-O-

On the subject of the Show... anyone who will be in the chorus and doesn't have their shirt size in yet.. get the info. to Mark Feller.

-O-

In the Last Epistle from Gov. Art... Coldwater took over the #1 spot for Attendance.... how about that....lets keep it away from Vicksburg ... show em we are as good attenders as they.

-O-

POETRY CORNER.....
(Written by a banker friend of the editor and dedicated to the Financial Guardians in our Club.....)

From the day you're born till you ride in a hearse things are never so bad that they can't get worse.

-O-

ONE LINERS CONTINUED..

Said Gordon Schlubatis, renowned travel agent, to the prospective traveller: "For the price you have in mind, sir, I suggest you join the Navy."

Dick in charge of the Program as well as being the program. Told of one of pur local industries..... .. Alliance Associates.. whom he also happens to be employed by. Alliance is the broker for private label foods for super markets throughout the U.S. So when you see a "House Brand" in a super market...chances are it was handled by Alliance Associates. They deal with the buyers for super market groups...and with the food processors.
The purpose is to give the most quality for the dollar and yet give the super market a decent margin of profit.
The subject of coffee was mentioned... and the high prices that are now on Coffee. He informed us that the frost that killed many of the coffee tress is the cause...and that the soonest we could forsee any lower prices would be 2 to 3 years hence..... even boycotts would not lower the price.. so make up your mind... to either drink less coffee (and sleep better)... or pay the price.
Always interesting to learn more about our local industries.

NEXT WEEK:

Harold Card in charge and will have as his guest Garth Wilbur of Bronson Rotary Club as speaker. Garth is in the Auction business and will divulge some inside information on how people can get "taken at Auctions" and how not to "Get Taken"... Should be an interesting program. Possibly we could find something for him to sell.

THOUGHT FOR THIS WEEK..

When adversity befalls you, take it like a man..
blame it on your wife!

ATTENDANCE....

Missed getting this info this week.....

SPECIAL NOTE FROM LESTER LUCE...

Reminder... Student guests this year have been selected on the basis of recommendations from the school counselors, omitting children or grand children of members. It was designed to give the opportunity to outstanding students who would not be invited otherwise. Members may bring student guests by making advance arrangements at the High school.

JOKE...MOTOR VEHICLE DIVISION...

The two automobiles colided on the icy street intersection and a young man who had witnessed the accident rushed over to one of the drivers.
"Hey," said he. "I saw everyting that happened and it was all the other guys fault."

"No" said the driver, disconsolately. "It could not possibly have been his fault. His father is the mayor, his brother is the chief of Police and I'm engaged to be married to his sister."

Harold Card arranged for todays program....
Bronson Rotarian Garth Wilbur told of the auction Business.. he is the 2nd generation following his Dad in the business. "Grandpa" started in the Auction biz in 1919--- Garth following his footsteps starting in 1945.

An Auctioneer is many things.. Public relations man, Display Artist, Referee, Attorney, Accountant, Banker, Singer, Psychiatrist....
He mentioned that the momentum of the sale is very important. There are various ways to overcome those who try to slow down the momentum.. but he did not divulge those secrets.
Items sold at auction include Stock market...Livestock, Diamonds, Paintings... plus others too numerous to mention..
Some tips include....
Never bid in the same style every time.
Autcioneer picks up this .. and can use to his advantage. "know your Auctioneer.."

NEXT WEEK:....

Dale Brose is in charge for the coming meeting... unable to reach him at this writing to get a preview...but we are sure it will be interesting.

Thought for the week:

You know you're getting old if you can recall when you wished for the income you can't live on today.

Dale Brose arranged for the program.....
Vivian Lopez, who is in charge of the renal Hemo Dialasis unit at the Branch County Health Center was the speaker. Service of the unit was available as of October 1st.
Our "Kidney Machine" is operating as a sattelite of the Nephrology Center at Borgess Hospital at Kalamazoo.
They now have 6 patients using the local machine.
A few years ago... people with kidney failure would die... but now with treatment 3 to 5 times a week they can lead a somewhat normal life.
each treatment takes 4 to 6 hours at a cost of $200 to $250 per treatment.
Most patients are waiting for transplants... because the cost of a prolonged treatment period gets extremely costly.

NEXT WEEK:...

Ron Beld in charge....
Unable to reach him at this writing for a preview..
..so we'll find cut when we get there.

The Singingest Club in the U. S. A.

JANUARY 25, 1977 DON HEFFNER SPEAKS ON HUMAN RELATIONS.....

PREZ SEZ:

How about that.... info in Gov Art's latest epistle shows that the Coldwater club nosed out Vicksburg... and was in 1st place for attendance in the dist. for December.
Coldwater 88.72
#2 Vicksburg 88.08
lets keep it up and see how many we can get in a row.

-O-

Remember..... rehearsals now starting in Feb. are Tues & Wed nites... at the Country Club... lower level.

-O-

Starting at our next meeting.... the End Men will have their opportunity to perform at Rotary... get a little more practice before going on stage to a packed house.

-O-

Happy Birthday to
Judge DeVito...
& Bob Yingling.

-O-

Board meeting will be Tuesday Evening.. If there is practice it will be after practice... if no practice.. it will be at the regular time, at Prez Hal's house.

-O-

-O-

For those who missed last meeting.. you missed a good lunch.. prime Rib.. the 105 apparently was trying to impress us.. and did a good job.. everyone wanted a siesta time after lunch.

ETHNIC JOKE DEPT....

Did you hear about the _____pilot who was not about to be out done by the English pilot who wore a patch over one eye.. so he wore a patch on each eye.

Ron Bold in charge.... and did clarify the fact that he was not a part of Hugh Heffners enterprise... so the Human relations he had reference to was mostly in the industrial field. Mr. Heffner is group Vice President in charge of Personell for Evans Products.... and deals in Labor relations... as he stated... "blessed are the peace makers for they are never unemployed."
He related several things involved with labor relations.... some company's now have 28 to 32% of the compensation package in tax free benefits to employees. And one of the requests that was negotiated out of a contract at one plant was a 10 minute rest period every hour...and a 10 min wash room privelege every hour...doesn't leave much time to work. No wonder prices are high.

-O-

NEXT WEEK:

Chuck Bacon scheduled to present the program. has been out of town so was unable to get a preview on what he will have for a program. Anyway we will find out on Tuesday....
One speculation was that it could be on "The High Price of Bacon". That one was rather bad so won't mention it.

THOUGHT FOR THE WEEK..
(WEAK)
The so-called "Weaker Sex" is actually the stronger sex, because of the weakness of the so called "Stronger Sex" for those of the weaker sex.

Chuck Bacon in charge of arranging for another Rotarian-Ralph LaGro to present the program. Ralph covered the scope of medical services available at the Health Center. Mentioned that there is a definite shift toward working with more outpatient services.
Including...
Recently opened Renal unit for kidney treatment. An outpatient Surgery Center, Outpatient cancer therapy is now being done at our Health center in conjunction with Bronson hosp in K'zoo. Emergency room has increased to 19,000 visits annualy... average cost per visit 35.00. There are 3 new doctors coming to the area to practice.
Average stay at our hosp runs 950. While the average is 1200 at other hospitals in the area. Even though it sounds high..we have an efficient Care Center. In general we have a lot of good things going for us in the way of health care services. Thanks Chuck and Ralph for a very informative program.

-O-

NEXT WEEK:....
Dick Biringer in charge will have as his guest Warner Reed who is the Parole and Probation officer for the Mich Dept of Correction. He lives in Branch Co. and handles all parole and probation cases in the county. Will tell what happens when someone gets out of prison and also what happens when someone is put on probation. Should be an interesting program.

-O-

CANDID COMMENT.....
(from Wall Street Jrnl)
A Bank is where you can borrow money.. if you can provide enough evidence to show that you don't need it.

