BRANCH COUNTY, MICHIGAN RURAL DIRECTORY

This information has been compiled from sources and by persons deemed to be reliable. We have tried to make this directory accurate but cannot guarantee a complete absence of errors or omissions and so take no responsibility for any that might appear.

The master copy of this directory contains the following sections of information organized for convenient reference.

1. GENERAL INFORMATION SECTION---contains a History of Branch County, Bronson, Union City & Quincy; an Industrial List, a list of Branch County Officials, City & Village Officials, a page of instructions on the use of your directory, a list of abbreviations, etc.

2. BRANCH COUNTY ALPHABETICAL SECTION---gives listings in alphabetical order according to family name. The information found in this section includes family name, given name and initial, wife's name & occupation with names and year of birth of minor children in parentheses, occupation of the head of the house, house number, road on which subject lives, township, mailing address and telephone numbers. Names of persons who reside with others are listed in proper sequence alphabetically. (They are also listed in the Road Guide.)

3. BRANCH COUNTY ROAD GUIDE---shows everything as it occurs along each road of the county. This sequence includes homes, landmarks, road intersections, mail route changes and the names of townships all in order as they occur. The houses are numbered to correspond with the keyed county map. The numbering begins with 100 at the Base Lines and increases 100 each mile. Even numbers are on the South and West sides of the road and the odd

numbers are on the North and East sides of the road. Complete telephone numbers are given, acreage denoted by the (a), ownership denoted by -H and the letters TAF denote Total Acres Farmed.

4. BRANSON ALPHABETICAL SECTION---this section lists business places and home residents alphabetically. These listings give in order: family name, given name and initial, wife's name, occupation and names and year of birth of minor children in parentheses, employment and employer, street address, mailing address and the complete telephone number.

5. BRANSON STREET GUIDE---this section enables you to learn the name of the occupant of any given street address. It shows home ownership and telephone numbers.

6. SHERWOOD & UNION CITY ALPHABETICAL SECTION---this section lists business places and home residents alphabetically. These listings give in order family name, given name and initial, wife's name, occupation, and names and year of birth of minor children in parentheses, employment and employer, street address, symbol -H indicating ownership, mailing address and the complete telephone numbers.

7. BUYERS GUIDE---contains advertisements and listings of our subscribers giving items, products and services they wish to offer residents of this county.

8. MAP OF COUNTY---this county map has been keyed for your convenience.

How To Use Your County Directory

1. Find family name of the party you wish to locate in the alphabetical section of the directory. The following information is given in the ALPHABETICAL SECTION

JONES	Anton E	(Genevieve B; Jim 54, Jane 59)	farmer
family name	given name	wife's name: children's names & year of birth	occupation
Orchard twp	3411 Jamestown Rd Huron	695-3725	
township	mailing address	complete telephone number	

2. Find the road on which the party lives in the Road Guide in your directory. Numbered roads will be found in numerical sequence and named roads in alphabetical order. The information given in the ROAD GUIDE follows:

JAMESTOWN ROAD	←	Road Name
(Road 33)	(B-1) ←	Road number & index to map.

UNION TWP	←	Township in which road starts. Township-Twp
East from State Route 269	←	Where road starts and general direction.

Mailing Address:	←	Mailing Address: Rural Route number, road name and town or Post Office. This address continues for all the names following until another mailing address is shown. Zip Codes are listed with every change of address.
Jamestown Road		
Jamestown 49255		

1230 James John E -H20a

1233 Beyer Cleo O

1234 Brown Asa D 395-3725

1236 Sanders Samuel -H40a

1237 Smith Bob

1239 York Elmer -H80aTAF0a ←

Occupant owns 80 acres but does not farm any part of the land.

ORCHARD TWP	←	Enter new township. Numbering
-------------	---	-------------------------------

1305 Rich Ray E -H60a ←

House number.

Day Doyle E ←

This person lives with family above

1306 Maxwell Ivan N-H ←

-H indicates ownership

1308 Rapp Nathan I -H40a

Acreage is shown by (a).

1309 Lininger Paul M 695-9231 ←

Telephone numbers are listed

1311 Baker Rex -H80aTAF420a ←

Occupant owns and farms 80 acres and rents and farms an additional 340 acres-total of 420 acres.

STATE ROUTE 534 intersects ←

Intersecting roads are shown.

Mailing Address: ←

Change of mailing address is shown.

Jamestown Road

Huron 49252

1315 Ingle Fred N TAF240a ←

Occupant does not own any land but rents and farms 240 acres in total

1316 Rogers Mark W

---- Woodlawn Cemetery ←

Landmarks are shown--helpful at night. Count the number of houses from landmark.

---- Vacant House

3411 Jones Anton E 695-3725 -H20a
TAF0a

Well, here is the man we're looking for. He lives in the ninth house in Orchard Township on the south side of the road or the fourth house after crossing State Rte 543 or at night you could find him easier as the second house on the south side of the road after passing the cemetery.

3. Your convenient, keyed county map will be found at the back of your directory. --- --- The simple way to locate a road on the map is to look first for the township as the township lines are clearly defined on your map. Now within the township, you can readily find the road you are looking for. By using your map and road guide you can easily tell how many homes there are from the county line to the first road intersection and their proper position along the road.

NOTE

The listing given above is a fictitious one, used only to show how information can be obtained from the directory. Pick out a family actually living in your county and follow the steps given above.

BRANCH COUNTY HISTORY

Branch County now one of the thriftiest sections of the country, was a primeval wilderness little more than a hundred years ago, inhabited only by the Potawatomi Indians—a fact easily understood when we recall that at that time there was not a mile of railway in the entire United States.

While it is true that there were trading posts within the limits of what is now Branch County as early as 1825, the first actual white settler appears to have been Jabe Bronson, who made his home in 1828 in the locality now bearing his name—Bronson. It should be borne in mind that the entire population of Michigan in 1820 was less than 9,000, and not much more in 1828.

