ROBINSON'S 1969 BRANCH COUNTY, MICHIGAN RURAL DIRECTORY

The master copy of this directory contains the following sections of information organized for convenient reference.

1. GENERAL INFORMATION SECTION--contains a history of Branch County, Bronson, Union City, Quincy; a list of County Industries, a list of Branch County Officials, City & Village Officers, a list of abbreviations and directions on the use of this directory.

2. BRANCH COUNTY ALPHABETICAL SECTION--gives listings in alphabetical order according to family name. The information found in this section includes family name, given name and initial, wife's name & occupation with names and year of birth of minor children in parenthesis, occupation of the head of the house, house number, road on which subject lives, township, mailing address and telephone exchange. Names of persons who reside with others are listed in proper sequence alphabetically. (They are also listed in the Road Guide.)

3. BRANCH COUNTY ROAD GUIDE--shows everything as it occurs along each road of the county. This sequence includes homes, landmarks, road intersections, mail route changes and the names of townships all in order as they occur. The houses are numbered to correspond with the keyed county map. The numbering begins with 100 at the Base Lines and increases 100 to each mile. Even numbers are on the south and west sides of the road and the odd numbers are on the north and east sides of the road. Telephone subscribers are denoted by the symbol Δ , acreage denoted by (a), ownership denoted by \odot and the letters TAF denote Total Acres Farmed.

The Home Edition of the Directory does not contain the Road Guide.

4. BRONSON ALPHABETICAL SECTION--this section lists business places and home residents alphabetically. These listings give in order: family name, given name & initial, complete telephone number following the symbol Δ , street address, employment and employer, wife's name, wife's employment & employer and names and year of birth of minor children.

5. BRONSON STREET GUIDE--this section enables you to learn the name of the occupant of any given street address. It shows home ownership and telephone numbers.

6. SHERWOOD & UNION CITY ALPHABETICAL SECTION--this section lists business places and home residents alphabetically. These listings give in order: family name, given name and initial, complete telephone number following the symbol Δ , street address, name of town in parenthesis, employment and employer, wife's name, wife's employment and names and year of birth of minor children.

7. BUYERS GUIDE--contains advertisements and listings of our subscribers giving items, products and services they wish to offer residents of this county.

8. MAP OF COUNTY--this county map has been keyed for your convenience.

This information has been compiled from sources and by persons deemed to be reliable. We have tried to make this directory accurate but cannot guarantee a complete absence of errors or omissions and so take no responsibility for any that might appear.

This publication
is the product
of a member of...

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a

tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

How To Use Your Rural Directory

NOTE: A new addition to your Road Guide, TAF indicating Total Acres Farmed.

1. Find family name of the party you wish to locate in the alphabetical section of the directory. The information given in the ALPHABETICAL SECTION follows:

family name	given name	Wife's name: children's name & year of birth	occupation	
JONES	Anton E	(Genevieve B: Jim 55, Jane 59, John 61)	farmer	
township	house number	road name	mailing address	telephone exchange
Liberty Twp	5270	Bickel Church Rd	Kokomo	△ Kokomo

2. Find the road on which the party lives in the Road Guide in your directory. The roads are listed in alphabetical order. The information given in the Road Guide follows:

BICKEL CHURCH RD ← Road Name.
 (B-7) ← Index to Map.
 HOWARD TWP ← Township in which road starts. Township-twp
 East from Cherry Lane Rd ← Where road starts and general direction.

R3 Kokomo ← Mailing Address. Rural route number and town or Post Office. The address continues for all the names following until another mailing address is shown.

1250 James John E
 1260 Beyer Cleo O
 1265 Brown Asa D △

LANCASTER-KIRKERSVILLE RD ← Intersecting roads are shown.
 intersects

2310 Sanders Saml @40aTAF40a ← House number.
 2325 Smith Gus @120aTAF120a ← @120a indicates ownership of 120a, TAF120a indicates that he farms all his land.

BASIL ROAD intersects North

LIBERTY TWP ← Enter new township.

4650 Rick Ray E △@60aTAF60a
 Day Doyle E ← This person lives with family above.
 4655 Maxwell Ivan N @40aTAF0a ← @40a indicates acres owned, TAF0a indicates this man does not farm his land.

4665 Rapp Nathan I @40aTAF40a ← Acreage is shown by (a).
 4870 Lohinger Paul M △ ← △ indicates that there is a telephone at this address
 R4 Kokomo ← Change of rural route is shown.
 4690 Ingle Fred N TAF40a ← TAF indicates acres farmed but not owned.

SNYDER CHURCH RD intersects

5700 Woodlawn Cemetery ← Landmarks are shown--helpful at night. Count the number of houses from landmark.
 5710 Vacant House
 5720 Jones Anton E △@20aTAF20a ← Well, here is the man we're looking for. He lives in the seventh house in Liberty Township, the second house after crossing Snyder Church Rd, or, at night you could find him easier as the second house after passing the cemetery.