Dick Biringer arranged for todays Program. Mr. Reed told of some of the things that he encounters. He stated that his office deals with adults charged with a felony..about half of them are over 17 & under 21 and the other half over 21. 44% of those convicted went on probation. There were 82 felony convictions in 1976 compared to 8 in 1966. He spends about 1,000 hours a year getting background on the person charged with a felony. What does a probation officer do? Spends a lot of time on surveilance of what the subjects are doing. The purpose is to protect society. The system he terms is successful. 95% of those on probation do not repeat.. and 87% of those who come out of prison do not repeat. 100% of course would be better.. but those percentages are good and feels that the system is successful even though it is criticized by some. When asked what is the cause of such a high crime rate.. his reply was.."People are living in a moral vacuum. Young people need to be taught what is right."

-O-

NEXT WEEK....
Bill Bobier in charge...will have as speaker...Dr. Nettleman...and says that this time it will not be on worms or Bee's..but will be on a subject that we all will face sooner or later.."Death and Dying"...He has insights on this subject that are very good and should be a very interesting program.

MIXED MEANINGS...

Education: What you get from reading the fine print.

EXPERIENCE: What you get from not reading it.

Bill Bobier coerced Dr. Bill Nettleman into being the speaker. Dr. Bill is a versatile chap.. can speak on a variance of subjects.. this time chose "Death and Dying" He stated.."Death has been kinda "Spooky" in the past..and most folks avoid talking about it. However..a healthier attitude is developing..we are more prone to discuss aspects of death and dying now. When we grieve for a dead person we are not feeling sorry for the dead..but are feeling sorry fro ourselves. Grief is healthy and serves a good purpose. However.. sometimes help is needed to get out of the grips of grief. Dr. Nettleman also discussed the problem of when and when not to try to prolong life through technology. Also he discussed the "Living Will." that a person can make while he is still in sound mind (He thought some Rotarians would not qualify on this point this was in jest of course..) The living will is only good if the family goes along with it.

-O-

NEXT WEEK:

Keath Pearce in charge..Will have a program of previews from the Rotary Show..this is 2 fold..to help the performers get used to being in front of an audience.. (if they can make it in front of a group of Rotarians.. they can make it anywhere) Also to give Rotarians who are not in the show..a preview.

INCENDIARY DIVISION..

The telephone at the fire station rang.. "Fire, Fire," the woman calling yelled. "My house is on fire"
"O.K. lady," said the fireman, "how do we get there?"

There was a moments silence. "Don't you have that little red truck any more?"

CLERICAL COMMENT:

We heard just the other day of the parishioner who spoke to the pastor after the service.
"You know," said he, "I agreed with everything you said in your sermon."
"Yes indeed," said the Pastor gravely. "I saw you nodding."

Tuesdays meeting was devoted to rehearsal..and a preview of some of the End men's songs....After sounding a bit "rough" yet on Tuesday.. the show didn't "Peak" too soon..but took on the polish it needed for the opening night on Thursday. Full house for all 3 nights....and Governor Art came to see the show on Friday night. We trust he enjoyed it as much as the rest of the audience did.

-O-O-O-O-O-O-O-O-O-O-O

NEXT WEEK:...

Tom Collins in charge .... at least that is what the schedule calls for...but he was unavailable at this writing to find out what is coming up..so..we'll find out on Tuesday.

GALLUP POLE DIVISION...

The polling representative was making a political survey. The first Question he asked the lady who responded to his knock was how many there were in the family.
"Five," said she. "There's my husband, my child, the cow, the cat and myself."
"And would you mind telling me what your politics are?"
"They're mixed. I'm a Republican, my husband is a Democrat, the child's wet, the cow's dry and the cat's on the fence.

Remember get those make ups in... Monday noon at Quincy. Monday evening ..Angola...

THOUGHT FOR THE WEEK:..

The Average household consists of a husband who makes the money.. and a wife and children who make it necessary.

Tom Collins in charge .... brought as speaker Chuck Carnes of Villican Lehman of Southfield who are the consultant engineers used by the city for City Planning. He told of needs for City planning for orderly growth of a city.... and had Maps that projected their recomendations for the City of Coldwater.... including a hiway 12 by-pass that would be about a half mile south of Garfield... (Figuring that out... it would take out a lot of Gordon Schlubatisis apple trees). Of couse he did say that that was tentative... it would be possible that it would have to be moved.....

NEXT WEEK:...
John Dygert arranged for the program..but will be gone ..so Bill Fuller will do the introducing. On hand will be Wade Smith and Charlie Davidson of the Career Center to bring us up to date on a new program they have out there at their fine institution of "Larnin"

Then on March 15th....
Woody Craig will be in charge ...will have an informational program presented by the High School Staff. He says that on Mar. 8th we should be prepared to fill out a short form that will be passed out. Then the program will follow on the 15th ...possibly answering some of the questions we have on the 8th.

Rotarian John Dygert arranged for program for Rotarian Bill Fuller, with program introduced by President Hal. We were taken through a class session as it would be presented to the students at the Branch Area Career Center. The material particularly relaed to an orientation session for students about an aspect of fire safety.

The Career Center concentrates on individual training and visual aids in teaching.

The class room material we saw today has been selected to be used at an upcoming Michigan state wide Fire Association meeting in Detrpit. The material was the View Slide/Tape about "The Use of Portable Fire Extinguishers." The material was created by the BACC staff and is available to borrow for use in the community. After the slide we were asked to take a test on what we had learned. We were allowed to correct our own test paper. How about that?

Thanks to Wade and Charlie for a job well done! It's good to know that the students have this knowledge and background about fire safety for use, if ever needed, not only at school but also at home.

NEXT WEEK:

Woody Craig is in charge of the program. We will have an informational program presented by the High School staff. We were asked to complete a questionaire at todays meeting as regards the importance of communications between the community and the school and how best that needs to be done.

EMBRACE: Holding Pattern.

Lester Luce..Fred Hobart, Marilyn DePue and Nita Hart, were on hand to give info on the High School. Operating with 1040 students in a building designed for 800.. however that is helped some by the juniors and seniors who spend half days at the career center. Of the students who graduate 30 to 40% go to college.. and 60 to 63% go into the occupational field. Marilyn DePue commented that most college students feel they have been adequately prepared by our school system. The school system is in the process of a self studey program right now to determine how the educational system can best serve the need of the community.

Larry Donay in charge....
...and at great expense.. secured Dick White to appear and speak on behalf of the American Cancer Society.
He discussed the role of the A. C. S. in fighting our # 1 killer...Cancer.
He also mentioned where the money contributed goes. Dick spent time also telling about our local chapters involvement in working with cancer patients. Also mentioned that Branch County collected 93¢ per capita last year and the state average was 33¢ per capita. (Must have been some high powered people in charge of the campaign)...
This years goal for 77 has been set at 1.00 per capita in Branch County. Branch County Chapter is sponsoring a Walter Hagen golf tourney on June 4th at the Coldwater Country Club.

-O-

The proposed increase in dues to 40.00 per year and to be paid annually instead of semi annually was passed unanimously.

-O-

From Gov. Arts Epistle ..we learn that Coldwater is in second place behind Vicksburg.. ..they beat us out by a "Whisker"... ..their 90.9 beat our 90.22... 2 make ups would have put us in first place.

-O-

MEN IN WHITE DIVISION...

The surgical patient had been wheeled back into his room following the operation. As he emerged from the effects of the anesthetic, he noticed the shades were down. Groggily, he asked the Doctor, who was standing by, just why this was the case. "Well, you see," said the doctor, "there's a house afire across the street and we didn't want you to wake up and think that the operation had failed."

THOUGHT FOR THE WEEK: Candlemakers have the worlds softest jobs..... they only work on wick ends.

DEFINITION DEPT:...

INFLATION:... When something you bought for 5.00 five years ago ...now costs 10.00 to repair..

