# Inhalator Runs

Dec. 31-32 Run was made with inhalator to the Holmes home 59 East Montgomery St.

July 11-33 Run was made with inhalator to Water Works park swimming <sup>Pool</sup>.  
Inhalator was not used as boy was revived by artificial respiration.

[1934] # 1.

Jan. 1-34 Run was made to Matteson Lake with Inhalator. Boy drowned. Dr. Hadley, Dr. Elmstead, & Kenneth Hadley made the Run. Boy was beyond help.

# 2.

Feb 2-34

7:30 A.M.

Call came from Branch W. Garage for Inhalator as 2 men in truck were overcome with monoxide gas. Both saved.

# 3.

7 boy & 3 weeks 10 yrs. old. State St. was saved from drowning by artificial Respiration by John Dawson. Inhalator taken to Waterworks Park by Vore, was used on boy with success.

Fire on Film Booth.  
Jus. Out

The page features a red double-line border at the top. Below this border, a grid is formed by blue lines. There are four vertical lines that create five columns of varying widths. The columns from left to right are: a narrow column, a wide column, a narrow column, a very narrow column, and a narrow column. The remaining space between these vertical lines is filled with horizontal blue lines, creating a grid of approximately 30 rows. The page is otherwise blank.

The page features a red double-line border at the top and a grid of blue lines forming columns and rows. The grid consists of 11 vertical columns and 28 horizontal rows. The columns are of varying widths, with the two outermost columns being the widest. The grid is currently empty.