However, the old Indian trail between Detroit and Chicago (now the Chicago Road or "US 12"), saw great numbers of pioneers passing this way, bound for Illinois and other parts of what was then the "far west." The presence of the Indians deterred many who would otherwise have settled here.

It was in the year 1821 that Chief Topinabee and his people sold to the whites what is now the County of Branch and a vast area besides, though they still continued to occupy it as before, supposedly on reservations, one of which was a tract six miles square called Mikkesawbee, in parts of the present Quincy and Coldwater Townships. But the Redmen roamed everywhere, to hunt and fish as they chose, in what seemed to them a paradise, for the woods abounded in deer, wild turkeys, pigeons, squirrels and other varieties of game, while the many lakes and streams swarmed with the finest of fish; and walnuts, butternuts, hickory nuts, hazelnuts, and berries of numerous kinds were to had in great abundance for the gathering. The deed conveying this goodly land to the government was signed by Topinabee, followed by Wawenickamack, Mayonchee, Atchewemuckquee and numerous other braves then prominent in the councils and affairs of the Potawatomi.

There were quite a number of beautiful prairies, notably at Coldwater, Bronson and Girard; but the great bulk of this region was covered with splendid forests of beech, maple, walnut, hickory, whitewood, elm, oak and other trees. Untold millions of lumber-feet of these trees were cut by the early settlers piled in "log heaps" and burned in order to clear the land. Many streams wandered through the forests, and there were some ninety lakes, large and small, in what is now Branch County.

In the year 1829 Branch County was laid out and so named by the Territorial Legislature of Michigan. It was first attached to Lenawee County and later to St. Joseph for judicial purposes. The name was given in honor of John Branch of North Carolina, Secretary of the Navy in President Jackson's cabinet at that time.

The year 1830 saw little hamlets spring up at Coldwater and Bronson, while a tavern was established at Quincy—all on the Chicago Road. On account of the lack of highways the settlements at the junction of the Coldwater and St. Joseph Rivers (Union City) and on the former stream at Hodunk were made several years later, although Girard Prairie had a few white settlers soon after Coldwater's inception. Both Coldwater and Girard had quite pretentious Indian villages when the white man came.

From this time on settlement proceeded rapidly, as shown by the fact that Michigan's population increased from 31,839 in 1830 to 212,267 in 1840, but Branch County's early "boom" did not come until the Potawatomi were removed to Kansas in 1840. Further impetus was also given by the building of the Michigan Southern & Northern Indiana Railroad across the county in 1850; this road later became the Lake Shore & Michigan Southern and is now a part of the New York Central System.

The county seat was first at Masonville, on the east bank of the river, in the west part of the present city of Coldwater, but was soon transferred to the ambitious village of Branch which held that honor from 1831 to 1842, when Coldwater won the coveted plum after an exciting and most memorable contest.

The county's separate existence dates from the year 1833, and its population increased steadily until 1906, when we numbered nearly 38,000 people. The census of 1970 gave Branch County 37,906.

Branch County has often been called "the garden spot of America," and certain it is that very few localities can surpass her for fertility, diversity of crops, and general prosperity of her people.

The County of Branch now has two incorporated cities: Coldwater, with 9,099 people and Bronson with 2,390, also three incorporated villages: Quincy, 1,540; Union City, 1,714; and Sherwood, 400 (1970 census). Each has its own industries and sources of wealth and prosperity, by no means the least of which is the splendid agricultural country adjoining. The villages of Batavia, Girard and Kinderhook are not incorporated; and to these may be added several smaller hamlets about the county.

This 1973-1974 Branch County Directory is dedicated to the memory of the former Branch County Courthouse. Built in 1887 at a cost of \$50,000.00, the venerable structure served the needs of the Citizens of Branch County as a place to conduct their governmental affairs until a tragic fire the night of December 5-6, 1972 all but destroyed the ancient structure.

Well known for the town clock located high in the tower at the northwest corner of the structure, the ancient landmark is sorely missed by all who daily pass the site.

A new and beautiful county courthouse has been built on the same site as the old one stood.

QUICK FACTS ABOUT MICHIGAN

In land and water area combined, Michigan is the largest state east of the Mississippi and ranks tenth in the nation. Its area includes 57,022 square miles of land area and 38,789 square miles of water surface.

Michigan is the automotive capital of the world.

Michigan has more than 11,000 inland lakes and more than 36,000 miles of streams.

Michigan ranks fifth or higher in production of more than 20 major food crops, although ranking only 12nd in land area.

Michigan was the first state to establish roadside picnic tables.

Three of America's top five industrial corporations and 23 of its top 500 businesses are headquartered in Michigan.

In Michigan you are never more than six miles from a lake or a stream.

Big Mac, arching five miles over the Straits of Mackinac to connect the Upper and Lower Peninsulas, is one of the world's great bridges.

4-Branch County General

QUICK FACTS ABOUT MICHIGAN-Continued

Michigan leads the nation in number of state parks and prepared campsites. Michigan has 75 state parks, three national forests and more than 150 municipal camping parks. Altogether they have more than 15,000 prepared campsites.

Michigan has a greater variety of minerals--metallic and non-metallic--than any area of comparable size in the world.

Michigan's public roads and streets would go around the equator more than four times.

Interlochen is one of the world's greatest centers of youth talent and training in the arts.

Michigan's land area is larger than Greece and nearly five times the size of Belgium.

Two thousand Michigan firms engage in world trade.

Stand anywhere in Michigan and you are within 85 miles of one of the Great Lakes.

Michigan is the hub of the rich Great Lakes industrial market area. Over 70 million consumers are within 500 miles of Michigan' capital.

Four flags have flown over Michigan--French, English, Spanish and United States.

Michigan's rivers and streams would reach one and a half times around the world.

Michigan State University at East Lansing was the first land grant college.

Michigan's Upper Peninsula is as big as Connecticut, Delaware, Massachusetts and Rhode Island combined.

We grow almost all of the country's navy beans.

Few states equal Michigan in per capita support of higher education.