George Henderson & Casey Medendorp were on hand as guests of Bill Fuller to tell about the Sister City program.
We are the smallest city in the country to have representation on the national board of Sister City Program. There will be 30 people from Coldwater going to Soltau in May. And there will be 30 people from Soltau coming to Coldwater in July..also there will be the Weitzendorf choir coming to Coldwater on June 30.. they will also be visiting Angola, Muskegon and Sturgis. Michigan is very active in the Sister City Program having 48 "Sister City" Cities in Michigan... most of any in the U.S. It's a great program..and has done much to promote better International understanding.

-O-

NEXT WEEK:..

"Here come de Judge"..Ed DeVito in charge of next weeks program..Will have a movie on what happens to youngsters after they have been adjudicate...should be enlightening to learn more about what happens to delinquents..and if they cease being delinquents.

GENERATION GRIPE...
A recent study indicates that many teenagers are opposed to sex education in the schools. They say it's a plot by parents and educators to make the subject dull and uninteresting.

ED DeVITO SHOWS FILM CN WHAT HAPPENS TO YOUNGSTERS AFTER THEY HAVE BEEN SENT TO CORRECTIONAL INSTITUTION...

He stated that there are 7,000 youngsters in the U.S. that go to jail for the first time....each day.
There are 2 to 3 hundred that go throughtthe juvenile court in Branch county each year.....
Each one that is placed in a detention situation costs the Branch County tax payers $40.00 per day. There is much research going into seeking for improvements in the detention system...
...to make them more effective...because the present system leaves much to be desired.

Thanks to Ed for a most enlightening program.

NEXT WEEK.....

POETRY DIVISION....

It must have been the slow
paced life
or Unpolluted Air
But Methuselah lived to
969
And that without
Medicare.

PREZ SEZ:...

Happy Birthday to

Tom Collins and Ray Fox. Ray hits his 89th this year.. ..Howard Taylor made a deal with him..he would put in the dollar for Ray if Ray would put in the dollar for him when he hits his 89th.

NOTE OF SEASONAL INTEREST:

In Africa some of the native tribes have the custom of beating the ground with clubs and uttering some spine chilling cries. Anthropoogists call this a form of primitive self-expression. In America we call it Golf.

ETHNIC JOKE OF THE WEEK:

Did you hear about the _____bookkeeper who was caught embezzling.

He took off with the accounts payable...

Jim Endicott in charge of todays pgm....and arranged for Sol to bring us up to date on the BBCL (Better Branch County Living project. Started 7 years ago.. and now has evolved into the Branch County Housing Commission. Purpose is to make available ownership of property through a self help project...and with the assistance of concerned citizens.
Criteria to be eligible is to have under 15,000 per year income and now living in inadequate housing and have a good credit rating.
Sue Adams...now the director of the project told of how it helped her when she needed help...fact is The Rotary Club was the sponsoring organization with Jim Lyon as Friend of the family...and now has enabled her to return the good turn...and she has just completed her first house transaction as friend of the family.
Vic Warner...stated that there are 2600 units in the county that are sub standard...and there is a shortage of adequate homes numbering 6 to 800.
Hats off to this group of hard working concerned citizens for the progress made in this worthwhile project.

NEXT WEEK:
Ed Geishert in charge... unable to reach him at this writing....so we'll have to wait and see what he has lined up for a program...

KEVIN HARDY OF THE STATE CHAMBER OF COMMERCE SHOWS FILM "WILL THERE ALWAYS BE AN ENGLAND"

PREZ SEZ:

Happy Birthday to Dale Treadwell.. although absent...happy birthday anyway..we'll sing to you next week.

-O-

Reminder- Board Meeting will be on April 26 instead of first Tues in May.

-O-

May 6 & 7...Meeting in Benton Harbor...would like to have more Rotarians attend.

JOKE (Birdman Division)

The busy man's secretary called the airline and asked the attendant how long it took to fly from Chicago to New York.

"Just a minute," said the clerk.

"Thank you," said the secretary, and hung up.

-O-

THOUGHT FOR THE WEEK....

Children are a great comfort in your old age, and they help you reach it fast, too.

-O-

ANOTHER THOUGHT FOR THE WEEK.....

The trouble with some folks who don't have much to say, is that you have to listen so long to find that out.

The film which many may have seen on CBS Sixty Minutes was shown... brought out very definitely what can happen when people lose the incentive to work.. when the government gets too big. And the prediction is that the U.S. is only 20 years behind England at the present rate.... and Michigan only 10 years behind.
Mr. Hardy pointed out that Michigan is 48th out of 50 states in the ability to attract Industry. Michigan has become a very high cost state in which to do business. The whole message sums up....that the business climate needs to be changed or Michigan and the entire U.S. will be another England ....on the verge of bankruptcy.

-O-

NEXT WEEK.....

Rich Holben in charge... will have as his guest Ken Foster of Grand Rapids ....who will relate his experiences on a Rotary Work Study exchange in several European Countries. He has several slides.... and reportedly presents a very Sophisticated program. Sounds good.

WADE SMITH TELLS ABOUT CAREER TRAINING AT BACC

PREZ SEZ:

HE DIDN'T SAY much.... cause he was gone....

Veep Chas was in charge. Did a mighty fine job too...getting in practice for next year. Hope Hal has a nice vacation gadding about the southlands.

There's going to be a ladies night....
Square dance night at Norm Moores barn.... ...they say they'll even give instructions to those who don't claim to know anything about square dancing.... ...of course....there'll be intermissions too... so whether you are better at dancing or intermissioning, plan to come. More details available from Veep Chas. Geishert. and there will be more information forthcoming.

REPORT FROM LESTER WISE.

Said he went to the doctor for a checkup. "You're sound as a dollar said the doc. "As bad as that!" exclaimed Lester as he fainted.

Then as long as we're Picking on Bankers... Jerry Towns tells the reason why drive in banks are so popular with women..they can withdraw the money from the back seat while their husbands make deposits from the front seat.

All types of skills are taught..... from Auto Mechanics, Body shop work, machinests..... foundry skills...woodworking carpentry and building skills ....Distributive education ....dealing with marketing ...and then office Education teaching office skills... Beautician school...turning out licensed beauticians by the time they are senior graduates....also the FFA and ag department...graphic arts...printing and photography.... Electronics...sheet metal ...you might say if its a skill to better prepare the younger generation for the job market...they offer it at the Career Center.... A great Facility...happy we have one in our community.

NEXT WEEK:....

Santford Jolly in charge... Has tentative arrangements to bring Dale Carnegie instructor Ron Koolman as speaker....who will give us some memory tests...or something like that. That is ...if he remembers to come. if he doesn't....Jol says he has an interesting back up program.

Paul Ruse also had a birthday, but was absent so will catch Paul another time.

Guests were introduced, including our two our two student guests.

Club received a letter of thanks for flowers from Ron Beld. Ron is moving to Grand Rapids, so Ron also sent along his resignation from Coldwater Rotary. Our well wishes go with Ron and his family.

Elwyn Bodley, was honored with a seven year perfect attendance pin.

A THOUGHT FOR THIS WEEK:

Everyone can give pleasure in some way. One person may do it by entering a room. Another may do it by leaving.

INDEPENDENT BANKER:

An old country gentleman revealed to a friend that he kept all his savings in a shoe box under his bed.
"But, John," protested his friend, "you should keep your savings in the bank! Otherwise you will lose interest."
"Oh, no," came the reply, "I always tuck a little extra in the mattress to take care of the interest."

Rotarian Dick Hruska had the program this week. He had as his guest Fred Rocky. Fred described his six week tour thru ten countries of Europe. Fred made the trip with Mr. Wilbur Reed. Wilbur had made trips to Europe on seven different occassions in the past. Fred gave us a geographical boundary description of the borders around the ten country area. This gave us all an idea of the scope of the trip.
Fred then showed slides and described in a very interesting way, the scenes we were viewing.
A few of the countries visited were Italy, Yugoslavia, France, Tangiers in Africa and Spain including the Rock of Gibraltor.
Fred's slides were pictures of the people he and Wilbur talked with and saw during their various stops. One group of slides were of a group of school children. There was an exchange of language and song between the children from the Yugoslavia school and Fred and Wilbur. Included with slides were beautiful scenes viewed during the travels, including mountain scenes.
Thanks Dick and Fred for an educational and enjoyable program.

