedness on the plant was completely paid-entirely from the earnings of the plant.

Since that time, future expansion of the municipal electric facility has been paid for from the earnings of the plant. In an industry where the demand for the product produced doubles every 10 years, it is no small task.

In order to continue to provide needed energy, the Board of Public Utilities has joined forces with four other municipalities in the Michigan South Central Power Agency in order to supply needed energy to the community at the lowest cost to the consumer.

"Energy provided today to the Coldwater BPU's nearly 6,000 customers is furnished by the MSCPA generating station in Litchfield and by Coldwater's Municipal Power Plant. The MSCPA plant uses coal for fuel and is equipped with scrubber equipment to operate well below the Federal Clean Air Standards. Coldwater's Municipal Power Plant furnishes power with diesel generators which use fuel oil and natural gas as fuels. Through this combination of sources and fuels economical and reliable energy is provided to the community while also protecting the environment."

The Coldwater Board of Public Utilities also operates and maintains the municipal water supply system as well as the wastewater collection and treatment systems. Like the electric utility the other departments of the Board of Public Utilities have seen tremendous growth.

The Water Department now maintains over sixty miles of watermain along with services, hydrants, etc. for nearly 4,200 customers.

The Wastewater Treatment and collection system operates and maintains approximately sixty miles of sewers and a 4.2 million gallon per day treatment plant to remove wastes from nearly 4,100 customers, necessary for the protection of water quality of our lakes and streams.

The citizens of Coldwater can be proud of their utility. A utility which is asked to provide necessary services 24 hours a day, 365 days a year. A service which provides dividends. Not only the dividend of local control and input, but also a monetary dividend. By City Charter, the Board of Public Utilities is required to pay, in lieu of taxes, 6 1/2% of the gross income to the City.

COLDWATER CITY FIRE DEPARTMENT

The Coldwater Fire Department is a combination department staffed with fourteen (14) full-time and ten (10) part-paid firefighters. Three non-uniform employees along with the firefighters have the responsibility to issue permits and do inspections for building, electrical, mechanical, minimum housing and rental housing as well as a fire prevention program for fire safety inspections and public education.

The department has the responsibility for fire protection for the City and two townships, Coldwater and Girard, a total of 72 square miles.

The department is housed in a modern station, centrally located. It has four (4) American LaFrance fire units consisting of two (2) pumpers, a 75 ft. aerial, a 55 ft. snorkel, rescue unit, tank truck, grass fire unit, a pickup with a light plant and two (2) Chief's cars.

The City of Coldwater has an insurance rating of Class five (5).

COLDWATER POLICE DEPARTMENT

The Coldwater Police Department maintains a force of 20 personnel, consisting of the Chief, Asst. Chief, three Shift Sergeants, 9 Patrol Officers, One Community Service Officer, three full-time and two part-time dispatcher/clerks, all working together to provide the citizens of Coldwater with 24-hour protection and assistance.

The officers are responsible for a myriad of duties, including the enforcement of over 40,000 Federal, State and Local criminal laws. Additionally, there is traffic control, accident investigations, business and private property checks, ambulance assistance, motorist assistance, recovering stolen property, locating and returning lost persons and animals, school crossings, arbitration in family disputes, and the investigation of criminal complaints.

The department handles in-depth investigations of criminal matters, the gathering and sorting of evidence such as: photos, fingerprints, tool marks, tire tracks, etc., and is responsible for the transfer of certain evidence to specific crime labs for scientific analysis. The department also maintains modern equipment for use in reconstructing the scene of a crime or accident.

The department is extensively involved in the community, with education programs on crime prevention and drug awareness along with neighborhood watch and the senior officer program which are very active.

The Coldwater Police Department attempts to adhere to these established principles: 1) That the first duty is the prevention of crime and the Public's safety. 2) The efficiency of the Department should be judged by the absence of crime rather than the number of arrests. 3) The duties must be carried out impartially. 4) The punishment is not a part of the police function. 5) And, finally, that the greatest effort must be made to save lives even in the face of personal danger.