Michigan ranks first in 19 manufacturing categories including motor vehicles and cereals.

Michigan is the nation's number 1 salt producer.

The famous Sault Ste. Marie Locks, which unite Lake Superior with the other four Great Lakes, rank high in navigational importance.

Michigan has a highly diversified skilled labor force, as shown by the fact that skilled labor in Michigan mans more than 350 different types of industry.

The first auto traffic tunnel built between two nations was the mile-long Detroit-Windsor tunnel.

Michigan was the first state to guarantee every child the right to tax-paid high school education.

One of the longest toll-free interstate highways in the nation is I-94, extending 275 miles between Port Huron and New Buffalo, Michigan.

Fifty-five per cent of the world's merchant fleet can reach Michigan harbors via the St. Lawrence Seaway.

The Upper Michigan Copper Country is the largest commercial deposit of native copper in the world. It has yielded over 11 billion pounds in the past century.

Milk is our biggest single source of farm income, bringing Michigan farmers more than \$245 million in 1969.

Michigan labor is highly productive, ranking first in value added in manufacturing per employee and second in value added in manufacturing per production worker.

More tonnage passes through the Soo Locks in an eight months Great Lakes navigation season than through the Panama Canal in a normal year.

Michigan has a larger variety of commercial tree species than any other state, and its forest products industries contribute almost one billion dollars annually to the Michigan economy.

So great is the variety of Michigan foods that Michigan comes closer to setting the family table completely--breakfast, lunch and dinner--than any other state.

Michigan has more fresh water coastline than any other state.

Sault Ste. Marie, established in 1668, is the oldest town between the Alleghenies and the Rockies.

Michigan has 40 symphony orchestras, 12 professional string quartets, 150 high school string quartets and approximately 200 civic choruses.

Michigan's population is official estimated at 8,766,000. It was 7,823,000 when the 1960 census was taken.

The University of Michigan at Ann Arbor was the first state university established by vote of the peoples through their Constitution.

Michigan leads the nation in the production of red tart cherries, dry edible beans, blueberries, cucumbers for pickles and eastern white winter wheat.

The world's largest limestone quarry is located at Rogers City.

Ironwood is as far west as St. Louis, Missouri; Port Huron is as far east as Greenville.

South Carolina or Asheville, North Carolina; Hancock is farther north than Montreal, Canada.

Michigan is a four-season tourist attraction. Tourism brings more than 13 million travelers to Michigan each year.

It is nearly as far from Ironwood in Michigan's Upper Peninsula to Detroit as it is from Detroit to New York City.

Michigan has more than 70 developed winter sports areas.

Michigan, a leader in health programs, is one of the few states to have a cancer research center--the new G.D. Cummings Cancer Products Development Center located in Lansing.

Despite its location in Lake Superior, largest and coldest of the Great Lakes, Isle Royale National Park nurtures more than 30 types of orchids. The island also shelters one of the largest moose herds remaining in the United States.

Nowhere else is there a massive citizen effort for the progress of the state comparable to the annual Michigan Week.

State Bird: Robin

State Flower: Apple Blossom

State Stone: Petoskey Stone

State Tree: White Pine

State Fish: Trout

State Motto: Si quaeris peninsulam amoenam circumspice (if you seek a pleasant peninsula, look about you.)

Michigan's name is derived from the Indian words "Michi-Gama" meaning Large Lake.

Michigan was admitted to the Union in 1837, the 26th state.

Prepared By
The Greater Michigan Foundation

PLACES OF INTEREST & FACTS OF BRANCH COUNTY COLDWATER, MICHIGAN

In 1833 the name of Lyons was changed to Coldwater, from an old Indian name, "Chuck-sey-ya-bish", meaning cold spring water.

Coldwater was inhabited by the fierce warlike Pottawatomi Indians. Chief Topinbee and his people sold to the whites, in 1821, what is now Branch County.

Coldwater is the junction of the old Indian Trail to Chicago (US 12 and I-69). Sauk Trail marker is located 12 miles west of Coldwater.

The Branch County Court House, occupied in 1888, has historic materials, partly destroyed by fire in 1972, saved for display. Exhibit is authentic. See Historical Society.

Early 19th Century homes, many located on East Chicago Street. Coldwater is noted for its beautiful shade trees, of which there are some 7,100, mostly stately maples.

The Tibbits Opera House, S. Hanchett St., opened in September, 1882, has been restored and during the summer season, many fine plays are scheduled. The Tibbits Opera House has the permanent exhibition of the Lewis Art Collection (1750-1800).

There are 152 lakes, large and small, in Branch County, all within a 15 minute drive from Coldwater, Michigan.

Branch County is the heart of Blue-gill and Bass fishing.

See Coldwater's Country Club's beautiful 18 hole golf course.

For a pleasant drive, go out to Lyopawa Island and take an East Shore drive on Coldwater Lake and see the sandy shores and swimming beaches.

Ask for the location of Branch County and City of Coldwater Parks and Recreational spots.

OUR COMMUNITY

Fascinating, indeed, is the Branch County area, centered around the progressive little city of Coldwater. Although it has just under 10,000 population, it is now known as the fastest growing area in South Central Michigan! Coldwater was incorporated 110 years ago. Over this span of years, it has grown slowly, but steadily, and now has accelerating development, offering a desirable economy within environmental control.

Our countryside offers more than a hundred beautiful lakes and streams, with picturesque landscape, dotted with residential suburban grandeur, pleasing to the eye.

A good-year-round place to live, work and play, recreational opportunities abound at our many lakes and parks throughout the county. You have a standing invitation to join our many thousands of visitors that view our scenic Branch County all through the four seasons every year.

Here is where sportsmen enjoy great fishing... hunting deer, pheasant cottontail... where each year there are more-out of state fishing licenses sold than any other county in the State of Michigan... where resorts and vacation housing facilities are booked ahead, in some cases, for several months.

