Andrea & Maria both are extremely helpful. I'm an 85 yr. old retired barber but wish to keep my license. The state makes you go on line to renew, which I can't do. Without their help I'd be in trouble. They are wonderful!

Check here if you wish to have the library respond to your comment.

QUINCY, MI (WTVB) – A permanent book walk in the Quincy Park is moving forward.

Sara Strong from the Quincy Library spoke to the Quincy Village Council during their work session last week about putting in a permanent book walk along the park’s walking path.

She said it would be targeted towards youngsters up to the age of 12 and the story would change quarterly.

Strong told the Council the Library would be asking for donations from local businesses to fund this project.

The Village Council approved a contract on Tuesday night that calls for the library to maintain the walking path and its equipment.
