# ROBINSON'S 1987 COLDWATER CITY DIRECTORY INCLUDING QUINCY, MICHIGAN

This information has been compiled from actual canvass by persons deemed to be reliable. We have tried to make this directory accurate but cannot guarantee a complete absence of errors or omissions and so take no responsibility for any that might appear.

The complete directory contains the following sections of information for your convenience.

1. GENERAL INFORMATION---History of Coldwater, a list of City Officials, a list of Historic Dates, a list of Organizations, Quincy Village Officials, Branch County Officials, an Industrial Directory, a list of Abbreviations, etc.
2. COLDWATER ALPHABETICAL SECTION---This section lists business places and home residents alphabetically. Included in the listings are: family name, given name and initial, complete telephone numbers, street address, occupation, employer, wife's name and occupation and names and year of birth of minor children.
3. COLDWATER STREET GUIDE---This section enables you to learn the name of the occupant of any given street address. It shows home ownership and telephone numbers.
4. COLDWATER NUMERICAL TELEPHONE LISTINGS---This section enables you to learn instantly the name of any party leaving a "Please call number---" message. "Blind Ads" are no longer "blind" after reference to this list.
5. QUINCY ALPHABETICAL SECTION---This section lists business places and home residents alphabetically. Included in the listings are: family name, given name and initial, complete telephone number, street address, occupation, employer, wife's name and occupation and names and year of birth of minor children.
6. QUINCY STREET GUIDE---This section enables you to learn the name of the occupant of any given street address. It shows home ownership and telephone numbers.
7. QUINCY NUMERICAL TELEPHONE LISTINGS---This section enables you to learn instantly the name of any party leaving a "Please call number---" message. "Blind Ads" are no longer "blind" after reference to list list.
8. CLASSIFIED ADVERTISERS INDEX AND BUYERS GUIDE---A listing of the various products and services offered by the professional men and businessmen of Coldwater and Quincy who made this directory possible.
9. MAP OF COLDWATER & QUINCY---a keyed map of Coldwater & Quincy has been included for your convenience.

The advertisers whose names you will find in these pages have made possible this directory.--- They will appreciate your show of approval through the purchases you make from them.

## HISTORY OF COLDWATER

When the first settlers came to this vicinity, they found this area inhabited by the fierce and warlike Pottawatomi Indians. Although the old Indian trail between Detroit and Chicago (now US 12) saw great numbers of pioneers passing this way, bound for Illinois and other parts of what was then "the far west", the presence of the roving bands of Pottawatomi Indians deterred many who might otherwise have settled here. The defeat of the British in the War of 1812 and the death of the great Indian leader, Tecumseh, in 1813 caused the Pottawatomi to lose heart and in 1821 Chief Topinabee and his people sold to the settlers what is now Branch County and a vast area besides, although they continued to occupy it as before, supposedly on reservations. One of these reservations, six miles square, was in Coldwater and Quincy Townships.

The present city of Coldwater occupies part of what was then a beautiful prairie some three miles long from east to west and two miles wide. It was dotted with oaks, with an occasional elm, but bordering this prairie were magnificent forests of beech, maple, walnut, whitewood, elm and oaks interspersed with many streams and with over a hundred lakes, large and small in what is now Branch County. With 1-69 barrow pits and other private lakes, we now number 200 lakes in the county.

It was natural that our first white settlers came to trade with the Indians. In 1822 Joseph Godfrey established a trading post near downtown Coldwater and a little later that year one Marantette established another post where Oak Grove Cemetery is now located.

In the year 1829 Branch County was laid out and so named by the Territorial Legislature. It was first attached to Lenawee County and later to St. Joseph. It was named in honor of John Branch of North Carolina who was President Jackson's Secretary of the Navy.

The first log house was erected in 1830 by Hugh Campbell on the present site of the Masonic Temple. In 1831 Allen Tibbits and Joseph Hanchett platted a village here calling it Lyons. It ran from Jefferson Street to Monroe Street and from Church to Washington Street. In July 1831 Mr. Tibbits preached the first sermon. There were 50 whites in Branch County at that time. This same year A. F. Bolton erected the first frame building—a hotel—at Masonville. Masonville was a settlement on the east banks of the Coldwater River in the west part of the present city and covered the territory from the river and east to the intersection of West Pearl Street and West Chicago Street. On the strength of this hotel, Masonville was made the County Seat. Masonville did not hold the honor long as the ambitious village of Branch, which was located south of our present airport near the present Black Hawk Mill, won the coveted plum and held the county seat from 1831 to 1842. At the time it became the county seat, it had only one log house—but it had ambitious politicians. The Coldwater Post Office was at Masonville.

In 1832 the first school was started with nine pupils and with Cynthia Cloyd as teacher. The first store was established by Silas Holbrook; the M. E. Church was founded with five members; and the first sawmill was erected at the junction of Davidson and Clay Streets.

In 1833 the name of Lyons was changed to Coldwater, from an old Indian name "Chuck-sey-ya-bish" meaning cold water. Branch County, as such began its separate existence, being previously attached to St. Joseph County and a sheriff, clerk, treasurer and register of deeds (one office) and probate judge was elected by the people.

In 1834 the "old red schoolhouse" was erected at the corner of Pearl and Hudson Streets. Today, the spot is the county Sheriff's Office & Jail.

In 1835 Masonville was platted on the east bank of the Coldwater River and again struggled to become the county seat. That year the Baptist Church was organized with sixteen members.

In 1836 the first church was built in Coldwater by the Methodists. The village had twelve houses and was growing. The next year Coldwater was incorporated as a village having a population of 140 people. Dr. Alger, traveling the Chicago Road from Detroit to Chicago, found at this time 33 taverns between Quincy and Sturgis, indicating the tremendous westward immigration through here at this time. 1837 was a terrible year for malaria fever. 32 out of 140 people died that fall. The cause was said to be the Clay Street milldam and the angry citizens, taking the law into their own hands, destroyed it. This year the first newspaper, The Observer, was issued and the Presbyterian Church organized with sixteen members.

It is indeed interesting to note that two things always occur as a few families settle close together. Schools and churches are the first to be organized. Our ancestors believed as we must—religion and education are the necessary units if we must continue to advance in civilization.

In 1840 the Pottawatomi Indians, except for a few stragglers were removed to the far west. This opened for settlement much of the land of Branch County which had been designated as Indian reservations. It also helped bring in many new settlers who had been deterred by the presence of such a large Indian population in the County. From this date progress has been steady.

In 1841 Albert Chandler founded the Coldwater Sentinel and in 1842 Coldwater became the permanent County Seat, supplanting the village of Branch and blasting Masonville's hopes.

In 1844 two churches were built—the Baptist Church was built on the north west corner of Monroe and Pearl, and the Presbyterian Church was built on the present site of the new building of today, but was sold in 1858 to the Lutherans who moved it to its present location on S. Jefferson Street.

In 1846 the first jail was erected. Also the voters voted against the sale of liquor.

4-Coldwater-Quincy General  
HISTORY OF COLDWATER-Continued

In 1847 the county voted to build a brick courthouse by a majority of 27. A majority of 27 was the same when the proposition to build the present one carried 40 years later. This one burned down on December 5, 1972 and another new courthouse started construction in the fall of 1974 on the same spot. Also this year the Masonic Lodge was established.

In 1849 the telegraph lines reached Coldwater and St. Charles Catholic Church was founded.

1850 was a banner year for the growing village. The first train arrived and Coldwater was connected directly to the populous East.

For many years Coldwater and Branch County were noted for their horses. The start was made in 1851 when A.C. Fisk purchased Green Mountain Black Hawk for the then enormous price of \$1500. Many people now living can remember the various race tracks in and around Coldwater. Raising and training race horses was a big industry for many years. In 1851 Coldwater boasted 370 houses, but the first of many disastrous fires destroyed eight stores in the business section during the winter.

In 1854 another disastrous fire along Main Street caused the village Board to prohibit the erection of any frame buildings from Clay Street to the parks. This was the first zoning acted upon in the community. The Main Street today, because of this action, is built of brick. Also this year, Oak Grove Cemetery was established, which continues to expand. There had been two earlier cemeteries-one at Masonville, which today is a cultivated field-the other on Morse Street which contains tombstones recording burials from 1835-1857. The present cemetery board maintains this burial ground even though there have been no burials since 1857.

In 1856 because of the many fires the first fire company was organized with Clinton B. Fisk as foreman. Everyone was proud of the "Excelsior" the hand pump that was purchased.

In 1857 the corner stone of the Episcopal Church was laid-it was completed in 1862.

In 1861 Coldwater became an incorporated city. That year The Coldwater Light Artillery-later called the Loomis Battery-left for the war with six brass cannons and 120 men, only 49 of whom returned home three years later. Coldwater, even as her men have done in the years since-paid for her existence with the blood of her youth. Many other Coldwater men enlisted in the 1st Michigan Infantry and the list of casualties were large for such a small town. It is said over 500 men from Coldwater fought in the Civil War. To show how the raising of horses had grown in the county during the war years of 1861-65, over 3,000 horses were brought here for use in the Federal Service.

In 1865 the war ended and the soldiers returned home. That year Coldwater had its first millionaire. S.M. Siely made \$1,500,000 in oil speculations. In July the Coldwater National Bank opened and Coldwater became a money order post office.

The town continued to grow steadily after the war. In 1866 the first hospital was established where the Elks Temple now is located. One hundred new buildings were erected and new industries located here. The industries, at this time, consisted of flour mills, an oil mill, breweries, a wheel barrow factory and many small factories making cigars. By 1870 there were so many cigar makers that a Cigarmakers Union was organized and functioned for many years.

In 1870 the Lewis Art Gallery opened. For 25 years until its removal to Ann Arbor this gallery attracted visitors from all parts of the country. Recently the Lewis Collection was returned to Coldwater.

The "Seventies" was a period of railroad building and Coldwater was caught up in the spell. Two roads were chartered-the Mansfield, and Coldwater and Lake Michigan Railroad-and the Coldwater Railroad. Neither railroad was ever completed. The collapse of the Mansfield Railroad cost the investors of this vicinity \$200,000.

In 1876 an interesting item was noted. The English sparrow was introduced by Captain Mansfield and George Firth. Today it is difficult to believe that this "pest" hasn't been here always. In 1800 the first bicycle was brought to Coldwater. 1881 was an exciting year for Coldwater. A series of fires caused suspicion of incendiarism. After an investigation, several firemen who confessed were sentenced and served prison sentences. Chief Drake, after a lengthy and expensive trial, was acquitted. The cause-they needed new equipment.

In 1882 the Bell Telephone began business. In 1886 the Public Library building was dedicated - a gift from the Hon. E.R. Clarke. In 1887 an idea began that has since grown to large proportions and has meant much to Coldwater and Branch County. This was "the-cottage-at-the-lake" idea begun by 10 members of Jacob Commandery at Templar Beach, Morrison Lake. Today the spread of this idea has seen the shores of most of the over 100 lakes in Branch County covered with homes, both year around and summer. Today, the money brought into the county and city each year by the summer visitors make it one of our best industries.

In 1888 a small private company started electric street lighting. Three years later in 1891 they sold their property to the city which has maintained the electric service since that date. In 1890 the first city water system was installed by vote of the people. This system was joined the next year by the light plant and Coldwater was in public utility business to stay.

In 1905 the present city charter became law. It has been revised, added to, etc. by charter amendments many times since that date, but the charter of 1905 is still the basis for the government of Coldwater.

By 1912 Coldwater, a growing city, felt the need of parks and recreational facilities. A park and recreation board was established which today has given Coldwater the splendid parks which are enjoyed so thoroughly.

## HISTORY OF COLDWATER-Continued

And so through the years Coldwater has grown-steadily at times-by spurts at other times. Slowly, but ever forward toward making it a better place to "live, worship and play." Many men and women have made their contributions-some large, some small, but each his bit-and thus Coldwater today.

In 1960, Coldwater's Centennial Committee held its initial meeting to start plans for a municipal observance of the historical anniversary in 1961. General Chairman, C.J. Medendorp, presided with 20 members present. July 4, Independence Day was observed in an all day celebration at the 4-H Fairgrounds including fireworks at night, the first since 1933.

