## HISTORY OF COLDWATER

When the first white people came to this vicinity, they found this area inhabited by the fierce and warlike Pottawatomi Indian. Although the old Indian trail between Detroit and Chicago (now US 12) saw great numbers of pioneers passing this way, bound for Illinois and other parts of what was then "the far west", the presence of the roving bands of Pottawatomi Indians deterred many who might otherwise have settled here. The defeat of the British in the war of 1812 and the death of the great Indian leader, Tecumseh, in 1813 caused the Pottawatomi to lose heart and in 1821 Chief Topinabee and his people sold to the whites what is now Branch County and a vast area besides, although they continued to occupy it as before, supposedly on reservations. One of these reservations, six miles square, was in Coldwater and Quincy Townships.

The present city of Coldwater occupies part of what was then a beautiful prairie, some three miles long from east to west and a mile or so wide. It was dotted with oaks, with an occasional elm, but bordering this prairie were magnificent forests of beech, maple, walnut, whitewood, elm and oaks, interspersed with many streams and with some ninety lakes, large and small in what is now Branch County. With 1-69 barrow pits and other private lakes, we now number 152 lakes in the county in 1975.

It was natural therefore that our first white settlers came to trade with the Indians. In 1822 Joseph Godfrey established a trading post near downtown Coldwater and a little later that year one Marantette established another post where Oak Grove Cemetery is now located.

In the year 1829 Branch County was laid out and so named by the Territorial Legislature. It was first attached to Lenawee County and later to St. Joseph. It was named in honor of John Branch of North Carolina who was President Jackson's Secretary of the Navy.

The first log house was erected in 1830 by Hugh Campbell on the present site of the Masonic Temple. In 1831 Allen Tibbits and Joseph Hanchett platted a village here calling it Lyons. It ran from Jefferson Street to Monroe Street and from Church to Washington Street. In July 1831 Mr. Tibbits preached the first sermon. There were 50 whites in Branch County at that time. This same year A. F. Bolton erected the first frame building—a hotel—at Masonville. Masonville was a settlement on the east banks of the Coldwater River in the west part of the present city and covered the territory from the river and east to the intersection of West Pearl Street and West Chicago Street. On the strength of this hotel, Masonville was made the County Seat. Masonville did not hold the honor long as the ambitious village of Branch, which was located south of our present airport near the present Black Hawk Mill, won the coveted plum and held the county seat from 1831 to 1842. At the time it became the county seat, it had only one log house—but it had ambitious politicians. The Coldwater Post Office was at Masonville.

In 1832 the first school was started with nine pupils and with Cynthia Gloyd as teacher. The first store was established by Silas Holbrook; the M. E. Church was founded with five members; and the first sawmill was erected at the junction of Davidson and Clay Streets.

In 1833 the name of Lyons was changed to Coldwater, from an old Indian name "Chuck-sey-ya-bish" meaning cold water, Branch County, as such began its separate existence, being previously attached to St. Joseph County and a sheriff, clerk treasurer and register of deeds (one office) and probate judge was elected by the people.

In 1834 the "old red schoolhouse" was erected at the corner of Pearl and Hudson Streets. Today, the spot is still being occupied by our schools. The area was purchased by the city and now is being prepared for county use where the school stood.

In 1835 Masonville was platted on the east bank of the Coldwater River and again struggled to become the county seat. That year the Baptist Church was organized with sixteen members.

In 1836 the first church was built in Coldwater by the Methodists. The village had twelve houses and was growing. The next year Coldwater was incorporated as a village having a population of 140 people. Dr. Alger, traveling the Chicago Road from Detroit to Chicago, found at this time 33 taverns between Quincy and Sturgis, indicating the tremendous westward immigration through here at this time. 1837 was a terrible year for malarial fever, 32 out of 140 people died that fall. The cause was said to be the Clay Street milldam and the angry citizens, taking the law into their own hands destroyed it. This year the first newspaper, *The Observer*, was issued and the Presbyterian Church organized with sixteen members.

It is indeed interesting to note that two things always occurred as a few families settle close together. Schools and churches are the first to be organized. Our ancestors believed as we must—religion and education are the necessary units if we must continue to advance in civilization.

## HISTORY OF COLDWATER-Continued

In 1840 the Pottawatomie Indians, except for a few stragglers were removed to the far west. This opened for settlement much of the land of Branch County which had been designated as Indian reservations. It also helped bring in many new settlers who had been deterred by the presence of such a large Indian population in the County. From this date the progress has been steady.

