—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a

tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

HISTORY OF COLDWATER

When the first white people came to this vicinity, they found this area inhabited by the fierce and warlike Pottawatomie Indian. Although the old Indian trail between Detroit and Chicago--(now U. S. 12) saw great numbers of pioneers passing this way, bound for Illinois and other parts of what was then "the far west", the presence of the roving bands of Pottawatomie Indians deterred many who might otherwise have settled here. The defeat of the British in the war of 1812 and the death of the great Indian leader, Tecumseh, in 1813 caused the Pottawatomie to lose heart and in 1821 Chief Topinabee and his people sold to the whites what is now Branch County and a vast area besides, although they continued to occupy it as before, supposedly on reservations. One of these reservations, six miles square, was in Coldwater and Quincy Townships.

The present city of Coldwater occupies part of what was then a beautiful prairie, some three miles long from east to west and a mile or so wide. It was dotted with oaks, with an occasional elm, but bordering this prairie were magnificent forests of beech, maple, walnut, whitewood, elm and oaks, interspersed with many streams and with some ninety lakes, large and small in what is now Branch County.

It was natural therefore that our first white settlers came to trade with the Indians. In 1822 Joseph Godfrey established a trading post near downtown Coldwater and a little later that year one Marantette established another post where Oak Grove Cemetery is now located.

In the year 1829 Branch County was laid out and so named by the Territorial Legislature. It was first attached to Lenawee County and later to St. Joseph. It was named in honor of John Branch of North Carolina who was President Jackson's Secretary of the Navy.

The first log house was erected in 1830 by Hugh Campbell on the present site of the Masonic Temple. In 1831 Allen Tibbits and Joseph Hanchett platted a village here calling it Lyons. It ran from Jefferson Street to Monroe Street and from Church to Washington Street. In July 1831 Mr. Tibbits preached the first sermon. There were 50 whites in Branch County at that time. This same year A. F. Bolton erected the first frame building—a hotel—at Masonville. Masonville was a settlement on the east banks of the Coldwater River in the west part of the present city and covered the territory from the river and east to the intersection of West Pearl Street and West Chicago Street. On the strength of this hotel, Masonville was made the County seat. Masonville did not hold the honor long as the ambitious village of Branch, which was located south of our present airport near the present Black Hawk Mill, won the coveted plum and held the county seat from 1831 to 1842. At the time it became the county seat, it had only one log house - but it had ambitious politicians. The Coldwater Post Office was at Masonville.

In 1832 the first school was started with nine pupils and with Cynthia Gloyd as teacher. The first store was established by Silas Holbrook; the M. E. Church was founded with five members; and the first sawmill was erected at the junction of Davidson and Clay Streets.

In 1833 the name of Lyons was changed to Coldwater, from an old Indian name "Chuck-sey-ya-bish" meaning cold water. Branch County, as such began its separate existence, being previously attached to St. Joseph County and a sheriff, clerk treasurer and register of deeds (one official and probate judge was elected by the people.

In 1834 the "old red schoolhouse" was erected at the corner of Pearl and Hudson Streets. Today, the spot is still being occupied by our schools.

In 1835 Masonville was platted on the east bank of the Coldwater River and again struggled to become the county seat. The year the Baptist Church was organized with sixteen members.

In 1836 the first church was built in Coldwater by the Methodists. The village had twelve houses and was growing. The next year Coldwater was incorporated as a village having a population of 140 people. Dr. Alger, traveling the Chicago Road from Detroit to Chicago, found at this time 33 taverns between Quincy and Sturgis, indicating the tremendous westward immigration through here at this time. 1837 was a terrible year for malarial fever. 32 out of 140 people died that fall. The cause was said to be the Clay Street milldam and the angry citizens, taking the law into their own hands destroyed it. This year the first newspaper, The Observer, was issued and the Presbyterian Church organized with sixteen members.

It is indeed interesting to note that two things always occurred as a few families settle close together. Schools and churches are the first to be organized. Our ancestors believed as we must—religion and education are the necessary units if we must continue to advance in civilization.

In 1840 the Pottawatomie Indians, except for a few stragglers were removed to the far west. This opened for settlement much of the land of Branch County which had been designated as Indian reservations. It also helped bring in many new settlers who had been deterred by the presence of such a large Indian population in the County. From this date the progress has been steady.

HISTORY OF COLDWATER-Continued

In 1841 Albert Chandler founded the Coldwater Sentinel and in 1842 Coldwater became the permanent County seat, supplanting the village of Branch and blasting Masonville's hopes.

In 1844 two churches were built - the Baptist Church now being the building housing the Ideal Wallpaper Store at the corner of Monroe and Pearl. The Presbyterian Church was built at its present location but was sold in 1868 to the Lutherans who moved it to its present location on S. Jefferson St.

