# ROBINSON'S 1959 BRANCH COUNTY, MICHIGAN DIRECTORY

Branch District Library  
10 East Chicago Street  
Coldwater, Michigan 49036

The master copy of this directory contains six sections of information organized for convenient reference.

1. GENERAL INFORMATION SECTION---contains a list of county officers, historical information, a classified directory of Branch County industries, a list of abbreviations and directions on the use of this directory.

2. ROAD GUIDE--shows everything as it occurs along each road of the county. This sequence includes homes, landmarks, road intersections, mail route changes and the names of townships all in order as they occur. The houses are numbered to correspond with the keyed county map. The numbering begins with 100 at the Base Lines and increases 100 to each mile. Even numbers are on the south and west sides of the road and the odd numbers are on the north and east sides of the road. Telephone subscribers are denoted by the symbol  $\Delta$ , acreage denoted by (a) and ownership denoted by  $\oplus$ .

The Home Edition of the Directory does not contain the Road Guide.

3. ALPHABETICAL SECTION--gives listings in alphabetical order according to family name. The information found in this section includes given name, wife's name & occupation with names & ages of minor children in parenthesis, occupation of the head of the house, house number, road on which subject lives, township, mailing address and telephone exchange. Names of persons who reside with others are listed in proper sequence alphabetically. (They are also listed in the Road Guide)

4. VILLAGES OF THE COUNTY--includes alpha listings of Bronson, Sherwood & Union City and a street guide of Bronson.

5. CLASSIFIED SECTION--contains advertisements and listings of our subscribers giving items, products and services they wish to offer residents of this county.

6. MAP OF COUNTY--this county map has been keyed for your convenience.

This information has been compiled from sources and by persons deemed to be reliable. We have tried to make this directory accurate but cannot guarantee a complete absence of errors or omissions and so take no responsibility for any that might appear.

The advertisers whose names you will find in these pages have made possible this directory. -- They will appreciate your show of approval through the purchases you make from them.

## HOW TO USE YOUR COUNTY DIRECTORY

1. Find family name of the party you wish to locate in the alphabetical section of the directory. The information given in the ALPHABETICAL SECTION follows:

JONES Anton E (Genevieve B; Jim 11, Jane 7, John 5) farmer 262  
 family name given name wife's name: children's name & ages occupation house number

Adolph Rd Union Twp R2 Union City Δ New Paris  
 road name township mailing address telephone exchange

2. Find the road on which the party lives in the Road Guide in your directory. (THIS SECTION IS NOT INCLUDED IN THE HOME EDITION). Numbered roads will be found in numerical sequence. Named roads in alphabetical order. The information given in the ROAD GUIDE follows:

ADOLPH ROAD ← Road name or number

UNION TWP ← Township in which road starts. Township abbreviation-twp  
 North from Francisco ← Where road starts and general direction

Union City R1 ← Mailing address. Town and rural route number or Post Office box number. The address continues for all the names following until another mailing address is shown.

Δ indicates that there is a telephone at this address.

Intersecting roads are shown.

Change of rural route is shown.

Landmarks are shown--helpful at night. Count the number of houses from landmark.

Well, here is the man we're looking for. He lives in house number 262 or the third house after crossing Herl Road, or, at night you could find him easier as the second house after passing the cemetery.

3. Your convenient, keyed county map will be found at the back of your directory. -----The simple way to locate a road on the map is to look first for the township as the township lines are clearly defined on your map. Now within the township, you can readily find the road you are looking for. By using your map and road guide you can easily tell how many homes there are from the county line to the first road intersection and their proper position along the road.

### NOTE

The listing given above is a fictitious one, used only to show how information can be obtained from the directory. Pick out a family actually living in your county and follow the steps given above.

## BRANCH COUNTY HISTORY

Branch County, now one of the thriftiest sections of the country, was a primeval wilderness little more than a hundred years ago, inhabited only by the Pottowattomie Indians—a fact easily understood when we recall that at that time there was not a mile of railway in the entire United States.

While it is true that there were trading posts within the limits of what is now Branch County as early as 1825, the first actual white settler appears to have been Jabe Bronson, who made his home in 1828 in the locality now bearing his name—Bronson. It should be borne in mind that the entire population of Michigan in 1820 was less than 9,000, and not much more in 1828.

However, the old Indian trail between Detroit and Chicago (now the Chicago Road or "US 112") saw great numbers of pioneers passing this way, bound for Illinois and other parts of what was then the "far west". The presence of the Indians deterred many who would otherwise have settled here.

It was in the year 1821 that Chief Topinabee and his people sold to the whites what is now the County of Branch and a vast area besides, though they still continued to occupy it as before, supposedly on reservations, one of which was a tract six miles square called Mikkesawbee, in parts of the present Quincy and Coldwater Townships. But the red men roamed everywhere, to hunt and fish as they chose, in what seemed to them a paradise, for the woods abounded in deer, wild turkeys, pigeons, squirrels and other varieties of game, while the many lakes and streams swarmed with the finest of fish; and walnuts, butternuts, hickorynuts, hazelnuts and berries of numerous kinds were to be had in great abundance for the gathering. The deed conveying this goodly land to the government was signed by Topinabee, followed by Wawenickamack, Mayonchee, Aitchwemickquee and numerous other braves then prominent in the councils and affairs of the Pottowattomies.