DEPARTMENT OF MUNICIPAL SERVICES

Streets

During the first week of January of each year, we pick up all Christmas trees placed at curbside.

A new mobile toter garbage collection has been instigated with curbside pickup.

Routine roadside cleanup and mowing are done by the Street Department.

All streets and roads within the city are patched, graded and maintained, and a routine schedule of chloride on the gravel streets is done to keep the dust down during the summer months.

Put and maintain all traffic and street name signs.

Patch all street openings made by private contractors or other utilities within the city.

Do all pavement markings for crosswalks and school zones.

Remove and replace all broken curb and gutter, and also remove and replace driveway openings requested by contractors or private individuals.

The voting machines are stored at our garage and are moved to various voting places for elections by our employees, then are again brought back after the election for storage.

A complete line of trucks, tractors, loaders, grader and other machinery needed to do our work is maintained at our garage. Also, the police car fleet is maintained at our garage.

During the winter months, we remove the snow from all streets and roads within the city. The business area is completely cleaned of snow and it is hauled away.

The parking lots are also cleaned the same as the business area. The streets are salted or sanded during slippery conditions on a 24 hour basis.

During the summer, a complete sweeping schedule is in operation, and all streets are swept routinely.

During the fall, a complete leaf pickup is done.

We also construct storm sewers and routinely clean all storm catch basins or inlets within the city.

A crew of around 9 employees, 2 mechanics, and 4 garbage men is busy all year around.

We plow 20.25 miles of major streets, 28.40 miles local streets and 4.02 miles of trunk lines, for a total of 52.67 miles of streets.

We use an average of 1,000 tons of salt per year for ice control.

From April through October the city picks up residential brush on the first Monday of every month.

The Engineering Department has been incorporated into the Street Department.

Forestry

The primary responsibility of this division is the care, maintenance, replanting and removal of city street trees. Other duties required are maintenance, storm damage clearance, tree and shrub inspection, sidewalk snow removal, ice rink maintenance and other department projects:

Number of trees removed	350	Number of trees trimmed	125
Number of trees planted	120	Number of investigation calls	1480

Cemetery

Oak Grove Cemetery consists of approximately 125 acres located in the west part of Coldwater with 17 open sections, which is operated by the City of Coldwater. The Cemetery Division has a crew consisting of a foreman and two men. This crew handles all interments, foundation settings, reset, complete maintenance, landscaping, urn care and new development. Also the cemetery crew work involves pruning, planing and ground shrub maintenance. The actual setting of marker and monuments require careful alignment with a concrete foundation.

The Michigan Farm Union Green Thumb crew assisted in a historical marker and monument repair in the north section of Oak Grove Cemetery.

Burials for July 1, 1991 thru June 30, 1992	106
Burials in the north cemetery	22
Burials in the south cemetery	85
Total burials in Oak Grove Cemetery thru June 30, 1982	15,600
Foundations and resets for markers	100

Parks

The City of Coldwater operates eight different park areas which serve all four wards of the City, plus a new Recreation Area that serves the greater Coldwater Community. These Recreation areas include the following facilities and programs: Shelter Houses, Comfort Stations, Summer Playground Programs, Playground Programs, Playground Equipment, Supervised and Unsupervised Ice Skating Rinks, Tables and Benches, Stoves, Lighted and Unlighted Softball Diamonds, Lighted and Unlighted Football Fields, Shuffleboard Courts, Flower Gardens, Picnic Areas, Play Sandboxes, Boating and Fishing, Olympic Size Swimming Pool and Bathhouse.

Over the past 27 years the Park and Recreation areas facilities improvement program has been under way. During that time existing Parks and new areas have been turned into recreation areas for the citizens of the Coldwater Community. Currently new areas are being considered for future recreational expansion.