In 1846 the first jail was erected. Also the voters voted against the sale of liquor.

In 1847 the county voted to build a brick courthouse by a majority of 27. A majority of 27 was the same when the proposition to build the present one carried 40 years later. This year the Masonic Lodge was established.

In 1849 the telegraph line reached Coldwater and St. Charles Catholic Church was founded.

In 1850 was a banner year for the growing village. The first train arrived and Coldwater was connected directly to the populous East.

For many years Coldwater and Branch County were noted for their horses. The start was made in 1851 when A. C. Fisk purchased Green Mountain Black Hawk for the then enormous price of \$1500. Many people now living can remember the various race tracks in and around Coldwater. Raising and training race horses was a big industry for many years. In 1851 Coldwater boasted 370 houses, but the first of many disastrous fires destroyed eight stores in the business section during the winter.

In 1854 another disastrous fire along Main Street caused the village Board to prohibit the erection of any frame buildings from Clay Street to the parks. This was the first zoning acted upon in the community. The Main Street today, because of this action, is built of brick. Also this year Oak Grove Cemetery was established. There had been two earlier cemeteries - one at Masonville, which today is a cultivated field - the other on Morse Street which contains tombstones recording burials from 1835-1857. The present cemetery board maintains this burial grounds along with Oak Grove even though there have been no burials since 1857.

In 1856 because of the many fires the first fire company was organized with Clinton B. Fisk as foreman. Everyone was proud of the "Excelsior" the hand pump that was purchased.

In 1857 the corner stone of the Episcopal Church was laid - it was completed in 1862.

In 1861 Coldwater became an incorporated city. That year Coldwater Leight Artillery - later called the Loomis Battery - left for the war with six brass cannons and 120 men, only 49 of whom returned home three years later. Coldwater, even as her men have done in the years since - paid for her existence with the blood of her youth. Many other Coldwater men enlisted in the 1st Michigan Infantry and the list of casualties were large for such a small town. It is said over 500 men from Coldwater fought in the Civil War. To show how the raising of horses had grown in the county during the war years of 1861-65, over 3,000 horses were brought here for use in the Federal service.

In 1865 the war ended and the soldiers returned home. That year Coldwater had its first millionaire. S. M. Siely made \$1,500,000 in oil speculations. In July the Coldwater National Bank opened and Coldwater became a money order post office.

The town continued to grow steadily after the war. In 1866 the first hospital was established where the Elks' Temple now is located. One hundred new buildings were erected and new industries located here. The industries, at this time, consisted of flour mills, an oil mill, breweries, a wheel barrow factory and many small factories making cigars. By 1870 there were so many cigar-makers that a Cigarmakers Union was organized and functioned for many years.

HISTORY OF COLDWATER-Continued

In 1870 the Lewis Art Gallery opened. For 25 years until its removal to Ann Arbor this gallery attracted visitors from all parts of the country.

The "Seventies" was a period of railroad building and Coldwater was caught up in the spell. Two roads were chartered - the Mansfield, and Coldwater and Lake Michigan Railroad - and the Coldwater Railroad. Neither railroad was ever completed. The collapse of the Mansfield Railroad cost the investors of this vicinity \$200,000.

In 1876 an interesting item was noted. The English sparrow was introduced by Captain Mansfield and George Firth. Today it is difficult to believe that this "pest" hasn't been here always. In 1800 the first bicycle was brought to Coldwater. 1881 was an exciting year for Coldwater. A series of fires caused suspicion of incendiariism. After an investigation, several firemen who confessed were sentenced and served prison sentences. Chief Drake, after a lengthy and expensive trial, was acquitted. The cause - they needed new equipment.

In 1882 the Bell Telephone began business. In 1886 the Public Library building was dedicated - a gift from the Hon. E. R. Clarke. In 1887 an idea began that has since grown to large proportions and has meant much to Coldwater and Branch County. This was "the-cottage-at-the-lake" idea begun by 10 members of Jacob Commandery at Templar Beach, Morrison Lake. Today the spread of this idea has seen the shores of most of the 90 lakes in Branch County covered with homes, both year around and summer. Today, the money brought into the county and city each year by the summer visitors make it one of our best industries.

In 1888 a small private company started electric street lighting. Three years later in 1891 they sold their property to the city which has maintained the electric service since that date. In 1890 the first city water system was installed by vote of the people. This system was joined the next year by the light plant and Coldwater was in public utility business to stay.

In 1905 the present city charter became law. It has been revised, added to, etc. by charter amendments many times since that date, but the charter of 1905 is still the basis for the government of Coldwater.