---Mrs. Edna Wells, owner of the 75 year old S.B. Kitchel Liniment business sold out to James A. Warnhoff and Dr. J. W. Brown of St. Louis, Missouri. Coldwater voters favored expansion of the municipal power plant in preference to purchase 100% power needs from Consumers Power Company. Climax Molybdenum announced a major expansion for Coldwater's first shell building in the Industrial Park. On November 8, new city charter proposal wins by 183 ballots to become effective January 1, 1961.

1961---Godfrey Collins took up his duties under the city charter as City Manager. The Mayor was Arthur Lyons. Restoration of Tibbitts Theatre was started, and the Old Opera House will again be active. In February, Harold J. Smith was appointed to become Coldwater's first Municipal Judge effective in July. On February 20 the first non-partisan primary election was held. Governor Swainson, declared Tuesday, February 28 as Coldwater Centennial Day in honor of the 100th anniversary of Coldwater as an incorporated city. Presentation made to State Senator John P. Smeekens and State Representative Frederic J. Marshall at Lansing.

1983---The Coldwater City Council made the entire Industrial Park an Industrial Development District to attract industry to Coldwater allowing companies a tax abatement.

A Downtown Development Authority was established to revitalize the downtown. Panel Processing has a \$400,000 expansion in process.

Many changes have taken place in the downtown area. The American Legion was remodeled, Benedict's have opened the Meeting Place at the corner of Hanchett and West Chicago, Penney's was moved next to Parkside Pharmacy in the Karr Building; T-Shirt Alley moved from East Chicago St. to West Chicago; Michigan Bank Mid South moved into the downtown; World Wide Communications and M & M Leather are new to the community.

A sled slide has been added to the Heritage Park with the help of the Kiwanis Club. The Optimist Club added playground equipment to Heritage Park and another practice ball field was constructed as well as a tennis practice wall by the Tennis Club.

1985---Coldwater lists 195 retail establishments, 40 manufacturers and 81 wholesalers. There are 9,461 residents and 3,848 housing units within the City limits. Foreign investment within the city is represented by companies from Germany, Italy and Japan.

The Florence Crane Women's Correctional Facility was established at the Coldwater Regional Center with a men's correctional facility to be completed next year. The mental health role of the Regional Center has been redefined to include a larger resident population. The influx of activities at the Regional Center has added approximately 8 million dollars in area payroll.

To support the area's increased tourist activities, a Quality Inn and Convention Center has been completed offering a much needed addition to the community.

A Rail Users Association was formed and in conjunction with the Michigan Department of Transportation, purchased the existing Conrail rail line from Quincy to Sturgis. HCRC is the "short line carrier" that operates trains on the track connecting with Conrail to the west and N&W to the east.

New industry in the area includes; Gross-Stabil, Data Tech, Speciality Pyronics, Federal Cold Forge, Grahl International, Sintered Metal Products, and Trail Master Products.

New commercial business in the area include; Burger King, Wendy's, the Chicken Coop, the Gallery, Jim's Shoes, Curtis Mathes, Crystal Health Fitness Center, Fradors Pizza, Parshall's Retail Wholesale, the Sound Room, Coldwater True Value & Charlie's II.

1987-Coldwater added 41 acres to the Industrial Park to allow more industrial access to rail transportation. Plans are being made to open a Business Park close to I-69. Additional water treatment facilities have been constructed to ensure continued pure water in the area.

The century old Shaw Shoe Co. building was renovated and a new company, Phoenix Concepts, has occupied the facility. Johnson Controls, an automotive seating manufacturer, has established a new plant in the Industrial Park. A new wholesale warehouse, Markets Unlimited, began operations in the former Gambles building.

Retail development continues both in the City and surrounding area. Major opportunities continued to exist in new commercial building programs. A Mainstreet Director was hired to implement a coordinated downtown expansion program featuring facade improvements and low cost, energy saving construction and renovation. A Visitors Information Center was opened in a newly renovated building.

A second prison facility opened for men. The new prison, Lakeland Men's facility is located next to the women's facility on the Coldwater State Regional Facility grounds.

Coldwater celebrated its 150th Anniversary this year with parades and other special events. Many religious, cultural and public buildings celebrate 100 year anniversaries.

Parade Sept. 12, 1987 see 9/14/87 paper (pictures) pg 2 and 6*

## COLDWATER, MICHIGAN

The city derives its name from the Indian word "Chuck-sey-ya-bish", meaning cold water.

The first inhabitants of the area were the Pottawatomi Indians. Running through their land was the "Chicago Road", which carried many settlers to the West. The presence of these fierce war-like Indians prevented much settlement of the area at first. In 1821 Chief Topinabee sold the vast area of Branch County to the Government. The village then began to grow steadily upon the Indians' departure for Kansas in 1840. The growth impetus continued when the railroad arrived here in the 1850's, transporting many emigrants from New York.

The first white settlers here were Abram Bolton and John Morse, who established in 1831 a grand hotel on the "Chicago Road," which was a welcomed sight to the many weary travelers going West. The hotel became as celebrated on the "Chicago Road," as the Palmer in Chicago.

A commission was established to locate the county seat and in 1832 Branch (Near the county airport) was appointed. Branch, having one building at the time, began to grow rapidly. However, its development was short when the legislature in 1842 affixed the county seat at Coldwater.

In the 1850's the big industry in Coldwater was the breeding and training of horses. Over 3000 of these horses were provided for Federal Service during the Civil War.

## PLACES OF INTEREST & FACTS OF BRANCH COUNTY - COLDWATER, MICHIGAN

In 1883 the name of Lyons was changed to Coldwater, from an old Indian name, Chuck-sey-ya-bish, meaning cold spring water. Coldwater was inhabited by the fierce warlike Pottawatomi Indians. In 1821, Chief Topinabee and his people sold to the whites the land that is now Branch County.

Coldwater, the county seat of Branch County, is located at the junction of the old Indian trail to Chicago (US 12 and I-69). The Sauk Trail marker is located 12 miles west of Coldwater.

The Branch County Court House, occupied in 1888, was destroyed by fire in 1972, but many historical materials were saved for display in the new Court House which was erected on the same site in 1976.

Coldwater is noted for its early 19th Century homes, many located on East Chicago Street, and its beautiful shade trees, of which there are some 7,000, mostly stately maples.

The Tibbits Opera House, S. Hanchett Street, opened in September, 1882, has been restored and during the summer season, many fine plays are scheduled. The Tibbits Opera House has the permanent exhibition of the Lewis Art Collection (1750-1800).

The Wing House Museum, 27 S. Jefferson Street, is a fine example of a 2nd Empire home. Built in 1875, it was purchased by the Branch County Historical Society and houses an excellent display of furnishings, art, crafts and tools of the period. Tours are available - 278-2871.

There are 250 lakes, large and small, in Branch County. All are within a 15 minute drive from Coldwater, Michigan. Our county is the heart of Bluegill and Bass fishing.

Ask for the location of Branch County and City of Coldwater parks and recreational spots.

### INDUSTRIAL TOURS

Available to groups of 10-40 people, by advance appointment.

Branch Area Careers Center  
(Vocational School)  
366 Morse Street (517) 278-2314

Peter Eckrich & Son, Inc.  
(Frankfurter plant and distribution center)  
455 Squires Road  
Quincy, Michigan (517) 869-2221

Make the beautiful 15 mile motor boat trip from Quincy to S. Coldwater Lake. Or from Messenger Lake, bordering Coldwater, all the way to River Road bridge for 7 miles of scenic views.

For a pleasant drive, go out to Iyopawa Island and take an East Shore drive on Coldwater Lake to see the sandy shores and swimming beaches.

See Coldwater Country Club's beautiful 18 hole golf course on Narrows Road.

Visit our olympic size swimming pool. It is on Western Avenue, adjacent to 8 tennis courts which are next to our Little League baseball diamonds.

Drive out Western Avenue and see the beautiful new homes continually being built in the north and northwest part of our city.

Drive south on Butters Avenue into the 590 acre Coldwater Industrial Park and see why Coldwater has gradual growth and development.

Visit our Branch County 4-H Fairground where large horse shows and trailer rallies are held throughout the summer, and the annual 4-H Fair is held in August.

## PLACES OF INTEREST &amp; FACTS OF BRANCH COUNTY-COLDWATER, MI-Continued

Try boating or fishing on the Messenger-Hodunk 7-mile lake chain, Messenger, South, Cemetery, North, Randall, Morrison and Craig, with four of the lakes bordering part of the city of Coldwater. The nearby Coldwater Lake chain of ten lakes, 14 miles long, consists of the following lakes with connecting channels: Little Coldwater Lake, Coldwater Lake, East Long Lake, Loon Lake, Wright Lake, Bartholomew Lake, Archer Lake, Middle Lake, Marble Lake and First Lake.

Branch County countryside is attractive in appearance, for it is spotted with good fishing lakes that cause an influx of visitors and vacationers during the summer, which just about doubles our population. "The Land of Hospitality" is the name to remember. We have four seasons of activities that swell the attendance of recreational and sports-minded people, whom we do welcome to our area. Many come, many return, with a surprising number establishing residence in this all around, four-season climate.

For further information, call at the COLDWATER & BRANCH COUNTY CHAMBER OF COMMERCE,  
20 Division Street Coldwater, Michigan 49036 Phone (517) 278-5985.

## DOWN - TOWN BUSINESS ASSOCIATION

P. O. Box 222  
Coldwater, Michigan 49036 (517) 279-9375

Coldwater's DOWNTOWN BUSINESS ASSOCIATION has been working to create the best possible business atmosphere in the area since 1964. The reason DBA was formed was to provide adequate free parking and improve the over all business activity in the downtown. DBA is also involved with the continued improvement and appearance of the structures in the downtown.

The present membership in DBA consists of 51 Retail and 56 Professional and Service Businesses. Downtown Coldwater is now recognized throughout Michigan, Indiana and Ohio as being an outstanding example of what can be done when community minded business men and women and their city government work together.

The continued development of parking and customer traffic in the downtown will remain a major program.

## HISTORICAL DATES-COLDWATER, MI-Continued

1861	Civil War declared April 12, Fort Sumpter attacked; Abraham Lincoln, President Coldwater Light Artillery (Loomis Battery) Coldwater incorporated as city St. Paul's Lutheran Church organized
1862	Episcopal Church building completed
1865	Coldwater National Bank opened
1870	S.M. Seely made \$1½ million in oil speculations County population 27,227 Cigarmakers Union organized Lewis Art Gallery opened (to 1895)
1874	State Public School opened
1880	First bicycle brought to Coldwater
1881	Armory and other fires
1882	Tibbits Theater built (September 21) The Courier established (Formerly The Republican-1866)
1886	E.R. Clark Library dedicated
1887	Cyrus G. Luce of Gilead became Governor It was a 2 day trip to capital \$1,000 yearly salary for Governor
1888	Horse breeding and horse auctions at peak Electric street lighting installed by private company
1890	Central School burned City buys light company Water Works system built
1892	Free mail delivery started
1893	Chicago World Fair 4 cement companies in area
1895	Coldwater Daily Reporter started by S.B. Kitchel
1898	First street paving
1900	County population 27,811
1905	Present city charter became law
1910	Post Office built 82 days of sleighing this year
1912	Parks & Cemetery Board established
1913	New electric lights in business district turned on
1917	Cornerstone laid for new armory Cost of building \$45,000 Company A mustered: WW1
1920	Homer Foundry started Destructive cyclone
1927	Shoe Company bought by M. T. Shaw Coldwater Brass Company started
1934	Quality Spring Company started
1946	Federal-Mogul Service builds
1949	W.T.V.B. Radio programming initiated
1951	Gamble-Skogmo warehouse built New Anderson Dairy
1954	Eaton Manufacturing opens (makes pressed metal parts)
1957	Putnam Pattern Shop started, Jay Street
1958	Climax Molybdenum of Michigan built New Detention Headquarters opened
1959	Methodist and Presbyterian Churches expand
1960	C.H. Rumpf truck dock built, Jay Street New Lutheran Church building dedicated Coldwater votes expansion of Power Plant
1961	Centennial celebrated. Coldwater-100th birthday

## OUR COMMUNITY

Fascinating, indeed, is the Branch County area, centered around the progressive little city of Coldwater, its county seat. Although it has just over 10,000 population, it is now recognized as one of the fastest growing areas in South Central Michigan! Coldwater was incorporated 120 years ago. Over the span of years, it has grown slowly, but steadily, and now has accelerating development, offering a desirable economy within environmental control and the future is bright.