NOTE

The listing given above is a fictitious one, used only to show how information can be obtained from the directory. Pick out a family actually living in your county and follow the steps given above.

BRANCH COUNTY HISTORY

Branch County, now one of the thriftiest sections of the country, was a primeval wilderness little more than a hundred years ago, inhabited only by the Pottowattomie Indians—a fact easily understood when we recall that at that time there was not a mile of railway in the entire United States.

While it is true that there were trading posts within the limits of what is now Branch County as early as 1825, the first actual white settler appears to have been Jabe Bronson, who made his home in 1828 in the locality now bearing his name—Bronson. It should be borne in mind that the entire population of Michigan in 1820 was less than 9,000, and not much more in 1828.

However, the old Indian Trail between Detroit and Chicago (Now the Chicago Road or "US 12") saw great numbers of pioneers passing this way, bound for Illinois and other parts of what was then the "far west." The presence of the Indians deterred many who would otherwise have settled here.

It was in the year 1821 that Chief Topinabee and his people sold to the whites what is now the County of Branch and a vast area besides, though they still continued to occupy it as before, supposedly on reservations, one of which was a tract six miles square called Mikkesawbee, in parts of the present Quincy and Coldwater Townships. But the red men roamed everywhere, to hunt and fish as they chose, in what seemed to them a paradise, for the woods abounded in deer, wild turkeys, pigeons, squirrels and other varieties of game, while the many lakes and streams swarmed with the finest of fish, and walnuts, butternuts, hickory nuts, hazelnuts and berries of numerous kinds were to be had in great abundance for the gathering. The deed conveying this goodly land to the government was signed by Topinabee, followed by Wawenickmack, Mayonchee, Atchwemuckquee and numerous other braves then prominent in the councils and affairs of the Pottowattomies.

BRANCH COUNTY HISTORY-Continued

There were quite a number of beautiful prairies, notably at Coldwater, Bronson and Girard; but the great bulk of this region was covered with splendid forests of beech, maple, walnut, hickory, whitewood, elm, oak & other trees. Untold millions of lumber-feet of these trees were cut by the early settlers, piled in "log heaps" and burned in order to clear the land. Many streams wandered through the forests, and there were some ninety lakes, large and small, in what is now Branch County.

In the year 1829 Branch County was laid out and so named by the Territorial Legislature of Michigan. It was first attached to Lenawee County and later to St Joseph for judicial purposes. The name was given in honor of John Branch of North Carolina, Secretary of the Navy in President Jackson's cabinet at that time.

The year 1830 saw little hamlets spring up at Coldwater and Bronson, while a tavern was established at Quincy--all on the Chicago Road. On account of the lack of highways the settlements at the junction of the Coldwater and St Joseph Rivers (Union City) and on the former stream at Hodunk were made several years later, although Girard Prairie had a few white settlers soon after Coldwater's inception. Both Coldwater and Girard had quite pretentious Indian Villages when the white man came.

From this time on settlement proceeded rapidly, as shown by the fact that Michigan's population increased from 31,639 in 1830 to 212,267 in 1840; but Branch County's early "boom" did not come until the Pottowattomies were removed to Kansas in 1840. Further impetus was also given by the building of the Michigan Southern & Northern Indiana Railroad across the county in 1840; this road later became the Lake Shore & Michigan Southern and is now a part of the New York Central System.

The county seat was first at Masonville, on the east bank of the river, in the west part of the present city of Coldwater, but was soon transferred to the ambitious village of Branch which held that honor from 1831 to 1842, when Coldwater won the coveted plum after an exciting and most memorable contest.

The county's separate existence dates from the year 1833, and its population increased steadily until 1900, when we numbered nearly 28,000 people. The census of 1940 gave Branch County 25,845, the movement into the large cities having taken toll from us as from most of the counties in Michigan.

Branch County has often been called "the garden spot of America," and certain it is that very few localities can surpass her for fertility, diversity of crops, and general prosperity of her people.

The County of Branch now has two incorporated cities: Coldwater, with 8,880 people and Bronson with 2,267; also three incorporated villages; Quincy, 1,602; Union City, 1,648; and Sherwood, 356 (1960 census). Each has its own industries and sources of wealth and prosperity, by no means the least of which is the splendid agricultural country adjoining. The villages of Batavia, Girard and Kinderhook are not incorporated; and to these may be added several smaller hamlets about the county.

Largely on account of her many beautiful lakes--especially Coldwater, Morrison's, Matteson and Marble--Branch County is very deservedly winning fame as a popular summer resort. The Waltonian's fish-propagating plant near Union City bids fair to keep the lakes plentifully supplied for the tourist, the resorter and the sportsman.