By 1912 Coldwater, a growing city, felt the need of parks and recreational facilities. A park and recreation board was established which today has given Coldwater the splendid parks which are enjoyed so thoroughly.

And so through the years Coldwater has grown - steadily at times - by spurts at other times. Slowly, but ever forward toward making it a better place to "live, worship, and play." Many men and women have made their contributions - some large, some small, but each his bit - and thus Coldwater today.

In 1960, July 1, Coldwater's Centennial Committee held its initial meeting to start plans for a municipal observance of the historical anniversary in 1961. General Chairman, C. J. Medendorp, presided with 20 members present. July 4, Independence Day was observed in an all day celebration at the 4-H Fairgrounds including fireworks at night, the first since 1933. July 28, 29, 30, first sidewalk sale days held in downtown Coldwater, reported to be a huge success.

HISTORY OF COLDWATER-Continued

August 1, 1960, Mrs. Edna Wells, owner of the 75 year old S. B. Kitchel Liniment business for the past 23 years, sold out to James A. Warnhoff and Dr. J. W. Brown, St. Louis, Missouri, on August 2, 1960. Coldwater voters favored expansion of the municipal power plant in preference to the purchase of 100% of the city's power needs from Consumers Power Company. Maple Lawn addition was also approved.

September 1, 1960, Industry and local bank, Climax Molybdenum Co., and the Branch County Savings bank announced preparations are being made for major expansion. On September 6, Earl Linn, County Clerk, was honored with a photographic portrait, for 37 years service to the Branch County Circuit Court, in a ceremony held in the Court Room before the opening of the Court. September 10, C. H. Rumpf & Sons held "open house" at their new truck terminal on Jay Street.

October 3, 1960, Williams Grain Company, W. Garfield Road, burned. The loss estimated at \$150,000. On October 22, Kitty Carr was crowned Coldwater High School Homecoming Queen.

November 8, 1960, New City Charter proposal wins by 183 ballots, to become effective January 1, 1961. November 16, Kroger Egg Plant, 425 Jay Street held ground-breaking ceremonies. November 27, Organization Day services were held at the Masonic Temple by Coldwater's newest church, The Reformation Lutheran Church. November 28, City Council appointed Godfrey (Tom) Collins to the office of City Manager to begin his duties January 1st as provided by the new City Charter.

In 1961, January 7, The Branch County Abstract and Insurance Agency moved to a new location, 13 S. Monroe Street, after many years. It has been a family business, the Hodgman family for 56 years. January 9, a new chapter in Coldwater's History was started on a Monday night when the City Council convened for its initial session under a new system as provided by the new City Charter. January 20, Tibbits Theater repairs started. Coldwater citizens have high hopes for the restoration of the Old Opera House. On February 2, Father Robert M. Man was instituted as rector of St. Mark's Episcopal Church.

On February 14, Harold J. Smith was appointed to become Coldwater's first Municipal Judge, effective as July 4. February 20, First Non-partisan Primary election held in the Fourth Ward. City Manager Godfrey Collins was notified the Moody's Investor's Service of New York, upon whose ratings bond purchasers rely, changed the City's rating of "Baa" which was given to the last school bond issue, to an "A" rating, thus working to the advantage of the city. Hence, on Monday, February 27, the interest rate of 3.1246% on the North Side Storm Sewer Bonds was accepted as compared to 3.72% of last fall when the City sold \$310,000 general obligation bond issue to gain the other funds needed for the sewer project. This was reflected in all future bond issues with savings of thousands of dollars.

February 27, Council action was taken to clear way for a new parking area in the rear of the City Hall and a new City Garage. February 28, Proclamation was issued and presented by John B. Swainson, Governor for State of Michigan, declaring Tuesday, February 28, 1961, as Coldwater Centennial Day in honor of the 100th anniversary of Coldwater as an incorporated city. Presentation was made to the State Senator John P. Smeekens and State Representative Frederic J. Marshall at Lansing.

March 13, 1961; John C. Mackie, Michigan State Highway Commissioner, announced that \$17.1 million worth of highway improvements in Branch County during its second five-year road building program would be made to extend from July 1, 1962, to June 30, 1967. March 18, 1961; J. Ed Uland was appointed manager of the Coldwater Chamber of Commerce, by the Board of Directors, effective April 1, 1961.

Centennial profits designated by the Board of the Greater Coldwater Centennial Association 60% up to \$5000 to Tibbits Theater and 40% to Student Loan Foundation. April 26, 1961, Martha Gary, Senior honor student, wins the National Merit Scholarship in a nation-wide competition. She is one of 950 winners in the nation. April 29, 1961; Brothers of the Brush held a parade and appropriate ceremony to bury their razors. April 30, 1961; New Free Methodist Church, corner North Fremont and Parkhurst Avenue, was dedicated at special services.

