Otto E. Luedders

In presenting the 1958 Directory to the citizens of Coldwater we wish to pay special tribute to Otto E. Luedders, the dean of directory services in this area.

Mr. Luedders, who will celebrate his eighty-sixth birthday on July 6th, produced directories for fourteen southwestern Michigan, Indiana and Ohio communities for 31 years. He retired from directory service in 1953.

His first directory attempt, although unsuccessful, was to list names of persons missing in Michigan. This was an outgrowth of his work as a state agent for the Coldwater State Home and Training School (then the Coldwater Children's Home). His job was to find homes for orphaned and neglected children who had been placed in the Children's Home, but he found that much of his time was spent in helping people locate long lost relatives and friends. To assist in this project, Mr. Luedders contacted the late Willis C. Bailey, then the publisher of the Coldwater directory, for advice. Mr. Bailey discouraged the missing persons project and suggested to Mr. Luedders that if he was interested in the directory business that Sturgis was needing a directory. Therefore, in 1922, Mr. Luedders published his first directory for the city of Sturgis. Later he published directories for Albion, Niles, Three Rivers, Allegan, Hillsdale, Greenville, Dowagiac, Belding, Midland, Bryan, Defiance, Kendallville and Auburn. In 1934 he bought out his earlier benefactor, Mr. Bailey, and added the Coldwater Directory to his list. The 1951-52 directory was the eighth one published by Mr. Luedders for the City of Coldwater.

Mr. Luedders' directories in addition to giving the conventional listings of residents offered several features seldom included by directory publishers. They contained the names of all members of the family with the children's names and whether they were of school age or under, occupation of both husband and wife, a map of the community, and lists of officers of civic, church, patriotic and farm organizations. Another feature of the directory was alphabetical listings of nurses, carpenters, contractors and masons. It also contained a history of the community which included many interesting pictures. All this has made the Luedders directory an historical book of information, one to which the Coldwater community owes a debt of gratitude.

QUINCY PUBLIC LIBRARY

## HISTORY OF QUINCY

Quincy, an incorporated village of about 1,800 inhabitants, is centrally located in the township of the same name, Branch County, Michigan. It is a station on the "Old Road" of the New York Central Railroad system, which runs between Toledo, Ohio and Elkhart, Ind. The village is situated on the Chicago Turnpike (US-112), now known as the Pulaski Memorial Highway, which follows the old Indian Trail between Detroit and Chicago. Quincy is located at a spot on US-112 about 105 miles west of Detroit and 165 miles east of Chicago.

Quincy is situated in, and serves, one of the finest agricultural and dairy areas to be found in the state and boasts direct outlets, both to eastern and western markets for its agricultural and manufactured products. In pre-trucking days, Quincy was the center of the cattle shipping market in this area. In addition to the rich and fertile acres surrounding the town, Quincy was also blessed by Mother Nature with a chain of lakes and connecting channels extending from the southwest part of the village for 15 miles of navigable water to the southwest.

Fishing in waters around Quincy can truly be said to be better than average for inland lakes, and furnishes pleasure and recreation for many natives, tourists and vacationists, both in summer and winter. A large percentage of the cottage owners surrounding these lakes are residents of our neighboring states—Indiana and Ohio.

Quincy was incorporated as a village on Oct 14, 1858 and the first election was held on Nov. 15, 1858. Ebenezer Mudge was elected as the first village president. Elected with him were: Moses A. Hewitt, clerk; Alden I. Gregor, treasurer; Allen C Culver, marshal; and trustees Cornelius Shear, Havens Wilbur, David Myers, John Sebring, William P. Arnold and Martin Hawley.