THE TIBBITS OPERA HOUSE

The Tibbits Opera House opened in 1882, when Coldwater was still a city with unpaved streets. Because there were no telephones and no automobiles, crowds had to come by carriage and by train, and the only method of advertising the Tibbits offerings was word-of-mouth.

However, word spread and the excitement was contagious. Coldwater was one of the few places in this nation, then quite young, which had a social and cultural center. It was also the only place that could boast an Opera House "second to none".

The theatre boasted timeless architecture, excellent acoustics, splendid furnishings and only the finest of entertainment. Otis Skinner, John Phillip Sousa and his band, DeWolfe Hopper in "Tang" with comedian Mack Sennett in the chorus, Field's Minstrels, Norman Hacket, Ethel Barrymore, and many, many others played the Tibbits Opera House.

Barton Smith Tibbits built his opera house with wisdom and vision and after his death, Joseph Henning carried on the rich traditions that Tibbits had established. The aim was high, and due to the nature of the house, the enthusiasm of a populace hungry for entertainment, and the foresight and taste of Tibbits and Henning, the theatre was an unqualified success.

Since the early days of the Tibbits, many attractions have been presented. In fact, for a short time, the Opera House was turned into a motion picture theatre, catering principally to the small fry of the community with serials and Saturday afternoon matinees.

Since the theatre reopened in late 1963, and since the renovation of the theatre has been undertaken, a great many of the world's most famous theatrical personages have performed for Coldwater audiences.

Coldwater

for quality springs ... springs from Quality

WHO WE ARE

Quality Spring was founded in 1940 and has experienced strong, steady growth since that time. Situated in Coldwater, Michigan in the south central part of the State, we are ideally located to serve the entire Midwestern industrial complex. This location, in turn, expedites the flow of materials to us from our suppliers by all forms of transportation. Our location, complete facilities and a loyal, skilled labor force enable us to meet customer commitments accurately, promptly and economically.

WHAT WE MAKE

Quality Spring makes springs to customer requirements. We do not stock or manufacture standard items-with the exception of our die spring product group. We work from the customer's blueprints or develop the proper spring for his needs, going from design recommendations through material specification, process engineering, tooling and actual production.

OUR CUSTOMERS

Our customers include some of the best known names in industry. We furnish millions of custom springs every year to the automotive, aircraft and aerospace, farm equipment, material handling equipment, home appliance, builders' hardware, recreational equipment and toy industries, for example. Yet many smaller manufacturers come to us with confidence and the knowledge that their orders, too, will receive the same careful attention and appreciation, as do those from industrial giants. Customer evaluations of vendor performance give us consistently high ratings.

UNION CITY, MICHIGAN

Union City derived its name due to the fact that at this very point the Coldwater River and the St. Joseph River joined with each other. The St. Joseph River starting at Baw Beese Lake near Hillsdale and the Coldwater River originating from the lakes at Coldwater. From the junction of these two streams at Union City, the river is known as the St. Joseph River and flows westward into Lake Michigan at St. Joseph, Michigan.

In the late 17th century French explorers established a trading post here as they pushed westward into the unexplored middle west via the St. Joseph River.

At one time Union City was the head of navigation on the St. Joseph River with St. Joseph, Michigan as its lake port. In the early thirties the Government appropriated \$50,000.00 to improving navigation in the river westward from this village.

Large quantities of "bog" and "kidney" iron-ore was mined here, in those days, and shipped by water. The water-power at this location fostered large lumbering mills as well as the "Union City Iron Company".

From the time of the Indians, the St. Joseph River was their favorite fishing stream and has remained a lure to fishermen to this date.

Union City is located half way between Jackson and Niles on Truck Line M-60. Population of Union City is approximately 2,900 friendly folks.

Union City is a good and friendly community in which to live and work. The residential section is well-kept up and attractive. There is a wide and well-laid out business district with modern stores, including supermarkets, hardwares, variety, drygoods & jewelry establishments; a theatre, weekly newspaper, restaurants and a number of other outlying business places. There are approximately 400 dwelling units here and these are 100 per cent occupied. New construction is constantly underway, however, and several beautiful new residential sub-division are now laid out. Commercial and professional services here are very complete. An old town, as Michigan communities go, Union City was founded in 1833, in the heart of Indian country. It has rich lore in the early history of Michigan. Never a "boom" town, it has shown slow, but steady growth in its more than a century and a quarter of existence. Union City is located on the "Air Line" of the New York Central Railroad system. The Greyhound Bus Lines operating between Detroit and Chicago over M-60 makes regular stops here providing passenger transportation. Five truck companies, Superior, Alvan, Consolidated, Inter-State and Hooker provide freight service via the same route and between Coldwater and Battle Creek.

