BRANCH COUNTY, MICHIGAN

RURAL DIRECTORY

The master copy of this directory contains the following sections of information organized for convenient reference.

1. GENERAL INFORMATION SECTION---contains a history of Branch County, Bronson, Coldwater, Union City, Quincy; a list of County Industries, a list of Branch County Officials, City & Village Officers, a list of abbreviations and directions on the use of this directory.

2. BRONSON STREET GUIDE--this section enables you to learn the name of the occupant of any given street address. It shows home ownership and telephone number.

3. BRONSON ALPHABETICAL SECTION--this section lists business places and home residents alphabetically. Included in the listings are: complete address, occupation, employer, wife's name and occupation, children's names and ages, and telephone numbers.

4. SHERWOOD & UNION CITY ALPHABETICAL SECTION--this section lists business places and home residents alphabetically. Included in the listings are: complete address, occupation, employer, wife's name and occupation, children's names and ages, and telephone numbers.

5. BRANCH COUNTY ALPHABETICAL SECTION--gives listings in alphabetical order according to family name. The information found in this section includes given name, wife's name & occupation with names & ages of minor children in parenthesis, occupation of the head of the house, house number, road on which subject lives, township, mailing address and telephone exchange. Names of persons who reside with others are listed in proper sequence alphabetically. (They are also listed in the Road Guide)

6. BRANCH COUNTY ROAD GUIDE --shows everything as it occurs along each road of the county. This sequence includes homes, landmarks, road intersections, mail route changes and the names of townships all in order as they occur. The houses are numbered to correspond with the keyed county map. The numbering begins with 100 at the Base Lines and increases 100 to each mile. Even numbers are on the south and west sides of the road and the odd numbers are on the north and east sides of the road. Telephone subscribers are denoted by the symbol Δ, acreage denoted by (a) and ownership denoted by ⊕.

The Home Edition of the Directory does not contain the Road Guide.

7. ADVERTISERS INDEX AND BUYERS GUIDE--contains advertisements and listings of our subscribers giving items, products and services they wish to offer residents of this county.

8. MAP OF COUNTY--this county map has been keyed for your convenience.

This information has been compiled from sources and by persons deemed to be reliable. We have tried to make this directory accurate but cannot guarantee a complete absence of errors or omissions and so take no responsibility for any that might appear.

How To Use Your County Directory

1. Find family name of the party you wish to locate in the alphabetical section of the directory. The information given in the ALPHABETICAL SECTION follows:

BROWN James A (Carol E:Betty 12, Mark 10) salesman 262
family name given name wife's name:children's name & ages occupation house number

Beard Rd Union Twp R2 Union City ΔNew Paris
road name township mailing address telephone exchange

2. Find the road on which the party lives in the Road Guide in your directory. (THIS SECTION IS NOT INCLUDED IN THE HOME EDITION). Numbered roads will be found in numerical sequence. Named roads in alphabetical order. The information given in the ROAD GUIDE follows:

BEARD ROAD ← _____ Road name or number

ORCHARD TWP ← _____ Township in which road starts. Township abbreviation-twp.
North from Francisco ← _____ Where road starts and general direction

Union City R1 ← _____ Mailing address. Town and rural route number. The address continues for all the names following until another mailing address is shown.
889 James John E ⊕120a
912 Beyer Cleo O
934 Brown Asa D Δ
937 ← Sanders Samuel ⊕40a House number
959 Smith Gus

UNION TWP ← _____ Enter new township

113 Rick Ray E ⊕60a Δ
Day Doyle E ← _____ This person lives with family above.
125 Maxwell Ivan N ⊕ ← _____ ⊕ indicates ownership
168 Rapp Nathan I ⊕40a ← _____ Acreage is shown by a
197 Lininger Paul M ⊕10a Δ ← _____ Δ indicates that there is a telephone at this address.
HERL ROAD intersects ← _____ Intersecting roads are shown
Union City R2 ← _____ Change of rural route is shown.
243 Ingle Fred N T40a ← _____ T indicates acres farmed but not owned
--- Woodlawn Cemetery ← _____ Landmarks are shown--helpful at night. Count the number of houses from landmark.
250 Vacant House
262 Brown Jas A ⊕20a Δ ← _____ Well, here is the man we're looking for. He lives in house number 262 or the third house after crossing Herl Road, or, at night you could find him easier as the second house after passing the cemetery.