In 1841 Albert Chandler founded the Coldwater Sentinel and in 1842 Coldwater became the permanent County Seat, supplanting the village of Branch and blasting Masonville's hopes.

In 1844 two churches were built-the Baptist Church was built on the north west corner of Monroe and Pearl, and the Presbyterian Church was built on the present site of the new building of today, but was sold in 1868 to the Lutherans who moved it to its present location on S. Jefferson Street.

In 1846 the first jail was erected. Also the voters voted against the sale of liquor.

In 1847 the county voted to build a brick courthouse by a majority of 27. A majority of 27 was the same when the proposition to build the present one carried 40 years later. This one burned down on December 5, 1972 and another new courthouse started construction in the fall of 1974 on the same spot. Also this year the Masonic Lodge was established.

In 1849 the telegraph lines reached Coldwater and St. Charles Catholic Church was founded

1850 was a banner year for the growing village. The first train arrived and Coldwater was connected directly to the populous East.

For many years Coldwater and Branch County were noted for their horses. The start was made in 1851 when A. C. Fisk purchased Green Mountain Black Hawk for the then enormous price of \$1500. Many people now living can remember the various race tracks in and around Coldwater. Raising and training race horses was a big industry for many years. In 1851 Coldwater boasted 370 houses, but the first of many disastrous fires destroyed eight stores in the business section during the winter.

In 1854 another disastrous fire along Main Street caused the village Board to prohibit the erection of any frame buildings from Clay Street to the parks. This was the first zoning acted upon in the community. The Main Street today, because of this action, is built of brick. Also this year, Oak Grove Cemetery was established, which continues to expand. There had been two earlier cemeteries-one at Masonville, which today is a cultivated field-the other on Morse Street which contains tombstones recording burials from 1835-1857. The present cemetery board maintains this burial ground even though there have been no burials since 1857.

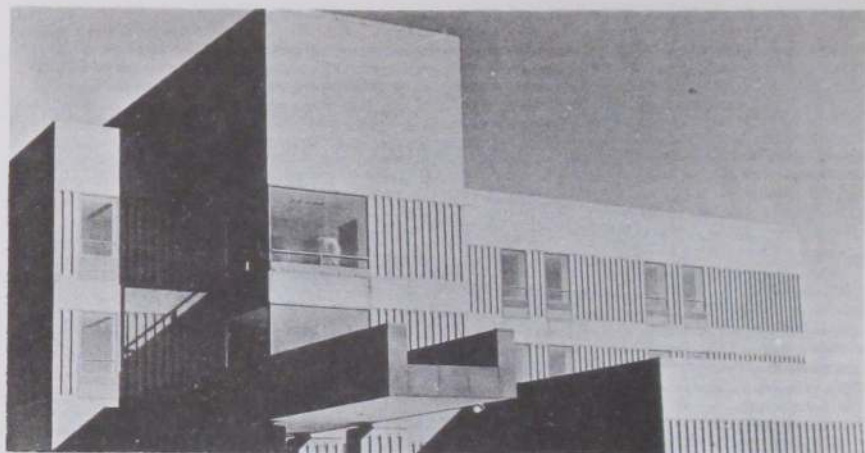

In 1856 because of the many fires the first fire company was organized with Clinton B. Fisk as foreman. Everyone was proud of the "Excelsior" the hand pump that was purchased.

In 1857 the corner stone of the Episcopal Church was laid-it was completed in 1862.

In 1861 Coldwater became an incorporated city. That year Coldwater Leight Artillery-later called the Loomis Battery-left for the war with six brass cannons and 120 men, only 49 of whom returned home three years later. Coldwater, even as her men have done in the years since-paid for her existence with the blood of her youth. Many other Coldwater men enlisted in the 1st Michigan Infantry and the list of casualties were large for such a small town. It is said over 500 men from Coldwater fought in the Civil War. To show how the raising of horses had grown in the county during the war years of 1861-65, over 3,000 horses were brought here for use in the Federal Service.

In 1865 the war ended and the soldiers returned home. That year Coldwater had its first millionaire. S. M. Siely made \$1,500,000 in oil speculations. In July the Coldwater National Bank opened and Coldwater became a money order post office.

