Hi story of Coldwater

When the first white people came to this vicinity, they found this area inhabited by the fierce and warlike Pottawatomi Indians. Although the old Indian trail between Detroit and Chicago-(now U. S. 12) saw great numbers of pioneers passing this way, bound for Illinois and other parts of what was then "the far west", the presence of the roving bands of Pottawatomi Indians deterred many who might otherwise have settled here. The defeat of the British in the war of 1812 and the death of the great Indian leader, Tecumseh, in 1813 caused the Pottawatomi to lose heart and in 1821 Chief Topinabee and his people sold to the whites what is now Branch County and a vast area besides, although they continued to occupy it as before, supposedly on reservations. One of these reservations, six miles square, was in Coldwater and Quincy Townships. However, the Indians roamed every day, to hunt and fish as they chose as the woods abounded in deer, wild turkeys, pigeons, squirrels and other game, while the lakes and streams swarmed with fish.

The present city of Coldwater occupies part of what was then a beautiful prairie, some three miles long from east to west and a mile or so wide. It was dotted with oaks, with an occasional elm, but bordering this prairie were magnificent forests of beech, maple, walnut, whitewood, elm and oaks, interspersed with many streams and with some ninety lakes, large and small in what is now Branch County. Untold millions of lumber-feet of these trees were cut by the early settlers, piled into "log heaps" and burned as the only way to clear the land.

It was natural therefore that our first white settlers came to trade with the Indians. In 1822 Joseph Godfrey established a trading post near downtown Coldwater and a little later that year one Marantette established another post where Oak Grove Cemetery is now located.

In the year 1829 Branch County was laid out and so named by the Territorial Legislature. It was first attached to Lenawee County and later to St. Joseph. It was named in honor of John Branch of North Carolina who was President Jackson's Secretary of the Navy.

The first log house was erected in 1830 by Hugh Campbell on the present site of the Masonic Temple. In 1831 Allen Tibbits and Joseph Hanchett platted a village here calling it Lyons. It ran from Jefferson Street to Monroe Street and from Church to Washington Street. In July 1831 Mr. Tibbits preached the first sermon. There were 50 whites in Branch County at that time. This same year A. F. Bolton erected the first frame building-a hotel-at Masonville. Masonville was a settlement on the east banks of the Coldwater River in the west part of the present city and covered the territory from the river and east to the intersection of West Pearl Street and West Chicago Street. On the strength of this hotel, Masonville was made the County seat. Masonville did not hold the honor long as the ambitious village of Branch, which was located south of our present airport near the present Black Hawk Mill, won the coveted plum and held the county seat from 1831 to 1842. At the time it became the county seat, it had only one log house - but it had ambitious politicians. The Coldwater Post Office was at Masonville.

In 1832 the first school was started with nine pupils and with Cynthia Gloyd as teacher. This year saw an influx of settlers. The first store was established by Silas Holbrook; the M. E. Church was founded with five members; and the first sawmill was erected at the junction of Davidson and Clay Streets.

In 1833 the name of Lyons was changed to Coldwater, from an old Indian name "Chuck-sey-ya-bish" meaning cold water. Branch County, as such began its separate existence, being previously attached to St. Joseph County and a sheriff, clerk treasurer and register of deeds (one office) and probate judge was elected by the people.

HISTORY OF COLDWATER - Continued

In 1834 the "old red schoolhouse" was erected at the corner of Pearl and Hudson Streets. Today, the spot is still being occupied by our schools.

In 1835 Masonville was platted on the east bank of the Coldwater River and again struggled to become the county seat. This year the Baptist Church was organized with sixteen members.

In 1836 the first church was built in Coldwater by the Methodists. The village had twelve houses and was growing. The next year Coldwater was incorporated as a village having a population of 140 people. Dr. Alger, traveling the Chicago Road from Detroit to Chicago, found at this time 33 taverns between Quincy and Sturgis, indicating the tremendous westward immigration through here at this time. 1837 was a terrible year for malarial fever. 32 out of the 140 people died that fall. The cause was said to be the Clay Street milldam and the angry citizens, taking the law into their own hands, destroyed it. This year the first newspaper, The Observer, was issued and the Presbyterian Church organized with sixteen members.