Our countryside offers more than 300 beautiful lakes and streams, with picturesque landscape, dotted with residential suburban grandeur, pleasing to the eye.

A good year-round place to live, work and play, recreational opportunities abound at our many lakes and parks throughout the county. You have a standing invitation to join our many thousands of visitors that view our scenic Branch County all through the four seasons every year.

## OUR COMMUNITY--Continued

Here is where sportsmen enjoy great fishing...hunting deer, pheasant, and cottontail...where each year there are more out-of-state fishing licenses sold because of great fishing...where resorts and vacation housing facilities are booked ahead, in some cases, for several months.

You may be struck with awe on a winter's fresh, crisp, sunny morning after a Michigan snow storm, to behold the white, sparkling beauty of mother nature; or be pleased with a warm summer day, as cool fresh breezes greet you in a shady nook of your favorite lake retreat. All these things are possible in the former land of the Pottawatomie Indians where head waters St. Joe Valley forms a river (the "red man" called it Chuck-sey-ya-bish) crossing the old Chicago trail near the Indian trading post. We are all proud that this area today is referred to as the "Gem of Michigan".

The beautiful scenic Coldwater Country Club 18 hole golf course, is located on the banks of the historic waterway leading to Lake Michigan. Club officials have been informed by some high ranking professionals that they rate this golf course as one of the best in the Middle West. It is complimented by three other very fine nine hole courses within a few minutes drive.

It is no wonder that the many new incoming industries and their officials are attracted by the environmental climate that give their employees a better and more meaningful life. The Coldwater area has over 110 diversified industries, big and small, that help to give our community a steady and healthy economy. The so-called, "Slow down in the economy in 1970" turned out to be one of Branch County's best years, with three major industries coming into the area, and over 5 financial institutions increased their deposits over six million dollars. More than twenty new commercial and industrial buildings were under construction with the city limits of Coldwater during the slow-down period and the construction has continued at a satisfactory pace in 1971-81. The city has one of the best certified Class A Industrial Parks in Southwest Michigan.

Social and cultural activities center around Coldwater's historical Tibbits Opera House, built in 1882. Recently, this well-known old building, famous for its near perfect acoustics, has been completely restored through the efforts of a dedicated community, determined to keep alive the traditional high quality and programming of the "finest in the land", the dream of its founder. The interior walls are graced with paintings from the famous "Lewis Art Collection". The Tibbits Foundation sponsors professional summer stock plays, community winter concerts, Branch County Arts Council, Coldwater Community Theatre, civic and service club programs, according to the availability of the theatre.

Through public subscription & Federal grants a new Olympic swimming pool and 8 new tennis courts were built in 1976 next to the Little League diamonds and in 1981, a new sports building was finished.

Some of our local pride must be given to the Health Center of Branch County, as they completed a three million dollar hospital expansion, that gives our area one of the best modern medical facilities in Central Western Michigan. We have an outstanding Coldwater Community School District, comprising of one

senior high, middle school and seven elementary schools, with the system enrollment of about 3,000 pupils. Our citizens show additional pride in supporting various denominations of about 55 churches in Branch County where you are welcome as a visitor, to attend the church of your choice.

From small acorns come great trees and in 1888 a small electric light plant was started and today the Coldwater Board of Public Utilities can produce 16625 KW. They also have a tie-in of 10000 KW with the Consumers Power Company. This company furnishes power and service for most of Branch County outside the city and is available for Coldwater industrial expansion whenever needed. A new power plant has just been constructed will give ample power in the years ahead.

In this day and age of inflation and expansion, it is interesting to note, that Branch County tax roll fifty years ago was \$25,289,220 and today the state equalization county tax roll is now over \$400,000,000. It is interesting to know, fifty years ago our most desirable lake lots sold from \$50 to \$100 and today they are in excess of \$20,000. So this leads us to believe that an investment in Branch County real estate not only assures the investor good reasonable security, but an opportunity to live in an area of clean air and water, and friendly people. We welcome you to come or remain in "The Land of Hospitality".

Prepared by Howard D. Turner  
Coldwater Chamber of Commerce  
Executive Director

## TIBBITS OPERA HOUSE

The Tibbits Opera House opened in 1882, when Coldwater was still a city with unpaved streets. Because there were no telephones and no automobiles, crowds had to come by carriage and by train, and the only method of advertising the Tibbit's offerings was word-of-mouth.

However, word spread and the excitement was contagious. Coldwater was one of the few places in this nation, then quite young, which had a social and cultural center. It was also the only place that could boast an Opera House "second to none."

The theatre boasted timeless architecture, excellent acoustics, splendid furnishings and only the finest of entertainment. Otis Skinner, John Phillip Sousa and his band, DeWolfe Hopper in "Tang" with comedian Mack Sennett in the chorus, Field's Minstrels, Norman Hackett, Ethel Barrymore, and many, many others played the Tibbits Opera House.

Barton Smith Tibbits built his opera house with wisdom and vision and after his death, Joseph Henning carried on the rich traditions that Tibbits had established. The aim was high, and due to the nature of the house, the enthusiasm of a populace hungry for entertainment, and the foresight and taste of Tibbits and Henning, the theatre was an unqualified success.

Since the early days of the Tibbits, many attractions have been presented. In fact, for a short time, the Opera House was turned into a motion picture theatre, catering principally to the small fry of the community with serials and Saturday afternoon matinees.

Since the theatre reopened in late 1963, since the renovation of the theatre has been undertaken, a great many of the world's most famous theatrical personages have performed for Coldwater.

The manager of the Theatre makes an annual visit to New York to pick out new and experienced performing artists for talent to be used in the Tibbits Summer Stock Broadway Plays, that draws large audiences to this famous theatre.

UPDATE ON LOCAL COMMUNITY BY THE GREATER COLDWATER AREA CHAMBER OF COMMERCE AND BY THE COOPERATION OF THE CITY OF COLDWATER

## COLDWATER BOARD OF PUBLIC UTILITIES

The Board of Public Utilities is a municipal utility formed by City Charter to generate and distribute electricity, pump and distribute the city water supply, and operate and maintain the wastewater collection and treatment system under the direction and management of an appointed, non-partisan five member Board of Public Utilities.

Taken as a whole, the Coldwater Board of Public Utilities represents one of the city's oldest industries and furnishes employment to approximately 50 people.

Started in 1888 as a privately owned utility with a generating plant furnishing municipal street lighting, Coldwater had one of the very first electric systems in the State of Michigan. As an indicator of just how early it was, Edison developed the first truly efficient lamp in 1879.

In 1891, the City of Coldwater purchased The Coldwater Light, Power and Fuel Company for \$25,000.00, and moved the generating plant from its original location on West Chicago Street to its new location on Bennett Street, the present day location of the power plant, where only a year before the City of Coldwater had constructed a municipally owned Water Works plant.

By the year 1900, it had become a booming local industry, struggling to keep up with the ever increasing demands for this new kind of service. At that time the only electric service available was lighting. Sputtering arc lights for the street corners and for commercial establishments, 16 and 32 candlepower carbon filament lamps for residences. Electricity in Coldwater and elsewhere in that day was generally sold at so much per lamp per month. The electric service meter was just in the process of development, hence the recording of energy used was impossible. The accurate recording of energy used was not important because most electric plants operated only during the hours of darkness and in some cases only from sundown until midnight, few people bothered to turn the lights off anyway.

By 1910, the original bonded indebtedness on the plant was completely paid-entirely from the earnings of the plant.

Since that time, future expansion of the municipal electric facility has been paid for from the earnings of the plant. In an industry where the demand for the product produced doubles every 10 years, it is no small task.

## COLDWATER BOARD OF PUBLIC UTILITIES-Continued

The electric generating plant, as it exists today, generates approximately three-fourths of the total energy demand from its 5,200 plus customers. The other portion is purchased through an inter-connection with Consumers Power Company. It is this mix of sources and the three different fuels utilized in the plant's generation (gas, oil, coal) that gives the flexibility and reliability that has served us so well.

In order to continue to provide needed energy, the Board of Public Utilities has joined forces with four other municipalities in the South Central Michigan Power Agency in order to supply needed energy to the community at the lowest cost to the consumer.

The Coldwater Board of Public Utilities also operates and maintains the municipal water supply system as well as the wastewater collection and treatment systems. Like the electric utility, the other departments of the Board of Public Utilities have seen tremendous growth.

The Water Department now maintains over fifty five miles of watermain along with services, hydrants, etc. for over 3,200 customers.

The Wastewater Treatment and collection system operates and maintains approximately fifty miles of sewers and a 4.2 million gallon per day treatment plant to remove wastes necessary for the protection of water quality of our lakes and streams.

The citizens of Coldwater can be proud of their utility. A utility which is asked to provide necessary services 24 hours a day, 365 days a year. A service which provides dividends. Not only the dividend of local control and input, but also a monetary dividend. By City Charter, the Board of Public Utilities is required to pay, in lieu of taxes, 6 1/2% of the gross income to the City.

## COMMUNITY DEVELOPMENT

The primary objective of the Community Development Program is to provide decent housing, a suitable living environment, and economic opportunities for the elderly, handicapped and persons of low and moderate incomes within the City.

This is a 100% federally funded program geared to assist qualified families and persons in meeting objectives of the program. These objectives are met through the various programs available and administered by the City's Community Development Department, such as residential rehabilitation, clearance and demolition, code enforcement and public improvements.

The Community Development Program was initiated in 1975, and provides for sewer and water extensions into the Pilot Knob. Since 1976 the City has carried out a comprehensive rehabilitation program through loans and grants, demolished a large number of condemned dilapidated buildings, and inspected some 500 houses and buildings for code and other violations detrimental to the health, safety and public welfare of the citizens.

The City was not awarded funds to operate beyond September 30, 1981. This department will be phased out until new funding becomes available.

## COLDWATER HOUSING

The Coldwater Housing Commission is responsible for review and recommendation pertaining to subsidized housing for low and moderate income persons and families within the community.

The Housing Commission is also responsible for the overall direction and management of "Englewood," a 100 unit Senior Citizen complex for low income type people. Englewood was constructed in 1968.

The Housing office is located at 60 South Clay Street. Group tours may be arranged by calling 517-278-2660.

Halcyon Point Senior Citizen Complex, accommodating 38 senior citizens on Park Ave. & S. Clay, opened in June and will be managed by the Housing Commission.

There are eight apartment buildings all occupied with totals of over 260 units, inside the city of Coldwater. There are some in construction stages and many with plans in the future. A 48 unit apartment complex, Old Mill Race Apartments, opened this year.

## COLLECTION SERVICE BUREAU

(Division of Credit Bureau of Branch County)

**"NO COLLECTION - NO CHARGE"**

20 S. HANCHETT

PO DRAWER 70 COLDWATER

278-5641

## COLDWATER CITY FIRE DEPARTMENT

The Coldwater Fire Department is staffed by nineteen full time employees of which two are non uniform. This unit is augmented by 8 part paid firefighters. The department has the responsibility of providing fire protection for the city and four surrounding townships. It is conducting an expanded fire prevention program which has resulted in reduced fire loss for the community.

The department has modern up-to-date fire fighting equipment consisting of two pumers, one 55 foot Snorkel, one 85 foot aerial ladder, two tank trucks, one recue unit, two grass fire units, one pickup truck and two Chiefs autos.

The department operates from a new facility occupied in 1976. As a result of this the city carries a fire insurance rating of class five (5)---One of the best in the state for the size of the city.

All building permits & inspections are handled at the Fire Department.

## CITY CLERK'S DEPARTMENT

The Clerk's Department is a service department from the stand point of the public as well as the employees. All accounting for the City is done by the Clerk's department including insurance, payroll, receivables and federal reports. All City elections are conducted by the City Clerk. The City has an IBM System 34 for all accounting functions. Many new applications have been added. The following people work in this department:

City Clerk

Gerald Boguth

## THE COLDWATER CITY PLANNING

The Coldwater City Planning Commission entered its thirty-first year of existence with enthusiasm. They meet at least once a month, the first Tuesday at 7:30 PM. The meetings, which are open to the public are held at the City Municipal Building, 2nd Floor.