NEXT WEEK:
Les Luce is in charge of the program next week. Les will be introducing Larry Woodhams and the new Executive Director of Branch County United Way, Mr. Dick Schlutz, to bring us up to date on what is going on concerning our local United Way Program.

TUESDAY, MAY 24, 1977 — ROTARIANS HEAR ABOUT BRANCH COUNTY UNITED WAY

PREZ SEZ:

Happy Birthday sung to:

John Dean
Hal Creal
Bob Seaman
Paul Ruse

...And none of them looked a year older.

Reminder: There will be a LADIES NITE PARTY ON JUNE 18....SO GALS, IF THE OLD MAN DOESN'T TELL YOU, ASK HIM ABOUT IT. More details available from Chuck Geishert.

All Rotarians who could make it are invited to Camp Emery on June 17 to have dinner...and observe the camp operations.

Chuck Geishert and Harold Goodholm attended the District Conference at Benton Harbor-St. Jo... Reported that these meetings are well worth attending...much camaraderie. Reported that Bill Galbraith was balloted to be Governor Elect.

In Gov Arts Epistle to Rotarians, we learn that Coldwater is back in the #1 spot for attendance for April....Great going..... let's keep it up.....

Remember...get those make ups in before next Tuesday.

THIS ONE COMES FROM NORTHERN MINNESOTA... where the Norwegians abound....

Did you hear about the Japanese-Norwegian?.....

Every December 7, he attacks Pearl.....Olson.

Les Luce in charge of today's program....and had as guests, Dick Schultz, new Executive Director of the United Way and Larry Woodhams, President of United Way of Greater Coldwater Area. Now with a full or at least part-time Executive Director to work with the Board, there will be an ongoing effort year around for United Fund...a goal that has been worked for, for many years...looking for the right guy to head it up...and now he is a reality.

The goal of the United Fund is to make one Drive a year.. based on the fair share of 1 hour's wages per month... if that can be accomplished, all agencies would have adequate funds to work with.

They also pointed out that United Way is an efficient group...only 4.1% is spent on administration...the rest goes to helping people. Also, the fact that the Coldwater United Fund has now evolved into the Branch County Fund...with the exception of Bronson which still has its own Drive.

NEXT WEEK:

John Milnes in charge.....

JOKE...(Govt Division)

The taxpayer walked into the Federal Building in Detroit and looked at the directory in the Lobby.
"Can I help you sir?" asked one of the guards.
"Yes," said the man, "I'm looking for the headquarters for the war against poverty."
"Third Floor and to your left," said the guard. "May I ask you what your business with them is"?
"I've come to surrender."

PROGRAM TITLE AND SPEAKERS NAME: Mr. Mel Larsen, State Legislator in the Michigan House of Representatives. Bob Kerr arranged for the program. Rep. Larsen said that 35% of our Michigan budget this year will go for welfare. 8 times what it was in 1965. He said that the growth in government relates to the 60's and the stress on individual rights as a result of the civil rights movement of that era. The congressman said that there now is a swing to an emphasis on the responsibilities of the individual. As a result, there is emphasis toward taking hard looks at how government is spending. He reminded us that since we are a democratic society, it is vital we as individuals participate, ourselves, in our political system. That unless we make ourselves heard, government will get more and more involved in our lives. Thanks to Bob Kerr for presenting this program...it was very informative.

NEXT WEEK:
John Klein in charge with the Subject: The Mandatory Education act of the 1970's. Guest speaker will be Mr. Bill Tracey, Supt. of the Branch Intermediate School District.

Club Dues are now past due...make your check payable to Coldwater Rotary Club and get it to Bob Rumsey...120 Cheryl Ann Drive in Coldwater.

-0-

Remember...there is a District Golf Outing on July 25th in Kalamazoo... If you wish for more information see Chas Geishert.

-0-

In the Governors latest Epistle...We learn that we have "slud" into the #3 spot in the district. We were beaten by Sturgis and Vickburg in May. Sturgis had a 91%...Vicksburg an 89.76% and Coldwater with 89.67% so they just beat us by a "whisker".

-0-

Reminder...There is a board meeting on July 5th at 7:30 P.M. in the Southern Michigan Bank Board Room.

-0-

Reminder...Our District Governor will be here for a club visitation on August 2nd. So...that means that we all need to get our committee reports in and the Chairmen need to get their assignments out so the reports can come back in.

-0-

Congratulations to past Pres, Jim Lyon whose had 4 years of perfect attendance.

Sgt. at Arms Reports that $1066.00 in fines collected during the past year. The proceeds go to the scholarship fund.

-0-

John Klein in charge of todays program... He had as his guest Bill Tracy, Supt. of the Intermediate School District. Subject matter included the Mandatory Education Act and what it involves. The Intermediate School District has the responsibility of educating the handicapped and retarded. He showed a film presentation that had been prepared by the Branch Area Career Center dealing with the education of the retarded. This slide presentation will be sent to all Intermediate districts in Michigan and a copy to each state of the Union. The mandatory Education funding in our district right now is out of funds until the Governor signs the bill to provide funds for the next fiscal year. This amounts to about a $2 million payroll in Branch County.

Next Week:

Sorry...your Editor did not have a pencil in hand when this was ennounced so we'll have to wait and see what happens on the 5th.

In 1910 Rotary became international, when it was introduced in Canada. In 1911 it expanded to Ireland. Today Rotary has 800,000 members. There are over 17,000 Clubs in the world. Most new clubs are starting in India and Korea. Bert and Glenn Cowell, have been the only two Rotarians, from Branch County, who have served as Rotary District Governors over [illegible]ast years. Bert said Rotary needs [illegible] do a better job of explaining to the public, how Rotary is involved in community activities. Our thanks go to both Bert and Dan Ward for putting together today's program!

SURPRISE SPECIAL FEATURE: "QUEENS FOR A DAY SHOW", with MC, Duke Davidson, assisted by Keith Pierce and John Pierson. Larry Woodhams and Howard Taylor, last year's Serg ant at Arms were to be the honorees. Must of been a news leak, cause Howard never showed up. Larry was there however and Duke Sward, one of this year's Sergeant's, was kind enough to fill in. Larry and Duke, as the two Queens, were properly suited up with aprons-crowns (ladies shower caps) and seated on stage with the following happening to both of them. Ray Ehl and Dave Rubley applied the necessary eyebrow make-up, to the Queens-Don Shorno and Carroll Barnes applied the rouge-Chuck Bacon and Fr. Bob Man applied the lip stick-For the Grand Fanalee!-Jim Koss, Jerry Towns, Hal Sexton and John Milnes applied the cream pies, with GUSTO! What a show-Larry and Duke were great sports! Thanks to production crew for putting together such a memorable event!

PROGRAM: Program Chairman, Bob Nagle, introduced new Coldwater High School Football coach, Dan Marco. Dan coached ten years at North Adams, three years as assistant and seven years as head coach. North Adams won six league championships. Before deciding to accept the job in Coldwater, Dan visited our community and our schools in session. Dan was born and raised in New Jersey near New York City. Dan played four years of high school football. The late Vince Lombardi voluntarily assisted coaching the team, while Lombardi was an assistant coach for the New York Giants. Dan spent three years in the Army Air Borne, played more football on a military team, decided to enroll at Hillsdale College and played more football. Dan met his wife at Hillsdale College and they have a twelve year old son. Dan enjoys golf, boating, fishing and hunting. He has filled all but a couple of the positions for coaches who will be working with him in our football program. Dan has setup a voluntary weight lifting program for this year's crop of football prospects. This season, Coldwater will play with a more open offense. Defense will call for the players to move out after the opposition. Coach Dan said he is planning on the team winning all their games. Sounds like an exciting season of Coldwater High School football.