It is indeed interesting to note that two things always occurred as a few families settle close together. Schools and churches are the first to be organized. Our ancestors believed as we must - religion and education are the necessary units if we must continue to advance in civilization.

In 1840 the Pottawatomie Indians, except for a few stragglers were removed to the far west. This opened for settlement much of the land of Branch County which had been designated as Indian reservations. It also helped bring in many new settlers who had been deterred by the presence of such a large Indian population in the County. From this date the progress has been steady.

In 1841 Albert Chandler founded the Coldwater Sentinel and in 1842 Coldwater became the permanent County seat, supplanting the village of Branch and blasting Masonville's hopes. The fight between the three villages had been keen and bitter. The villages of Branch and Masonville gradually passed from the scene and today few people know of their once existence and proud hopes. Masonville is today part of the city of Coldwater while the village of Branch reverted to farm land.

In 1844 two churches were built - the Baptist Church now being the building housing the Ideal Wallpaper Store at the corner of Monroe and Pearl. The Presbyterian Church was built at its present location but was sold in 1868 to the Lutherans who moved it to its present location on S. Jefferson Street.

In 1846 the first jail was erected. Also the voters voted against the sale of liquor.

HISTORY OF COLDWATER - Continued

In 1847 the county voted to build a brick courthouse by a majority of 27. A majority of 27 was the same when the proposition to build the present one carried 40 years later. This year the Masonic Lodge was established.

In 1849 the telegraph line reached Coldwater and St. Charles Catholic Church was founded.

In 1850 was a banner year for the growing village. The first train arrived and Coldwater was connected directly to the populous East. The celebration was noteworthy - lasting several days.

For many years Coldwater and Branch County were noted for their horses. The start was made in 1851 when A. C. Fisk purchased Green Mountain Black Hawk for the then enormous price of \$1500. Many people now living can remember the various race tracks in and around Coldwater. Raising and training race horses was a big industry for many years. In 1851 Coldwater boasted 379 houses, but the first of many disastrous fires destroyed eight stores in the business section during the winter.

In 1854 another disastrous fire along Main Street caused the village Board to prohibit the erection of any frame buildings from Clay Street to the parks. This was the first zoning acted upon in the community. The Main Street today, because of this action, is built of brick. Also this year Oak Grove Cemetery was established. There had been two earlier cemeteries- one at Masonville, which today is a cultivated field - the other on Morse Street which contains tombstones recording burials from 1835-1857. The present cemetery board maintains this burial grounds along with Oak Grove even though there have been no burials since 1857. It is interesting to walk through this cemetery and read the tombstones. In those days the ladies did not survive the men. Life was hard for the mother and homemakers. Short life-if one reads the epitaphs on the tombstones correctly.

In 1856 because of the many fires the first fire company was organized with Clinton B. Fisk as foreman. Everyone was proud of the "Excelsior" the hand pump that was purchased.

In 1857 the corner stone of the Episcopal Church was laid - it was completed in 1862.

In 1861 Coldwater became an incorporated city. That year Coldwater Light Artillery - later called the Loomis Battery - left for the war with six brass cannons and 120 men, only 49 of whom returned home three years later. Coldwater, even as her men have done in the years since - paid for her existence with the blood of her youth. Many other Coldwater men enlisted in the 1st Michigan Infantry and the list of casualties were large for such a small town. It is said over 500 men from Coldwater fought in the Civil War. To show how the raising of horses had grown in the county during the war years of 1861-65, over 3,000 horses were brought here for use in the Federal service.

In 1865 the war ended and the soldiers returned home. That year Coldwater had its first millionaire. S. M. Siely made \$1,500,000 in oil speculations. In July the Coldwater National Bank opened and Coldwater became a money order post office.

The town continued to grow steadily after the war. In 1866 the first hospital was established where the Elks' Temple now is located. One hundred new buildings were erected and new industries located here. The industries, at this time, consisted of flour mills, an oil mill, breweries, a wheel barrow factory and many small factories making cigars. By 1870 there were so many cigar makers that a Cigarmakers Union was organized and functioned for many years.

In 1870 the Lewis Art Gallery opened. For 25 years until its removal to Ann Arbor this gallery attracted visitors from all parts of the country.