3. Your convenient, keyed county map will be found at the back of your directory----- The simple way to locate a road on the map is to look first for the township as the township lines are clearly defined on your map. Now within the township, you can readily find the road you are looking for. By using your map and road guide you can easily tell how many homes there are from the county line to the first road intersection and their proper position along the road.

NOTE

The listing given above is a fictitious one, used only to show how information can be obtained from the directory. Pick out a family actually living in your county and follow the steps given above.

Hillsdale, Michigan

Branch County History

Branch County, now one of the thrickest sections of the country, was a primeval wilderness little more than a hundred years ago, inhabited only by the Pottowattomie Indians—a fact easily understood when we recall that at that time there was not a mile of railway in the entire United States.

While it is true that there were trading posts within the limits of what is now Branch County as early as 1825, the first actual white settler appears to have been Jabe Bronson, who made his home in 1828 in the locality now bearing his name—Bronson. It should be borne in mind that the entire population of Michigan in 1820 was less than 9,000, and not much more in 1828.

However, the old Indian Trail between Detroit and Chicago (now the Chicago Road or "US 12") saw great numbers of pioneers passing this way, bound for Illinois and other parts of what was then the "far west". The presence of the Indians deterred many who would otherwise have settled here.

It was in the year 1821 that Chief Topinabee and his people sold to the whites what is now the County of Branch and a vast area besides, though they still continued to occupy it as before, supposedly on reservations, one of which was a tract six miles square called Mikkesawbee, in parts of the present Quincy and Coldwater Townships. But the red men roamed everywhere, to hunt and fish as they chose, in what seemed to them a paradise, for the woods abounded in deer, wild turkeys, pigeons, squirrels and other varieties of game, while the many lakes and streams swarmed with the finest of fish, and walnuts, butternuts, Hickory nuts, hazelnuts and berries of numerous kinds were to be had in great abundance for the gathering. The deed conveying this goodly land to the government was signed by Topinabee, followed by Wawmickamack, Mayonchee, Atchwenucksee and numerous other braves then prominent in the councils and affairs of the Pottowattomies.

BRANCH COUNTY HISTORY - Continued

There were quite a number of beautiful prairies, notably at Coldwater, Bronson and Girard; but the great bulk of this region was covered with splendid forests of beech, maple, walnut, hickory, whitewood, elm, oak and other trees. Untold millions of lumber-feet of these trees were cut by the early settlers, piled in "log heaps" and burned in order to clear the land. Many streams wandered through the forests, and there were some ninety lakes, large and small, in what is now Branch County.

In the year 1829 Branch County was laid out and so named by the Territorial Legislature of Michigan. It was first attached to Lenawee County and later to St Joseph for judicial purposes. The name was given in honor of John Branch of North Carolina, Secretary of the Navy in President Jackson's cabinet at that time.

The year 1830 saw little hamlets spring up at Coldwater and Bronson, while a tavern was established at Quincy--all on the Chicago Road. On account of the lack of highways the settlements at the junction of the Coldwater and St. Joseph Rivers(Union City)and on the former stream at Hodunk were made several years later, although Girard Prairie had a few white settlers soon after Coldwater's inception. Both Coldwater and Girard had quite pretentious Indian Villages when the white man came.

From this time on settlement proceeded rapidly, as shown by the fact that Michigan's population increased from 31, 639 in 1830 to 212, 267 in 1840; but Branch County's early "boom" did not come until the Pottowatomies were removed to Kansas in 1840. Further impetus was also given by the building of the Michigan Southern & Northern Indiana Railroad across the county in 1850; this road later became the Lake Shore & Michigan Southern and is now a part of the New York Central System.

The county seat was first at Masonville, on the east bank of the river, in the west part of the present city of Coldwater, but was soon transferred to the ambitious village of Branch which held that honor from 1831 to 1842, when Coldwater won the coveted plum after an exciting and most memorable contest.

The county's separate existence dates from the year 1833, and its population increased steadily until 1900, when we numbered nearly 28, 000 people. The census of 1940 gave Branch County 25, 845, the movement into the large cities having taken toll from us as from most of the counties in Michigan.

Branch County has often been called "the garden spot of America", and certain it is that very few localities can surpass her for fertility, diversity of crops, and general prosperity of her people.

The County of Branch now has two incorporated cities: Coldwater, with 8, 880 people and Bronson with 2, 267; also three incorporated villages: Quincy, 1, 602; Union City, 1, 648; and Sherwood, 356(1960 census). Each has its own industries and sources of wealth and prosperity, by no means the least of which is the splendid agricultural country adjoining. The villages of Batavia, Girard and Kinderhook are not incorporated; and to these may be added several smaller hamlets about the county.