The goal of any Planning Commission in a city the size of Coldwater, is to accomplish an orderly growth. The members continue to strive for a better land use plan for Coldwater's future needs.

Charles W. Cairns of Vilcan-Leman and Associates, Inc., Southfield, meets with the Planning Commission members every other month, serving as the Planning Consultant. The consulting firm was retained following the adoption of a new Master Plan in 1977.

## COLDWATER STREET DEPARTMENT DUTIES

During the first week of January of each year, we pick up all Christmas trees placed at curbside. A new mobile toter garbage collection has been instigated with curbside pickup.

Routine roadside cleanup and mowing are done by the Street Department.

All streets and roads within the city are patched, graded and maintained, and a routine schedule of chloride on the gravel streets is done to keep the dust down during the summer months.

Put and maintain all traffic and street name signs.

Patch all street openings made by private contractors or other utilities within the city.

Do all pavement marking for crosswalks and school zones.

Remove and replace all broken curb and gutter, and also remove and replace for driveway openings requested by contractors or private individuals.

The voting machines are stored at our garage and are moved to various voting places for the elections by our employees, then are again brought back after the election for storage.

A complete line of trucks, tractors, loaders, grader, crane and other machinery needed to do our work is maintained at our garage. Also, the police car fleet is maintained at our garage.

During the winter months, we remove the snow from all streets and roads within the city. The business area is completely cleaned of snow and it is hauled away. The parking lots are also cleaned the same as the business area. The streets are salted or sanded during slippery conditions on a 24 hour basis.

During the summer, a complete sweeping schedule is in operation, and all streets are swept routinely.

During the fall, a complete leaf pickup is done.

We also build new streets, construct storm and sanitary sewers, and routinely clean all storm catch basins or inlets within the city.

A crew of around 9 employees, 2 mechanics and 4 carbage men is busy all year around.

We plow 20.25 miles of major streets, 28.40 miles of local streets and 4.02 miles of trunk lines, for a total of 52.67 miles of streets.

We use an average of 1000 tons of salt per year for ice control.

The Engineering Department has been incorporated into the Street Department.

## TAX DEPARTMENT

The City Tax Department is in charge of four functions of City Government.

The first is the Assessing. This department is responsible for creating equity between parcels and maintaining the correct level of assessment for property tax purposes.

The second function is that of Tax Collection(City Treasurer). The Tax Department is in charge of collection of all real and personal property taxes, Industrial Facility Taxes, Dog Licenses and Special Assessments. The disbursement of taxes to other taxing entities is also the responsibility of this department.

The third area of involvement is in the City Building Inspection Area.

The fourth area of involvement is that of Zoning Administration. This department handles zoning questions and issues zoning approvals in compliance with Coldwater's Zoning Ordinance.

## COLDWATER POLICE DEPARTMENT

The Coldwater Police Department maintains a force of 18 persons, consisting of the Chief, a Detective/Sergeant, three Shift Sergeants, ten Patrol Officers, one Meterman and three Desk persons working together to provide the citizens of Coldwater with 24-hour protection and assistance.

The Officers are responsible for a myriad of duties, including the enforcement of over 40,000 Federal, State and Local criminal laws. Additionally, there is traffic control, accident investigations, business and private property checks, ambulance assistance, motorist assistance, recovering stolen property, locating and returning lost persons and animals, school crossings, arbitration in family disputes, and the investigation of criminal complaints.

The Detective Bureau handles in-depth investigations of criminal matters, the gathering and sorting of evidence such as: photos, fingerprints, tool marks, tire tracks, etc., and is responsible for the transfer of certain evidence to specific crime labs for scientific analysis. The Bureau also maintains a modern photo lab for use in reconstructing the scene of a crime or accident. An up-to-date suspect, mug shot, and Modus Operandi(M.O.) file is also kept by the Detective Bureau.

A yearly Bicycle Safety Program is conducted jointly with the Coldwater Optimists Club in an effort to assist the children of the community in the safest handling of bicycles in everyday travel. The Program consists of school talks, films, a short road course, and safety checking and licensing of the bicycles.

During 1982, the Department handled close to 1350 criminal complaints, approximately 561 traffic accidents and over 3300 non-criminal complaints; closing the year with almost 461 arrests and approximately 60 juveniles turned over to the Courts.

The Coldwater Police Department attempts to adhere to these established principles: 1) That the first duty is the prevention of crime and the Public's safety. 2) The efficiency of the Department should be judged by the absence of crime rather than the number of arrests. 3) The duties must be carried out impartially. 4) The punishment is not a part of the police function. 5) And, finally, that the greatest effort must be made to save lives even in the face of personal danger.

## DEPARTMENT OF CEMETERIES, PARKS, FORESTRY AND RECREATION

### Forestry

The primary responsibility of this division is the care, maintenance, replanting and removal of city street trees. Other duties required are nursery care and maintenance, storm damage clearance, tree and shrub inspection, park facility construction, land and line clearance, sidewalk snow removal, ice rink maintenance and other department projects:

Number of trees removed	350	Number of trees trimmed	125
Number of trees planted	120	Number of investigation calls	1480

### Cemetery

Oak Grove Cemetery consists of approximately 125 acres located in the west part of Coldwater with 17 open sections, which is operated by the City of Coldwater. The Cemetery Division has a crew consisting of a foreman and three men. This crew handles all interments, foundation settings, reset, complete maintenance, landscaping, urn care and new development. Also the cemetery crew work involves pruning, planning and ground shrub maintenance. The actual setting of marker and monuments required careful alignment with a concrete foundation.

The Michigan Farm Union Green Thumb crew assisted in a historical marker and monument repair in the north section of Oak Grove Cemetery.

Burials for July 1, 1981 thru June 30, 1982	109
Burials in the north cemetery	22
Burials in the south cemetery	87
Total burials in Oak Grove Cemetery thru June 30, 1982	14,606
Foundations and resets for markers	130
Monument foundations	8

### Parks

The City of Coldwater operated eight different park areas which serves all four wards of the City, plus a new Recreation Area that serves the greater Coldwater Community. These Recreation areas include the following facilities and programs: Shelter Houses, Comfort Stations, Summer Playground Programs, Playground Programs, Playground Equipment, Supervised and Unsupervised Ice Skating Rinks, Tables and Benches, Stoves, Lighted and Unlighted Softball Diamonds, Lighted and Unlighted Football Fields, Shuffleboard Courts, Flower Gardens, Picnic Areas, Play Sandboxes, Boating and Fishing, Olympic Size Swimming Pool and Bathhouse.

Over the past 27 years the Park and Recreation areas and facilities improvement program has been under way. During that time existing Parks and new areas have been turned into recreation areas for the citizens of the Coldwater Community. Currently new areas are being considered for future recreational expansion.

#### 14-Coldwater-Quincy General

##### Recreation

The Coldwater Recreation Department provides many different programs and activities to keep its area residents active during their leisure time. These programs, which are offered throughout the year, may involve children of all ages, 3 month old babies up to and including adults.

Programs which are offered by this Department are:

Slow Pitch-Men, Women, Teenagers &  
Girls Leagues  
Tennis-Instruction, Spring & Fall Leagues  
Mickey Mantle Baseball  
Pool-Swimming and Instruction  
Playgrounds  
Archery  
Golf  
Girls Basketball Clinic (Summer)  
Horseshoes  
Shuffleboard

Soccer Clinic  
Ceramics  
Leather Craft  
Boys Flag Football  
Girls Basketball Clinic  
Boys Basketball Clinic  
Hockey  
Sled Slide  
Ice Skating  
Volleyball-Men, Women and Co-Ed Leagues  
Basketball-Men and Women Leagues

## YOUTH FOR UNDERSTANDING IN COLDWATER

Since 1965 when Coldwater became fully involved in the program over 85 students have become a part of the Youth For Understanding family here. It was then that Bill and Phyllis McMillan had their first exchange student and they started to become involved in the placing of foreign students in the Coldwater area.

This placement of foreign students has been an exciting happening in Coldwater and along with its Sister City program has made this community a truly International City.

Youth For Understanding is a non-profit educational organization which cooperates with and receives a grant from the U.S. Department of State. Youth For Understanding is dedicated to fostering greater international understanding by making it possible to have an oversea living experience. Through the efforts of the Coldwater Kiwanis Club two scholarships to qualified Coldwater High School students have been given yearly since 1971. They have cooperated with YFU and have made it possible for 17 local students to study for one year in a foreign land or go to a foreign country under the YFU summer program.

Coldwater's first annual Sister City Festival adopted a Festival "logo", which was used and figures to be prominently displayed in years to come at festival time. The festival commemorated and celebrated the unique relationship between Coldwater and Soltau, West Germany for its 10 years of existence in 1981.

It has been 10 years since Burgermeister Hartwig Lindlogg of Soltau, Germany made the first visit to Coldwater upon invitations from the Mayor George Henderson, to officially initiate a Sister City relationship between the two communities. The first Sister City Festival was held in downtown Coldwater on July 10th and 11th. The Coldwater Jaycees headed by Louis Legg III, organized the event and other Coldwater service club members also got involved to stage what is hoped to be an annual affair growing each year. Thousands attended the first festival in downtown Coldwater, where booths were erected and German and American foods were served. Continuous music was provided throughout the two day period, including the Alpenlanders Bavarian Band, Groeck and Stout Rock Band, the Sweet Adelines, Estelle Voss organ music, Kevin Ireland with his accordion and Bobby Hankins. Also on the schedule were special guests from our Sister City Soltau, who numbered 41, mostly from 13 to 18 years, who sang and danced. A poster contest was held by the Coldwater Daily Reporter and a costume contest by T-Shirt Alley. Thousands attended the event.

Coldwater is a member of Sister Cities International and is one of 700 U.S. cities linked with over 900 Sister Cities in 80 countries. Coldwater and Soltau have exchanged over 700 persons since the program began and the host families in both cities are to be commended for making the relationship between the two cities an outstanding success for the past 12 years.

## 1833 - QUINCY, MI - 1954

Quincy, an incorporated village of about 1,800 inhabitants, is centrally located in the township of the same name, Branch County, Michigan. It is a station on the "Old Road" of the New York Central Railroad system, which runs between Toledo, Ohio and Elkhart, Indiana. The village is situated on the Chicago Turnpike (US-112), now known as the Pulaski Memorial Highway, which follows the old Indian Trail between Detroit and Chicago. Quincy is located at a spot on US-112 about 105 miles west of Detroit and 165 miles east of Chicago.

Quincy is situated in, and serves, one of the finest agricultural and dairy areas to be found in the state and boasts direct outlets, both to eastern and western markets for its agricultural and manufactured products. In pre-trucking days, Quincy was the center of the cattle shipping market in this area. In addition to the rich and fertile areas surrounding the town, Quincy was also blessed by Mother Nature with a chain of lakes and connecting channels extending from the southwest part of the village for 15 miles of navigable water to the southwest.

Fishing in waters around Quincy can truly be said to be better than average for inland lakes, and furnishes pleasure and recreation for many natives, tourists and vacationists, both in summer and winter. A large percentage of the cottage owners surrounding these lakes are residents of our neighboring states--Indiana and Ohio.

Quincy was incorporated as a village on Oct. 14, 1858 and the first election was held on Nov. 15, 1858. Ebenezer Mudge was elected as the first village president. Elected with him were: Moses A. Hewitt, clerk; Alden I. Gregor, treasurer; Allen C. Culver, marshal; and trustees Cornelius Shear, Havens Wilbur, David Myers, John Sebring, William P. Arnold & Martin Hawley.

Quincy received its name from John Quincy Adams, as was a custom in the early days to name new towns after great and illustrious personages. The first man to own property in Quincy was Morris Wilson and the first home was built by John Cornish in the fall of 1833. Other early settlers who braved the dangers and hardships of pioneer life in the unbroken forest, then inhabited by Indians and wild animals, were: William P. Arnold, Dr. Enos Berry, Joseph Berry, John Broughton, Daniel Bagley, Alfred Wilmarth and Able Coon.