COLDWATER HOUSING COMMISSION

The Coldwater Housing Commission is responsible for review and recommendation pertaining to subsidized housing for low and moderate income persons and families within the community.

The Housing Commission is also responsible for the overall direction and management of "Englewood" a 100 unit senior citizen complex and Halcyon Point a 38 unit senior complex for people with low income. The Housing Commission has added 25 Section 8 Voucher's to help subsidized rent for families in the community.

Applications may be picked up at the Housing Commission office located at 60 S. Clay Street. Group tours may be arranged by calling 517-278-2660.

CITY CLERK/ASSESSORS DEPARTMENT

The City Clerk/Assessors Department is responsible for conducting all of the National, State and local election activity within the City. This Department also is responsible for the placement of equitable real and personal property assessments on over 4000 parcels each year. In 1993 we experienced major computerization improvements of both the assessment administration and voters registration functions.

QUINCY TIP - UP FESTIVAL

The Quincy Tip-Up Festival started in a small way in January, 1961, when more than 500 people attended the one day event at Marble Lake. Twin brothers from Quincy, Barney and Daniel Stempien were returning from the Tip-Up festivities at Hillsdale where they had enjoyed the excitement of competition and the invigorating winter weather. "Why can't we have the same thing at Quincy?" Barney asked Dan.

Less than a month later, Quincy hosted its first "Marble Lake Tip-Up Festival or Carnival. More than 500 people came to this one-day event, which included ice augering, snow-man building contests, as well as fishing contests.

Increasingly, local residents began to contribute their time as well as money. Activities were expanded. At Tip-Up time in 1965, festivities began with a fish fry on Saturday, a parade complete with clowns, election of a Tip-Up Queen and Mayor, and the crowning of the Queen. Tip-Up Island was started and a large building to house food services was erected. The building replaced the use of tents which were not too comfortable in winter. Publicity was increased and people from Indiana and Ohio as well as from distant parts of Michigan began to come.

In 1967, a new phenomenon known as snowmobiling began appearing on the American Scene. Twenty snowmobiles came that year to race at Tip-Up, and the attendance reached a new high of 6,000 people.

Snowmobile racing has continued to increase in popularity. During Tip-Up in 1971 between seven and ten thousand people were present to see snowmobile equipment worth in excess of one million dollars gathering for the competition and excitement.

Tip-Up 1976 (our national bi-centennial year) was greeted with an unseasonably warm period, and the island was a sea of mud. Water on the ice prevented the snowmobile races on Sunday. In spite of the problems, the carnival was hailed a success by those who attended. The Fisherman's Ball was standing room only and several thousands of dollars in prizes, contributed by area merchants, were given away on Sunday.

As a result of the 1976 "Mud" Festival, a fund was started at the Fisherman's Ball for paving the road and stage area on Tip-Up Island. When Tip-Up 1977 came, the road from the bridge to the pavilion and the area around the stage were black-topped, and thanks were given for the generous donations of the people who have been loyal supporters of Quincy Tip-Up.

Tip-Up Island, which was formed when the Wolverine Cement Co. dug a channel to enable the loaded barges of marl to be towed by tugs to the unloading pumps at the cement plant, is paid for and maintained by donations and profits received from the festival. The pavilion with an enclosed kitchen and fireplace, can be heated for a nominal fee to cover the cost of gas and electricity used. A meeting room with seating capacity of 50 people has been added.

The weather was ideal for the 1979 Tip-Up Festival. The parade was exceptional, the fishing contests were satisfactory but no great records were set. The size of the crowd was estimated at eighteen to twenty thousand people, the largest in the history of this event.

TIP-UP MAYORS

The Tip-Up Mayors are elected each year in January, just before the Tip-Up Festival in February. They are elected by the public, who put pennies into a canister for each candidate, set out at numerous businesses in the area. The candidate who has the most money in their containers at the end of the voting period is thus entitled to be Mayor for that year.