Union City has long been noted for an excellent and progressive school system. It embraces a large district, which reaches into two counties. The modern high school has been continuously accredited by the University of Michigan since 1892. Only one other school is this size in Michigan can match that record. A new elementary school was built in 1953 and a large addition added to it in 1956. The system employs 50 teachers, all but a half dozen owning their own homes in the community. A fleet of 18 school buses provides educational opportunities for secondary pupils in the surrounding area.

The Municipal Power Plant has a Consumers Power Company. Tie-in, assuring adequate electric power for industrial and residential needs.

BRONSON, MICHIGAN

Bronson is an agricultural, industrial and recreational community, located on Highway US-12 in the western portion of Branch County.

A modern city of more than 2,500 population, Bronson is especially notable for the excellent and complete services it provides for its residents, businesses and industries.

All streets of the city are paved and sidewalks are kept in repair. Bronson residents take particular pride in their homes and maintain them in outstanding fashion along the tree-shaded streets of the community.

A modern and complete sewage disposal system serves the city, which also has a storm sewer system and a separate industrial sewer for proper disposal of industrial wastes. The water system provides abundant water of excellent quality and the city is the only one in the county which fluoridates its drinking water for dental health purposes.

Educational facilities are among the best in southern Michigan, including two elementary schools, a junior high, and a fine new high school building. In addition, St. Mary's Assumption Church, the local Roman Catholic parish, operates an elementary school, also housed in a new building complete with gymnasium. Five Protestant churches, in addition to St. Mary's, serve the community and all have new or recently-remodeled facilities and traditions of hospitality to newcomers and visitors.

Zoning ordinances provide protection for the property owner and are but one result of the work of the Bronson Planning Commission. Also working for orderly progress in the community is the Bronson Development Corporation, which recently constructed an industrial shell building for prospective new industry.

Among the industrial firms presently located in the community are the following: The Douglas Division of Scott & Fetzer, manufacturers of vacuum sweepers and automotive parts; Bronson Specialties, a large tool and die firm, and its growing Bronson Plastics & Bronson Products Divisions; Bronson Manufacturing & Plating Company, plating & metal finishing; Kenward Gage & Engineering Company, tools, dies and jigs; Patriark, Inc., manufacturers of plastic building components; T-L-R Corporation, travel trailer manufacturers; Multi-Products Company, modular buildings; Craft Metal Fabricating Company, special equipment; and K & W Manufacturing Company, store display equipment.

Many active service, fraternal & veterans organizations are found in Bronson, including Rotary, Kiwanis, Jaycees, Chamber of Commerce, Knights of Columbus, Masonic Lodge, and numerous women's societies and clubs.

Retail businesses in Bronson offer a good selection of merchandise in many lines and the City has a full complement of professional services offered by physicians, dentists, attorneys, and a veterinarian. The weekly Bronson Journal is recognized as one of the outstanding newspapers of Southern Michigan.

Boating, fishing and swimming are available at the many lakes near Bronson. Other recreational facilities include a modern bowling alley, motion picture theatre, a sporty nine-hole golf course, and lighted municipal tennis courts. Four parks, two of them with picnic facilities, are found in or near the city.

Agriculture in the area is a mixture of grain and livestock farming, with an interesting specialty being the growing of gladiolus. The gladiolus fields, located mostly to the south and west of the city, are among the largest in Michigan.

QUINCY, MICHIGAN

Manufacturing sites available along the busy New York Central Railroad, Quincy is the busiest station in the division. Centrally located on US 12, 105 miles west of Detroit and 165 miles east of Chicago. Excellent road system in all directions. Quincy is approximately halfway between the Indiana Turnpike and I-94 Expressway. The new US 27 will be four miles from Quincy.

ROBINSON DIRECTORY

Branch County, Michigan

Road Guide

In the following list the roads are arranged alphabetically including the State & US Highways. The house number is given & opposite the number is placed the names of the occupants. The symbol Δ indicates that there is a phone at that address but no telephone numbers are given.

The number of acres is given with the symbol @ denoting ownership and the letters TAF denoting total acres farmed.

Each township line is designated as is also mailing addresses and intersecting roads.

The letter and number after each road name is the map key and is used to locate the road on your county map.

Tornado Disaster Area is identified in areas affected.

A NEW FEATURE has been added to your Road Guide concerning farmers and acreage. For an explanation see Front General Section.

ADAMS ROAD-E

Street Guide

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given and opposite the number is placed the names of the occupants. In all streets both sides of the street are included in one list.

The symbol ☉ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.

The telephone number follows the symbol ☎ denoting houses and places of business having telephones. All telephone numbers are preceded by the prefix 369.