The "Seventies" was a period of railroad building and Coldwater was caught up in the spell. Two roads were chartered-the Mansfield, and Coldwater and Lake Michigan Railroad - and the Coldwater Railroad. Neither railroad was ever completed. The collapse of the Mansfield Railroad cost the investors of this vicinity \$300,000. Parts of the old road beds of these railroads can still be seen north of Coldwater.

In 1876 an interesting item was noted. The English sparrow was introduced by Captain Mansfield and George Firth. Today it is difficult to believe that this "pest" hasn't been here always. In 1880 the first bicycle was brought to Coldwater. 1881 was an exciting year for Coldwater. A series of fires caused suspicion of incendiarism. After an investigation, several firemen who confessed were sentenced and served prison sentences. Chief Drake, after a lengthy and expensive trial, was acquitted. The cause - they needed new equipment.

HISTORY OF COLDWATER - Continued

In 1882 the Bell Telephone began business. In 1886 the Public Library building was dedicated-a gift from the Hon. E. R. Clarke. In 1887 an idea began that has since grown to large proportions and has meant much to Coldwater and Branch County. This was "the-cottage-at-the-lake" idea begun by 10 members of Jacob Commandery at Templar Beach, Morrison Lake. Today the spread of this idea has seen the shores of most of the 90 lakes in Branch County covered with homes, both year around and summer. Today, the money brought into the county and city each year by the summer visitors make it one of our best industries.

In 1888 a small private company started electric street lighting. Three years later in 1891 they sold their property to the city which has maintained the electric service since that date. In 1890 the first city water system was installed by vote of the people. This system was joined the next year by the light plant and Coldwater was in the public utility business to stay. Today, we yearly add branches to this system as the people on streets demand this service.

In 1905 the present city charter became law. It has been revised, added to, etc. by charter amendments many times since that date, but the charter of 1905 is still the basis for the government of Coldwater.

By 1912 Coldwater, a growing city, felt the need of parks and recreational facilities. A park and recreation board was established which today has given Coldwater the splendid parks which are enjoyed so thoroughly.

And so through the years Coldwater has grown - steadily at times - by spurts at other times. Slowly, but ever forward toward making it a better place to "live, worship, and play." Many men and women have made their contributions - some large, some small, but each his bit - and thus Coldwater today.

In 1960, July 1, Coldwater's Centennial Committee held its initial meeting to start plans for a municipal observance of the historical anniversary in 1961. General Chairman, C. J. Medendorp, presided with 20 members present. July 4, Independence Day was observed in an all day celebration at the 4-H Fairgrounds including fireworks at night, the first since 1933. Sponsored by the Branch County Democratic Party. July 28, 29, 30, first sidewalk sale days held in downtown Coldwater, reported to be a huge success.

August 1, 1960, Mrs. Edna Wells, owner of the 75 year old S. E. Kitchel Liniment business for the past 23 years, sold out to James A. Warnhoff and Dr. J. W. Brown, St. Louis, Missouri. On August 2, 1960, Coldwater voters favored expansion of the municipal power plant in preference to the purchase of 100% of the city's power needs from Consumers Power Company. (1101 yes, 943 no) Maple Lawn addition was also approved.

September 1, 1960, Industry and local bank, Climax Molybdenum Co., and the Branch County Savings bank announced preparations are being made for major expansion. On September 6, Earl Linn, County Clerk, was honored with a photographic portrait, for 37 years service to the Branch County Circuit Court, in a ceremony held in the Court Room before the opening of the Court. September 10, C. H. Rumpf & Sons held "open house" at their new truck terminal on Jay Street. On September 19, Coldwater property owners voted approval of a \$310,000 general obligation bond issue to help finance construction of the North Side Storm Sewer. September 22, Gordon R. Schlubatis, former Branch County Agricultural Agent, was appointed Agricultural Attache at Ankara, Turkey. Announcement came from the U. S. Department of Agriculture.

October 3, 1960, Williams Grain Company, W. Garfield Road, burned. The loss estimated at \$150,000. On October 22, Kitty Carr was crowned Coldwater High School Homecoming Queen during the half-time ceremonies at the Coldwater-Lakeview game.