NEXT WEEK: John Milnes in charge and will have as his guest Debbie Sykes to tell us about the Drug and Alcohol abuse Program in Branch County.

ATTENDANCE: Members 97, Absentees 26, Members in attendance 71, plus guests 6, equals total of 77.

ANNOUNCEMENTS: Committee Reports are due NOW!! Next week is District Governor's visit. He will address club at noon with club assembly Tuesday night at the Country Club. Board of Directors will meet at 6:30 followed by dinner at 7:00 P.M.

Bert Faller is hospitalized following major surgery. Cards and flowers will be welcome in a few days.

CONGRATULATIONS to Craig Sebald for 19 years of perfect attendance!!

Tibbits Theater is apparently in serious financial condition. Any help would be greatly appreciated.

Program chairman for the day was John Milnes who introduced Debby Sykes, Director/Counselor, and Roger Sheldon, counselor, of the Citizens Drug Abuse Committee of Branch County who operate the Substance Abuse and Listening Ear Programs. Debby stated that the program began in 1971 by concerned citizens with the first full time staff starting in 1974. An additional full time person (Roger) began in 1975. Also approx. 18-25 volunteers man the phone during nighttime hours. Calls, which are anonymous, have risen from 70.1 per month in 1974-75 to 164 during 1976-77. One on one counseling by the professional staff has increased likewise from 20 per month in '74-'75 to 65 at present. The office is located at 22 W. Pearl Street and is funded by the Public Health Service, Donations, Local Government, and Fees. Public Health funding has remained constant for three years with no increase in sight, therefore, the need for increased local support is vital. The most frequent abuse is alcohol with prescription drugs running a distant second. The average age of those served by the agency is dropping from a former level of 35-40 and is now closer to age 30. Both Debby and Roger indicated it was difficult to evaluate the overall success of the program, but enjoy their work and are obviously dedicated to it.

Many thanks to John for a most interesting and timely program.

PREZ SEZ:

No Birthdays today.. but promise to have someone with a birthday next week.

Congratulations to Bob Nagle for his expertise on the Golf Course ... or was it luck?

In checking on the financial prowess of our Sargents at Arms... The professional Collection takers ... there have been $100 in fines taken in during the 1st month... and that's just starters... so the scholarship fund should look pretty good by the end of the year if they keep up the good work.

TODAYS PROGRAM...

Governor John Ristow on hand for the noon meeting plus the evening club assembly. "Guv"John is a very dedicated Rotarian who spent some time sharing some of his observations on how Rotary Clubs can be of more Service to fellow man. He related that he has the District now Divided into 4 Areas so that there will be a closer liason between the District and the club. Our Area Rep for the Governor is Jerry Quail of Battle Creek.
Governor John said that if we could make "Real" Rotarians out of 25% of our members... we'd have the top Organization in the Nation.

Was a pleasure having Governor John with us.. he promised to come back for our annual production in February.

NEXT WEEK:

There will be a program on Products liability.. so would be a good week to bring friends from retail community or from the manufacturing community. Should prove to be a very interesting program.

HUMOR DEPT:. (Newspaper Div)

The following letter to the editor appeared in our local newspaper recently.

Dear Sirs:
Last week I lost my wallet, containing all my credit cards, identification papers and a sizeable sum of currency. I immediately took an ad in your lost-and-found classified ads. Yesterday I found the wallet in the pocket of another suit.

You have a wonderful paper.

We hate to have some people give us advice when we know how badly they need it themselves.

Car manufacturers have finally backed themselves into a corner. All these years they worked on a car that won't smoke and it turnes out the public wanted one that won't drink.

PROGRAM HIGHLIGHTS:

Chairman for todays program, Jeff Dean, introduced guest speaker, Mr. George Van Peursem, President Michigan Manufacturers Association. George spoke to us about Product Liability and the effect it has on each of us.

Currently Product Liability problems center around unjustified court settlements causing dramatically higher insurance premium costs increasing costs of products. There has been an unreasonable burden placed on business because of a lack of responsibility on the part of the product user for their own action. Courts are five or six years behind in trying cases and there are continuing increases in the size of the awards to claimants. 1100 companies responded to a Products Liability survey. Premium costs for insurance for Product Liability insurance coverage have generally tripled. Some firms cannot buy coverage. Many firms find they cannot afford the premium. This means a major claim could wipe out a company. Most of the companies who cannot afford the coverage, employ less then 100 employees. The problem can best be solved by legislative action, that among other things, would provide for a six year statute of limitations, a state of the arts limitation that meant the time and technical knowledge available when product was manufactured would apply. Also, user would be responsible for alterations, claimant should not be paid more then once for same settlement, that warning as to item use and compliance with government regulations would show good faith. Unless legislative action is taken, new products may not come onto the market for lack of insurance protection. Jobs will be lost as products become unavailable. It will take urging on the part of all interested parties to achieve legislative success. Thanks to George and Jeff for today's program.

NEXT WEEK: We will hear how we might be able to save a life sometime, by attanding a training session, of our community's own CPR program.

Hal Sexton, Paul Thompson, and Jim Lyons who are our classifications committee, circulated two lists. One showing the current classifications. Let's get some of these open ones filled with good new members and promote the great reputation the Coldwater Rotary Club enjoys.

SPECIAL NOTE: Larry Donay's classification is shown as Mental Recycling. How do you do this, Larry?

PROGRAM:

Ralph LaGro, subbing for George Henriksen, introduced Beverly Starrett of the Nursing Staff at the hospital who has been instrumental in starting and promoting the CPR Program for this area. CPR is Cardio-Pulmonary Resuscitation and is a program designed to train the largest possible number of people in procedures to follow in the event of an emergency when someone nearby collapses, stops breathing, or they are choking.

She explained that proper care in the first few minutes of such an emergency can be critical in saving a life. You don't have time to call for an ambulance or drive to a hospital.

Training courses are available free at the hospital. The course takes 4 hours in one evening and could result in your ability to save a life.

The group had a goal of training 1000 people in 1977 and has already trained 900. The more trained people we have in Branch County will help make this an even better place to live and to work.

NEXT WEEK:

The program for the 23rd of August will be Dale Brouse and Bob Charles (Eagle Printing) who will speak on the creation and necessity for the 4-H Foundation. They will show us where the 4-H program is now and where it is headed in the future.

Program Notes:
Todays Chairman, Mark Maire introduced Coldwater Rotarians Les Wise and Dale Brouse to explain how the 4-H Foundation works. Dale first outlined the 4-H Program in our county. There are 99 different project areas, including a Leader Dog for the Blind Program. There are 2500 young people-ages 9 thru 19 in 4-H, and 1200 had exhibits at our recent 4-H Fair. About ½ of the youths live on farms and ½ are non-farm members.
Dale said questions as to how to join 4-H could be directed to him at the Co-op Ext. Office in the Court House. 4-H Programs stress leadership and values. Includes exchange visitation programs in U.S.A. and Canada, a "how to be a good citizens program in Washington, D.C., as well as project activity at local level.
Les Wise is President of the 4-H Foundation Board. Les said purpose of Foundation is to provide vehicle for private donations to provide added funds for existing 4-H county programs, plus future expansion. Funds used for programming rather than physical facilities. Foundation is considering funding another staff person to set-up clubs for 350 more county young people. Foundation memberships can be $5 ind., $15-family & $100 sustaining. Monies thru estate planning, are encouraged.

NEXT WEEK: Charlie Putnam in charge and will have as speaker, Peter Fletcher, Chairman Michigan State Highway Commission, member of the Republican National Committee and advisor to Governor Milliken.

PROGRAM:
Chuck Putnam in charge. He introduced Peter Fletcher, Chairman of Michigan State Highway Commission. Commission was started in 1905. It is responsible now, for all forms of transportation in our state, including bike paths, harbors, rails and roads.

State Highway Department has 4260 employees and spends $800,000,000 yearly. It is third largest dept. in State.

Rail transportation is vital to economy of State, but is hampered because our State is a peninsula. Half of our agriculture products are moved by rail. The auto industry counts on it heavily.