QUINCY TIP-UP FESTIVAL-Continued

TIP-UP QUEENS

The week before Tip-Up Festival will find the girls in the 11th and 12th grades competing in a pageant for the title of Tip-Up Queen. The girls are judged by five people from out of town, who are asked to serve as judges for the contest. The girls are judged on talent, poise and personality. The girl who is selected as Queen for the year, receives a \$600.00 scholarship to the college of her choice. Also the 1st Runner-Up receives a scholarship of \$300.00, and the 2nd Runner-Up receives a \$100.00 scholarship to the colleges of their choice. The first Tip-Up Queen was chosen in 1965, with the scholarships starting at a later date.

QUINCY, MI THEN & NOW

Quincy, an incorporated village of about 1,800 inhabitants, is centrally located in the township of the same name, Branch County, Michigan. It is a station on the "Old Road" of the New York Central Railroad system, which runs between Toledo, Ohio and Elkhart, Indiana. The village is situated on the Chicago Turnpike (US 12), now known as the Pulaski Memorial Highway, which follows the old Indian Trail between Detroit and Chicago. Quincy is located at a spot on US 12 about 105 miles west of Detroit and 165 miles east of Chicago.

Quincy is situated in, and serves, one of the finest agricultural and dairy areas to be found in the state and boasts direct outlets, both to eastern and western markets for its agricultural and manufactured products. In pre-trucking days, Quincy was the center of the cattle shipping market in this area. In addition to the rich and fertile areas surrounding the town, Quincy was also blessed by Mother Nature with a chain of lakes and connecting channels extending from the southwest part of the village for 15 miles of navigable water to the southwest.

Fishing in waters around Quincy can truly be said to be better than average for inland lakes, and furnishes pleasure and recreation for many natives, tourists and vacationists, both in summer and winter. A large percentage of the cottage owners surrounding these lakes are residents of our neighboring states-Indiana and Ohio.

Quincy was incorporated as a village on Oct. 14, 1858 and the first election was held on Nov. 15, 1858. Ebenezer Mudge was elected as the first village president. Elected with him were: Moses A. Hewitt, clerk; Alden I. Gregor, treasurer; Allen C. Culver, marshal; and trustees Cornelius Shear, Havens Wilbur, David Myers, John Sebring, William P. Arnold and Martin Hawley.

Quincy received its name from John Quincy Adams, as was the custom in the early days to name new towns after great and illustrious personages. The first man to own property in Quincy was Morris Wilson and the first home was built by John Cornish in the fall of 1833. Other early settlers who braved the dangers and hardships of pioneer life in the unbroken forest, then inhabited by Indians and wild animals, were: William P. Arnold, Dr. Enos Berry, Joseph Berry, John Broughton, Daniel Bagley, Alfred Wilmarth and Able Coon.

The year 1853 found but a dozen houses in Quincy. The town was destined to grow fast, however. Already Windsor Campbell was operating a tavern on the site of the present Quincy hotel; Charles Caswell was owner of the only store; Benjamin F. Wheat was postmaster; and Dr. Joseph Berry & Dr. Moses Hewitt served the community.

In October, 1853, B.W. Sheldon moved here from Lenawee County and opened a store featuring both drugs and groceries. He purchased the first wheat grown in this district for storage, buying 1,500 bushels at \$2.00 per bushel.

Mrs. Cora Newberry, September 14, 1952

QUINCY, MI THEN & NOW-Continued

The town's first newspaper was called "The Greenbacker," and was established in May 1878 by L.E. Jacobs, and was devoted to the principles of the "Greenback" party. The publication ceased operations in October of the same year it opened, because of the lack of greenbacks. On November 1, 1878, C.V.R. Pond obtained the materials of the Greenbacker and opened the "Quincy Herald".