In 1961, January 7, The Branch County Abstract and Insurance Agency moved to a new location, 13 S. Monroe Street, after many years. It has been a family business, the Hodgman family for 56 years. Open house was held on Thursday, January 12. January 9, A new chapter in Coldwater's History was started on a Monday night when the City Council convened for its initial session under a new system as provided by the new City Charter. He served two terms as Mayor. City Manager Godfrey Collins was notified that Moody's Investor's Service of New York, upon whose ratings bond purchasers rely, changed the City's rating of "Baa" which was given to the last school bond issue, to an "A" rating, thus working to the advantage of the city. Hence, on Monday, February 27, the interest rate of 3.1246% on the North Side Storm Sewer Bonds was accepted as compared to 3.72% of last fall when the City Sold \$310,000 general obligation bond issue to gain the other funds needed for the sewer project. This was reflected in all future bond issues with savings of thousands of dollars. The request for the review of the rating which we felt was incorrect was made by the City Treasurer, Ann Brown, James R. Pollock, Kalamazoo, the City's financial consultant, and Julius Pochelon, firm associate, Kenower, MacArthur & Co., Detroit. February 27, Council action was taken to clear way for a new parking area in the rear of the City Hall and a new City Garage. February 28, Proclamation was issued and presented by John B. Coldwater Centennial

1961 was a big year in Coldwater for it was February 28, 1961, the year that marked Coldwater's 100th year as an incorporated community.

Coldwater, slated to celebrate its Centennial in a grand fashion in July, inaugurated its year long Centennial observance with a ceremony in the City Council Chambers on the evening of February 28, Mayor Arthur G. Lyon presided and the Reverend William A. Harrington, pastor of the First Baptist Church, offered invocation and the benediction. Coldwater's history was sketched. Prominent Coldwater Citizens in the earlier days were mentioned and the original minutes of the historic session of Coldwater's first council meeting on February 26, 1861, were read. Coldwater's first mayor, Albert Chandler, was honored. Governor John Swainson issued a proclamation proclaiming a statewide observance of February 28, as Coldwater Centennial Day. City officials, representatives of the Centennial Committee, A Boy Scout Troop and other interested citizens attended.

Much preparation was necessary to ready Coldwater and its citizens for a year of events and the concentrated week long celebration from July 2-8, a week which many Coldwater natives considered the most cultural, educational and entertaining observance in Coldwater's history.

The first sign of celebration slowly became evident through the increasing number of beards worn by anxious male citizens who could not wait for the official starting date.

A giant organization of hundreds of Coldwater citizens organized and planned the celebration with the entire community participating. The John Rodgers Producing Company was hired to consult and assist committees and direct a giant pageant with a cast which included nearly 500 people.

The Centennial Belles began organizing on May 1, just after the Brothers of the Brush, who held their first organization meeting on April 3. The organization of women and men to dress in the garb of yester-year eventually provided the necessary atmosphere for a celebration to give prominence not only to entertaining events but to the cultural and educational as well.

After tireless work by Coldwater Centennial Committees the citizens were prepared for the week long celebration which finally arrived.

Sunday, July 2, was appropriately named "Faith Of Our Fathers Day" selected to launch the week with a religious service at Cardinal Field. Threatening weather forced the service into the Coldwater High School gymnasium. A huge centennial choir with over 200 voices under the direction of Wayne Feller performed.

Earlier a fly-in breakfast welcomed planes from the Tri-State area. St. Charles served dinner to hundreds of costumed gals and bearded gents at noon. Weather held down both attendance and the appearance of many planes.

On Monday the hospitality center opened at the Masonic Temple to welcome all out of town guests, over 2300 of whom were sent special invitations.

The Center remained open from 9:00 AM to 9:00 PM Monday thru Saturday. At noon on Monday the Senior Citizens sponsored a potluck dinner at the Methodist Church and immediately after came the unveiling of a new historical marker in Military Park with special recognition to the City's oldest residents and descendants of Coldwater's pioneer families. The Coldwater Kiwanis Club donated the marker to the City. Present was Mrs. Remina M. Barnes, 99 years old, who was born a year after Coldwater became an incorporated City. Monday was a beautiful day and for the remainder of the week, we were blessed with perfect weather, so necessary for the overall success of the week's festivities.

Dignitaries including Congressman August Johannsen, Representative Frederic Marshall, and Flint's mayor were on hand to see the crowning of Centennial Queen, Joyce Cooper, and the Queen's Ball, with round and square dancing in the street in front of the old Tibbitts Opera House to close the festivities for the day.