#### 4- Branch County General

There were quite a number of beautiful prairies, notably at Coldwater, Bronson and Girard; but the great bulk of this region was covered with splendid forests of beech, maple, walnut, hickory, white-wood, elm, oak and other trees. Untold millions of lumber-feet of these trees were cut by the early settlers, piled in "log heaps" and burned in order to clear the land. Many streams wandered through the forests, and there were some ninety lakes, large and small, in what is now Branch County.

In the year 1829 Branch County was laid out and so named by the Territorial Legislature of Michigan. It was first attached to Lenawee County and later to St Joseph for judicial purposes. The name was given in honor of John Branch of North Carolina, Secretary of the Navy in President Jackson's cabinet at that time.

The year 1830 saw little hamlets spring up at Coldwater and Bronson, while a tavern was established at Quincy--all on the Chicago Road. On account of the lack of highways the settlements at the junction of the Coldwater and St Joseph Rivers (Union City) and on the former stream at Hodunk were made several years later, although Girard Prairie had a few white settlers soon after Coldwater's inception. Both Coldwater and Girard had quite pretentious Indian villages when the white man came.

From this time on settlement proceeded rapidly, as shown by the fact that Michigan's population increased from 31,639 in 1830 to 212,267 in 1840; but Branch County's early "boom" did not come until the Pottowatomies were removed to Kansas in 1840. Further impetus was also given by the building of the Michigan Southern & Northern Indiana Railroad across the county in 1850; this road later became the Lake Shore & Michigan Southern and is now a part of the New York Central System.

The county seat was first at Masonville, on the east bank of the river, in the west part of the present city of Coldwater, but was soon transferred to the ambitious village of Branch, which held that honor from 1831 to 1842, when Coldwater won the coveted plum after an exciting and most memorable contest.

The county's separate existence dates from the year 1833, and its population increased steadily until 1900, when we numbered nearly 28,000 people. The census of 1940 gave Branch County 25,845, the movement into the large cities having taken toll from us as from most of the counties in Michigan.

Branch County has often been called "the garden spot of America", and certain it is that very few localities can surpass her for fertility, diversity of crops, and general prosperity of her people.

The County of Branch now has two incorporated cities: Coldwater, with 8,542 people and Bronson with 2,101; also three incorporated villages: Quincy, 1,523; Union City, 1,339; and Sherwood, 361 (1950 census). Each has its own industries and sources of wealth and prosperity, by no means the least of which is the splendid agricultural country adjoining. The villages of Batavia, Girard and Kinderhook are not incorporated; and to these may be added several smaller hamlets about the county.

Largely on account of her many beautiful lakes--especially Coldwater, Morrison's, Matteson and Marble--Branch County is very deservedly winning fame as a popular summer resort. The Waltonian's fish-propagating plant near Union City bids fair to keep the lakes plentifully supplied for the tourist, the resorter and the sportsman.

# Robinson's 1959 Branch County Directory

These listings give in order: family name, given name, wife's name, occupation, and names and ages of minor children in parenthesis, employment and employer, road address, name of township, mailing address, and telephone exchange. When the telephone exchange is the same as the address only the telephone symbol (Δ) will be shown. Houses in Branch County are numbered. These numbers correspond with the county map found at the back of your directory. The numbers on the edges of the map indicate the house numbering system. Numbers start with 100 at the Base Lines and run 100 to the mile.

See General Section of this directory for a more detailed explanation of the Alphabetical Section. Following is a list of special abbreviations used in this section.

# Bronson Street Guide

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given and opposite the number is placed the names of the occupants. In all streets both sides of the street are included in one list.

The symbol @ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.

The telephone number follows the symbol Δ denoting houses and places of business having telephones.

# Branch County Road Guide

In the following list the roads are arranged alphabetically including the State & U. S. highways. The house number is given & opposite the number is placed the names of the occupants. The symbol Δ indicates that there is a phone at that address but no telephone numbers are given.

The number of acres follows the name of the occupants with a symbol ⊕ if it is owned by the occupant & the letter T to denote acres farmed but not owned.

Each township line is designated as is also mailing addresses and intersecting roads.

For a more detailed description of use of the road guide see the general section of this directory.

# Elmer sez:

WHEN YOU THINK OF INSURANCE,  
WHY NOT THINK OF ME.  
FOR WE SELL THE BEST IN ALL  
LINES, DON'T YOU SEE!  
SO TELL US YOUR NEEDS AND  
WE'LL QUOTE P.D.Q.  
IF THE FIGURES DON'T SUIT,  
YOU'LL KNOW WHAT TO DO.