The town continued to grow steadily after the war. In 1866 the first hospital was established where the Elks' Temple now is located. One hundred new buildings were erected and new industries located here. The industries, at this time, consisted of flour mills, an oil mill, breweries, a wheel barrow factory and many small factories making cigars. By 1870 there were so many cigar makers that a Cigarmakers Union was organized and functioned for many years.

HISTORY OF COLDWATER-Continued

In 1870 the Lewis Art Gallery opened. For 25 years until its removal to Ann Arbor this gallery attracted visitors from all parts of the country.

The "Seventies" was a period of railroad building and Coldwater was caught up in the spell. Two roads were chartered-the Mansfield, and Coldwater and Lake Michigan Railroad-and the Coldwater Railroad. Neither railroad was ever completed. The collapse of the Mansfield Railroad cost the investors of this vicinity \$200,000.

In 1876 an interesting item was noted. The English sparrow was introduced by Captain Mansfield and George Firth. Today it is difficult to believe that this "pest" hasn't been here always. In 1800 the first bicycle was brought to Coldwater. 1881 was an exciting year for Coldwater. A series of fires caused suspicion of incendiarism. After an investigation, several firemen who confessed were sentenced and served prison sentences. Chief Drake, after a lengthy and expensive trial, was acquitted. The cause-they needed new equipment.

In 1882 the Bell Telephone began business. In 1886 the Public Library building was dedicated-a gift from the Hon. E. R. Clarke. In 1887 an idea began that has since grown to large proportions and has meant much to Coldwater and Branch County. This was "the-cottage-at-the-lake" idea begun by 10 members of Jacob Commandery at Templar Beach, Morrison Lake. Today the spread of this idea has seen the shores of most of the over 100 lakes in Branch County covered with homes, both year around and summer. Today, the money brought into the county and city each year by the summer visitors make it one of our best industries.

In 1888 a small private company started electric street lighting. Three years later in 1891 they sold their property to the city which has maintained the electric service since that date. In 1890 the first city water system was installed by vote of the people. This system was joined the next year by the light plant and Coldwater was in public utility business to stay.

In 1905 the present city charter became law. It has been revised, added to, etc. by charter amendments many times since that date, but the charter of 1905 is still the basis for the government of Coldwater.

By 1912 Coldwater, a growing city, felt the need of parks and recreational facilities. A park and recreation board was established which today has given Coldwater the splendid parks which are enjoyed so thoroughly.

And so through the years Coldwater has grown-steadily at times-by spurts at other times. Slowly, but ever forward toward making it a better place to "live, worship, and play." Many men and women have made their contributions-some large, some small, but each his bit-and thus Coldwater today.

In 1960, July 1, Coldwater's Centennial Committee held its initial meeting to start plans for a municipal observance of the historical anniversary in 1961. General Chairman, C. J. Medendorp, presided with 20 members present. July 4, Independence Day was observed in an all day celebration at the 4-H Fairgrounds including fireworks at night, the first since 1933. July 28, 29, 30, first sidewalk sale days held in downtown Coldwater, reported to be a huge success.

## COLDWATER CENTENNIAL

1961 was a big year in Coldwater for it was February 28, 1961, the year that marked Coldwater's 100th year as an incorporated community.

Coldwater, slated to celebrate its Centennial in a grand fashion in July, inaugurated its year long Centennial observance with a ceremony in the City Council Chambers on the evening of February 28, Mayor Arthur G. Lyon presided and the Reverend William A. Harrington, pastor of the First Baptist Church, offered invocation and the benediction. Coldwater's history was sketched. Prominent Coldwater Citizens in the earlier days were mentioned and the original minutes of the historic session of Coldwater's first council meeting on February 26, 1861, were read. Coldwater's first mayor, Albert Chandler, was honored. Governor John Swainson issued a proclamation proclaiming a statewide observance of February 28, as Coldwater Centennial Day. City officials, representatives of the Centennial Committee, a Boy Scout troop and other interested citizens attended.

Much preparation was necessary to ready Coldwater and its citizens for a year of events and the concentrated week long celebration from July 2-8, a week which many Coldwater natives considered the most cultural, educational and entertaining observance in Coldwater's history.

The first sign of celebration slowly became evident through the increasing number of beards worn by anxious male citizens who could not wait for the official starting date.

A giant organization of hundreds of Coldwater citizens organized and planned the celebration with the entire community participating. The John Rodgers Producing Company was hired to consult and assist committees and direct a giant pageant with a cast which included nearly 500 people.