Tuesday, July 4th was Young American Day and the giant pageant would have its opening performance in the evening. A Boy Scout Show and Do Fair, a children's pet parade, a watermelon eating contest, go cart racing, bicycle racing and Little League Baseball were all held before dark set in. The pageant "Ten Decades of Destiny" drew a capacity audience of 1500 persons its first performance night. The magnificent lighting, staging, costuming and performance insured attendance success for the remaining four performances. Coldwater's colorful history was unfolded in good fashion with the giant production truly living up to its pre-centennial hopes. Professionally produced and a "spectacular" in every sense of the word, "The Story Of Coldwater" starting with the Indians and the first settlers of the village, was told in 20 episodes and provided 90 minutes of gaiety, tragedy, comedy and dancing.

The stage was as large as a football field and had 300 feet of scenery. Rehearsals began in early June to prepare for the giant pageant.

The highlight, from the cultural aspect, was the Coldwater Reporter's successive articles honoring Coldwater's authors of the past. This was made possible through the efforts of the Coldwater Public Library who culminating this feature with a tea on Wednesday honoring the authors of Coldwater during the past ten decades.

Other events, including judging of authentic, original and family groups, special luncheons, and various group gatherings, were a part of the days activities. A costume judging contest was very well participated in and was held as a pre-pageant ceremony which was for the second night, a near sellout.

Centennial Farm plaques were presented at the pre-pageant ceremonies on Friday, another successful pageant from the performance and attendance standpoint. Downtown Coldwater was crowded for the second Friday night with the Kangaroo Court and Keystones Cops throwing non-bearded, out of uniform, or other offenders, behind bars for not obeying centennial regulations.

The seven day observance of the City's 100th birthday reached a colorful climax Saturday when upwards to 20,000 persons jammed the downtown area to watch a giant parade. The crowd, believed to be the largest ever assembled in Coldwater for a single event, packed both sides of Chicago Street for seven blocks, witnessing a procession which took 75 minutes to pass.

Many of the units continued on to the Coldwater State Home to be viewed by the children there. Centennial queen, Joyce Cooper, and members of her court rode on a float provided by the Industrial Division of the Chamber of Commerce. The lead car for the parade included Mayor Arthur Lyon, Senator John P. Smeekens of Coldwater (who had just returned from Berlin), Chamber of Commerce President, Harold Smith and the Centennial General Chairman, C. J. Medendorp.

Karen Jean Southway of Wyoming, the newly crowned Miss Michigan, made her first public appearance since her crowning only two days prior and Michigan Dairy Princess, Marjorie Mueller, of Saginaw also rode in open convertibles.

The largest crowd of the week closed out the festivities at the pageant with both Miss Michigan and the Michigan Dairy Princess in attendance.

The activities by the many organized Chapters of Centennial Belles and Brothers of the Brush are too numerous to mention but were contributing factors in the financial success of the pageant. To close the year of festivities a time capsule, including mementos of the centennial and other cultural and educational events taking place throughout the year, was buried in the City Park to be opened in the year 2051, fifty years hence.

Citizens of Coldwater Willingly underwrote the initial expense of the celebration in the amount of \$1000 and were reimbursed all of their money through the profits received. All profits were donated to the Coldwater Student Loan Foundation and the Tibbitts Opera House Fund.

To leave out many of the names of Coldwater Citizens who played the role of success for the celebration seems to be unfair but the City is forever grateful to them.

1961, a year of celebration, was one never to be equaled in Coldwater for some time to come.

Coldwater Downtown Betterment Association

In August of 1961 the Coldwater Downtown Betterment Association was organized. The original committee members were:

Clara Keyes
Fred Culy
M. A. McKeith
Robert Horton
Robert Kerr
Richard Holben
Leo Miller
Robert Nagle

Later the Property Owners Division was organized with Robert Lopez, Gerald Hensley and William Milnes, Jr. as the committee.

The first project was to raise \$50,000.00 for free parking in the downtown lots at the rate of \$15,000.00 per year. This is our last year for this project.

The second project came to pass this year when the property owners raised \$26,000.00 for the expansion of two parking lots.

Through the cooperation of our Board of Public Utilities, new Street lighting will be installed this year in the downtown area.