Largely on account of her many beautiful lakes--especially Coldwater, Morrison's, Matteason and Marble--Branch County is very deservedly winning fame as a popular summer resort. The Waltonian's fish-propagating plant near Union City bids fair to keep the lakes plentifully supplied for the tourist, the resorter and the sportsman.

Coldwater, Michigan

A progressive city of about 9, 000 friendly citizens, which in 1961 observed its 100th year as a corporate city, interested in world, national and local economic problems--a community that might well be called a city of churches, of organizations of all kinds, professional, social and religious.

Coldwater, the cross roads of Southern Michigan--an ideal community in which to live, work and play, with more than 90 lakes and streams within a 15-mile radius, its supervised playgrounds, its modern schools, both public and parochial, its progressive business district numbering more than 100 retail stores, its beautiful homes and streets--is an example of what a community should be.

We invite you to visit us and judge for yourself. Whether you are interested in a home, a business or industry, or just a vacation spot, we believe we can meet your exacting requirements, and we would welcome the opportunity of serving you.

Here are a few of the many advantages of Coldwater and its immediate surroundings:

Churches: Nineteen Protestant and one Catholic.

Seven modern public schools, five of them, including our \$1, 500, 000 high school, built within the past ten years, and a 12 grade parochial school.

Coldwater

COLDWATER, MICHIGAN - Continued

Supervised recreation for children of school age in two public parks and the various school playgrounds.

A modern hospital, the Community Health Center, with 150 bed capacity.

A municipally owned electric utility, with a present capacity of 7,000 kilowatts, which is now being expanded to 13,000, plus a 5,000 KVA tie-in with the Consumers Power Company.

Our lakes and streams for recreation, fishing, summer homes, picnics and all types of water sports.

Many completely equipped trailer parks, both adjacent to the city and around the lakes.

Two golf courses.

And of primary importance to all, whether it be for industry, business, home or vacation, an unlimited supply of pure fresh water.

Also of great interest to all is our location, where you are within a few hours drive of every major city in the North Central States.

OUR CITY GOVERNMENT - Since January 1, 1961 the City of Coldwater has been under a Council-Manager form of government, which we believe will result in a more efficient and economical operation, eliminating duplications and delay in execution of city business.

There are 47 miles of streets within the city, 30 of which are paved. Most areas are served with storm and sanitary sewers. Both storm and sanitary sewer systems are being rapidly expanded to include the many new subdivisions within the city limits.

The street department operates modern radio-equipped trucks and equipment to maintain our streets and provide good snow removal services. It also does a large portion of its own construction work.

A modern garbage disposal service, including a well-kept sanitary land fill, is operated by the city. Residential pickup service is provided on a twice-a-week basis at the customer's back door and is paid for on a utility basis by the subscribers.

Coldwater is now engaged in a progressive parking lot development for the down-town area. The city has been noted for its many paved lots, city owned, within two blocks of the business district.

COLDWATER, MICHIGAN - Continued

New areas have recently been acquired for an expansion of the parking areas which are to be paid for from parking meter revenues.

The City Engineering Department has plats of sites of all sizes that are available to meet any particular need. Such plats include contour maps, location of existing utilities and sizes and grades of proposed utilities to serve the needs of any specified industry. These plats will be furnished by the Department on request.

The staff of the City Hall includes 13 persons who handle the administrative duties. The Engineering Department is responsible for many of the services provided by the city. These include design and construction supervision of curb and gutter, street paving and storm sewer projects, maintenance and cleaning of streets, maintenance and design of off street parking lots, maintenance and installation of traffic controls including street painting, maintenance and operation of all city buildings and the 27 city-owned vehicles, stockpiling of materials needed for these services, garbage collection and the office necessary to carry out these various duties. The head of this department is directly responsible to the City Manager and Council.

Coldwater has a wide variety of business activity as indicated by its business census.

Although there are duplications in some categories, the lineup includes: 30 food stores, 30 filling stations, 22 general merchandise and apparel stores, 22 eating places, 12 furniture dealers, 17 automotive outlets, 15 lumber and hardware stores, 4 druggists and 23 other businesses for a total of 189. The business census also lists some 29 firms engaged in wholesale distribution.

Several years ago Coldwater business interests combined their thinking and activities in a unified group whereby all segments of the city could be brought together to further the community interest, under the name of the Coldwater Industrial Development Corporation.