The year 1853 found but a dozen houses in Quincy. The town was destined to grow fast, however. Already Windsor Campbell was operating a tavern on the site of the present Quincy hotel; Charles Caswell was owner of the only store; Benjamin F. Wheat was postmaster; and Dr. Joseph Berry & Dr. Moses Hewitt served the community.

In October, 1853, B.N. Sheldon moved here from Lenawee County and opened a store featuring both drugs and groceries. He purchased the first wheat grown in this district for storage, buying 1,500 bushels at \$2.00 per bushel.

The town's first newspaper was called "The Greenbacker," and was established in May 1878 by L.E. Jacobs, and was devoted to the principles of the "Greenback" party. The publication ceased operations in October of the same year it opened, because of the lack of greenbacks. On November 1, 1878, C.V.R. Pond obtained the materials of the Greenbacker and opened the "Quincy Herald", which still enjoys a healthy existence, under the present ownership of Mr. and Mrs. T.J. Zimmerman.

The first fire department of the village was formed March 18, 1862 and consisted of a hook, ladder and fire bucket brigade. On January 7, 1869, Quincy bought its first fire hose. The first fire engine and hose carriage was purchased in November, 1873. The department has kept pace with the times & now possesses two modern pumpers, a combination pumper and tank truck, and a hose truck. The department is efficiently run and is under the supervision of a veteran chief, Harold Walsh.

The first school was built in 1869. The educational plant has, likewise, kept pace with the times and a new 14-room elementary building and a large addition to the high school was started in the spring (1954).

Quincy has always been musically minded and noted for its fine bands. The first band was organized in August 1876. At the present time the school has two separate bands in uniform as well as a beginners band in the grades. The Senior High school band has won eight first-place ratings in annual competition with other Class C bands during the last 10 years.

Mrs. Cora Newberry, September 14, 1952

1833-QUINCY, MI-1954-Continued

The business life of Quincy is well diversified. The retail stores are modern and up-to-date and one can buy almost anything desired locally.

There are five churches-Union, Methodist, Adventist, Union Tabernacle, and Assembly of God. St. Charles Catholic church is located six miles to the westward, in Coldwater.

Employing many citizens are four factories-General Manufacturing and Distributing Company producers of water softeners and electric water heaters; Quincy Products, producers and engineering for component parts for the refrigeration industry; Crotty Corporation, manufacturer of fender welts and other items for the automotive industry; Glenray Sales Company, manufacturers of the Glenray electric hot-dog barbecue machine, which is sold nationally. Also McKenzie Milling Company, in business since 1888 and nationally known for its packaged pancake and flour products. There are three lodges-Masonic, I.O.O.F. and Knights of Pythias, and accompanying sister lodges. There also is an active Chamber of Commerce and Rotary Club, plus American Legion Post No. 157 and Auxiliary unit. The town boasts a second-class post office, the present postmaster being Neal Potter.

Quincy Chamber of Commerce  
Clay T. Brockman, Pres.-Donnel Diedrich, Secy.  
(Printed March 20, 1954)

## QUINCY TIP-UP FESTIVAL

The Quincy-Tip-Up Festival started in a small way in January, 1961, when more than 500 people attended the one day event at Marble Lake. Twin brothers from Quincy, Barney & Daniel Stempien were returning from the Tip-Up festivities at Hillsdale where they had enjoyed the excitement of competition and the invigorating winter weather. "Why can't we have the same thing at Quincy?" Barney asked Dan.

Less than a month later, Quincy hosted its first "Marble Lake Tip-Up Festival or Carnival. More than 500 people came to this one-day event, which included iceaugering, snow-man building contests, as well as fishing contests.

Increasingly, local residents began to contribute their time as well as money. Activities were expanded. At Tip-Up time in 1965, festivities began with a fish fry on Saturday, a parade complete with clowns, election of a Tip-Up Queen and Mayor, and the crowning of the Queen. Tip-Up Island was started and a large building to house food services was erected. The building replaced the use of tents which were not too comfortable in winter. Publicity was increased and people from Indiana, Ohio as well as from distant parts of Michigan began to come.

In 1967, a new phenomenon known as snowmobiling began appearing on the American Scene. Twenty snowmobiles came that year to race at Tip-Up, and the attendance reached a new high of 6,000 people.

Snowmobile racing has continued to increase in popularity. During Tip-Up in 1971 between seven and ten thousand people were present to see Snowmobile equipment worth in excess of one million dollars gathering for the competition and excitement.

Tip-Up 1976 (our national centennial year) was greeted with an unseasonably warm period, and the island was a sea of mud. Water on the ice prevented the snowmobile races on Sunday. In spite of the problems, the carnival was hailed a success by those who attended. The Fisherman's Ball was standing room only and several thousands of dollars in prizes, contributed by area merchants, were given away on Sunday.

As a result of the 1976 "Mud" Festival, a fund was started at the Fisherman's Ball for paving the road and stage area on Tip-Up Island. When Tip-Up 1977 came, the road from the bridge to the pavillion and the area around the stage were black-topped, and thanks were given for the generous donations of the people who have been loyal supporters of Quincy Tip-Up.

Tip-Up Island, which was formed when the Wolverine Cement Co. dug a channel to enable the loaded barges of marl to be towed by tugs to the unloading pumps at the cement plant, is paid for and maintained by donations and profits received from the festival. The pavillion with an enclosed kitchen and fireplace, can be heated for a nominal fee to cover the cost of gas and electricity used. A meeting room with seating capacity of 50 people has been added.

The weather was ideal for the 1979 Tip-Up Festival. The parade was exceptional, the fishing contest were satisfactory but no great records were set. The size of the crowd was estimated at eighteen to twenty thousand people, the largest in the history of this event.

### TIP-UP MAYORS

The Tip-Up Mayors are elected each year in January, just before the Tip-Up Festival in February. They are elected by the public, who put pennies into a canister for each candidate, set out at numerous businesses in the area. The candidate who has the most money in their containers at the end of the voting period is thus entitled to be Mayor for that year.

### MAYORS

1963-Barney Stempien	1970-L.A. Wood	1977-Tom Cranson
1964-Barney Stempien	1971-Butch Lincoln	1978-Tom Copeland
1965-Barney Stempien	1972-Butch Lincoln	1979-Ernie Ripley
1966-Barney Stempien	1973-Olen Fry	1980-Ernie Ripley
1967-Barney Stempien	1974-Barney Stempien	1981-Leo Hoag
1968-Barney Stempien	1975-Fred McLain	1982-Arthur Milks
1969-Barney Stempien	1976-Fred McLain	1983-Lowell Strong
		1984-Walter Pierson
		1985-Dean Ripley
		1986-Gail Johns

### TIP-UP QUEENS

The week before Tip-Up Festival will find the girls in the 11th and 12th grades competing in a pageant for the title of Tip-Up Queen. The girls are judged by five people from out of town, who are asked to serve as judges for the contest. The girls are judged on talent, poise, and personality. The girl who is selected as Queen for the year, receives a \$600.00 scholarship to the college of her choice. Also the 1st Runner-Up receives a scholarship of \$300.00, and the 2nd Runner-Up receives a \$100.00 scholarship to the colleges of their choice. The first Tip-Up Queen was chosen in 1965, with the scholarships starting at a later date.

### QUEENS

1965-Judy DeLine	1972-Teresa Brewer	1979-Teresa Herman
1966-Diane Hoopingardner	1973-Paulette Porter	1980-Gina Rice
1967-Susan Krok	1974-Regina From	1981-Kimberly Stempien
1968-Marie Beck (German Exchange Student)	1975-Candy Fickle	1982-Teresa Lutterbeck
1969-Kathy Nutt	1976-Jan Dull	1983-Diane Ingraham
1970-Laura McMillian	1977-Vickie Spurlock	1984-Rachel McRae
1971-Karen Morrill	1978-Tami Fickle	1985-Jill Phillipy
		1986-Penny Parrish

## WEDDING ANNIVERSARIES

By tradition, certain wedding anniversaries have special names according to the number of years of marriage being celebrated and it is customary, when

selecting an anniversary gift, to choose an article appropriate to the particular anniversary. Listed below are the anniversary names generally recognized.

1st Year—Paper or Plastic	13th Year—Lace
2nd Year—Cotton or Calico	14th Year—Ivory
3rd Year—Leather	15th Year—Crystal or Glass
4th Year—Linen or Silk	20th Year—China
5th Year—Wood	25th Year—Silver
6th Year—Iron	30th Year—Pearl
7th Year—Copper or Wool	35th Year—Coral or Jade
8th Year—Bronze or Electric Appliances	40th Year—Ruby
9th Year—Pottery or China	45th Year—Sapphire
10th Year—Tin or Aluminum	50th Year—Gold
11th Year—Steel	55th Year—Emerald
12th Year—Linen or Silk	60th Year—Diamond

## Table of Metric Weights and Measures

### Linear Measure

10 millimetres (mm)	= 1 centimetre (cm)
10 centimetres	= 1 decimetre (dm) = 100 millimetres
10 decimetres	= 1 metre (m) = 1 000 millimetres
10 metres	= 1 dekametre (dam)
10 dekametres	= 1 hectometre (hm) = 100 metres
10 hectometres	= 1 kilometre (km) = 1 000 metres

### Area Measure

100 sq millimetres (mm <sup>2</sup> )	= 1 sq centimetre (cm <sup>2</sup> )
10 000 sq centimetres	= 1 sq metre (m <sup>2</sup> ) = 1 000 000 sq millimetres
100 sq metres	= 1 are (a)
100 ares	= 1 hectare (ha) = 10 000 sq metres
100 hectares	= 1 sq kilometre (km <sup>2</sup> ) = 1 000 000 sq metres

### Volume Measure

10 millilitres (mL)	= 1 centilitre (cL)
10 centilitres	= 1 decilitre (dL) = 100 millilitres
10 decilitres	= 1 litre (L) = 1 000 millilitres
10 litres	= 1 dekalitre (daL)
10 dekalitres	= 1 hectolitre (hL) = 100 litres
10 hectolitres	= 1 kilolitre (kL) = 1 000 litres

### Cubic Measure

1 000 cu millimetres (mm <sup>3</sup> )	= 1 cu centimetre (cm <sup>3</sup> )
1 000 cu centimetres	= 1 cu decimetre (dm <sup>3</sup> ) = 1 000 000 cu millimetres
1 000 cu decimetres	= 1 cu metre (m <sup>3</sup> )
1 000 000 cu centimetres	= 1 000 000 000 cu millimetres

### Weight

10 milligrams (mg)	= 1 centigram (cg)
10 centigrams	= 1 decigram (dg) = 100 milligrams
10 decigrams	= 1 gram (g) = 1 000 milligrams
10 grams	= 1 dekagram (dag)
10 dekagrams	= 1 hectogram (hg) = 100 grams
10 hectograms	= 1 kilogram (kg) = 1 000 grams
1 000 kilograms	= 1 metric ton (t)

### Mr. ZIP and the 5 Little Digits

## WEDDING ANNIVERSARIES

By tradition, certain wedding anniversaries have special names according to the number of years of marriage being celebrated and it is customary, when

selecting an anniversary gift, to choose an article appropriate to the particular anniversary. Listed below are the anniversary names generally recognized.