May 1, 1961; the new Coldwater, Michigan Employment Security Commission, located at 400 W. Chicago Street, opened for business. March 4, 1961; the long awaited and badly-needed north side storm sewer was started under construction. May 8, 1961; money collected in the office of the City Treasurer for the first time in the history of Coldwater, exceeded the \$1,000,000 mark during the fiscal year of 1960-61. "The Civil War in Song" festival, given by the fourth, fifth, and sixth grades of the Edison, Franklin, Jefferson, Lincoln and Washington Schools, held at the high school gym, was attended by approximately 800 people. May 21, 1961; Michigan Week in Mayor Exchange with Shelby Village. Mayor Carl Fuehring and Industrialist C. J. Schulyer were our guest. May 26, 1961; New State Highway \$120,000 maintenance garage dedicated.

PLACES OF INTEREST & FACTS OF BRANCH COUNTY - COLDWATER, MICHIGAN

In 1833 the name of Lyons was changed to Coldwater, from an old Indian name, "Chuck-sey-ya-bish," meaning cold spring water.

Coldwater was inhabited by the fierce warlike Pottawatomi Indians. Chief Topinabee and his people sold to the whites, in 1821, what is now Branch County.

Coldwater is the junction of the old Indian Trail to Chicago (U. S. 12 and U. S. 27). Sauk Trail marker is located 12 miles west of Coldwater.

Early 19th century homes, many located on East Chicago Street. Coldwater is noted for its beautiful shade trees, of which there are some 7, 100, mostly stately maples.

The Tibbits Opera House, S. Hanchett Street, opened in September, 1882, has been restored and during the summer season, many fine plays are scheduled. The Tibbits Opera House has the permanent exhibition of the Lewis Art Collection (1750-1800).

There are 92 lakes in Branch County, all within a 15 minute drive from Coldwater, Michigan. Branch County is the heart of Bluegill and Bass fishing.

DOWNTOWN BETTERMENT ASSOCIATION

In August of 1961 the Coldwater Downtown Betterment Association was organized. The original committee members were:

Clara Keyes	Robert Kerr
Fred Culy	Richard Holben
M. A. McKeith	Leo Miller
Robert Horton	Robert Nagle

Later the Property Owners Division was organized with Robert Lopez, Gerald Hensley and William Milnes, Jr. as the committee.

The first project was to raise \$50,000.00 for free parking in the downtown lots at the rate of \$15,000.00 per year.

The second project came to pass in 1963, when the property owners raised \$26,000.00 for the expansion of two parking lots.

Through the cooperation of our Board of Public Utilities, new street lighting was installed in 1963 in the downtown area.

COLDWATER CENTENNIAL

1961 was a big year in Coldwater for it was February 28, 1961, the year that marked Coldwater's 100th year as an incorporated community.

Coldwater, slated to celebrate its Centennial in a grand fashion in July, inaugurated its year long Centennial observance with a ceremony in the City Council Chambers on the evening of February 28, Mayor Arthur C. Lyon presided and the Reverend William A. Harrington, pastor of the First Baptist Church, offered invocation and the benediction. Coldwater's history was sketched. Prominent Coldwater Citizens in the earlier days were mentioned and the original minutes of the historic session of Coldwater's first council meeting on February 26, 1861, were read. Coldwater's first mayor, Albert Chandler, was honored. Governor John Swainson issued a proclamation proclaiming a statewide observance of February 28, as Coldwater Centennial Day. City officials, representatives of the Centennial Committee, a Boy Scout troop and other interested citizens attended.

Much preparation was necessary to ready Coldwater and its citizens for a year of events and the concentrated week long celebration from July 2-8, a week which many Coldwater natives considered the most cultural, educational and entertaining observance in Coldwater's history.

The first sign of celebration slowly became evident through the increasing number of beards worn by anxious male citizens who could not wait for the official starting date.

A giant organization of hundreds of Coldwater citizens organized and planned the celebration with the entire community participating. The John Rodgers Producing Company was hired to consult and assist committees and direct a giant pageant with a cast which included nearly 500 people.

The Centennial Belles began organizing on May 1, just after the Brothers of the Brush, who held their first organization meeting on April 3. The organization of women and men to dress in the garb of yester-year eventually provided the necessary atmosphere for a celebration to give prominence not only to entertaining events but to the cultural and educational as well.

After tireless work by Coldwater Centennial Committees the citizens were prepared for the week long celebration which finally arrived.