The first fire department of the village was formed March 18, 1862 and consisted of a hook, ladder and fire bucket brigade. On January 7, 1869, Quincy bought its first fire hose. The first fire engine and hose carriage was purchased in November, 1873. The department has kept pace with the times & now possesses two modern pumpers, a combination pumper and tank truck and a hose truck. The department is efficiently run and is under the supervision of Doug Trall.

The first school was built in 1869. The educational plant has, likewise, kept pace with the times and a 14-room elementary building and a large addition to the high school was started in the spring of 1954.

Quincy has always been musically minded and noted for its fine bands. The first band was organized in August 1876. At the present time the school has two separate bands in uniform as well as a beginners band in the grades. The Senior High School band has won eight first-place ratings in annual competition with other Class C bands during the last 10 years.

There are several churches and among them are the Union & Methodist. St. Charles Catholic Church is located six miles to the west, in Coldwater.

Employing many citizens are four factories-Acorn Window Systems, manufacturers of aluminum and vinyl windows; Quincy Products, producers and engineering for component parts for the refrigeration industry; Crotty Corporation, manufacturer of fender welts and other items for the automotive industry. Also Star of the West Milling Company, in business since 1888 and nationally known for its packaged pancake and flour products. There are two lodges-Masonic & IOOF and accompanying sister lodges. There also is an active Chamber of Commerce and Rotary Club, plus American Legion Post No. 157 and Auxiliary unit. The town boasts a second-class post office, the present postmaster being Dennis Smith.

NOTABLE AMERICAN QUOTATIONS

- Wm. Penn—Truth often suffers more by the heat of its defenders, than from the arguments of its opposers. (Fruits of Solitude, 1693)
- Benjamin Franklin—Remember that time is money. (1748)
They that can give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety. (1759)
There never was a good war or a bad peace. (Sept. 11, 1773)
We must all hang together, or assuredly we shall all hang separately. (July 4, 1776)
- Patrick Henry—Caesar had his Brutus, Charles the First his Cromwell, and George the Third ["Treason"] shouted a listener] may profit by their example. If this be treason make the most of it. (May 29, 1765)
I know not what course others may take, but as for me, give me liberty or give me death. (March 23, 1775)
- John Parker—Stand your ground. Don't fire unless fired upon, but if they mean to have a war, let it begin here. (Lexington Green, Apr. 19, 1775)
- Wm. Prescott—Don't fire until you see the whites of their eyes. (June 17, 1775)
- Nathan Hale—I only regret that I have but one life to lose for my country. (At his execution, Sept. 22, 1776)
- Thomas Paine—These are the times that try men's souls. The summer soldier and the sunshine patriot will, in this crisis shrink from the service of his country. (Dec. 23, 1776)
- John Paul Jones—I have not yet begun to fight. (When asked to surrender, Sept. 23, 1779)

The Results Are In Nationwide.

We're Rated #1
In Customer Service.

In a study by The Within Group, the CENTURY 21® system was rated number one by homeowners nationwide in 12 separate categories, from "Who gives its customers the best service" to "Who does the best job at helping sell a home." Trust your home to a member of the CENTURY 21 system. Discover The Power Of Number 1.™

Source: 1987 National Survey of Homeowners. This survey included 1,541 homeowners interviewed with a random sample of homeowners from throughout the USA and was conducted during October 12-15, 1987. In this survey, Century 21 was ranked number one in 12 categories. The results from this survey have a 95% confidence interval of +/- 2.7%.

Homeowners were asked: "How much do you feel your agent's information about the value of your home is accurate?" "How do you feel the agent's ability to help you sell your home?" "How do you feel the agent's ability to help you buy a home?" "How do you feel the agent's ability to help you rent a home?" "How do you feel the agent's ability to help you lease a home?" "How do you feel the agent's ability to help you finance a home?" "How do you feel the agent's ability to help you insure a home?" "How do you feel the agent's ability to help you maintain a home?" "How do you feel the agent's ability to help you decorate a home?" "How do you feel the agent's ability to help you move a home?"