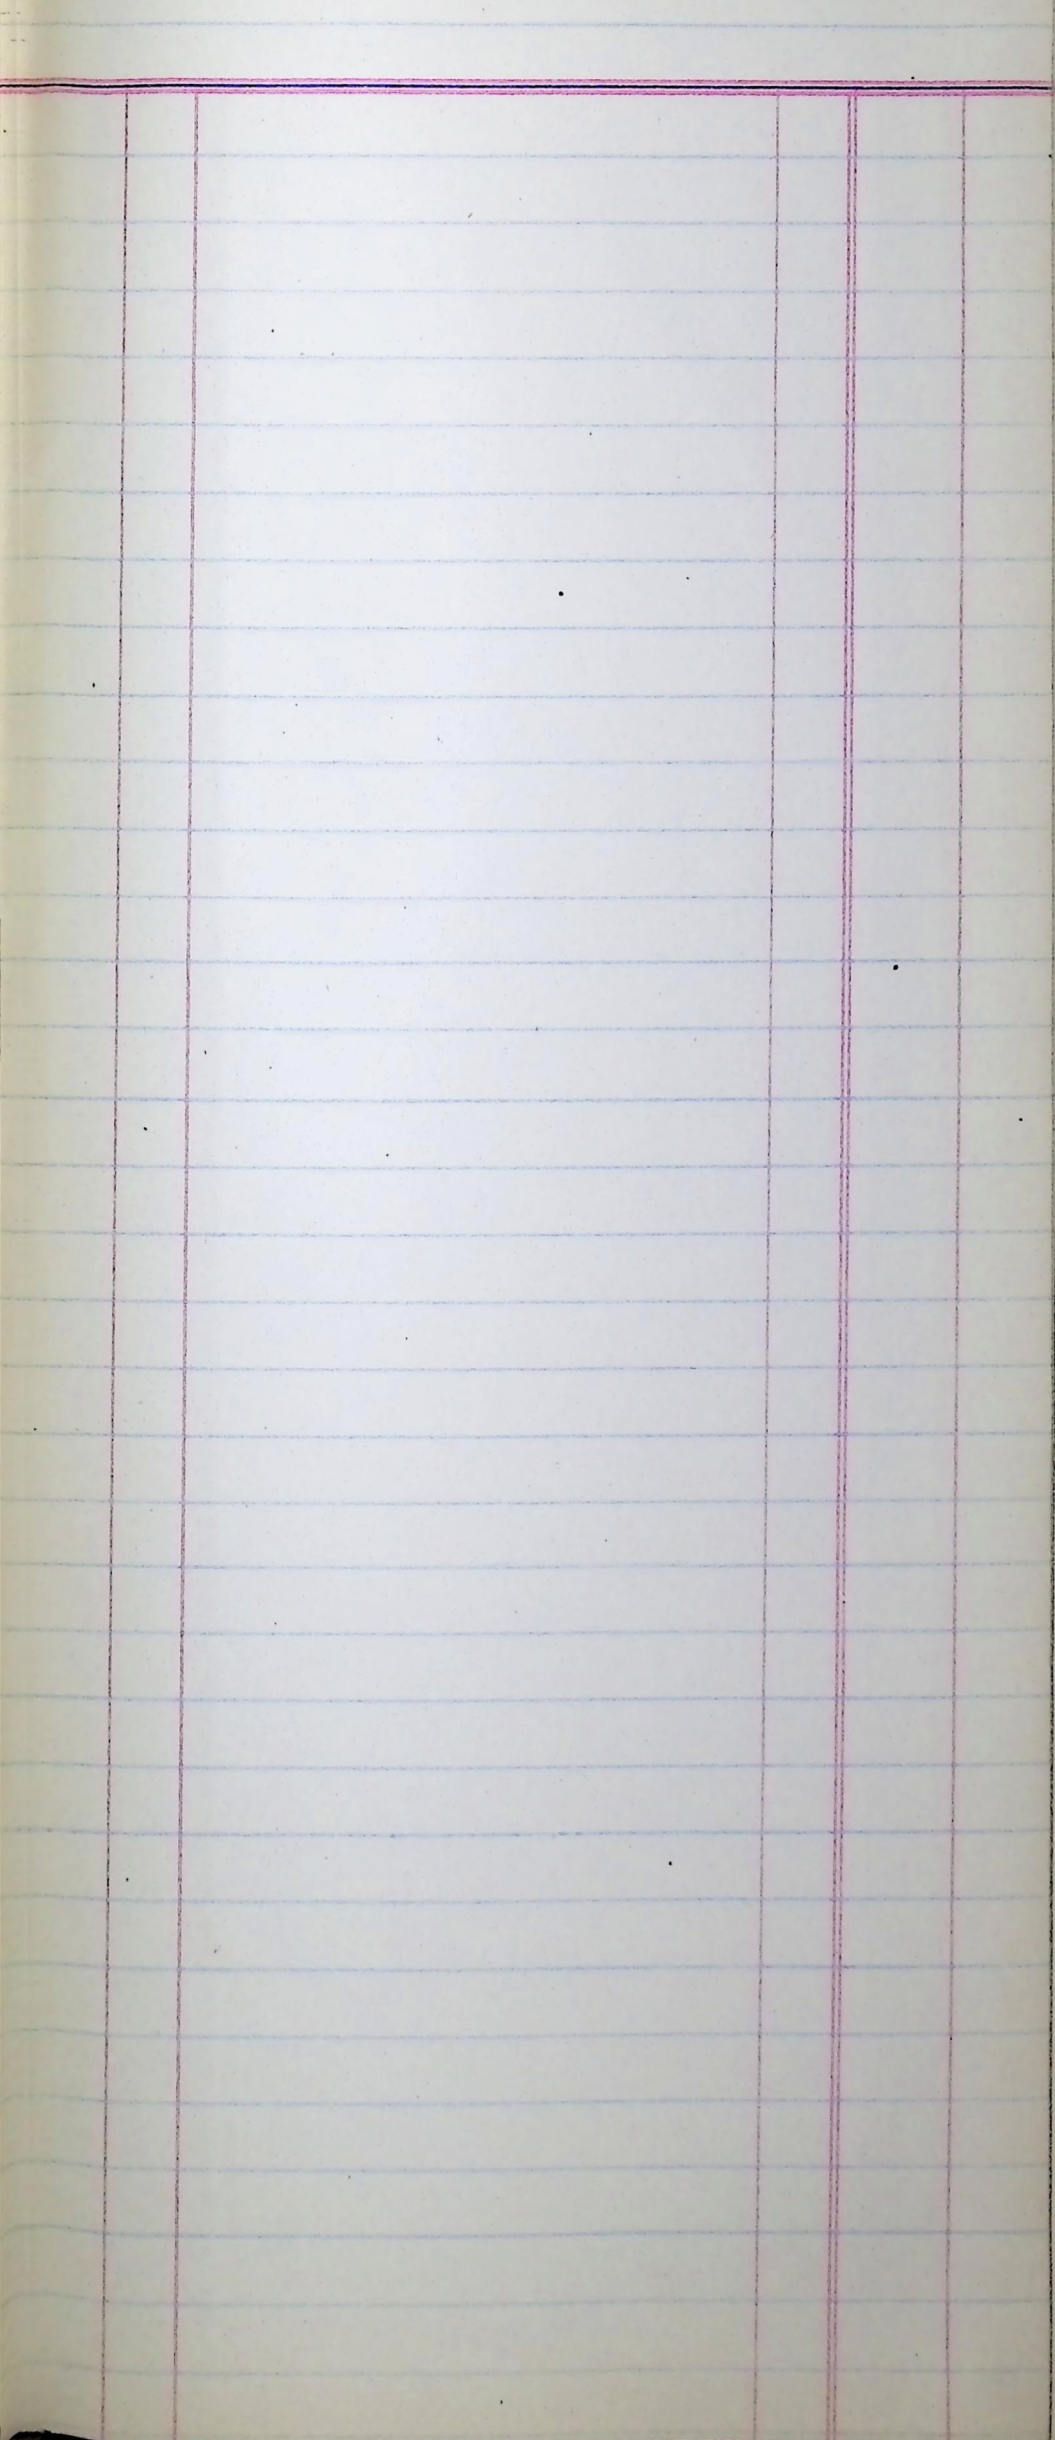

This page is a ledger or account book page. It features a cream-colored background with a grid of lines. There are three vertical red lines that divide the page into four columns of varying widths. The leftmost column is the narrowest, followed by a wider column, then a very narrow column, and finally a wide column on the right. Horizontal blue lines run across the entire page, creating a grid of small rectangular cells. The page is currently blank, with no text or numbers written in the cells.