1st Year—Paper or Plastic	13th Year—Lace
2nd Year—Cotton or Calico	14th Year—Ivory
3rd Year—Leather	15th Year—Crystal or Glass
4th Year—Linen or Silk	20th Year—China
5th Year—Wood	25th Year—Silver
6th Year—Iron	30th Year—Pearl
7th Year—Copper or Wool	35th Year—Coral or Jade
8th Year—Bronze or Electric Appliances	40th Year—Ruby
9th Year—Pottery or China	45th Year—Sapphire
10th Year—Tin or Aluminum	50th Year—Gold
11th Year—Steel	55th Year—Emerald
12th Year—Linen or Silk	60th Year—Diamond

<i>May</i>	Agate	Emerald	<i>November</i>	Topaz	Topaz
<i>June</i>	Emerald	Pearl, Moonstone or Alexandrite	<i>December</i>	Ruby	Turquoise or Zircon

## Table of Metric Weights and Measures

### Linear Measure

10 millimetres (mm)	= 1 centimetre (cm)
10 centimetres	= 1 decimetre (dm) = 100 millimetres
10 decimetres	= 1 metre (m) = 1 000 millimetres
10 metres	= 1 dekametre (dam)
10 dekametres	= 1 hectometre (hm) = 100 metres
10 hectometres	= 1 kilometre (km) = 1 000 metres

### Area Measure

100 sq millimetres (mm <sup>2</sup> )	= 1 sq centimetre (cm <sup>2</sup> )
10 000 sq centimetres	= 1 sq metre (m <sup>2</sup> ) = 1 000 000 sq millimetres
100 sq metres	= 1 are (a)
100 ares	= 1 hectare (ha) = 10 000 sq metres
100 hectares	= 1 sq kilometre (km <sup>2</sup> ) = 1 000 000 sq metres

### Volume Measure

10 millilitres (mL)	= 1 centilitre (cL)
10 centilitres	= 1 decilitre (dL) = 100 millilitres
10 decilitres	= 1 litre (L) = 1 000 millilitres
10 litres	= 1 dekalitre (daL)
10 dekalitres	= 1 hectolitre (hL) = 100 litres
10 hectolitres	= 1 kilolitre (kL) = 1 000 litres

### Cubic Measure

1 000 cu millimetres (mm <sup>3</sup> )	= 1 cu centimetre (cm <sup>3</sup> )
1 000 cu centimetres	= 1 cu decimetre (dm <sup>3</sup> ) = 1 000 000 cu millimetres
1 000 cu decimetres	= 1 cu metre (m <sup>3</sup> )
1 000 000 cu centimetres	= 1 000 000 000 cu millimetres

### Weight

10 milligrams (mg)	= 1 centigram (cg)
10 centigrams	= 1 decigram (dg) = 100 milligrams
10 decigrams	= 1 gram (g) = 1 000 milligrams
10 grams	= 1 dekagram (dag)
10 dekagrams	= 1 hectogram (hg) = 100 grams
10 hectograms	= 1 kilogram (kg) = 1 000 grams
1 000 kilograms	= 1 metric ton (t)

STREET GUIDE  
OF  
COLDWATER, MICHIGAN

In the following list the streets are arranged in alphabetical order with the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the names of the occupants followed by the telephone number. All Coldwater telephone numbers are preceded by the prefix 278 & 279.

The symbol -H indicates that we have received information during the canvass that the house is owned by some member of the family, nor the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.

Note the letter and number below the street name. This is the map key and is used to locate the street on the city map.

The zip code for Coldwater is 49036.

### WEDDING ANNIVERSARIES

By tradition, certain wedding anniversaries have special names according to the number of years of marriage being celebrated and it is customary, when

selecting an anniversary gift, to choose an article appropriate to the particular anniversary. Listed below are the anniversary names generally recognized.

1st Year—Paper or Plastic  
 2nd Year—Cotton or Calico  
 3rd Year—Leather  
 4th Year—Linen or Silk  
 5th Year—Wood  
 6th Year—Iron  
 7th Year—Copper or Wool  
 8th Year—Bronze or Electric Appliances  
 9th Year—Pottery or China  
 10th Year—Tin or Aluminum  
 11th Year—Steel  
 12th Year—Linen or Silk

13th Year—Lace  
 14th Year—Ivory  
 15th Year—Crystal or Glass  
 20th Year—China  
 25th Year—Silver  
 30th Year—Pearl  
 35th Year—Coral or Jade  
 40th Year—Ruby  
 45th Year—Sapphire  
 50th Year—Gold  
 55th Year—Emerald  
 60th Year—Diamond

### FLOWER OF THE MONTH

<i>January</i>	Carnation or Snowdrop	<i>July</i>	Larkspur or Water Lily

<i>June</i>	Emerald	Pearl, Moonstone or Alexandrite	<i>December</i>	Ruby	Turquoise or Zircon

## Table of Metric Weights and Measures

### Linear Measure

10 millimetres (mm)	= 1 centimetre (cm)
10 centimetres	= 1 decimetre (dm) = 100 millimetres
10 decimetres	= 1 metre (m) = 1 000 millimetres
10 metres	= 1 dekametre (dam)
10 dekametres	= 1 hectometre (hm) = 100 metres
10 hectometres	= 1 kilometre (km) = 1 000 metres

### Area Measure

100 sq millimetres (mm <sup>2</sup> )	= 1 sq centimetre (cm <sup>2</sup> )
10 000 sq centimetres	= 1 sq metre (m <sup>2</sup> ) = 1 000 000 sq millimetres
100 sq metres	= 1 are (a)
100 ares	= 1 hectare (ha) = 10 000 sq metres
100 hectares	= 1 sq kilometre (km <sup>2</sup> ) = 1 000 000 sq metres

### Volume Measure

10 millilitres (mL)	= 1 centilitre (cL)
10 centilitres	= 1 decilitre (dL) = 100 millilitres
10 decilitres	= 1 litre (L) = 1 000 millilitres
10 litres	= 1 dekalitre (daL)
10 dekalitres	= 1 hectolitre (hL) = 100 litres
10 hectolitres	= 1 kilolitre (kL) = 1 000 litres

### Cubic Measure

1 000 cu millimetres (mm <sup>3</sup> )	= 1 cu centimetre (cm <sup>3</sup> )
1 000 cu centimetres	= 1 cu decimetre (dm <sup>3</sup> ) = 1 000 000 cu millimetres
1 000 cu decimetres	= 1 cu metre (m <sup>3</sup> )
1 000 000 cu centimetres	= 1 000 000 000 cu millimetres

### Weight

10 milligrams (mg)	= 1 centigram (cg)
10 centigrams	= 1 decigram (dg) = 100 milligrams
10 decigrams	= 1 gram (g) = 1 000 milligrams
10 grams	= 1 dekagram (dag)
10 dekagrams	= 1 hectogram (hg) = 100 grams
10 hectograms	= 1 kilogram (kg) = 1 000 grams
1 000 kilograms	= 1 metric ton (t)

## FIRST AID IN THE HOME

**DROWNING AND SUFFOCATION FROM INHALING ILLUMINATING GAS:** When a person is involved in a near-drowning accident and breathing has stopped, start artificial respiration immediately.

1. Lay the person on his stomach, bend his elbows and place the hands one upon the other, turn his face to one side and place the cheek on his hands.

2. Kneel at the head of the subject, facing him. Place your hands on the flat of the subject's back with the tips of the thumbs just touching and spread the fingers downward and outward.

3. Rock forward until the arms are approximately vertical and allow the weight of the upper part of your body to exert even pressure downward upon the hands.

4. Release the pressure and rock slowly backwards, placing your hands upon the subject's arms just above the elbows.

5. Draw his arms upward and toward you until resistance is felt and there is tension at the subject's shoulders, then lower the arms to the ground. Repeat this cycle approximately 12 times per minute.

Do not waste time on preliminary maneuvering but get immediately to the task of forcing air out of the lungs and drawing air into the lungs. Continue this action until the person revives or is pronounced dead by a physician.

**CUTS AND SCRATCHES:** Stop bleeding by direct pressure on the wound with a sterile pad and then bandage to hold the pad in place. Send to the doctor.

**OPEN WOUNDS:** All open wounds should be covered with gauze or bandage. Do not touch wound with fingers. Do not use anything but accepted antiseptics, or blood poisoning may be caused.

**BURNS OR SCALDS:** If the skin is not blistered or broken, you may apply a standard burn ointment or sterile petrolatum. In cases where the skin is blistered or charred, cover with a thick sterile dressing and take to doctor.

**SHOCK:** Lay the patient on his back, head level with the rest of his body, unless there are head or chest injuries. In this case the head and shoulders should be raised slightly. Otherwise lower the head slightly. Keep the person from becoming chilled. If he is conscious and able to swallow, give small sips of coffee, tea or warm milk. Do not give stimulants.

**POISON IVY AND SUMAC:** Wash thoroughly with soap and warm water. Apply dressings kept wet with a very strong solution of Epsom salts and cold water, or else apply a thick paste made of soap and warm water, which should dry and remain on all night.

**FAINTING:** Keep the person lying down with the head lower than the body. Loosen any tight clothing. If the person does not regain consciousness quickly, he should be seen by a doctor.

**FRACTURES:** Apply splints reaching above and below the joints of the fractured bone to permit moving without pain or danger. Three persons are needed for lifting on stretcher one at head and shoulders, one at hips and the other at the legs. Carefully transport him to the doctor. Speed is not essential.

**SPRAINS:** Violent stretching or twisting of a joint may cause a sprain. It is characterized by pain and rapid swelling. Keep injured part raised on pillow if an ankle, in sling if a wrist. Apply compresses wrung out of cold water, or ice bags. Send for a doctor if case is severe.

**EYE INJURIES:** Loose particles may be removed from eyelid with a clean handkerchief or a bit of cotton rolled on a toothpick. Particles imbedded in the eyeball or lid must always be left to a surgeon, or blindness may result. Use cold compresses temporarily to relieve pain until doctor arrives.

**DOG BITES:** Wash wound with running water and apply tincture of iodine. Bandage and take to a doctor immediately to decide whether Pasteur or Vaccine Treatment is advisable. Have dog examined by local health authorities for evidence of rabies.

**SUNSTROKE:** Sunstroke often comes on suddenly. Unconsciousness is complete, the face is flushed, the skin dry and temperature high. Treat by loosening clothing quickly and get patient into a cool place. Keep head slightly raised. Reduce temperature of the body by rubbing cold water or ice over the face, neck, chest and arm pits. When patient regains consciousness, give him plenty of cold water, but do not allow him to take too much water at first.

**BRUISES:** The best treatment for bruises, including a black eye, is to treat with cold applications. If the bruise has become discolored, hot water should be used as often as necessary to hasten the disappearance of the swelling and discoloration.

**ANTIDOTES FOR POISONS:** 1. If the poison has accidentally been ingested, find the poison container and read the directions on the label which gives the specific antidote.

2. If the poison container cannot be found and the poison is unknown, immediately dilute it by making the person swallow several glassfuls of fluid, water, soda water, milk, etc. Then encourage the person to vomit.

Medical aid should be sought at once in all oral poisoning cases.

## THE NATIONAL PARK SYSTEM OF THE UNITED STATES

*Source: National Park Service*

The National Park System of the United States is administered by the National Park Service, a bureau of the Department of the Interior. Started with the establishment of Yellowstone National Park in 1872, the system includes not only the most extraordinary and

spectacular scenic exhibits in the United States but also a large number of sites distinguished either for their historic or prehistoric importance or scientific interest, or for their superior recreational assets. The number and extent of the various park areas as of 1973 are as follows:

Name and location	Year established	Acreage	Outstanding characteristics
Acadia (Maine) . . . . .	1919	41,651	Rugged seashore on Mt. Desert Island and adjacent mainland
Arches (Utah) . . . . .	1971	73,388	Unusual stone arches, windows, pedestals caused by erosion
Big Bend (Texas) . . . . .	1935	708,118	Mountains and desert bordering the Rio Grande
Bryce Canyon (Utah) . . . . .	1924	36,033	Area of grotesque eroded rocks brilliantly colored
Canyonlands (Utah) . . . . .	1964	344,481	Colorful wilderness with impressive canyons, spires, arches
Capitol Reef (Utah) . . . . .	1971	241,865	Colored sedimentary rock formations in high, narrow gorges
Carlsbad Caverns (N. Mex.) . . . . .	1930	46,755	The world's largest known caves; spectacular flight of bats
Crater Lake (Oregon) . . . . .	1902	160,290	Deep blue lake in heart of inactive volcano
Everglades (Florida) . . . . .	1934	1,400,533	Subtropical area with abundant bird and animal life
Glacier (Montana) . . . . .	1910	1,013,276	Rocky Mountain scenery with many glaciers and lakes
Grand Canyon (Arizona) . . . . .	1919	673,561	Mile-deep gorge, 4 to 18 miles wide, 217 miles long (105 in park)
Grand Teton (Wyoming) . . . . .	1929	310,462	Picturesque range of high mountain peaks
Great Smoky Mts. (N. C.-Tenn.) . . . . .	1926	516,859	Highest mountain range east of Black Hills; luxuriant plant life
Guadalupe Mountains (Texas) . . . . .	1966	79,972	Contains highest point in Texas: Guadalupe Peak (8,751 ft.)
Haleakala (Hawaii) . . . . .	1960	27,282	World-famous 10,023-foot Haleakala volcano (dormant)
Hawaii Volcanoes (Hawaii) . . . . .	1916	229,174	Spectacular volcanic area; luxuriant vegetation at lower levels
Hot Springs (Arkansas) . . . . .	1921	5,728	47 mineral hot springs said to have therapeutic value
Isle Royale (Michigan) . . . . .	1931	539,497	Largest wilderness island in Lake Superior; moose, wolves, lakes
Kings Canyon (California) . . . . .	1940	460,133	Huge canyons; high mountains; giant sequoias
Lassen Volcanic (California) . . . . .	1916	106,445	Exhibits of impressive volcanic phenomena
Mammoth Cave (Kentucky) . . . . .	1926	51,310	Vast limestone labyrinth with underground river
Mesa Verde (Colorado) . . . . .	1906	52,036	Best preserved prehistoric cliff dwellings in United States
Mount McKinley (Alaska) . . . . .	1917	1,939,492	Highest mountain in North America; spectacular wildlife
Mount Rainier (Washington) . . . . .	1899	235,404	Single-peak glacial system; dense forests, flowered meadows
North Cascades (Washington) . . . . .	1968	505,000	Alpine landscape; jagged peaks; mountain lakes; glaciers
Olympic (Washington) . . . . .	1938	897,359	Finest remnant of Pacific Northwest rain forest
Petrified Forest (Arizona) . . . . .	1962	94,189	Extensive natural exhibit of petrified wood
Platt (Oklahoma) . . . . .	1906	911	Mineral and fresh water springs, showy spring and fall foliage
Redwood (California) . . . . .	1968	56,237	Coastal redwood forests; world's tallest known tree (369.2 ft.)
Rocky Mountain (Colorado) . . . . .	1915	261,973	Section of the Rocky Mountains; 107 peaks over 10,000 feet
Sequoia (California) . . . . .	1890	386,822	Giant sequoias; magnificent High Sierra scenery; Mt. Whitney
Shenandoah (Virginia) . . . . .	1926	194,247	Tree-covered mountains; scenic Skyline Drive
Virgin Islands (U.S. Virgin Is.) . . . . .	1956	14,469	Beaches; lush hills; prehistoric Carib Indian relics
Voyageurs (Minnesota) . . . . .	1971	219,128	Wildlife, canoeing, fishing and hiking
Wind Cave (South Dakota) . . . . .	1903	28,060	Limestone caverns in Black Hills; buffalo herd
Yellowstone (Wyo.-Mont.-Ida.) . . . . .	1872	2,219,822	World's greatest geyser area; spectacular falls and canyons
Yosemite (California) . . . . .	1890	761,154	Mountains, inspiring gorges and waterfalls; giant sequoias
Zion (Utah) . . . . .	1919	146,844	Multicolored gorge in heart of southern Utah desert

## Table of Metric Weights and Measures

### Linear Measure

10 millimetres (mm)	= 1 centimetre (cm)
10 centimetres	= 1 decimetre (dm) = 100 millimetres
10 decimetres	= 1 metre (m) = 1 000 millimetres
10 metres	= 1 dekametre (dam)
10 dekametres	= 1 hectometre (hm) = 100 metres
10 hectometres	= 1 kilometre (km) = 1 000 metres

### Area Measure

100 sq millimetres (mm <sup>2</sup> )	= 1 sq centimetre (cm <sup>2</sup> )
10 000 sq centimetres	= 1 sq metre (m <sup>2</sup> ) = 1 000 000 sq millimetres
100 sq metres	= 1 are (a)
100 ares	= 1 hectare (ha) = 10 000 sq metres
100 hectares	= 1 sq kilometre (km <sup>2</sup> ) = 1 000 000 sq metres

### Volume Measure

10 millilitres (mL)	= 1 centilitre (cL)
10 centilitres	= 1 decilitre (dL) = 100 millilitres
10 decilitres	= 1 litre (L) = 1 000 millilitres
10 litres	= 1 dekalitre (daL)
10 dekalitres	= 1 hectolitre (hL) = 100 litres
10 hectolitres	= 1 kilolitre (kL) = 1 000 litres

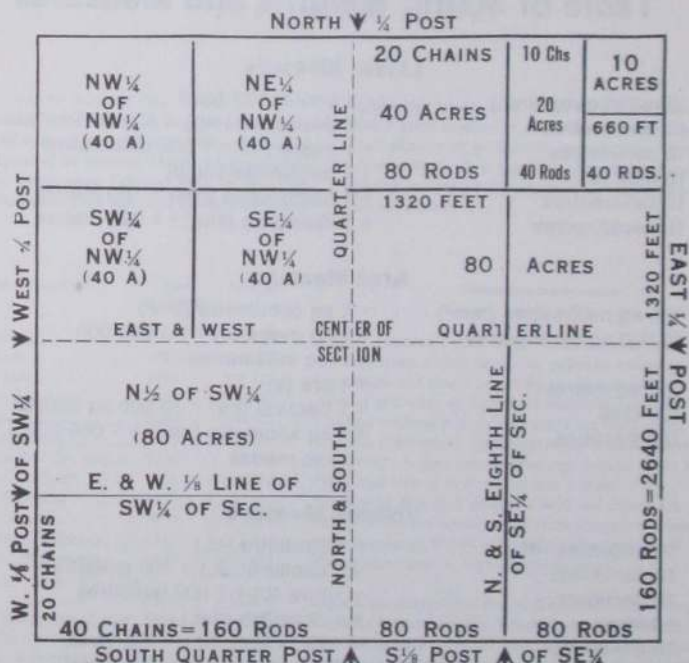

### Cubic Measure

1 000 cu millimetres (mm <sup>3</sup> )	= 1 cu centimetre (cm <sup>3</sup> )
1 000 cu centimetres	= 1 cu decimetre (dm <sup>3</sup> ) = 1 000 000 cu millimetres
1 000 cu decimetres	= 1 cu metre (m <sup>3</sup> )
1 000 000 cu centimetres	= 1 000 000 000 cu millimetres

### Weight

10 milligrams (mg)	= 1 centigram (cg)
10 centigrams	= 1 decigram (dg) = 100 milligrams
10 decigrams	= 1 gram (g) = 1 000 milligrams
10 grams	= 1 dekagram (dag)
10 dekagrams	= 1 hectogram (hg) = 100 grams
10 hectograms	= 1 kilogram (kg) = 1 000 grams
1 000 kilograms	= 1 metric ton (t)

## A SECTION OF LAND, 640 ACRES

### LONG MEASURE

1 Mile	— 80 Chains	— 320 rods	— 5280 feet
1 Chain	— 4 rods	— 66 feet	— 100 links
1 Rod	— 5 $\frac{1}{2}$ yards	— 16 $\frac{1}{2}$ — feet	— 25 links
1 Link	— 0.66 feet	— 7 $\frac{7}{8}$ inches	

### SQUARE MEASURE

1 Sq. Mile	— Regular Section	— 640 Acres
1 Acre	— 10 sq. chains	— 160 sq. rods
	— 43,560 sq. feet	
An acre is about 208 $\frac{3}{4}$ feet sq.		
An acre is about 8 rods wide 20 rods long, or any area the product of whose length by its width (in rods) is 160 or in chains is 10.		
1 Sq. Rod.	— 30 $\frac{1}{4}$ sq. yds.	— 272 $\frac{1}{4}$ sq. ft.
1 Sq. Ft.	— 144 sq. inches

## WEDDING ANNIVERSARIES

By tradition, certain wedding anniversaries have special names according to the number of years of marriage being celebrated and it is customary, when

selecting an anniversary gift, to choose an article appropriate to the particular anniversary. Listed below are the anniversary names generally recognized.

1st Year—Paper or Plastic	13th Year—Lace
2nd Year—Cotton or Calico	14th Year—Ivory
3rd Year—Leather	15th Year—Crystal or Glass
4th Year—Linen or Silk	20th Year—China
5th Year—Wood	25th Year—Silver
6th Year—Iron	30th Year—Pearl
7th Year—Copper or Wool	35th Year—Coral or Jade
8th Year—Bronze or Electric Appliances	40th Year—Ruby
9th Year—Pottery or China	45th Year—Sapphire
10th Year—Tin or Aluminum	50th Year—Gold
11th Year—Steel	55th Year—Emerald
12th Year—Linen or Silk	60th Year—Diamond

# STREET GUIDE OF QUINCY, MICHIGAN

In the following list the streets are arranged in alphabetical order with the intersecting streets being shown. The number of each building on the street is given in numerical order and opposite the number is placed the names of the occupants followed by the complete telephone number.

The symbol -H indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished nor the complete absence of mistakes, no responsibility for errors can be assumed, nor can the publisher furnish further information than that shown.

Note the letter and number next to the street name, this is the map key and is used to locate the street on the city map.

The Zip Code for Quincy is 49082.

**FORGET?**

**WHO LIVES THERE**

**CONSULT YOUR STREET GUIDE!**

## FIRST AID IN THE HOME

**DROWNING AND SUFFOCATION FROM INHALING ILLUMINATING GAS:**—When a person is involved in a near-drowning accident and breathing has stopped, start artificial respiration immediately.

1. Lay the person on his stomach, bend his elbows and place the hands one upon the other, turn his face to one side and place the cheek on his hands.
2. Kneel at the head of the subject, facing him. Place your hands on the flat of the subject's back with the tips of the thumbs just touching and spread the fingers downward and outward.
3. Rock forward until the arms are approximately vertical and allow the weight of the upper part of your body to exert even pressure downward upon the hands.
4. Release the pressure and rock slowly\* backwards, placing your hands upon the subject's arms just above the elbows.
5. Draw his arms upward and toward you until resistance is felt and there is tension at the subject's shoulders, then lower the arms to the ground. Repeat this cycle approximately 12 times per minute.

Do not waste time on preliminary maneuvering but get immediately to the task of forcing air out of the lungs and drawing air into the lungs. Continue this action until the person revives or is pronounced dead by a physician.

**CUTS AND SCRATCHES:**—Stop bleeding by direct pressure on the wound with a sterile pad and then bandage to hold the pad in place. Send to the doctor.

**OPEN WOUNDS:**—All open wounds should be covered with gauze or bandage. Do not touch wound with fingers. Do not use anything but accepted antiseptics, or blood poisoning may be caused.

**BURNS OR SCALDS:**—If the skin is not blistered or broken, you may apply a standard burn ointment or sterile petrolatum. In cases where the skin is blistered or charred, cover with a thick sterile dressing and take to doctor.

**SHOCK:**—Lay the patient on his back, head level with the rest of his body, unless there are head or chest injuries. In this case the head and shoulders should be raised slightly. Otherwise lower the head slightly. Keep the person from becoming chilled. If he is conscious and able to swallow, give small sips of coffee, tea or warm milk. Do not give stimulants.

**POISON IVY AND SUMAC:**—Wash thoroughly with soap and warm water. Apply dressings kept wet with a very strong solution of Epsom salts and cold water; or else apply a thick paste made of soap and warm water, which should dry and remain on all night.

**FAINTING:**—Keep the person lying down with the head lower than the body. Loosen any tight clothing. If the person does not regain consciousness quickly, he should be seen by a doctor.

**FRACTURES:**—Apply splints reaching above and below the joints of the fractured bone to permit moving without pain or danger. Three persons are needed for lifting onto stretcher one at head and shoulders, one at hips and the other at the legs. Carefully transport him to the doctor. Speed is not essential.

**SPRAINS:**—Violent stretching or twisting of a joint may cause a sprain. It is characterized by pain and rapid swelling. Keep injured part raised, on pillow if an ankle, in sling if a wrist. Apply compresses wrung out of cold water, or ice bags. Send for a doctor if case is severe.