You may be struck with awe on a winter's fresh, crisp, sunny morning after a Michigan snow storm, to behold the white, sparkling beauty of mother natures "Mark on the trees and rolling hills", or be pleased with a warm summer day, as cool fresh breezes greet you in a shady nook of your favorite lake retreat. All these things are possible in the former land of the Potawatomi Indians where head waters of the St. Joe Valley forms a river (the "red man" called it Chuck-sey-ya-bish) crossing the old Chicago trail near the Indian trading post. We are all proud that this area today is referred to as the "Gem of Michigan".

The beautiful scenic Coldwater Country Club 18 hole golf course, is located on the banks of the historic waterway leading to Lake Michigan. Club officials have been informed by some high ranking professionals that they rate this golf course as one of the best in the Middle West. It is complimented by three other very fine nine hole courses within a few minutes drive.

It is no wonder that the many new incoming industries and their officials are attracted by the environmental climate that give their employees a better and more meaningful life. The Coldwater area has about 50 diversified industries, big and small, that help to give our community a steady and healthy economy. The so-called "slow down in the economy in 1970" turned out to be one of Branch County's best years, with three major industries coming into the area, and our four financial institutions increased their deposits over six million dollars. More than twenty new commercial and industrial buildings were under construction with the city limits of Coldwater during the slow-down period and the construction has continued at a satisfactory pace in 1971-72, "73-74 with many more new industries and businesses and we continue to grow and expand in this so-called recession of 74 & 75 right into the big bi-centennial ahead". The city has one of the few outstate certified Class A Industrial Parks and is growing rapidly, with a community sponsored shell building program, that has helped in the recognition of our area.

Our largest employer is the Coldwater State Home and Training School, with a year-round employment of over 1,000. Two of our oldest industries, a foundry and shoe company, employ 500 and 300 respectively. "Associated truck lines have their central truck terminal here and there are many small diversified industries in our city."

Social and cultural activities center around Coldwater's historical Tibbits Opera House, built in 1882. Recently, this well-known old building, famous for its near perfect acoustics, has been completely restored through the efforts of a dedicated community, determined to keep alive the traditional high quality and programming of "the finest in the land", the dream of its founder. The interior walls are graced with paintings from the famous "Lewis Art Collection". The Tibbits Foundation sponsors professional summer stock plays, community winter concerts, Branch County Arts Council, Coldwater Community Theatre, civic and service club programs, according to the availability of the theatre.

Some of our local pride must be given to the Health Center of Branch County, as they have just completed a three million dollar hospital expansion, that gives our area one of the best modern medical facilities in the central west. Also, we have an outstanding Coldwater Community School District, comprising of one senior high, junior high and eight elementary schools, with the system enrollment of about 4,600 pupils. In addition we have a new 75,000 square foot Career's Center where about 200 trades and professions are taught and including Adult Education. Also, the city has a 100 unit Senior Citizen building and a Down-Town Urban Renewal five-year plan which has just been completed with many new buildings. Our citizens show additional pride in supporting various denominations of about 60 churches in Branch County where you are welcome as a visitor, to attend the church of your choice.

From small acorns come great trees and in 1888 a small electric light plant was started and today the Coldwater Board of Public Utilities can produce 20,735 KW and the Consumers Power in 10,000 KW. This company furnishes power and service for most of Branch County outside the city and is available for Coldwater industrial expansion whenever needed.

In this day and age of inflation and expansion, it is interesting to note, that Branch County tax roll fifty years ago was \$25,289,220 and today the state equalization county tax roll is now in excess of \$200,000,000.00. Also, it is interesting to know, fifty years ago our most desirable lake lots sold of \$100 and today they are in excess of \$10,000. So this leads us to believe that an investment in Branch County real estate not only assures the investor good reasonable security, but an opportunity to live in an area of clean air and water, free of radical violence occurring in our larger cities. We welcome you to come or remain in "The Land of Hospitality".

THE TIBBITS OPERA HOUSE

The Tibbits Opera House opened in 1882, when Coldwater was still a city with unpaved streets. Because there were no telephones and no automobiles, crowds had to come by carriage and by train, and the only method of advertising the Tibbits offerings was word-of-mouth.

However, word spread and the excitement was contagious. Coldwater was one of the few places in this nation, then quite young, which had a social and cultural center. It was also the only place that could boast an Opera House "second to none".

The theatre boasted timeless architecture, excellent acoustics, splendid furnishings and only the finest of entertainment. Otis Skinner, John Philip Sousa and his band, DeWolfe Hopper in "Tang" with comedian Mack Sennett in the chorus, Field's Minstrels, Norman Hackett, Ethel Barrymore, and many, many others played the Tibbits Opera House.

Barton Smith Tibbits built his opera house with wisdom and vision and after his death, Joseph Henning carried on the rich traditions that Tibbits had established. The aim was high, and due to the nature of the house, the enthusiasm of a populace hungry for entertainment, and the foresight and taste of Tibbits and Henning, the theatre was an unqualified success.

Since the early days of the Tibbits, many attractions have been presented. In fact, for a short time, the Opera House was turned into a motion picture theatre, catering principally to the small fry of the community with serials and Saturday afternoon matinees.

Since the theatre reopened in late 1963, and since the renovation of the theatre has been undertaken, a great many of the world's most famous theatrical personages have performed for Coldwater audiences.

COLDWATER HISTORY

The city derives its name from the Indian word "Chuck-sey-ya-bish", meaning cold water.

The first inhabitants of the area were the Potawatomi Indians. Running through their lands was the "Chicago Road," which carried many settlers to the West. The presence of these fierce, war-like Indians prevented much settlement of the area at first. In 1821 Chief Topinabee sold the vast area of Branch County to the government. The village then began to grow steadily upon the Indians' departure for Kansas in 1840. The growth impetus continued when the railroad arrived here in the late 1850's, transporting many emigrants from New York.

The first white settlers here were Abram Bolton and John Morse, who established in 1831 a grand hotel on the "Chicago Road," which was a welcomed sight to the many weary travelers going West. The hotel became as celebrated on the "Chicago Road," as the Palmer in Chicago.