The Centennial Belles began organizing on May 1, just after the Brothers of the Brush, who held their first organization meeting on April 3. The organization of women and men to dress in the garb of yester-year eventually provided the necessary atmosphere for a celebration to give prominence not only to entertaining events but to the cultural and educational as well.

After tireless work by Coldwater Centennial Committees the citizens were prepared for the week long celebration which finally arrived.

Sunday, July 2, was appropriately named "Faith of Our Fathers Day" selected to launch the week with a religious service at Cardinal Field. Threatening weather forced the service into the Coldwater High School gymnasium. A huge centennial choir with over 200 voices under the direction of Wayne Feiler performed.

Earlier a fly-in breakfast welcomed planes from the Tri-State area. St Charles served dinner to hundreds of costumed gals and bearded gents at noontime. Weather held down both attendance and the appearance of many planes.

On Monday the hospitality center opened at the Masonic Temple to welcome all out of town guests, over 2300 of whom were sent special invitations.

The Center remained open from 9:00 AM to 9:00 PM Monday thru Saturday. At noon on Monday the Senior Citizens sponsored a potluck dinner at the Methodist Church and immediately after came the unveiling of a new historical marker in Military Park with special recognition to the City's oldest residents and descendants of Coldwater's pioneer families. The Coldwater Kiwanis Club donated the marker to the City. Present was Mrs. Remina M. Barnes, 99 years old, who was born a year after Coldwater became an incorporated City. Monday was a beautiful day and for the remainder of the week, we were blessed with perfect weather, so necessary for the overall success of the week's festivities.

Dignitaries including Congressman August Johannsen, Representative Frederic Marshall, and Flint's mayor were on hand to see the crowning of Centennial Queen, Joyce Cooper, and the Queen's Ball, with round and square dancing in the street in front of the old Tibbits Opera House to close the festivities for the day.

Tuesday, July 4th was Young American Day and the giant pageant would have its opening performance in the evening. A Boy Scout Show and Do Fair, a children's pet parade, a watermelon eating contest, go cart racing, bicycle racing and Little League Baseball were all held before dark set in. The pageant "Ten Decades of Destiny" drew a capacity audience of 1500 persons its first performance night. The magnificent lighting, staging, costuming and performance insured attendance success for the remaining four performances. Coldwater's colorful history was unfolded in good fashion with the giant production truly living up to its pre-centennial hopes. Professionally produced and a "spectacular" in every sense of the word, "The Story of Coldwater" starting with the Indians and the first settlers of the village, was told in 20 episodes and provided 90 minutes of gaiety, tragedy, comedy and dancing.

The stage was as large as a football field and had 300 feet of scenery. Rehearsals began in early June to prepare for the giant pageant.

The highlight, from the cultural aspect, was the Coldwater Reporter's successive articles honoring Coldwater's authors of the past. This was made possible through the efforts of the Coldwater Public Library who culminating this feature with a tea on Wednesday honoring the authors of Coldwater during the past ten decades.

Other events, including judging of authentic, original and family groups, special luncheons, and various group gatherings, were a part of the days activities. A costume judging contest was very well participated in and was held as a pre-pageant ceremony which was for the second night, a near sellout.

16-Coldwater-Quincy General  
COLDWATER CENTENNIAL-Continued

Centennial Farm plaques were presented at the pre-pageant ceremonies on Friday, another successful pageant from the performance and attendance standpoint. Downtown Coldwater was crowded for the second Friday night with the Kangaroo Court and Keystones Cops throwing non-bearded, out of uniform or other offenders, behind bars for not obeying centennial regulations.

The seven day observance of the City's 100th birthday reached a colorful climax Saturday when upwards to 20,000 persons jammed the downtown area to watch a giant parade. The crowd, believed to be the largest ever assembled in Coldwater for a single event, packed both sides of Chicago Street for seven blocks, witnessing a procession which took 75 minutes to pass.

Many of the units continued on to Coldwater State Home to be viewed by the children there. Centennial Queen, Joyce Cooper, and member of her court rode on a float provided by the Industrial Division of the Chamber of Commerce. The lead car for the parade included Mayor Arthur Lyon, Senator John P. Sneekens of Coldwater (who had just returned from Berlin), Chamber of Commerce President, Harold Smith and the Centennial General Chairman, C. J. Medendorp.