**EYE INJURIES:**—Loose particles may be removed from eyelid with a clean handkerchief or a bit of cotton rolled on a toothpick. Particles imbedded in the eyeball or lid must always be left to a surgeon, or blindness may result. Use cold compresses temporarily to relieve pain until doctor arrives.

**DOG BITES:**—Wash wound with running water and apply tincture of iodine. Bandage and take to a doctor immediately to decide whether Pasteur or Vaccine Treatment is advisable. Have dog examined by local health authorities for evidence of rabies.

**SUNSTROKE:**—Sunstroke often comes on suddenly. Unconsciousness is complete, the face is flushed, the skin dry and temperature high. Treat by loosening clothing quickly and get patient into a cool place. Keep head slightly raised. Reduce temperature of the body by rubbing cold water or ice over the face, neck, chest and arm pits. When patient regains consciousness, give him plenty of cold water, but do not allow him to take too much water at first.

**BRUISES:**—The best treatment for bruises, including a black eye, is to treat with cold applications. If the bruise has become discolored, hot water should be used as often as necessary to hasten the disappearance of the swelling and discoloration.

**ANTIDOTES FOR POISONS:**—1. If the poison has accidentally been ingested, find the poison container and read the directions on the label which gives the specific antidote.

2. If the poison container cannot be found and the poison is unknown, immediately dilute it by making the person swallow several glassfuls of fluid; water, soda water, milk, etc. Then encourage the person to vomit.

Medical aid should be sought at once in all oral poisoning cases.

## SIGNIFICANT YEARS IN

- 1492 Columbus sails westward from Spain, reaches West Indies.
- 1507 "America" first used for New World in Martin Waldseemüller's short geographic treatise, *Cosmographie Introductio*.
- 1535 Jacques Cartier sails up St. Lawrence River, claims new lands for France.
- 1540 Garcia Lopez de Cardenas, scout for Coronado's expedition to New Mexico, discovers the Grand Canyon of Colorado.
- 1562 First French colonizers land in Florida near St. Augustine.
- 1565 Spanish forces destroy French Huguenot colony, founded first permanent white colony at St. Augustine, Florida and occupy peninsula.
- 1607 Jamestown founded in Virginia, first permanent English settlement in America.
- 1609 Exploration of Hudson River by Henry Hudson, sailing for the Dutch East India Co.
- 1613 Pocahontas taken hostage by British to compel release of colonists held by her father; she later married John Rolfe and returned with him to the royal court in England.
- 1619 First negroes brought to Virginia.
- 1620 Pilgrims land at Plymouth, found Plymouth Colony.
- 1638 American (originally Finnish) log cabin introduced to New World by Swedish settlers.
- 1652 First mint in America established in defiance of English colonial law in Boston.
- 1664 British take New Amsterdam from Dutch, rename it New York.
- 1704 First successful newspaper in colonies, *Boston News-Letter*, appears for the first time as a weekly.
- 1759 British defeat French at Quebec, signaling end of French power in North America. Peace treaty signed in 1763.
- 1767 Parliament passes Townshend Acts to raise revenue in the Colonies, Mason-Dixon line drawn.
- 1770 Boston Massacre: British troops fire on Americans.
- 1773 Boston Tea Party, mob dumps East India Co. tea into harbor.
- 1774 Parliament passes first Intolerable Act as reprisal for the Boston Tea Party. First Continental Congress held in Philadelphia.
- 1775 Minutemen engage British column near Lexington, Mass.; Gen. George Washington assumes command of troops and lays siege to Boston. War begins.
- 1776 Declaration of Independence adopted by Congress at Philadelphia.
- 1781 Cornwallis surrenders to Washington at Yorktown; American independence assured.
- 1787 U.S. Constitution is adopted at Philadelphia Northwest Ordinance passed by Congress, sets pattern for creation of new states.
- 1789 First session of U.S. Congress held; Washington inaugurated President.
- 1791 First 10 amendments to Constitution: Bill of Rights declared in force.
- 1800 Capital moves from Philadelphia to Washington.
- 1803 Louisiana Purchase; America pays France \$15 million; area of U.S. doubled.
- 1804 Lewis and Clark expedition-Adoption of the 12th Amendment (manner of electing Pres. and V-Pres).
- 1807 Trial of Aaron Burr for treason.
- 1812 Declaration of War on Great Britain.
- 1813 Captain Perry defeats British fleet on Lake Erie; Americans burn York (Toronto).
- 1814 British invade Washington, burn Capitol and White House. Treaty of Ghent signed.
- 1815 Battle of New Orleans, Americans victorious under Andrew Jackson.
- 1820 Missouri Compromise; slavery excluded from territory north of southern border of Missouri.
- 1823 Monroe Doctrine set forth in President Monroe's annual message to Congress.
- 1825 Erie Canal between Hudson River and Lake Erie completed.
- 1836 Massacre of Texans at the Alamo, Texas gets independence from Mexico after Battle of San Jacinto.
- 1845 Republic of Texas annexed to Union.
- 1848 Mexican War ends, U.S. acquires entire Southwest and California (where gold is discovered).
- 1853 Gadsden Purchase, 20 million acres purchased from Mexico, last addition made to present continental U.S. boundaries.
- 1856 Slavery question leads Kansas to state civil war; John Brown leads massacre of pro-slavery families along Pottawatomie Creek.
- 1857 Dred Scott decision.
- 1858 Lincoln-Douglas debates held during campaign for Illinois Senate seat.
- 1860 Abraham Lincoln elected 16th pres.
- 1861 Fort Sumter bombarded by Confederate guns; Civil War begins.

## UNITED STATES HISTORY

- 1863 Union victory at Gettysburg. Emancipation Proclamation.
- 1865 Lee surrenders; Civil War ends. Lincoln assassinated.
- 1867 Alaska purchased from Russia.
- 1868 Impeachment proceedings against Pres. Andrew Johnson.
- 1869 Union Pacific and Central Pacific railroads joined at Promontory, Utah. Continent spanned.
- 1872 Yellowstone becomes first national wilderness, "set apart for the enjoyment of the public."
- 1873 William "Boss" Tweed convicted on 204 charges of fraud in New York.
- 1876 Custer's last stand at Little Big Horn, Mont.
- 1880 First major gold strike found in Alaska.
- 1881 Pres. Garfield assassinated in Washington.
- 1883 Pendleton Act establishes the Civil Service Commission.
- 1890 Sherman Anti-trust Act passed by Congress.
- 1893 Hawaii established as a U.S. protectorate after revolution deposes Queen Liliuokalani.
- 1898 Spanish-American War begins soon after "Maine" is blown up at Havana. Victorious U.S. acquires Puerto Rico, Philippines and Guam. Spain relinquishes Cuba.
- 1901 Pres. McKinley shot at Buffalo, N.Y., Theodore Roosevelt becomes 28th Pres.
- 1903 The Wright bros. fly their airplane. (Kitty Hawk, N.C.)
- 1907 First world cruise of U.S. Navy: "The Great White Fleet."
- 1909 Robert Peary with a party of 18 reaches the North Pole.
- 1913 16th Amendment: income tax.
- 1914 Opening of Panama Canal.
- 1917 U.S. declares war on Central Powers, joins Allies in World War I.
- 1918 Genl Pershing leads A. E. F. to victory in France. World War I ends.
- 1920 19th Amendment: women's suffrage.
- 1925 Mrs. William B. Ross inaugurated governor of Wyoming-first woman governor in U.S. history.
- 1927 Lindbergh flies the Atlantic. New York-Paris non-stop.
- 1929 Stock market crash. worst U.S. depression begins.

# HOW TO USE AREA CODES

The United States and Canada are divided into more than 100 "Dialing Areas." Each area has a 3-digit "Area Code" assigned to it. When you place a call, the operator determines the appropriate 3-digit code, she dials it, then the telephone number you want. By furnishing the 3-digit area code your call will go through faster. You don't even need to give the operator the name of the city you are calling, unless she asks for it.

## FIRST AID IN THE HOME

**DROWNING AND SUFFOCATION FROM INHALING ILLUMINATING GAS.** When a person is involved in a near drowning accident and breathing has stopped, start artificial respiration immediately.

1. Lay the person on his stomach, bend his elbows and place the hands one upon the other, turn his face to one side and place the cheek on his hands.

2. Kneel at the head of the subject, facing him. Place your hands on the flat of the subject's back with the tips of the thumbs just touching and spread the fingers downward and outward.

3. Rock forward until the arms are approximately vertical and allow the weight of the upper part of your body to exert even pressure downward upon the hands.

4. Release the pressure and rock slowly backwards, placing your hands upon the subject's arms just above the elbows.

5. Draw his arms upward and toward you until resistance is felt and there is tension at the subject's shoulders, then lower the arms to the ground. Repeat this cycle approximately 12 times per minute.

Do not waste time on preliminary maneuvering but get immediately to the task of forcing air out of the lungs and drawing air into the lungs. Continue this action until the person revives or is pronounced dead by a physician.

**CUTS AND SCRATCHES.**—Stop bleeding by direct pressure on the wound with a sterile pad and then bandage to hold the pad in place. Send to the doctor.

**OPEN WOUNDS.** All open wounds should be covered with gauze or bandage. Do not touch wound with fingers. Do not use anything but accepted antiseptics, or blood poisoning may be caused.

**BURNS OR SCALDS.**—If the skin is not blistered or broken, you may apply a standard burn ointment or sterile petrolatum. In cases where the skin is blistered or charred, cover with a thick sterile dressing and take to doctor.

**SHOCK.**—Lay the patient on his back, head level with the rest of his body, unless there are head or chest injuries. In this case the head and shoulders should be raised slightly. Otherwise lower the head slightly. Keep the person from becoming chilled. If he is conscious and able to swallow, give small sips of coffee, tea or warm milk. Do not give stimulants.

**POISON IVY AND SUMAC.**—Wash thoroughly with soap and warm water. Apply dressings kept wet with a very strong solution of Epsom salts and cold water; or else apply a thick paste made of soap and warm water, which should dry and remain on all night.

**FAINTING.**—Keep the person lying down with the head lower than the body. Loosen any tight clothing. If the person does not regain consciousness quickly, he should be seen by a doctor.

**FRACTURES.**—Apply splints reaching above and below the joints of the fractured bone to permit moving without pain or danger. Three persons are needed for lifting onto stretcher one at head and shoulders, one at hips and the other at the legs. Carefully transport him to the doctor. Speed is not essential.

**SPRAINS.**—Violent stretching or twisting of a joint may cause a sprain. It is characterized by pain and rapid swelling. Keep injured part raised, on pillow if an ankle, in sling if a wrist. Apply compresses wrung out of cold water, or ice bags. Send for a doctor if case is severe.

**EYE INJURIES.**—Loose particles may be removed from eyelid with a clean handkerchief or a bit of cotton rolled on a toothpick. Particles imbedded in the eyeball or lid must always be left to a surgeon, or blindness may result. Use cold compresses temporarily to relieve pain until doctor arrives.

**DOG BITES.**—Wash wound with running water and apply tincture of iodine. Bandage and take to a doctor immediately to decide whether Pasteur or Vaccine Treatment is advisable. Have dog examined by local health authorities for evidence of rabies.

**SUNSTROKE.**—Sunstroke often comes on suddenly. Unconsciousness is complete, the face is flushed, the skin dry and temperature high. Treat by loosening clothing quickly and get patient into a cool place. Keep head slightly raised. Reduce temperature of the body by rubbing cold water or ice over the face, neck, chest and arm pits. When patient regains consciousness, give him plenty of cold water; but do not allow him to take too much water at first.

**BRUISES.**—The best treatment for bruises, including a black eye, is to treat with cold applications. If the bruise has become discolored, hot water should be used as often as necessary to hasten the disappearance of the swelling and discoloration.

**ANTIDOTES FOR POISONS.**—1. If the poison has accidentally been ingested, find the poison container and read the directions on the label which gives the specific antidote.

2. If the poison container cannot be found and the poison is unknown, immediately dilute it by making the person swallow several glassesful of fluid, water, soda water, milk, etc. Then encourage the person to vomit.

Medical aid should be sought at once in all oral poisoning cases.

Research scientists in university laboratories throughout the country need thousands of mice to help save lives from cancer.