Revenues to operate Department comes from ½¢ on gasoline tax. As result, revenues have not increased with inflation. Dept. has reduced number of employees by 12% and truck fleet by 10%. Dept. is experimenting with blacktop recycling to reduce road resurfacing costs. Federal revenues are based on number of miles of roads, rather then number of people using them. Michigan pays more in taxes to Federal Gov't then is received for road care.

Damage to roads in State is caused by extreme seasonal changes in temperature.

Pete's presentation of his program was very enjoyable.

Another great Rotary program!

Thanks to both Chuck and Pete.

PROGRAM NEXT WEEK:
Shannon Rickert in charge. Mr. Richard Conners, Personnel Director for Bundy Tubing, will talk on the subject of EEOC (Equal Employment Opportunity Commission). New attitude of the commission effects everyone who employes people, regardless of number, large or small.

ATTENDANCE?

Little bit of hurry-------
Hat on the rack;
See a bunch of fellers
Slap 'em on the back.
Little bit of hooey,
Little bit of bunk
Little bit of luncheon
Swallowed by the hunk.
Little bit of smoking;
Speakers start to spout,
Look a little sheepish,
As you sneak out.
Maybe that is Rotary; Maybe it's not!
It that's the way you practice it,
You cheat yourself a lot!

PROGRAM:
Chairman Shannon Rickert introduced Chuck Woodward as today's speaker. Chuck took us along on his one week trip to Loon Lake in northern Alaska, during the early part of this summer. There was not another soul at the Lake during Chuck's stay. Chuck's total trip time to Alaska was six weeks. He was joined by three other men from Coldwater, for one two week period and another group of three men for a two week period.

There was lots of canoe trips. Chuck flew his own plane to and from Alaska. The trip was generally north of the Artic Circle.

Chuck's slides were of his week at Loon Lake. The ice had just thawed and flowers were in bloom. Chuck lived in a tent, prepared his food on his cook stove. He said he ate very well. Chuck found no fish in Loon Lake. The lake is above the tree line. There were mountain sheep in the area. The lake was in a valley in the midst of rugged mountain peaks. [redacted]uck showed us a Robin's nest and said that he found just one Loon (bird) on the Lake.

Drinking water came right from the Lake. The weather was great, with the exception of one day of rain.

Another very interesting travelogue by Chuck!

Worker: "May I take tomorrow off for my Golden Wedding anniversary?"
Employer: "Well, okay; but I hope I won't have to stand for this every 50 years."

PROGRAM NEXT WEEK:
Jim Lyon in charge. Speaker will be L. Brooks Patterson, Prosecuting Attorney for Oakland County. He will speak to us on prison reforms.

"Why don't people around here watch where they're going?" the new driver demanded. "This is the fourth car I've hit today."

Asked why it was no problem to get money from his father while other students found it difficult, a college freshman replied, "It's a snap, I just threaten to come home."

ROTOFACTS:

Below are some of the formerly used classifications by Coldwater Rotarians. These are now open and may be filled by any member of our community engaged in that type of business--provided he meets other normal Rotary Club Membership qualifications.

Farm and Home Oil Products
Retail - Fruit Growing
Farming - Flowers

PROGRAM:

John Dygert, introduced Wade Smith, Principal, Branch Area Career Center, who introduced our program on Future Farmers of America (FFA). We then heard from FFA member Scott Foster, student from Niles, Michigan. Scott brought us greetings from Michigan's 10,000 FFA members. Next, we heard from twenty-one year old Sam Brownbark, Vice President FFA in U.S.A. Sam was traveling better than 300 days during 1976, including 32 states - 4 foreign countries. He spent two months in Washington D.C., visiting government agencies, congressman and with President Carter. He said he found non-farm government people making important farm ploicy decisions. Sam said it was very important we all speak out to our representatives in government. Sam, who was in Russia for two months, said he was very grateful for the freedom we have in the USA.

Purpose of FFA is to develop leadership, and the ability to speak out. Degrees of membership are offered from freshman in high school to young people twenty-one years old.

Sam farms a 800 acre farm in Kansas with his dad.

Sam had alot to say to us, and he did it very well!

NEXT WEEKS PROGRAM:

Will be Representative Ernie Nash, member of our Michigan Legislature.

In the absence of Mark Feller and under the leadershipof Norm Youtsey, we abbreviated the singing, and it only proves that we miss Mark.

Program under the leadership of Dick Uhl who presented Ernest Nash-U.S. Representative from the 56th district which is Eaton, Clinton, and Ionia counties. He is a former member of the Michigan State Police for 18 years and was President of the International Association of Voice Identification from 1970 - 1974. This is his second year in the State Legislatureand is Vice Chairman of the Public Safety Committee. He explained the workings of the partisan politics and how this can affect the job of the Rules Committee. He also pointed out how a given state agency can alter the intent of a bill authorized by the legislature, and the need for reform in this area.

Nash also explained some of the proposed changes in the Single Business Tax as well as Unemployment Compensation and Workman's Compensation. He also discussed some of the current problems of the Transportation Package resulting from decreased revenues. The weight of cars has been decreased and taxes based on weight have decreased, and better gas mileage has reduced income from gas taxes. This reduced income must be made up from other sources or revised revenues. in order to provide the same services.

He also touched on the bill that would disallow unemployment benefits for teachers and other classified employeees unemployment benefits during the summer months when they would not normally be employed.

It was a most informative and interesting program supplemented by many questions from the floor which were answered by the speaker.

Note: Bob Seaman will be in charge of next week's program. Our guest speaker will be the Reverend Steve Fink from the New York office of the United Methodist Church. Rev. Fink is responsible for Missionary Recruitment.

HAPPINESS IS PARKING ON ANOTHER PERSON'S DIME!

PROGRAM: Bob Seaman in Charge. Bob introduced Dr. Bill Bauer, a Christian Missionary serving in India teaching college chemistry. Also is a basketball coach, player, and referee, per basketball rules in India. Bill's missionary work is directed by the United Methodist Church. He has served in India 17 years. He is on a year's leave of absence and spending his time at MSU gaining mini-computer knowledge which he can put to work in India.

Sixty to seventy percent of people in India do not read or write. Occupations include bricklaying, pottery, farming, carpentry, ice cream processing. Usually takes lots of labor.

India has modern buildings and industries that include jet aircraft and heavy electrical equipment.

The school where Bill teaches includes primary and college level education. Student body is approximately 55% Hindu, 35% Moslem & 10% Christian. The chemistry lab equipment dates back to 1935, but textbooks are current.

Prior to leaving, college students work on self employment schemes to match their talents to work available.

Bill presented a number of slides showing the India geography.

Another very informative program.

PROGRAM NEXT WEEK: Don Stine in charge and will have as his guest a speaker from the South Central Planning Commission.

PROGRAM:
Howard Taylor in charge. He introduced our Branch County Prosecutor, John Livesay, who then introduced today's speaker, Jack Scoder-the Asst. Director of the Regional Crime Unit that serves five counties, including Branch. Jack graduated from Central Michigan University, has attended numerous courses to continue his education. He now is doing some teaching. Program is now sponsored by the Sheriff's Dept. of the counties involved. Drug enforcement law is called Michigan Act 196, and according to Jack Scoder is a very workable law. The enforcement unit, because of limited manpower concentrates on drug dealers. Fifty percent of crime is committed by people connected with illegal drug traffic. The opiate in herion causes a person to become addicted Herion is creating most serious drug problem in our area. Throughout our nation alcohol is the most serious drug problem. There are twelve million alcoholics. Young people, particularly are using cheap drugs. The harm from these cheap drugs is unpredictable. The current drug of this kind circulating in the area is called PCP. Jack said LSD usage is very dangerous because it effects the mind.
Jack's talk gave us an awful lot to think about.