A commission was established to locate the county seat and in 1832 Branch (near the county airport) was appointed. Branch, having one building at the time, began to grow rapidly. However, its development was short lived, when the legislature in 1842 affixed the county seat at Coldwater.

In the 1850's the big industry in Coldwater was the breeding and training of horses. Over 3,000 of these horses were provided for Federal Service During the Civil War.

BRONSON, MICHIGAN

Bronson is an agricultural, industrial and recreational community, located on Highway US-12 in the western portion of Branch County.

A modern city of more than 2,500 population, Bronson is especially notable for the excellent and complete services it provides for its residents, businesses and industries.

All streets of the city are paved and sidewalks are kept in repair. Bronson residents take particular pride in their homes and maintain them in outstanding fashion along the tree-shaded streets of the community.

A modern and complete sewage disposal system serves the city, which also has a storm sewer system and a separate industrial sewer for proper disposal of industrial wastes. The water system provides abundant water of excellent quality and the city is the only one in the county which fluoridates its drinking water for dental health purposes.

Educational facilities are among the best in southern Michigan, including two elementary schools, a junior high, and a fine new high school building. In addition, St. Mary's Assumption Church, the local Roman Catholic parish, operates an elementary school, also housed in a new building complete with gymnasium. Five Protestant churches, in addition to St. Mary's serve the community and all have new or recently-remodeled facilities and traditions of hospitality to newcomers and visitors.

Zoning ordinances provide protection for the property owner and are but one result of the work of the Bronson Planning Commission. Also working for orderly progress in the community is the Bronson Development Corporation.

Among the industrial firms presently located in the community are the following: The Douglas Division of Scott & Fetzer, manufacturers of vacuum sweepers and automotive parts; Bronson Specialties, a large tool and die firm, and its growing Bronson Plastics & Bronson Products Divisions; Bronson Plating Company, plating & metal finishing; LECO Corporation, special machinery; K & W Manufacturing Company, store display equipment; Putnam Manufacturing Co., Inc. steel trailer hitch balls; Ray Roussey Construction Company; S. J. D. Industries, tin snips; Tucker Truck Lines, Inc.; & Geiger Manufacturing.

Many active service, fraternal & veterans organizations are found in Bronson, including Rotary, Kiwanis, Jaycees, Chamber of Commerce, Knights of Columbus, Masonic Lodge, and numerous women's societies and clubs.

Retail businesses in Bronson offer a good selection of merchandise in many lines and the City has a full complement of professional services offered by physicians, dentists, attorneys, and a veterinarian. The weekly Bronson Journal is recognized as one of the outstanding newspapers of Southern Michigan.

Boating, fishing and swimming are available at the many lakes near Bronson. Other recreational facilities include a modern bowling alley, motion picture theatre, a sporty nine-hole golf course, and lighted municipal tennis courts. Four parks, two of them with picnic facilities, are found in or near the city.

Agriculture in the area is a mixture of grain and livestock farming, with an interesting specialty being the growing of gladiolus. The gladiolus fields, located mostly to the south and west of the city, are among the largest in Michigan.

BRONSON HISTORY

Jabe Bronson, who was actually the first white settler in the Branch County area settled in Bronson. The city formerly was called Prairie River, named after a stream that ran through the township. At one time there was an Indian fort, with a moat around it, situated on the prairie which is now the city of Bronson.

As early as 1828 the village of Bronson was settled. Contributing factors establishing Bronson as the first settlement in the Branch County area were the beauty of the Bronson Prairie and the fact that the "Chicago Road" was located through the village. Bronson remained for some time the place of most importance in the county. Many people of ability and those with political aspirations came from Bronson.

The "Chicago Road" through Bronson saw many stage coaches and people traveling to the West. In the 1850's with the advent of the railroad the farmers plight was lessened - they finally had a market to transport their products. Thus, prices were raised and the growth of the village was assured again.

UNION CITY HISTORY

The junction of the Coldwater River and the St. Joseph River is located here and it is from this that Union City derives its name.

The village originally was very heavily timbered, which made saw milling an important industry here. Due to these dense forests and also the lack of highway, Union City was slower in being settled than the other areas of Branch County.

On the banks of the Coldwater River there are many circular mounds supposedly built by a mysterious people, the "mound builders," which were used as burial places. On the St. Joseph River there is also an acre of semi-circular earthwork four feet in height. These mounds and fortresses attest to the fact that these rivers were used as highways for canoes or other craft for very early inhabitants who may have been French explorers and missionaries. It is believed that a French trading post existed here before any settlement by Anglo-Saxons.

The first settler was John Clawson, who established a trading post and began to trade with the Indians.

In 1833, many settlers who came into the township stayed and located here. Thus began the growth of the present Union City.

Population-1,740 Elevation 900 ft. above sea level.

QUINCY HISTORY

The area of Quincy was originally heavily timbered in the northern and southern parts. However, the village itself was a prairie of several acres. The soil is of excellent quality which accounted for the fact that it ranked first in farm products in Branch County.

Horris Willson was the first settler in the village. In 1830 he purchased 320 acres of land on the old Indian road, later known as the "Chicago Turnpike." Being a carpenter, he built a log house, which was opened as a tavern.

In 1832 James Corbus came to the area to help construct the Bronson Prairie section of the "Chicago Turnpike." He then purchased land in Quincy township and proceeded to build the first frame house in 1834, which he also opened as a tavern. It has been stated that there were thirty-three taverns between Quincy and Sturgis at this time, indicating the tremendous westward migration. Again when the workmen to construct the Lake Shore railroad in 1850, the village of Quincy became a beehive of activity.

The tremendous amount of wild game, deer and wild honey which abounded in the area, sustained the new settlers until farming became a major industry here. These valuable assets all contributed to the settling of the present day community of Quincy.

REPAIRING & RECORING
TRUCKS - TRACTORS
HEATER CORES
GAS TANKS

All it takes is just a minute when
you've got a question about savings
rates, loan interest, the difference in
checking accounts or multiple
service plans.