Sunday, July 2, was appropriately named "Faith of Our Fathers Day" selected to launch the week with a religious service at Cardinal Field. Threatening weather forced the service into the Coldwater High School gymnasium. A huge centennial choir with over 200 voices under the direction of Wayne Feller performed.

Earlier a fly-in breakfast welcomed planes from the Tri-State area. St. Charles served dinner to hundreds of costumed gals and bearded gents at noontime. Weather held down both attendance and the appearance of many planes.

On Monday the hospitality center opened at the Masonic Temple to welcome all out of town guests, over 2300 of whom were sent special invitations.

The Center remained open from 9:00 AM to 9:00 PM Monday thru Saturday. At noon on Monday the Senior Citizens sponsored a potluck dinner at the Methodist Church and immediately after came the unveiling of a new historical marker in Military Park with special recognition to the City's oldest residents and descendants of Coldwater's pioneer families. The Coldwater Kiwanis Club donated the marker to the City. Present was Mrs. Remina M. Barnes, 99 years old, who was born a year after Coldwater became an incorporated City. Monday was a beautiful day and for the remainder of the week, we were blessed with perfect weather, so necessary for the overall success of the week's festivities.

Dignitaries including Congressman August Johannsen, Representative Frederic Marshall, and Flint's mayor were on hand to see the crowning of Centennial Queen, Joyce Cooper, and the Queen's Ball, with round and square dancing in the street in front of the old Tibbits Opera House to close the festivities for the day.

Tuesday, July 4th was Young American Day and the giant pageant would have its opening performance in the evening. A Boy Scout Show and Do Fair, a children's pet parade, a watermelon eating contest, go cart racing, bicycle racing and Little League Baseball were all held before dark set in. The pageant "Ten Decades of Destiny" drew a capacity audience of 1500 persons its first performance night. The magnificent lighting, staging, costuming and performance insured attendance success for the remaining four performances. Coldwater's colorful history was unfolded in good fashion with the giant production truly living up to its pre-centennial hopes. Professionally produced and a "spectacular" in every

COLDWATER CENTENNIAL-Continued

sense of the word, "The Story Of Coldwater" starting with the Indians and the first settlers of the village, was told in 20 episodes and provided 90 minutes of gaiety, tragedy, comedy and dancing.

The stage was as large as a football field and had 300 feet of scenery. Rehearsals began in early June to prepare for the giant pageant.

The highlight, from the cultural aspect, was the Coldwater Reporter's successive articles honoring Coldwater's authors of the past. This was made possible through the efforts of the Coldwater Public Library who culminating this feature with a tea on Wednesday honoring the authors of Coldwater during the past ten decades.

Other events, including judging of authentic, original and family groups, special luncheons, and various group gatherings, were a part of the days activities. A costume judging contest was very well participated in and was held as a pre-pageant ceremony which was for the second night, a near sellout.

Centennial Farm plaques were presented at the pre-pageant ceremonies on Friday, another successful pageant from the performance and attendance standpoint. Downtown Coldwater was crowded for the second Friday night with the Kangaroo Court and Keystones Cops throwing non-bearded, out of uniform, or other offenders, behind bars for not obeying centennial regulations.

The seven day observance of the City's 100th birthday reached a colorful climax Saturday when upwards to 20,000 persons jammed the downtown area to watch a giant parade. The crowd, believed to be the largest ever assembled in Coldwater for a single event, packed both sides of Chicago Street for seven blocks, witnessing a procession which took 75 minutes to pass.

Many of the units continued on to the Coldwater State Home to be viewed by the children there. Centennial queen, Joyce Cooper, and member of her court rode on a float provided by the Industrial Division of the Chamber of Commerce. The lead car for the parade included Mayor Arthur Lyon, Senator John P. Smeekens of Coldwater (who had just returned from Berlin), Chamber of Commerce President, Harold Smith and the Centennial General Chairman, C. J. Medendorp.

Karen Jean Southway of Wyoming, the newly crowned Miss Michigan, made her first public appearance since her crowning only two days prior and Michigan Dairy Princess, Marjorie Mueller, of Saginaw also rode in open convertibles.

The largest crowd of the week closed out the festivities at the pageant with both Miss Michigan and the Michigan Dairy Princess in attendance.

The activities by the many organized Chapters of Centennial Belles and Brothers of the Brush are too numerous to mention but were contributing factors in the financial success of the pageant. To close the year of festivities, a time capsule containing data and mementos relating to the year's Greater Coldwater Centennial observance was buried in a ceremony, in the northwest portion of the downtown park area. A marker placed beside the Capsule directs that it be unearthed 50 years hence on February 27, 2011. The "burial" marked the last official act of the Greater Coldwater Centennial Commission.