"The only way to have a friend is to be one." -Ralph Waldo Emerson-

Your Rural-Urban Committee promises something different for the program scheduled on Tuesday, October 18th. The guest speaker will be Mrs. Connee Canfield, of Decatur, Michigan. She will be representing the Women For The Survival of Agriculture in Michigan.
This group represents a large number of farm women throughout the state who are dedicated to creating a better understanding between the farm people & other citizens. They are giving attention to the problems of Agriculture, realizing that these problems actually affect many more people than any other industry. Everyone has to eat, and food production can be hampered by misunderstandings between farm and urban people. These women are devoted to the specific problems of farm production and are spending efforts throughout Mich. & Other states to create an improved understanding

AN American was trying to explain to a European how the U.S. Political system works. "First," he said, "a candidate throws his hat into the ring."

"Oh," replied the visitor from Madrid. "In Spain, we put the bull in the ring."

"Same thing," said the American.

PROGRAM FOR TODAY:

Gordon Schlubatis in charge. He introduced Mrs. Connie Canfield, of Decatur, Michigan, who represents the Women For The Survival of Agriculture in Michigan (WSAM).

Mrs. Canfield said organization is not highly structured. The ladies work together to get their message across to legislators in Lansing and Washington. Mrs. Canfield said we all need to know more about how our economic system operates in the USA, and the part agriculture marketing plays in our economy.

Mrs. Canfield's group has helped sponsor similar groups in about ten of our other states. WSAM has, also, aligned itself with a number of the other national woman's groups in the USA.

Mrs. Canfield, said individual phone calls and letters to our congressmen make a difference. She told us of some picketing the group has done, a first time experience for many of the gals, and the approaches used to get their point across in a non-violent way.

She said the gals try to be sure, along with their work, that they keep their humor.

A very enjoyable talk. Thanks, to Gordon, Mrs. Canfield and our club Rural Urban Committee for our program today.

NEXT WEEK:

Don Stine in charge and we will have a speaker, representing the South Central Michigan Planning Commission.

The COLDWATER *Rotary* REFLECTOR

Published by The COLDWATER ROTARY CLUB, Coldwater, Michigan

The Singingest Club in the U. S. A.

TUESDAY, OCTOBER 25, 1977

BIG NEWS:

Coldwater Rotary gains International Recognition through the wonderful record established by Harold Goodholm. Harold's picture and merits appeared in the Rotarian for November and we are all very proud of him. Think about it - 54 years of perfect attendance. In addition to this fabulous record, it should be remembered that if 52 meetings a year meant perfect attendance, Harold would probably qualify for 100 years perfect attendance. We all congratulate Harold - a wonderful Rotarian.

GOOD NEWS:

Rotarian Guests - Warren Wade from Bronson and Ray Ehl from Quincy - we think he might have been Jim Lyon's guest, but we're not sure. We are quite sure he was not Ed DeVito's guest.

Non-Rotarian Guests:

Cody Meadows - Representing Coldwater's Wall Street
Ruby Loehr - Ex-Star of the Tibbits stage
Sue Moore - from Vicksburg - Coordination of Public Relations Committee - South Central Michigan Planning Council.
JoAnn Toupalik - Student Guest
Don Steffey - Student Guest

BAD NEWS: Absentees:

Woody Craig	Keith Pearce
Jeff Dean	Shannon Rickert
Larry Donay	Alan Sward
Dick Fischer	Mike Toupalik
Bill Lymburner	Dan Ward
Bill Milnes	Lester Wise
Dick Moore	Charles Woodward

Our attendance record was #4 of those in our district and our size. We have been number ONE. Let's get to work fellows on those make ups.

GOOD NEWS:

Jim Troust and Bob Mann (what a combination) are both experienced in "passing the plate" and they did a remarkable job, as Sargents at Arms. Not only did they do well on the routine items, but they made the most of Harold Goodholm's honors. They asked for 54 proud Rotarians to contribute $1.00 each and went way over this goal.

PROGRAM:

In charge of Big Don Stine, who introduced Ex-Stage Star Ruby Loehr who is Vice Chairman of the South Central Michigan Planning Council. Ruby explained the function of SCMPC as an extension of local governments and introduced Sue Moore of Vicksburg - of the Coordination Public Relations Committee of this Council.

Sue explained the function of this council and told us that it is now almost four years old and has become very viable and effective.

It is an advisory council only, but they offer services to all local government units at either no-charge or at a low cost, and these are services the local governments might not otherwise be able to afford.

They encourage cooperation between various local governmental units and help to achieve a degree of consistency in the area which they serve - Barry, St. Joe., Calhoun, Kalamazoo, and Branch Counties.

She also showed us a set of Audio Supplemented Slides which proved most interesting, and pointed out that there were nine areas where this Council has been able to help local units. These are:

Water Quality
Local Assistance
Resource Recovery/Solid Waste
Economic Development
Housing
Growth Policies
Crime Commission
A-95 Review
Rural Transportation

* Driver to slow, pokey service station attendant: "Now I know where they put the lead they took out of the gas."

PROGRAM:
Dick White in charge of today's program.

Dick talked to us about cancer. Said recent Branch County campaign for funds for American Cancer Society was $37,000. Campaign was directed by Larry Donay. Results were 20% over toal, or $43,848. What an accomplishment! Branch County was first per capita in Michigan last year at .93¢ per capita. Hit $1.13 per capita in Branch County this year. State per capita average is .37¢.

Dick said problems of cancer effects all of us. That we all need physical check-ups regularly.

It is very important for all of us to be constantly aware of the seven early warning signs of cancer.

PROGRAM NEXT WEEK:
Mike Toupalik in charge. Film and promotional presentation about Gilmore Auto Racing Team.

* Goodwill is the foundation for world peace, which has its beginning at home--person to person--before it can become effective--country by country.

* Longfellow once said, "Music is the universal language of mankind."

PREZ. CHUCK SEZ:

Presented two year perfect attendance pin award to Norman Youtsey.

Rotary Show Committee reports that it is hard at work?

Club members should be thinking how they would like to have earnings from the show used in the community.

* Dollar scholar: Two co-workers were discussing the fact that they both had youngsters who were away at college.

"What does your boy plan to be when he graduates?" asked one man.

"I'm not really sure," replied the other, "but judging from the letters he writes home, I'd say he was going to a professional fund raiser."

PROGRAM:

Harold Goodholm filled in for Mike Toupalik and introduced today's speaker Jerry Hagen. Jerry talked to us about events in preparation as well as race day at the Indianapolis Speedway. Jerry is associated with the Gilmore-Foyt Auto Racing Team. A. J. Foyt won an unprecedented fourth championship at the 1977 Indianapolis "500" race. It took him ten years to gain the fourth win. There were over 200,000 people to watch the initial time trails at Indianapolis on a Saturday in May to see driver Tom Sneva break the 200 Indy mark, as the first driver at Indy to do so. Janet Guthrie, on the same day was the first woman ever to qualify for the race.

Over 300,000 people paid $12-$55 each on the day of the race for seats to watch the race.

A. J. Foyt's first prize winnings amounted to $259,000. Jimmy Rutherford, who came in thirty-third, won $18,000.

Jim Gilmore who resides with his family in Kalamazoo came by his interest in auto racing naturally as his dad raced over a dirt road, 1911 now M41, between Kalamazoo and South Haven, Michigan.

Jerry then showed us a film that highlighed some of the activities that surrounded the race this year at Indy.

NEXT WEEK'S PROGRAM:

Dale Treadwell in charge. Speaker will be Ken Conners who is a college freshman and National President of the Distributive Education Clubs of America (DECA).

Program Chairman: Carroll Barnes introduced Mrs. Dennis Holcomb and Mrs. Dick Fischer, who were our guest speakers. They talked to us about the problems of child abuse and the efforts being made to deal with those abuses. Mrs. Holcomb told us problems of child abuse go back many hundreds of years. That state laws dealing with abuse are not uniform through out the USA. That there have been one and a half million cases of known child abuse throughout USA in last ten years. Three hundred thousand children permanently impaired and fifty thousand deaths. There are no estimates of number of unreported cases of child abuse. Parents who abuse their children were probably abused children themselves. Mrs. Holcomb said scientific studies show that in the animal community, baby chimps and baboons are protected by nature against abuse.