We'll give you quick,
plain, honest answers.
JUST ASK US.®

ask and you shall receive

Maybe not the world.
But certainly the very best financial
help and advice that money can't buy.

WEDDING ANNIVERSARIES

By tradition, certain wedding anniversaries have special names according to the number of years of marriage being celebrated and it is customary, when

selecting an anniversary gift, to choose an article appropriate to the particular anniversary. Listed below are the anniversary names generally recognized.

1st Year—Paper or Plastic	13th Year—Lace
2nd Year—Cotton or Calico	14th Year—Ivory
3rd Year—Leather	15th Year—Crystal or Glass
4th Year—Linen or Silk	20th Year—China
5th Year—Wood	25th Year—Silver
6th Year—Iron	30th Year—Pearl
7th Year—Copper or Wool	35th Year—Coral or Jade
8th Year—Bronze or Electric Appliances	40th Year—Ruby
9th Year—Pottery or China	45th Year—Sapphire
10th Year—Tin or Aluminum	50th Year—Gold
11th Year—Steel	55th Year—Emerald
12th Year—Linen or Silk	60th Year—Diamond

FLOWER OF THE MONTH

<i>January</i>	Carnation or Snowdrop	<i>July</i>	Larkspur or Water Lily
<i>February</i>	Violet or Primrose	<i>August</i>	Poppy or Gladiolus

<i>May</i>	Lily of the Valley or Hawthorn	<i>November</i>	Chrysanthemum
<i>June</i>	Rose or Honeysuckle	<i>December</i>	Narcissus or Holly

BIRTH STONES

MONTH	ANCIENT	MODERN	MONTH	ANCIENT	MODERN
<i>January</i>	Garnet	Garnet	<i>July</i>	Onyx	Ruby
<i>February</i>	Amethyst	Amethyst	<i>August</i>	Carnelian	Sardonyx or Peridot
<i>March</i>	Jasper	Bloodstone or Aquamarine	<i>September</i>	Chrysolite	Sapphire
<i>April</i>	Sapphire	Diamond	<i>October</i>	Aquamarine	Opal or Tourmaline
<i>May</i>	Agate	Emerald	<i>November</i>	Topaz	Topaz
<i>June</i>	Emerald	Pearl, Moonstone or Alexandrite	<i>December</i>	Ruby	Turquoise or Zircon

ROAD GUIDE OF BRANCH COUNTY, MICHIGAN

In the following list the roads are arranged alphabetically including the State & US Highways. The house number is given & opposite the number is placed the names of the occupants.

Complete telephone numbers are listed followed by the number of acres with a symbol -H if it is owned by the occupant and the Letters TAF to denote Total Acres Farmed.

Each township line is designated as are also mailing addresses and intersecting roads. Zip Codes are given with each mailing address change.

The letter and number after each road name is the map key and is used to locate the road on your county map.

The following is a list of phone exchanges used in this directory. The area code for these exchanges is 517 unless otherwise shown in parentheses after the exchange.

THE NATIONAL PARK SYSTEM OF THE UNITED STATES

Source: National Park Service

The National Park System of the United States is administered by the National Park Service, a bureau of the Department of the Interior. Started with the establishment of Yellowstone National Park in 1872, the system includes not only the most extraordinary and

spectacular scenic exhibits in the United States but also a large number of sites distinguished either for their historic or prehistoric importance or scientific interest, or for their superior recreational assets. The number and extent of the various park areas as of 1973 are as follows:

Name and location	Year established	Acres	Outstanding characteristics
Acadia (Maine)	1919	41,651	Rugged seashore on Mt. Desert Island and adjacent mainland
Arches (Utah)	1971	73,388	Unusual stone arches, windows, pedestals caused by erosion
Big Bend (Texas)	1935	708,118	Mountains and desert bordering the Rio Grande
Bryce Canyon (Utah)	1924	36,033	Area of grotesque eroded rocks brilliantly colored
Canyonlands (Utah)	1964	344,481	Colorful wilderness with impressive canyons, spires, arches
Capitol Reef (Utah)	1971	241,865	Colored sedimentary rock formations in high, narrow gorges
Carlsbad Caverns (N. Mex.)	1930	46,755	The world's largest known caves; spectacular flight of bats
Crater Lake (Oregon)	1902	160,290	Deep blue lake in heart of inactive volcano
Everglades (Florida)	1934	1,400,533	Subtropical area with abundant bird and animal life
Glacier (Montana)	1910	1,013,276	Rocky Mountain scenery with many glaciers and lakes
Grand Canyon (Arizona)	1919	673,561	Mile-deep gorge, 4 to 18 miles wide, 217 miles long (105 in park)
Grand Teton (Wyoming)	1929	310,462	Picturesque range of high mountain peaks
Great Smoky Mts. (N. C. Tenn.)	1926	516,859	Highest mountain range east of Black Hills; luxuriant plant life
Guadalupe Mountains (Texas)	1966	79,972	Contains highest point in Texas: Guadalupe Peak (8,751 ft.)
Haleakala (Hawaii)	1960	27,282	World-famous 10,023-foot Haleakala volcano (dormant)
Hawaii Volcanoes (Hawaii)	1916	229,174	Spectacular volcanic area; luxuriant vegetation at lower levels
Hot Springs (Arkansas)	1921	5,728	47 mineral hot springs said to have therapeutic value
Isle Royale (Michigan)	1931	539,497	Largest wilderness island in Lake Superior; moose, wolves, lakes
Kings Canyon (California)	1940	460,133	Huge canyons; high mountains; giant sequoias
Lassen Volcanic (California)	1916	106,445	Exhibits of impressive volcanic phenomena
Mammoth Cave (Kentucky)	1926	51,310	Vast limestone labyrinth with underground river
Mesa Verde (Colorado)	1906	52,036	Best preserved prehistoric cliff dwellings in United States
Mount McKinley (Alaska)	1917	1,939,492	Highest mountain in North America; spectacular wildlife
Mount Rainier (Washington)	1899	235,404	Single-peak glacial system; dense forests, flowered meadows
North Cascades (Washington)	1968	505,000	Alpine landscape; jagged peaks; mountain lakes; glaciers
Olympic (Washington)	1938	897,359	Finest remnant of Pacific Northwest rain forest
Petrified Forest (Arizona)	1962	94,189	Extensive natural exhibit of petrified wood
Platt (Oklahoma)	1906	911	Mineral and fresh water springs, showy spring and fall foliage
Redwood (California)	1968	56,237	Coastal redwood forests; world's tallest known tree (369.2 ft.)
Rocky Mountain (Colorado)	1915	261,973	Section of the Rocky Mountains; 107 peaks over 10,000 feet
Sequoia (California)	1890	386,822	Giant sequoias; magnificent High Sierra scenery; Mt. Whitney
Shenandoah (Virginia)	1926	194,247	Tree-covered mountains; scenic Skyline Drive
Virgin Islands (U.S. Virgin Is.)	1956	14,469	Beaches; lush hills; prehistoric Carib Indian relics
Voyageurs (Minnesota)	1971	219,128	Wildlife, canoeing, fishing and hiking
Wind Cave (South Dakota)	1903	28,060	Limestone caverns in Black Hills; buffalo herd
Yellowstone (Wyo.-Mont.-Ida.)	1872	2,219,822	World's greatest geyser area; spectacular falls and canyons
Yosemite (California)	1890	761,154	Mountains; inspiring gorges and waterfalls; giant sequoias
Zion (Utah)	1919	146,844	Multicolored gorge in heart of southern Utah desert