Citizens of Coldwater willingly underwrote the initial expense of the celebration in the amount of \$1,000 and were reimbursed all of their money through the profits received. All profits were donated to the Coldwater Student Loan Foundation and the Tibbits Opera House Fund.

To leave out many of the names of Coldwater Citizens who played the role of success for the celebration seems to be unfair but the City is forever grateful to them.

1961, a year of celebration, was one never to be equalled in Coldwater for some time to come.

TIBBITS OPERA HOUSE

The Tibbits Opera House opened in 1882, when Coldwater was still a city with unpaved streets. Because there were no telephones and no automobiles, crowds had to come by carriage and by train, and the only method of advertising the Tibbit's offerings was word-of-mouth.

However, word spread and the excitement was contagious. Coldwater was one of the few places in this nation, then quite young, which had a social and cultural center. It was also the only place that could boast an Opera House "second to none."

The theatre boasted timeless architecture, excellent acoustics, splendid furnishings and only the finest of entertainment. Otis Skinner, John Philip Sousa and his band, DeWolfe Hopper in "Tang" with comedian Mack Sennett in the chorus, Field's Minstrels, Norman Hackett, Ethel Barrymore, and many, many others played the Tibbits Opera House.

Barton Smith Tibbits built his opera house with wisdom and vision and after his death, Joseph Henning carried on the rich traditions that Tibbits had established. The aim was high, and due to the nature of the house, the enthusiasm of a populace hungry for entertainment, and the foresight and taste of Tibbits and Henning, the theatre was an unqualified success.

Since the early days of the Tibbits, many attractions have been presented. In fact, for a short time, the Opera House was turned into a motion picture theatre, catering principally to the small fry of the community with serials and Saturday afternoon matinees.

Since the theatre reopened in late 1963, since the renovation of the theatre has been undertaken, a great many of the world's most famous theatrical personages have performed for Coldwater

OUR COMMUNITY

Fascinating, indeed, is the Branch County area, centered around the progressive little city of Coldwater. Although it has just under 10,000 population, it is now known as the fastest growing area in South Central Michigan! Coldwater was incorporated 110 years ago. Over this span of years, it has grown slowly, but steadily, and now has accelerating development, offering a desirable economy within environmental control.

Our countryside offers more than a hundred beautiful lakes and streams, with picturesque landscape, dotted with residential suburban grandeur, pleasing to the eye.

A good year-round place to live, work and play, recreational opportunities abound at our many lakes and parks throughout the county. You have a standing invitation to join our many thousands of visitors that view our scenic Branch County all through the four seasons every year.

Here is where sportsmen enjoy great fishing... hunting deer, pheasant cottontail... where each year there are more out-of-state fishing licenses sold than any other county in the State of Michigan... where resorts and vacation housing facilities are booked ahead, in some cases, for several months.

You may be struck with awe on a winter's fresh, crisp, sunny morning after a Michigan snow storm, to behold the white, sparkling beauty of mother nature; or be pleased with a warm summer day, as cool fresh breezes greet you in a shady nook of your favorite lake retreat. All these things are possible in the former land of the Potawatomi Indians where head waters of the St. Joe Valley forms a river (the "red man" called it Chuck-sey-ya-bish) crossing the old Chicago trail near the Indian trading post. We are all proud that this area today is referred to as the "Gem of Michigan".

The beautiful scenic Coldwater Country Club 18 hole golf course, is located on the banks of the historic waterway leading to Lake Michigan. Club officials have been informed by some high ranking professionals that they rate this golf course as one of the best in the Middle West. It is complimented by three other very fine nine hole courses within a few minutes drive.

It is no wonder that the many new incoming industries and their officials are attracted by the environmental climate that give their employees a better and more meaningful life. The Coldwater area has about 50 diversified industries, big and small, that help to give our community a steady and healthy economy. The so-called "slow-down in the economy in 1970" turned out to be one of Branch County's best years, with three major industries coming into the area, and our four financial institutions increased their deposits over six million dollars. More than twenty new commercial and industrial buildings were under construction with the city limits of Coldwater during the slow-down period and the construction has continued at a satisfactory pace in 1971-72. The city has one of the 19 outstate certified Class A Industrial Parks and is growing rapidly, with a community sponsored shell building program, that has helped in the recognition of our area.

Our largest employer is the Coldwater State Home and Training School, with a year-round employment of over 1,100. Two of our oldest industries, a foundry and shoe company, employ 500 and 300 respectively. An automotive bearing distribution center employs 400 and many small diversified industries are located here.