Karen Jean Southway of Wyoming, the newly crowned Miss Michigan, made her first public appearance since her crowning only two days prior and Michigan Dairy Princess, Marjorie Mueller, of Saginaw also rode in open convertibles.

The largest crowd of the week closed out the festivities at the pageant with both Miss Michigan and the Michigan Dairy Princess in attendance.

The activities by the many organized Chapters of Centennial Belles and Brothers of the Brush are too numerous to mention but were contributing factors in the financial success of the pageant. To close the year of festivities, a time capsule containing data and mementos relating to the year's Greater Coldwater Centennial observance was buried in a ceremony, in the northwest portion of the downtown park area. A marker placed beside the Capsule directs that it be unearthed 50 years hence on February 27, 2011. The "burial" marked the last official act of the Greater Coldwater Centennial Commission.

Citizens of Coldwater willingly underwrote the initial expense of the celebration in the amount of \$1,000 and were reimbursed all of their money through the profits received. All profits were donated to the Coldwater Student Loan Foundation and the Tibbits Opera House Fund.

To leave out many of the names of Coldwater Citizens who played the role of success for the celebration seems to be unfair but the City is forever grateful to them.

1961, a year of celebration, was one never to be equaled in Coldwater for some time to come.

### TIBBITS OPERA HOUSE

The Tibbits Opera House opened in 1882, when Coldwater was still a city with unpaved streets. Because there were no telephones and no automobiles, crowds had to come by carriage and by train, and the only method of advertising the Tibbit's offerings was word-of-mouth.

However, word spread and the excitement was contagious. Coldwater was one of the few places in this nation, then quite young, which had a social and cultural center. It was also the only place that could boast an Opera House "second to none."

The theatre boasted timeless architecture, excellent acoustics, splendid furnishings and only the finest of entertainment. Otis Skinner, John Philip Sousa and his band, DeWolfe Hopper in "Tang" with comedian Mack Sennett in the chorus, Field's Minstrels, Norman Hacket, Ethel Barrymore, and many, many others played the Tibbits Opera House.

Barton Smith Tibbits built his opera house with wisdom and vision and after his death, Joseph Henning carried on the rich traditions that Tibbits had established. The aim was high, and due to the nature of the house, the enthusiasm of a populace hungry for entertainment, and the foresight and taste of Tibbits and Henning, the theatre was an unqualified success.

Since the early days of the Tibbits, many attractions have been presented. In fact, for a short time, the Opera House was turned into a motion picture theatre, catering principally to the small fry of the community with serials and Saturday afternoon matinees.

Since the theatre reopened in late 1963, since the renovation of the theatre has been undertaken, a great many of the worlds most famous theatrical personages have performed for Coldwater

## OUR COMMUNITY

Fascinating, indeed, is the Branch County area, centered around the progressive little city of Coldwater. Although it has just under 10,000 population, it is now known as the fastest growing area in South Central Michigan! Coldwater was incorporated 110 years ago. Over this span of years, it has grown slowly, but steadily, and now has accelerating development, offering a desirable economy within environmental control.

Our countryside offers more than a hundred beautiful lakes and streams, with picturesque landscape, dotted with residential suburban grandeur, pleasing to the eye.

A good year-round place to live, work and play, recreational opportunities abound at our many lakes and parks throughout the county. You have a standing invitation to join our many thousands of visitors that view our scenic Branch County all through the four seasons every year.

Here is where sportsmen enjoy great fishing... hunting deer, pheasant cottontail... where each year there are more out-of-state fishing licenses sold than any other county in the State of Michigan... where resorts and vacation housing facilities are booked ahead, in some cases, for several months.

You may be struck with awe on a winter's fresh, crisp, sunny morning after a Michigan snow storm, to behold the white, sparkling beauty of mother nature; or be pleased with a warm summer day, as cool fresh breezes greet you in a shady nook of your favorite lake retreat. All these things are possible in the former land of the Potawatomi Indians where head waters of the St. Jo. Valley forms a river (the "red man" called it Chuck-sey-ya-bish) crossing the old Chicago trail near the Indian trading post. We are all proud that this area today is referred to as the "Gem of Michigan".

The beautiful scenic Coldwater Country Club 18 hole golf course, is located on the banks of the historic waterway leading to Lake Michigan. Club officials have been informed by some high ranking professionals that they rate this golf course as one of the best in the Middle West. It is complimented by three other very fine nine hole courses within a few minutes drive.