One of the first projects was the selection of a location for the Industrial Park. The area selected provides adequate land adjacent to the main arteries of transportation, on paved streets, centrally located, with adequate power, water, sewer, natural gas and lighting facilities for subsequent industrial demands.

A location was finally obtained in the south-western section of the city, within a mile of both

Coldwater, Mich.

COLDWATER, MICHIGAN - Continued

U.S. 12 going east and west, and U.S. 27, going north and south. The right-of-way of the New York Central railroad runs through the 160 acres originally purchased by the city (with much private farm land adjacent that can easily be acquired) known as the Industrial Park. All this property is comparatively flat.

Coldwater is situated in southern lower Michigan, thirteen miles north of the Ohio and Indiana state lines, approximately half way between Chicago and Detroit, at the junction of U.S. 12 and U.S. 27. (U.S. 112 renamed U.S. 12 January 1, 1962.)

Fourteen miles south of Coldwater is the Indiana Toll Road connecting with Chicago to the west, and the Ohio Toll Road to the east.

23 miles north on U.S. 27 is I-94, the longest freeway in the United States, connecting Detroit and Chicago on a non-stop limited access highway.

Plans of the Michigan State Highway Department call for the completion of I-69, replacing present U.S. 27 from the Indiana state line to the Straits of Mackinac to the north, with a 4-lane limited access highway.

U.S. 12 from Detroit to Chicago is also to be a limited access highway in the near future.

Coldwater is served by passenger busses of the Great Lakes Greyhound and the Short Way lines.

The New York Central Railroad traverses the Industrial Park area from east to west, dividing it roughly into north and south portions. In the past the Railroad has cooperated fully in providing spur tracks to industrial and warehouse concerns requiring such service. Connections are made with the NYC "Airline" at Elkhart and Toledo.

The Branch County Airport, located 1 mile west of the Industrial Park, has three runways, two sod and the longest, 3500 feet, paved and lighted. It is adequate to accommodate any two-engine plane, and connects daily with the Battle Creek and Willow Run airports where planes of any size can be handled.

Coldwater is serviced with daily delivery and pickup by eight motor freight lines. Several other truck lines are licensed to serve the area, but are not daily or regularly scheduled services.

10-Branch County General
COLDWATER, MICHIGAN - Continued

Last fall a motor freight terminal was built in the Industrial Park, thus giving unexcelled service to all factories.

Coldwater has one hotel and eight modern motels with accommodations for about 400 guests. Most are within the city limits of Coldwater, none being more than three miles from the Industrial Park.

Bronson, Michigan

Bronson is an agricultural, industrial, recreational community, located on U.S. highway 12 in the south-central part of Michigan.

Bronson is a modern, up-to-date city with a population of 2,500. The community is very proud of its modern schools, fine shopping facilities, new and modern sewage disposal system, well kept residential district and the many fine industries located here.

There are several new and modern homes for sale as well as desirable building sites for both homes and industries.

Bronson is proud of its many fine industries and the goods they produce. A few of the larger industries located here are The L. A. Darling Co., world's largest manufacturers of store display fixtures and removable "Work Wall" partitions; The Douglas Manufacturing Division, home of Kingston vacuum cleaners and manufacturers of automotive electrical parts; The Bronson Reel Co., manufacturers of the world's finest fishing reels; Bronson Specialties, Inc., Dies, Tools, Jigs and Fixtures; The Bronson Plating Co., Plating and Metal Finishing; Roberts Motor Co., and Craft Metal Fabricating Co.

There are 5 Protestant Churches and The St. Mary's Assumption Church in Bronson.

In addition to the boating, fishing and swimming at the many lakes in the area, there are many other recreational facilities available in and around Bronson.

The Bronson Bowling Alleys offer modern, well kept bowling facilities from August through May 15th of each year.

The new Bronson Theatre is one of the most modern theatres in Michigan and run only first line movies.

The Branch County Sportsman's Club (located 2 miles north of Bronson) has excellent trap & skeet shooting facilities for the scatter-gun enthusiast. Shooting the 2nd Sunday of every month the year around and every Sunday from September 1st to October 15th.

A drive through the countryside might be to your liking. Very often Deer can be seen feeding along the woods or in the fields just before dark in the evening. Or perhaps you would like to see acres after acres of Gladiolus in bloom, you will look a long time to see a more beautiful sight. This area is one of the largest Gladiolus producing regions in the world.