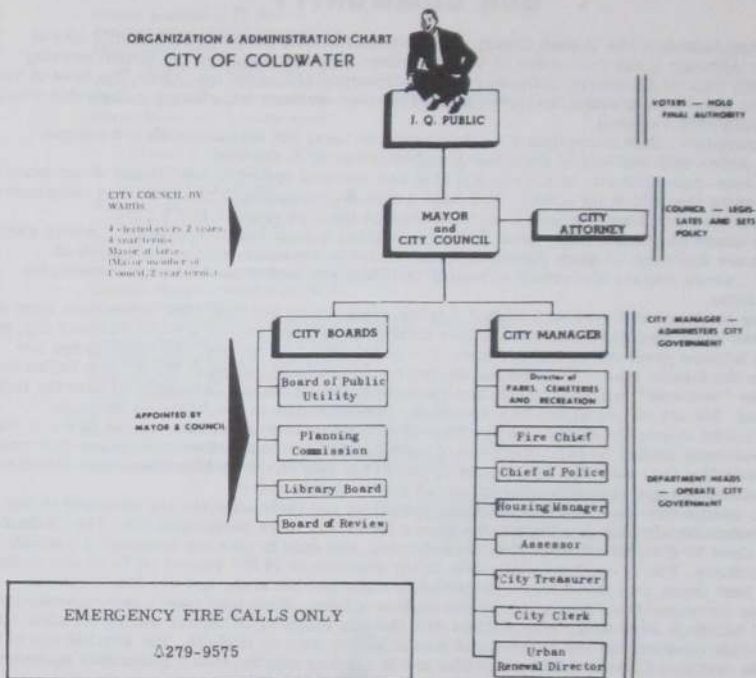

Social and cultural activities center around Coldwater's historical Tibbits Opera House, built in 1882. Recently, this well-known old building, famous for its near perfect acoustics, has been completely restored through the efforts of a dedicated community, determined to keep alive the traditional high quality and programming of "the finest in the land", the dream of its founder. The interior walls are graced with paintings from the famous "Lewis Art Collection". The Tibbits Foundation sponsors professional summer stock plays, community winter concerts, Branch County Arts Council, Coldwater Community Theatre, civic and service club programs, according to the availability of the theatre.

Some of our local pride must be given to the Health Center of Branch County, as they have just completed a three million dollar hospital expansion, that gives our area one of the best modern medical facilities in the central west. Also, we have an outstanding Coldwater Community School District, comprising of one senior high, junior high and eight elementary schools, with the system enrollment of about 4,600 pupils. Our citizens show additional pride in supporting various denominations of about 60 churches in Branch County where you are welcome as a visitor, to attend the church of your choice.

From small acorns come great trees and in 1888 a small electric light plant was started and today the Coldwater Board of Public Utilities can produce 16625 KW. They also have a tie-in of 5000 KW with the Consumers Power Company. This company furnishes power and service for most of Branch County outside the city and is available for Coldwater industrial expansion whenever needed.

In this day and age of inflation and expansion, it is interesting to note, that Branch County tax roll fifty years ago was \$25,289.220 and today the state equalization county tax roll is now in excess of \$150,000,000. Also, it is interesting to know, fifty years ago our most desirable lake lots sold from \$50 to \$100 and today they are in excess of \$10,000. So this leads us to believe that an investment in Branch County real estate not only assures the investor good reasonable security, but an opportunity to live in an area of clean air and water, free of radical violence occurring in our larger cities. We welcome you to come or remain in "The Land of Hospitality"

COLDWATER COMMUNITY SCHOOLS

The Coldwater school district covers over one-half the Branch County area and serves approximately 4,700 students with about 200 teachers. District property taxes for schools are among the lowest in southwest Michigan. The district has a state equalized valuation of over \$87 million. A seven-man, elected Board of Education meets the first and third Monday nights of each month to take official action on school matters. The meetings held at the Central Administration building are open to the public. Special services provided by the district include Special Education programs for the physically and mentally handicapped, the blind and deaf, speech correction, and a social worker. Programs offered in Vocational Education include home construction, food services, auto mechanics, graphic arts, office education, vocational metals, distributive education, health occupations, drafting, licensed practical nursing and counseling services. Community School Services offers courses in high school completion, adult education, college credit and non-college credit. Our Junior High School offers planetarium science and is fully equipped with a thirty-foot planetarium. Our Reading Center is staffed with a fulltime director, nurse, attendance personnel and reading teachers. In addition, our system offers a full scale lunch program, athletics, music, art, and operates 30 school buses transporting more than 2,000 school children to school and home again every school day.