It is no wonder that the many new incoming industries and their officials are attracted by the environmental climate that give their employees a better and more meaningful life. The Coldwater area has about 50 diversified industries, big and small, that help to give our community a steady and healthy economy. The so-called "slow-down in the economy in 1970" turned out to be one of Branch County's best years, with three major industries coming into the area, and our four financial institutions increased their deposits over six million dollars. More than twenty new commercial and industrial buildings were under construction with the city limits of Coldwater during the slow-down period and the construction has continued at a satisfactory pace in 1971-72. The city has one of the 19 outstate certified Class A Industrial Parks and is growing rapidly, with a community sponsored shell building program, that has helped in the recognition of our area.

Our largest employer is the Coldwater State Home and Training School, with a year-round employment of over 1,100. Two of our oldest industries, a foundry and shoe company, employ 500 and 300 respectively. An automotive bearing distribution center employs 400 and many small diversified industries are located here.

Social and cultural activities center around Coldwater's historical Tibbits Opera House, built in 1882. Recently, this well-known old building, famous for its near perfect acoustics, has been completely restored through the efforts of a dedicated community, determined to keep alive the traditional high quality and programming of "the finest in the land", the dream of its founder. The interior walls are graced with paintings from the famous "Lewis Art Collection". The Tibbits Foundation sponsors professional summer stock plays, community winter concerts, Branch County Arts Council, Coldwater Community Theatre, civic and service club programs, according to the availability of the theatre.

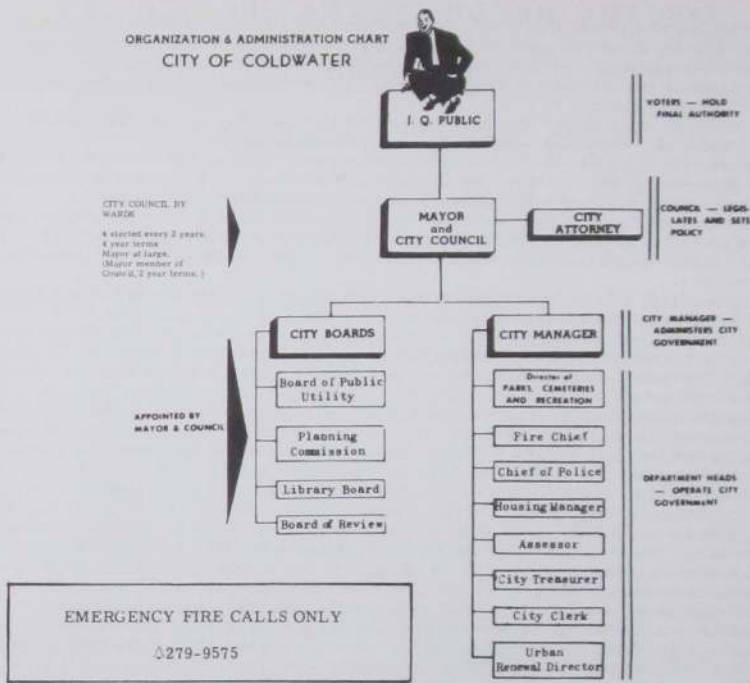

Some of our local pride must be given to the Health Center of Branch County, as they have just completed a three million dollar hospital expansion, that gives our area one of the best modern medical facilities in the central west. Also, we have an outstanding Coldwater Community School District, comprising of one senior high, junior high and eight elementary schools, with the system enrollment of about 4,600 pupils. Our citizens show additional pride in supporting various denominations of about 60 churches in Branch County where you are welcome as a visitor, to attend the church of your choice.

From small acorns come great trees and in 1888 a small electric light plant was started and today the Coldwater Board of Public Utilities can produce 16625 KW. They also have a tie-in of 5000 KW with the Consumers Power Company. This company furnishes power and service for most of Branch County outside the city and is available for Coldwater industrial expansion whenever needed.