BRONSON, MICHIGAN

STREET GUIDE

In the following list the streets are arranged in alphabetical order with the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the names of the occupants followed by the telephone number. All Bronson telephone numbers are preceded by the numerals 36.

The symbol -H indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.

Note the letter and number below the street name. This is the map key and is used to locate the street on the city map.

The zip code for Bronson is 49028.

HOW TO USE AREA CODES

The United States and Canada are divided into more than 100 "Dialing Areas." Each area has a 3-digit "Area Code" assigned to it. When you place a call, the operator determines the appropriate 3-digit code, she dials it, then the telephone number you want. By furnishing the 3-digit area code your call will go through faster. You don't even need to give the operator the name of the city you are calling, unless she asks for it.

Mr. ZIP and the 5 Little Digits

5 DIGITS - THE ZIP
 1. MAKE SURE YOU ALWAYS COMPLETE YOUR ZIP CODE EVERY TIME YOU WRITE AN ADDRESS.

JUST 5 LITTLE DIGITS
 2. JUST 5 LITTLE DIGITS CAN SAVE YOU TIME AND MONEY.

20260
 3. THE ZIP CODE TALKS IT'S THE NUMBER FOR THE POST OFFICE.

MAIL EARLY
 4. MAIL EARLY TO GET IT TO THE POST OFFICE FIRST.

YOUR ADDRESS HAS 5 LITTLE DIGITS
 5. YOUR ADDRESS HAS 5 LITTLE DIGITS. USE BOTH ZIP AND CITY EVERY TIME YOU WRITE AN ADDRESS.

IT DOESN'T TAKE LONG
 6. IT DOESN'T TAKE LONG TO WRITE A ZIP CODE.

OR
 7. OR YOU CAN WRITE THE ZIP CODE IN THE POST OFFICE.

IT WERE OFF
 8. IT WERE OFF TO GO TO THE POST OFFICE.

JUST 5 LITTLE DIGITS DID IT!
 9. JUST 5 LITTLE DIGITS DID IT!

DOUBLE POSTAGE
 10. DOUBLE POSTAGE IS THE COST OF NOT USING ZIP CODE.

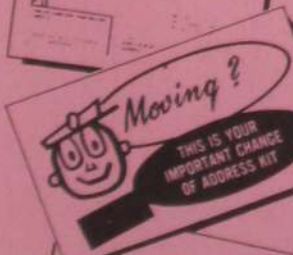

AIR MAIL!
 11. AIR MAIL IS THE FASTEST WAY TO GET YOUR MAIL TO THE POST OFFICE.

SENDING THE MAIL
 12. SENDING THE MAIL IS THE BEST WAY TO GET YOUR MAIL TO THE POST OFFICE.

ZIP CODE
 13. ZIP CODE IS THE BEST WAY TO GET YOUR MAIL TO THE POST OFFICE.

ZIP CODE
 14. ZIP CODE IS THE BEST WAY TO GET YOUR MAIL TO THE POST OFFICE.

ZIP CODE
 15. ZIP CODE IS THE BEST WAY TO GET YOUR MAIL TO THE POST OFFICE.

FIRST AID IN THE HOME

DROWNING AND SUFFOCATION FROM INHALING ILLUMINATING GAS:—When a person is involved in a near-drowning accident and breathing has stopped, start artificial respiration immediately.

1. Lay the person on his stomach, bend his elbows and place the hands one upon the other, turn his face to one side and place the cheek on his hands.
2. Kneel at the head of the subject, facing him. Place your hands on the flat of the subject's back with the tips of the thumbs just touching and spread the fingers downward and outward.
3. Rock forward until the arms are approximately vertical and allow the weight of the upper part of your body to exert even pressure downward upon the hands.
4. Release the pressure and rock slowly backwards, placing your hands upon the subject's arms just above the elbows.
5. Draw his arms upward and toward you until resistance is felt and there is tension at the subject's shoulders, then lower the arms to the ground. Repeat this cycle approximately 12 times per minute.

Do not waste time on preliminary maneuvering but get immediately to the task of forcing air out of the lungs and drawing air into the lungs. Continue this action until the person revives or is pronounced dead by a physician.

CUTS AND SCRATCHES:—Stop bleeding by direct pressure on the wound with a sterile pad and then bandage to hold the pad in place. Send to the doctor.

OPEN WOUNDS:—All open wounds should be covered with gauze or bandage. Do not touch wound with fingers. Do not use anything but accepted antiseptics, or blood poisoning may be caused.