Mrs. Fischer talked to us about the effort just getting underway to bring all of the combined talents and efforts of our communities social services groups and concerned citizens, together so as to more effectively deal with the child abuse problem. We saw figures that indicated child abuse problems happen both in homes where ADC is received as well as homes not receiving welfare.

Citizens are required by law to report suspected cases of child abuse. The identity of the reporting citizen is treated confidentially by law enforcement agencies. We will soon have a program by social services department people who will tell us more as to how Branch County is progressing in dealing with the child abuse problem.

A distrubing community problem we need to hear about.

NEXT WEEK; Les Wise in charge. Bob Teeter will be the guest speaker.

EDITORS NOTE:
Darrel Goble, at great risk to his sanity, has agreed to help in writing up and preparing for printing, this weekly scandal sheet. Darrel will be handling the Editor's responsibilities during December.
While we are at it, a special thanks to Larry Iveson and his able staff at the you guess Company for the weekly printing and mailing of our bulletin.

TODAY'S PROGRAM:
Chairman Les Wise introduced guest speaker Bob Teeter (son of Howard Teeter). Bob is very involved, as part of his work, in evaluting and being responsible for managing surveys for his firms clients. Surveys are conducted for those participating in politics, as well as many corporations.
As a result of his work, Bob was able to share some observations with us. There seems to be less people interested in participating in church, politics and organizations in general. There seems to be a high level of alienation and dissolutionment, perhaps the highest in our country's history. The reason seems to be that organizations, unions, business and government tend to be so large that it is difficult for the individual to feel as though he can effect a change.
The question then becomes, how can an individual function effectively within a large group? Bob suggested a new way would be better use of media similar to way Ralph Nader does in an attempt to achieve his goals. Bob's perception on the way it really is in life today, was highly informative.

NEXT WEEK'S PROGRAM: Chuck Woodward will be showing slides of Alaskan Trip.

MONEY TALKS

A man being interviewed by reporters on his 105th birthday was asked: "To what do you attribute your good health?"

"I don't know yet," he replied. "I'm still dickerin' with two breakfast cereal companies."

Program Chairman: Chuck Woodward introduced Bill Grimes as our speaker. Bill had a slide presentation of a trip north of the Arctic Circle made by Chuck, Bill, Dr. Bailey and George Thompson. We learned of some interesting facts-surprisingly warm days, good fishing and good food. This vast area is splashed with rugged beauty. The constant daylight and the plentiful fish whetted the senses for a similar experience of our own. The planning of the trip with its combination of shore fishing, canoeing and air travel was most impressive.

NEXT WEEK: Dr. Warren Adair in charge. Dr. Lynn Bondurant, curriculum director, will have a slide presentation - Frontiers of Space.

HOW CAN YOU MAKE THIS THE HAPPIEST CHRISTMAS OF YOUR LIFE? SIMPLY BY TRYING TO GIVE YOURSELF TO OTHERS. PUT SOMETHING OF YOURSELF INTO EVERYTHING YOU GIVE. A GIFT, HOWEVER SMALL SPEAKS ITS OWN LANGUAGE. AND WHEN IT TELLS OF THE LOVE OF THE GIVER, IT IS TRULY BLESSED.

NORMAN VINCENT PEALE

ATTEND DEC. 20TH MEETING... THE LAST ROTARY DAY BEFORE CHRISTMAS...

PROGRAM CHAIRMAN: DR. WARREN ADAIR INTRODUCED DR. LYNN BONDURANT AS OUR SPEAKER OF THE DAY. WE ENJOYED A SLIDE PRESENTATION OF OUR SOLAR SYSTEM. AND THE UNIVERSE. THE PROGRAM WIDENED OUR KNOWLEDGE OF THE GALAXY, AS WELL AS GIVING US A VIEW OF THE UNIVERSE.

SOME HIGHLIGHTS OF THE PROGRAM WERE SLIDES OF PLANETS EXPLORED BY OUR SPACE PROGRAMS AND ARTISTS CONCEPTIONS OF PLANETS WE HAVE NOT YET REACHED. CRAIERS OF THE MOON AND OTHER PLANETS WERE DETAILED.

DR. BONDURANT TOLD OF THE SUNS GREAT ENERGY. WE WERE SURPRISED TO LEARN THAT THE SUN COULD MELT 3,000 FEET OF ICE, IF SO COVERED, IN 90 MINUTES. THE FACT SUGGESTED THAT IN SEVERAL GENERATIONS STAR-CRAFT FROM OUR PLANET WILL EXPLORE OTHER SOLAR SYSTEMS. OUR SENSES WERE AROUSED AS WE WERE TOLD OF COMETS AND THEIR SPECTACULAR DISPLAY AS THEY ARE EITHER DRAWN TO THE SUN OR THROWN OUT INTO ENDLESS SPACE. DID YOU KNOW THAT SUN SPOTS AFFECT OUR WEATHER IN 22 YEAR CYCLES? REMEMBER THE WINTER OF 1955?

PROGRAM NOTES:

PROGRAM CHAIRMAN PAUL THOMPSON, INTRODUCED DR. SILVAN WITTWER AS OUR SPEAKER. DR. WITTWER TOPIC WAS "FOOD CROPS OF THE EARTH". MR. PHIL COLEMAN ASSISTED WITH THE PRESENTATION. THIS IN-DEPTH STUDY OF THE VARIOUS FOODS GROWN AROUND THE WORLD WAS VERY INFORMATIVE. MANY FACTS IMPORTANT TO ALL US WERE REVIEWED:

1. 95% OF THE WORLDS FOOD COMES FROM CROPS.
2. WE EXPORT 2/3 OF OUR GRAIN PRODUCTION.
3. WHEAT IS NUMBER 1 EXPORT CROP.
4. 1/3 OF CROP PRODUCTION IS LOST BEFORE HARVEST.
5. 30% OF FOOD CALORIES CONSUMED BY ASIANS IS DERIVED FROM RICE.

THERE SEEMED TO BE AN INFINITE VARIETY OF CROPS GROWN AROUND THE WORLD....

MAJOR PROBLEMS IN AGRICULTURE WERE NOTED AS BEING PRICE, TRANSPORTATION, LAND USE AND SOIL CONSERVATION. ALL OF THESE PROBLEMS MUST BE DEALT WITH, EVENTUAL SOLUTIONS WILL AFFECT US ALL. ONE FINAL AND VERY INTERESTING COMMENT, "WE ARE FARMING THE SUN!" THINK ABOUT THAT.... A FINE AND TIMELY PROGRAM.

PROGRAM NOTES:
Hal Creal in charge and introduced Kent Biringer, Rotarian Dick's son, as a speaker for today.
Kent works with a group of about 100. They are employed to work with solar energy research by Sandra Laboratories, a firm with a total of 7,000 employees, doing research for our US Government. The firm of 7,000 is managed by AT&T. Kent said that coal is the biggest non-reuseable resource for energy in our country; however, we use more oil than anything else. In the 1850's, wood was the big source of energy, then coal around 1900 and by 1950 it was oil. Kent said as early as 1915 solar power was used to operate an irrigation system in Egypt.
Solar energy research is being directed towards using both the heat and power generated. Cost is two times or more than other current energy, mostly because of the equipment needed. It will probably only become more economical as costs of other existing non-reuseable energy rise.
There are several types of energy including solar classified as reuseable; such as wind, ocean waters, and underground warm water. By the year 2,000 it is estimated that solar energy will supply 5 to 10 percent of the energy in the USA. Kent's work must be very interesting. His talk today was most informative.

NEXT WEEKS PROGRAM:
Bill Carlson is in charge and is tentatively planning a film from the IRS.

* "You look all broken up. What's the matter?"
"I wrote home for money for a study lamp," replied the college student.
"So what?"
"They sent the lamp."