In this day and age of inflation and expansion, it is interesting to note, that Branch County tax roll fifty years ago was \$25,289,220 and today the state equalization county tax roll is now in excess of \$150,000,000. Also, it is interesting to know, fifty years ago our most desirable lake lots sold from \$50 to \$100 and today they are in excess of \$10,000. So this leads us to believe that an investment in Branch County real estate not only assures the investor good reasonable security, but an opportunity to live in an area of clean air and water, free of radical violence occurring in our larger cities. We welcome you to come or remain in "The Land of Hospitality"

Coldwater deligation partispating in the dedication of Sister City relationship between Coldwater USA and Soltau West Germany

## "SISTER CITY AFFILIATIONS"

One of the nicest and most meaningful things that ever happened to Coldwater was becoming a "Sister City" to Soltau, West Germany, in 1970. Since that time there is every evidence that this same feeling is reciprocated by the good people of Soltau. A city wide enthusiasm and the eye opening experiences that have evolved from our deepening friendship with Soltau is apparent. Coldwater is one of some 200 cities in the United States connected with the Town Affiliation Association which comes under the auspices of the US State Department.

In 1968, Casey Medendorp, his wife Ruth and son David, while traveling from Sweden to Germany by car decided to stay in a city comparable in size to Coldwater in preference to larger cities, such as Hamburg, Hannover, etc. Soltau which was right off the autobahn (freeway) was selected for an overnight stay and a half day for some last minute shopping before boarding their plane for a return trip. Soltau was found to be a beautiful and friendly city and it was in late 1970 that then Mayor George Henderson of Coldwater became interested in the Sister City program he had heard of and was deciding on a city to approach. Medendorp recommended Soltau.

Mayor Henderson wrote to the mayor (Bürgermeister) of Soltau and received a warm and enthusiastic letter agreeing to the plan. It would mean exchange of visits between peoples of the two cities, offering friendship, hospitality and "gemutlichkeit" in two languages and possibly the exchange of ideas and cultures.

The first plans were laid. The Soltau Burgermeister Hartwig Lindloff, would first come to Coldwater. He would be a guest in the Coldwater Mayor's home. Coldwaterites and Soltau citizens have been shuttling back and forth to visit in each others homes since that time with increasing frequency. Over 200 persons have exchanged until now. But unlike ships that pass in the night, lasting and delightful friendships have been formed. Those who have participated find there is a vast difference between traveling and "touring" and discovering what it means to see into, and be a part of, a foreign home.

The City of Coldwater, the City of Soltau, the two newspapers, the Soltau Zeitung and Coldwater Reporter and Coldwater's Radio Station WTVB have each contributed to the success of the program.

The largest group to visit Soltau were the 28 Coldwaterites in the summer of 1974. Thirteen (13) Soltau citizens came together to Coldwater in 1973. Other group visits of various sizes and even couples and individuals have made Coldwater and Soltau their home away from home since the two cities became partners.

Herr Heiner Minor has been Soltau's Sister City Chairman from the beginning and Ray Mulcahey was Coldwater's first Chairman until his death in 1971. Casey Medendorp is now Coldwater's Sister City Chairman. A very active and interested committee keeps the program going in Coldwater. Besides Mr. & Mrs. Medendorp the committee includes Mr. & Mrs. Richard Fischer Mr. & Mrs. George Henderson, Mr. & Mrs. Dennis Holcomb, Mr. & Mrs. Robert Lyman and Mr. & Mrs. Kenneth Miller.

## COLDWATER COMMUNITY SCHOOLS

The Coldwater Community School District consists of some 154 square miles and includes Kindergarten through adult programs. The programs serve 4,550 Kindergarten through twelfth grade and about 170 fulltime adult students with over 200 fully certified teachers. The district has a state equalized valuation of over \$105,000,000. The seven Board of Education members meet the second and fourth Monday of each month in public meetings to transact school business. The board meetings are held in the central administration building located at 15 East Washington Street, Coldwater, Michigan. The budget for the 1974-1975 year will exceed \$4,500,000 and will provide for additional special services beyond the regular Kindergarten through grade twelve program such as: Special Education, Adult Education, Reading Improvement Program, School Lunch and student activities. The district also works together with the Branch Intermediate School District in operating the Branch Area Career Center and other special programs of instruction. The appraised valuation of buildings and equipment is reappraised yearly and amounts to over \$13,700,000 in 1974 replacement costs

## STREET GUIDE

In the following list the streets are arranged in alphabetical order with the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the names of the occupants followed by the symbol Ⓢ and the telephone number. All Quincy telephone numbers are preceded by the prefix 639.

The symbol Ⓢ indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.

Note the letter and number below the street name; this is the map key and is used to locate the street on the city map.

The zip code for Quincy is 49082.
