Message Body: I work for adapt, and I came in this evening at 6:20 with my clients. My client and myself were waiting in line. The lady behind the counter, she was short and was wearing glasses. She had just finished checking out a person. She notice us standing there, and she continues talking to him. My client became annoyed, as she continues talking to this man. She then gets out her cell phone, and says I want to show you pictures of my grandbaby, that were posted on facebook. I myself, became annoyed. It was very rude, and very unprofessional of her. I also noticed and heard her tell a lady, I need to show you pictures of my grandbaby. She gets out her phone, and shows her.