Union City, Michigan

Union City derived its name due to the fact that at this very point the Coldwater River and the St. Joseph River joined with each other. The St. Joseph River starting at Baw Beese Lake near Hillsdale and the Coldwater River originating from the lakes at Coldwater. From the junction of these two streams at Union City, the river is known as the St. Joseph River and flows westward into Lake Michigan at St. Joseph, Michigan.

In the late 17th century French explorers established a trading post here as they pushed westward into the unexplored middle west via the St. Joseph River.

At one time Union City was the head of navigation on the St. Joseph River with St. Joseph, Michigan as its lake port. In the early thirties the Government appropriated \$50,000.00 to improving navigation in the river westward from this village.

Large quantities of "bog" and "kidney" iron-ore was mined here, in those days, and shipped by water. The water-power at this location fostered large lumbering mills as well as the "Union City Iron Company".

From the time of the Indians, the St. Joseph River was their favorite fishing stream and has remained a lure to fishermen to this date.

UNION CITY - Continued

Union City is located half way between Jackson and Niles on Truck Line M-60. Population of Union City is approximately 2000 friendly folks.

Union City is a good and friendly community in which to live and work. The residential section is well-kept up and attractive. There is a wide and well-laid out business district with modern stores, including supermarkets, hardwares, variety, drygood and jewelry establishments; a theatre, weekly newspaper, restaurants and a number of other outlying business places. There are approximately 400 dwelling units here and these are 100 per cent occupied. New construction is constantly underway, however, and several beautiful new residential sub-divisions are now laid out. Commercial and professional services here are very complete. An old town, as Michigan communities go, Union City was founded in 1833, in the heart of Indian country. It has a rich lore in the early history of Michigan. Never a "boom" town, it has shown slow, but steady growth in its more than a century and a quarter of existence. Union City is located on the "Air Line" of the New York Central railroad system. The Greyhound Bus Lines operating between Detroit and Chicago over M-60 makes regular stops here providing passenger transportation. Five truck companies, Superior, Alvan, Consolidated, Inter-State and Hooker provide freight service via the same route and between Coldwater and Battle Creek.

Union City has long been noted for an excellent and progressive school system. It embraces a large district, which reaches into two counties. The modern high school has been continuously accredited by the University of Michigan since 1892. Only one other school of this size in Michigan can match that record. A new elementary school was built in 1953 and a large addition added to it in 1956. The system employes 50 teachers, all but a half dozen owning their own homes in the community. A fleet of 18 school buses provides educational opportunities for secondary pupils in the surrounding area.

The Municipal Power Plant has a Consumers Power Co. Tie-in, assuring adequate electric power for industrial and residential needs.

Quincy, Michigan

Manufacturing sites available along the busy New York Central Railroad. Quincy is the busiest station in the division. Centrally located on US 12 105 miles west of Detroit and 185 miles east of Chicago. Excellent road system in all directions. Quincy is approximately halfway between the Indiana Turnpike and I 94 Expressway. The new US 27 will be four miles from Quincy.

Street Guide

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given and opposite the number is placed the names of the occupants. In all streets both sides of the street are included in one list.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.

The telephone number follows the symbol Δ denoting houses and places of business having telephones. All telephone numbers are preceded by the prefix 369.

Dup is a special abbreviation used for Duplex.

Branch County, Michigan

Alphabetical Listings

These listings give in order: family name, given name, wife's name, occupation, and names and ages of minor children in parenthesis, employment and employer, road address, name of township, mailing address, and telephone exchange. When the telephone exchange is the same as the address only the telephone symbol (Δ) will be shown. Houses in Branch County are numbered. These numbers correspond with the county map found at the back of your directory. The numbers on the edges of the map indicate the house numbering system. Numbers start with 100 at the Base Lines and run 100 to the mile.

See General Section of this directory for a more detailed explanation of the Alphabetical Section. Following is a list of special abbreviations used in this section.

Algnse-----	Algansee	Cdwr St Home-----	Coldwater State Home

Road Guide

In the following list the roads are arranged alphabetically including the State & US highways. The house number is given & opposite the number is placed the names of the occupants. The symbol Δ indicates that there is a phone at that address but no telephone numbers are given.

The number of acres follows the name of the occupants with a symbol \otimes if it is owned by the occupant & the letter T to denote acres farmed but not owned.

Each township line is designated as is also mailing addresses and intersecting roads.

The letter & number after each road name is the map key symbol.

For a more detailed description of use of the road guide see the general section of this directory.