FIRE FIGHTING

FIRE PREVENTION

1. Never let combustible materials accumulate in attic or basement.
2. Never store cloths or papers that have linseed oil or fresh paint on them, except in closed metal cans.
3. Check your heating systems to see that smoke pipes are in good condition, chimneys free from soot, and all cracks plugged with patching plaster. Wooden joists should not be built into any chimney.
4. Do not store gasoline or more than the smallest amount of other inflammable materials such as turpentine, benzine, naphtha, etc., in the home. Do not use these for dry cleaning.
5. Keep a good adequate-sized fire extinguisher-carbon-dioxide, dry powder, or volatile-liquid type should be kept on the kitchen wall or in other convenient place in the house. Only the carbon-dioxide type can be used on foods (fat fires in the frying pan or broiler, for example) without harming them. Fire extinguishers, if ample in size, are guardians of basement, attic, and garage.
6. Avoid the habit of smoking in bed; too often it has tragic results. If you fall asleep, the burning cigarette may ignite a serious fire before you are aroused.
7. Never leave a campfire until it is out, cold and wet. Never drop a burning match or cigarette on dry leaves or grass. Never throw a lighted match or cigarette from your car.

WHAT TO DO FIRST

If you are not able to put out the fire immediately, keep calm, call the fire department, and quietly and quickly get everyone out of the building. Even if you think you can put out a fire call the fire department first even if they arrive after it is all over. If there is any danger of the fire getting between you and the door, leave at once. Always have a path open for safe and quick retreat. Whether you are fighting or escaping from a fire never open a door until you have felt it. If it is hot, don't open it; suffocating fumes lie behind a door that is hot to the touch.

PUTTING OUT THE FIRE

WASTEBASKET FIRES. These are often due to careless handling of cigarettes and matches. These can usually be quickly extinguished by flipping the wastebasket upside down (except wicker baskets). It's hard on the carpet but very effective. If the basket is near a curtain, flip it over away from the curtain.

WHEN CLOTHING IS ON FIRE. If a person's clothes catch fire do not let him become panicky and start to run. Grab him, put him flat on the floor, and wrap him in a rug, blanket, or any woolen garment at hand. This will put out the fire and avoid the danger of his breathing the flames which might be fatal.

FIRE IN AN AUTOMOBILE. Small engine fires can be put out by generously applying handfuls of roadside dust to the flames. Naturally, a more effective job can be done with a small-sized carbon-tetrachloride extinguisher.

USING A FIRE EXTINGUISHER

Play the extinguisher at the base of the flames on burning material, not at the flames' center. Never use water on grease, oil, or electrical-equipment fires; it spreads the flames. Use carbon-tetrachloride, carbon-dioxide-gas, or dry powder extinguishers. All these are effective for electrical, oil, gasoline, and other flammable-liquid fires. With the vaporizing-liquid type (carbon-tetrachloride and a few others) care must be taken not to breathe the vapors. Hold the extinguisher at arm's length.

HOW TO USE AREA CODES

The United States and Canada are divided into more than 100 "Dialing Areas." Each area has a 3-digit "Area Code" assigned to it. When you place a call, the operator determines the appropriate 3-digit code, she dials it, then the telephone number you want. By furnishing the 3-digit area code your call will go through faster. You don't even need to give the operator the name of the city you are calling, unless she asks for it.

COLDWATER, MICHIGAN

STREET GUIDE

In the following list the streets are arranged in alphabetical order with the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the names of the occupants followed by the symbol Δ and the telephone number. All Coldwater telephone numbers are preceded by the prefix 27.

The symbol \oplus indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.

Note the letter and number below the street name. This is the map code and is used to locate the street on the city map.

The zip code for Coldwater is 49036.

HOW TO USE AREA CODES

The United States and Canada are divided into more than 100 "Dialing Areas." Each area has a 3-digit "Area Code" assigned to it. When you place a call, the operator determines the appropriate 3-digit code, she dials it, then the telephone number you want. By furnishing the 3-digit area code your call will go through faster. You don't even need to give the operator the name of the city you are calling, unless she asks for it.

QUINCY, MICHIGAN

TELEPHONE NUMBERS

This is a complimentary service in connection with your City Directory. The publisher was very careful in using these numbers but does not assume any responsibility in case of error. Since telephone numbers change rapidly, it is suggested that persons using this list refer to the latest edition of the regular telephone directory issued by the local telephone company in order to verify the information contained herein.

All Quincy telephone numbers are preceded by the prefix 639.

STREET GUIDE

In the following list the streets are arranged in alphabetical order with the intersecting street being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the names of the occupants followed by the symbol Δ and the telephone number. All Quincy telephone numbers are preceded by the prefix 639.

The symbol \otimes indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information other than that shown.

Note the letter and number below the street name, this is the map code and is used to locate the street on the city map.

The zip code for Quincy is 49082.