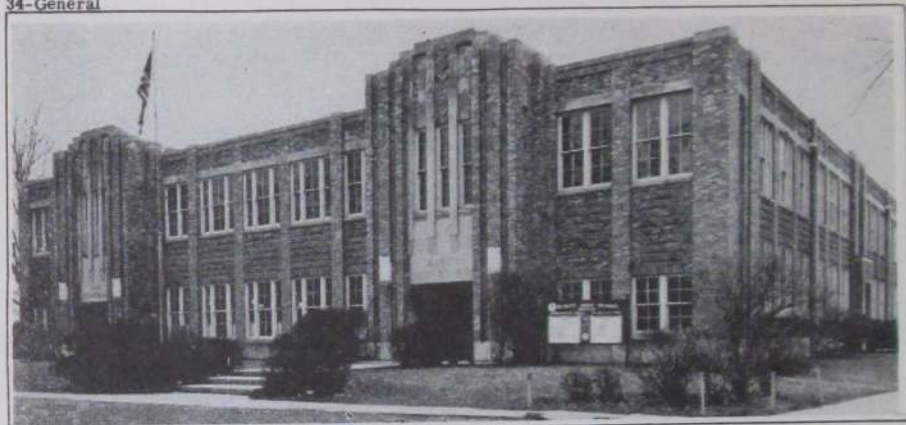

Quincy received its name from John Quincy Adams, as was a custom in the early days to name new towns after great and illustrious personages. The first man to own property in Quincy was Morris Wilson and the first home was built by John Cornish in the fall of 1833. Other early settlers who braved the dangers and hardships of pioneer life in the unbroken forest, then inhabited by Indians and wild animals were: William P. Arnold, Dr. Enos Berry, Joseph Berry, John Broughton, Daniel Bagley, Alfred Wilmarth and Able Coon.

The year 1853 found but a dozen houses in Quincy. The town was destined to grow fast, however. Already Windsor Campbell was operating a tavern on the site of the present Quincy Hotel; Charles Caswell was owner of the only store; Benjamin F. Wheat was postmaster; and Dr. Joseph Berry and Dr. Moses Hewitt served the community.

In October, 1853 B. N. Sheldon moved here from Lenawee county and opened a store featuring both drugs and groceries. He purchased the first wheat grown in this district for storage, buying 1,500 bushels at \$2.00 per bushel.

The town's first newspaper was called "The Greenbacker," and was established in May 1878 by L. E. Jacobs, and was devoted to the principles of the "Greenback" party. The publication ceased operations in October of the same year it opened, because of the lack of greenbacks. On November 1, 1878, C. V. R. Pond obtained the materials of the Greenbacker and opened the "Quincy Herald", which still enjoys a healthy existence, under the present ownership of Mr. and Mrs. T. J. Zimmerman.

The first fire department of the village was formed March 18, 1862 and consisted of a hook, ladder and fire bucket brigade. On January 7, 1869, Quincy bought its first fire hose. The first fire engine

QUINCY CONSOLIDATED SCHOOL

and hose carriage was purchased in November, 1873. The department has kept pace with the times and now possesses two modern pumpers, a combination pumper and tank truck, and a hose truck. The department is efficiently run and is under the supervision of a veteran chief, Harold Walsh.

The first school was built in 1869. The educational plant has, likewise, kept pace with the times and a new 14-room elementary building and a large addition to the high school was built.

Quincy has always been musically minded and noted for its fine bands. The first band was organized in August, 1876. At the present time the school has two separate bands in uniform as well as a beginners band in the grades.

The business life of Quincy is well diversified. The retail stores are modern and up-to-date and one can buy almost anything desired locally.

There are six churches--Baptist, Union, Methodist, Adventist, Union Tabernacle, and Assembly of God. St. Charles Catholic Church is located six miles to the westward, in Coldwater.

Employing many citizens are four factories--General Processing Corp., producers of water softeners and electric water heaters; Quincy Products, producers and engineering for component parts for the refrigeration industry; Crotty Corporation, manufacturer of fender welts and other items for the automotive industry; Glenray Sales & Mfg., manufacturers of the Glenray electric hot-dog barbecue machine, which is sold nationally. Also Williams Milling Co. is located here. There are three lodges--Masonic, I. O. O. F., and Knights of Pythias, and accompanying sister lodges. There is also an active Chamber of Commerce and Rotary and Lions Clubs, plus American Legion post No. 157 and Auxiliary unit. The town boasts a second-class post office, the present postmaster being Neal Potter.

# COLDWATER Street Guide

In the following list the streets are arranged in alphabetical order. The number of each building on the street is given in numerical order, and opposite the number is placed the names of the occupants followed by the symbol  $\Delta$  and the telephone number.

The symbol  $\Delta$  indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.

# QUINCY Street Guide

In the following list the streets are arranged in alphabetical order. The number of each building on the street is given in numerical order, and opposite the number is placed the names of the occupants followed by the symbol  $\Delta$  and the telephone number.

The symbol  $\Delta$  indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.

All Quincy telephone numbers are preceded by the prefix MEIrose.