BURNS OR SCALDS:—If the skin is not blistered or broken, you may apply and standard burn ointment or sterile petrolatum. In cases where the skin is blistered or charred, cover with a thick sterile dressing and take to doctor.

SHOCK:—Lay the patient on his back, head level with the rest of his body, unless there are head or chest injuries. In this case the head and shoulders should be raised slightly. Otherwise lower the head slightly. Keep the person from becoming chilled. If he is conscious and able to swallow, give small sips of coffee, tea or warm milk. Do not give stimulants.

POISON IVY AND SUMAC:—Wash thoroughly with soap and warm water. Apply dressings kept wet with a very strong solution of Epsom salts and cold water; or else apply a thick paste made of soap and warm water, which should dry and remain on all night.

FAINTING:—Keep the person lying down with the head lower than the body. Loosen any tight clothing. If the person does not regain consciousness quickly, he should be seen by a doctor.

FRACTURES:—Apply splints reaching above and below the joints of the fractured bone to permit moving without pain or danger. Three persons are needed for lifting onto stretcher one at head and shoulders, one at hips and the other at the legs. Carefully transport him to the doctor. Speed is not essential.

SPRAINS:—Violent stretching or twisting of a joint may cause a sprain. It is characterized by pain and rapid swelling. Keep injured part raised, on pillow if an ankle, in sling if a wrist. Apply compresses wrung out of cold water, or ice bags. Send for a doctor if case is severe.

EYE INJURIES:—Loose particles may be removed from eyelid with a clean handkerchief or a bit of cotton rolled on a toothpick. Particles imbedded in the eyeball or lid must always be left to a surgeon, or blindness may result. Use cold compresses temporarily to relieve pain until doctor arrives.

DOG BITES:—Wash wound with running water and apply tincture of iodine. Bandage and take to a doctor immediately to decide whether Pasteur or Vaccine Treatment is advisable. Have dog examined by local health authorities for evidence of rabies.

SUNSTROKE:—Sunstroke often comes on suddenly. Unconsciousness is complete, the face is flushed, the skin dry and temperature high. Treat by loosening clothing quickly and get patient into a cool place. Keep head slightly raised. Reduce temperature of the body by rubbing cold water or ice over the face, neck, chest and arm pits. When patient regains consciousness, give him plenty of cold water; but do not allow him to take too much water at first.

BRUISES:—The best treatment for bruises, including a black eye, is to treat with cold applications. If the bruise has become discolored, hot water should be used as often as necessary to hasten the disappearance of the swelling and discoloration.

ANTIDOTES FOR POISONS:—1. If the poison has accidentally been ingested, find the poison container and read the directions on the label which gives the specific antidote.

2. If the poison container cannot be found and the poison is unknown, immediately dilute it by making the person swallow several glassfuls of fluid, water, soda water, milk, etc. Then encourage the person to vomit.

Medical aid should be sought at once in all oral poisoning cases.

WEIGHTS AND MEASURES

TABLES OF UNITED STATES CUSTOMARY WEIGHTS AND MEASURES
(DEFINITIONS OF BASIC UNITS
IN PARENTHESES)

LINEAR MEASURE

12 inches	= 1 foot
3 feet	= 1 yard (0.9144 meter)
5½ yards	= 1 rod
40 rods	= 1 furlong
	= 220 yards
8 furlongs	= 1 statute mile
	= 1,760 yards
3 miles	= 1 league
5,280 feet	= 1 statute or land mile
6,076.11549 feet	= 1 International Nautical Mile (1852.0 meters)

SQUARE MEASURE

144 square inches	= 1 square foot
9 square feet	= 1 square yard
30¼ square yards	= 1 square rod
160 square rods	= 1 acre
640 acres	= 1 square mile

CUBIC MEASURE

1,728 cubic inches	= 1 cubic foot
27 cubic feet	= 1 cubic yard

LIQUID MEASURE

4 gills	= 1 pint
2 pints	= 1 quart
4 quarts	= 1 gallon (231.0 cubic inches)

DRY MEASURE

2 pints	= 1 quart
8 quarts	= 1 peck
4 pecks	= 1 bushel (2150.42 cu. inches)

ANGULAR AND CIRCULAR MEASURE

60 seconds	= 1 minute
60 minutes	= 1 degree
90 degrees	= 1 right angle
180 degrees	= 1 straight angle
360 degrees	= 1 circle

TROY WEIGHT

24 grains	= 1 pennyweight
20 pennyweights	= 1 ounce
12 ounces	= 1 pound, Troy

AVOIRDUPOIS WEIGHT

27 ¹¹ / ₃₂ grains	= 1 dram
16 drams	= 1 ounce
16 ounces	= 1 pound (0.45359237 kilogram)
100 pounds	= 1 short hundredweight
20 short hundredweights	= 1 short ton

THE METRIC SYSTEM

LINEAR MEASURE

10 millimeters	= 1 centimeter
10 centimeters	= 1 decimeter
10 decimeters	= 1 meter
10 meters	= 1 dekameter
10 dekameters	= 1 hectometer
10 hectometers	= 1 kilometer

SQUARE MEASURE

100 sq. millimeters	= 1 sq. centimeter
100 sq. centimeters	= 1 sq. decimeter
100 sq. decimeters	= 1 sq. meter
100 sq. meters	= 1 sq. dekameter
100 sq. dekameters	= 1 sq. hectometer
100 sq. hectometers	= 1 sq. kilometer

CUBIC MEASURE

1,000 cu. millimeters	= 1 cu. centimeter
1,000 cu. centimeters	= 1 cu. decimeter
1,000 cu. decimeters	= 1 cu. meter

LIQUID MEASURE

10 milliliters	= 1 centiliter
10 centiliters	= 1 deciliter
10 deciliters	= 1 liter
10 liters	= 1 dekaliter
10 dekaliters	= 1 hectoliter
10 hectoliters	= 1 kiloliter
